RE: RFP 25-013 PRIVATE SECURITY SERVICES

Dear Procurement Team,

DECO International Security Corporation (DECO) is pleased to submit our proposal to provide professional unarmed security officer services to the City of Key West. Our proposal describes DECO's capabilities and commitment to delivering the highest standards of service, tailored specifically to the City's public safety and operational requirements.

DECO is a privately held State of Florida corporation that is headquartered at 407 Lincoln Road, Suite 12J, Miami Beach, FL 33139 (Telephone: 305-673-2577), and has successfully operated since 2001.

Our current operations are managed from our Miami Beach office. However, upon the notice of award, we will open a local office in Monroe County (within 30 miles of the boundaries of the City of Key West).

DECO's leadership team is headed by Thomas Sanon-Jules (CEO and President) and I (Jeffrey Niles Torain, Executive Vice President) with 80 years of combined professional experience in security and law enforcement. DECO employs over 200 security officers in South Florida, with a strong operational, administrative and technical infrastructure to support projects of all sizes. We use key performance indicators (KPIs) to measure our performance and act on our deficiencies.

DECO offers the City a deep understanding of the unique dynamics of Key West – a vibrant, tourism-driven community requiring vigilant yet welcoming security services. Our proposed approach includes carefully recruiting, training, and deploying licensed, customer-focused security officers to deliver visible deterrence, public assistance, and responsive incident management.

We aim to work in full partnership with the City, ensuring that our personnel integrate seamlessly with municipal staff and align with the community's values and expectations.

We are confident that the City will find DECO to be a trusted, responsive, and professional security partner. If selected, we are ready, willing and able to enter into a contractual agreement with the City of Key West and consistently meet all contract deliverables.

Thank you for the opportunity to submit our proposal.

EXECUTIVE SUMMARY

Corporate Profile

DECO International Security Corporation is a licensed and insured security services provider with corporate headquarters at 407 Lincoln Road, Suite 12J, Miami Beach, FL 33139. Founded over 23 years ago, DECO has steadily grown under the leadership of Thomas Sanon-Jules (CEO and President), supported by a seasoned management team. Today, DECO employs more than 200 security officers, supervisors, and support personnel throughout South Florida.

Company History and Strengths

Since its inception, DECO has specialized in tailoring security solutions for its clients. Our reputation is built on professionalism, adaptability, transparency, and strong stakeholder engagement. We have successfully implemented unarmed security services for a variety of commercial and government organizations, balancing high-visibility deterrence with exceptional customer service.

Understanding of Project Requirements

The City of Key West seeks a dependable security provider capable of deploying unarmed security officers across multiple municipal locations (Key West Bight Ferry Terminal and the City Marina at Garrison Bight). DECO fully understands the need for officers who can serve both a security and ambassadorial role – ensuring safety while enhancing the visitor and resident experience.

Approach to Service Delivery

Our service methodology is built upon:

- **Recruitment and Retention:** Preference for hiring officers from Key West and Monroe County to ensure familiarity with the community's culture and needs. We have an 80% retention goal of existing qualified security officers, which minimizes the need for onsite training and allows for the retention of "institutional memory".
- **Comprehensive Training:** All officers will receive pre-assignment, site-specific, and ongoing training, including de-escalation techniques, public relations, emergency response, marina and terminal security.
- **Dedicated Supervision:** DECO Team Leaders are working supervisors that foster a team approach amongst the assigned security officers, to meet contract deliverables ("Everyone Is Responsible"). Team Leaders are responsible for training, consistent coverage, professional appearance, and adherence to post orders.
- **Technology Integration:** We utilize our proprietary software (*decogenesis* and *DECO Tour Guard*), to schedule, track and communicate, to create efficiencies in our service delivery, as well as enhance transparency and response time.
- **Post Orders:** Each site will have detailed post that meet all contract deliverables for the site.
- **Community-Focused Approach:** Security officers will serve as approachable resources to the public, offering assistance and maintaining a courteous and respectful presence.

Collaboration with the City

DECO will assign a Contract Manager, who will serve as the primary liaison with the City's Contract Administrator. Regular meetings, quarterly performance reports, and rapid escalation protocols will ensure alignment with the City's evolving needs and complete contract compliance.

Conclusion

DECO International Security Corporation brings a combination of proven experience, regional presence, and deep dedication to service excellence. We are uniquely positioned to deliver professional, reliable, and community-oriented unarmed security officer services to the City of Key West.

We are excited about the opportunity to serve the Key West community and confident that our experience, resources, and local commitment will create a strong, enduring partnership.

Experience and Qualifications

DECO International Security Corporation (DECO) is a Florida registered S corporation, founded in October of 2001. The company has continuously operated since that time – through the “Great Recession of 2008 to 2009” and the coronavirus pandemic.

