Subject: AIPP and FKSPCA

To: matthewhelmerich@gmail.com

Dear Matt,

I read the article in the paper today and was glad to read that you and others are concerned about the FKSPCA honoring their commitment they made to AIPP. Since the city has already excused them from \$150,000+ of permitting costs and the County gave them \$1.5 million since they came up short and they are building an edifice out of touch with this community's needs, and already receive more than \$1 million/yearly to run the two shelters, I would hate to see them weasel out of their responsibilities. They are the recipient of numerous fundraisers in this community, and will see amounts of \$5000-\$25,000 raised in one night. I don't see that the modest amount your committee is asking the FKSPCA to spend is at all onerous.

Please stick to your guns!!

All the best,

Gwen Hawtof