DECO provides security guard and patrol services (armed and unarmed) to commercial and government clients in Florida and Washington, D.C. The company provides patrol services, incident reporting, perimeter security/access control, parking enforcement, crowd management, special event security, personal protection services, video surveillance monitoring, security screening (w/x-ray equipment and magnetometers), fire watch services, emergency services, etc.

The company has established a reputation as a reliable business partner by creating two-way communication channels between clients, DECO management, and employees. Clients have access to management 24/7, to discuss new business, provide referrals for non-security related issues, as well as to listen to and resolve company performance issues.

DECO has built business relationships with other security companies, as the prime contractor and subcontractor. These relationships are an important part of DECO’s ability to meet contract deliverables, as well as to expand its capabilities.

Company Leadership

The company is led by Thomas Sanon-Jules and Jeffrey Niles Torain.

- **Thomas Sanon-Jules** (CEO and President) - Thomas’s security management experience and industry expertise began in 1977 – primarily in the hospitality industry in California and Florida. He attended Rockland Community College and Miami Dade College, where he studied Liberal Arts and Criminal Justice.

Under the current organizational structure, Thomas is responsible for financial management, technology integration and business development.

- **Jeffrey Niles Torain** (Executive Vice President) - Jeff is a retired law enforcement manager. He served as a Trooper, Investigator, Training Instructor, District Commander and Deputy Police Chief in New York and Florida. His expertise includes organization reengineering, project management, intelligence, security, investigations, police operations, etc.

Under the current organizational structure, he is responsible for corporate registrations, certifications, licenses, client communications, contract negotiations and compliance, oversight of operations and special event services.

Management Practices

Fiscal Responsibility

DECO has refined its operational planning, staffing logistics, and cost-control strategies to ensure efficient contract execution. Our dedicated project management team monitors schedules, resource allocation, and expenditures in real time to avoid delays and control costs. We utilize a scalable service model and local personnel to minimize overhead and maximize responsiveness, which will allow us to meet the City of Key West's service expectations without compromising quality or fiscal responsibility.

The following table provides an overview of DECO management practices that are designed to consistently meet contract time and budget requirements.

Contract Support	<p>This contract will be managed by our designated Contract Manager (CM) and supported by the entire DECO operations infrastructure, which provides access to additional resources, if needed, for contract administration and support.</p> <p>The essential functions of the CM are management and oversight of: Quality control, business management, communications, reporting, contract processing, risk management, technical support, and proactive communication with the Contract Administrator for the City of Key West, as well as project finance and administration.</p> <p>The CM has complete responsibility and authority to full-fill the requirements of the contract and has technical control of the project; and is empowered to commit the company's resources on all matters within the scope of the contract with the exception of formal contractual issues involving signature authority of the senior officers of DECO.</p>
Contract Administration	Key Performance Indicators (KPIs) will be developed based in part on contract deliverables. Deficiencies will be identified reported and corrected. The Contract Administrator will be kept abreast of all changes prior to implementation.
Data Management	Receive all client-source documentation and site specific data and information from the Contract Administrator, as well as all the documentation being produced by the CM. These materials will be catalogued and controlled as they are reviewed, revised, appended, and approved. Statistical data will be collected and reported on security officer activities each day, or as requested by the Contract Administrator.
Daily Meetings	Our approach to reviewing and reporting on contract activities is to have regularly scheduled internal reviews that examine all the programmatic, contractual, and financial aspects of the contract. These reviews, that are scheduled daily, are led by the CM, and attended by all the members of the management team – Daily Briefing.
Risk Management	Through Risk Management, the possibilities of contract delivery deficiencies are minimized. Risk Management includes the analysis of technical, performance, schedule, and cost activities, and the development of plans to identify variations, or potential variations from the intended project plan or activity. Risk management supports every aspect of contract support.
Financial Management	DECO maintains a modern, efficient, fully automated billing and collections system (decogenesis). Our processes are designed to ensure accuracy and timeliness when managing contract orders. The system accounts for information needed for contract deliverables and contract modifications. Its functions include accounting, order processing, purchasing, asset management, and financial management. This system enables DECO to administer contracts efficiently and to resolve issues expeditiously.
Weekly Status Reports	The CM prepares a weekly status report. The report identifies significant issues, problems, or concerns related to the performance or administration of the contract. It includes statistical data on the suitability and stability of the security team (e.g., absenteeism, turnover rates, and behavior infractions, training accomplished during the previous week, summary of incidents, injuries reported, etc.).
Technology Deployments	GPS tracking of our security teams, provides accountability and safety. Our proprietary software "decogenesis" is used for scheduling and attendance. Two-way radios and/or cellular/satellite devices will be used for redundant communication capabilities. Upon the client's request and additional expense, autonomous or piloted drones can be deployed to surveil protected areas - SkyGuard .

Approach to Scope of Work

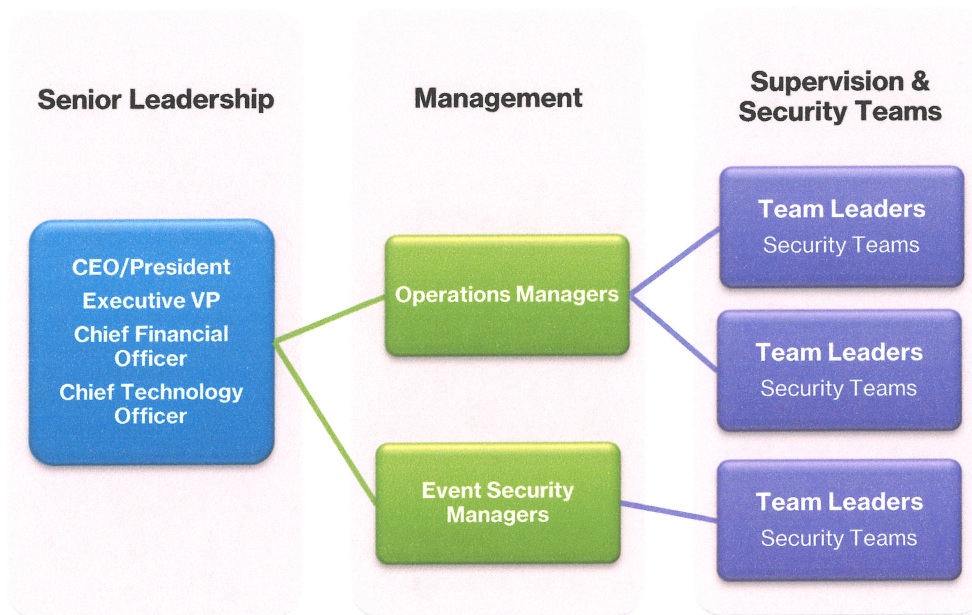

Management and Supervision Plan

Overview

DECO is committed to providing robust, hands-on management and active field supervision, to ensure the highest quality of security services for the City of Key West. Our management and supervision structure emphasizes clear communication, accountability, performance monitoring, and proactive problem resolution.

DECO Chart of Organization

Overview

Contract Management

1. **New Client Onboarding:** DECO has developed a scalable management model that ensures the seamless integration of new security officer service accounts without disrupting the high standard of service provided to existing clients. Our approach includes assigning dedicated transition teams to new contracts, allowing our core operations staff to continue focusing on current clients without dilution of resources.

Each new account is supported by a structured onboarding process – covering recruitment, training, site assessment, and client coordination – managed independently under the oversight of senior leadership. By maintaining separate operational lanes for new and active accounts, DECO consistently upholds performance, responsiveness, and client satisfaction across its entire portfolio.

2. **Dedicated Contract Manager:** A Contract Manager (CM) will be assigned exclusively to oversee the City of Key West contract. The CM will be responsible for the overall administration of the contract, including compliance, personnel management, client communication, and performance reporting.

3. Responsibilities of the Contract Manager:

- Serve as the primary point of contact with City officials.
- Conduct regular meetings with City representatives to review service delivery.
- Address and resolve service issues promptly.
- Coordinate staffing schedules, training updates, and quality control audits.
- Prepare and submit required operational and incident reports to the City.

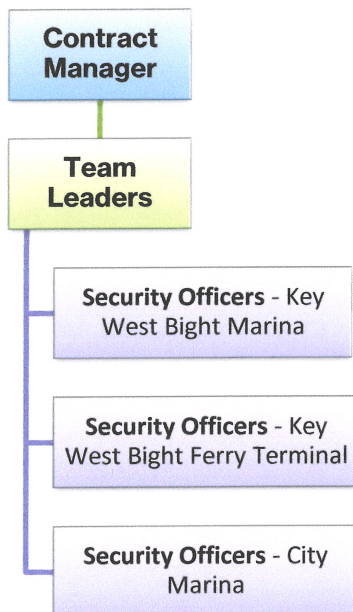

Field Supervision

1. **Team Leaders/Site Supervisors:** DECO will assign two Team Leaders to directly supervise daily security operations. Each Team Leader will be responsible for:

- Managing shift deployments and ensuring all posts are covered.
- Conducting pre-shift briefings and post-inspections.
- Verifying security officer appearance, equipment readiness, and adherence to post orders.
- Coaching and mentoring officers to enhance service performance.
- Acting as the immediate escalation point for operational or personnel issues.
- Ensuring security officer safety.

Chain of Command

Chain of Command for DECO employees and clients is an assurance of open, two-way, channels of communication that is designed to achieve efficiency, effectiveness, transparency and safety in the delivery of services. The Chain of Command for this project is as follows:

Project Location and Local Preference

DEO's main office, located at 407 Lincoln Rd, Suite 12J, Miami Beach, FL 33139, will serve as the initial base of operations. Upon award, DECO will establish a branch office in the City of Key West for the duration of the contract.

DECO is not claiming a "Local Vendor Preference". However, it is our goal to retain a minimum of 80% of existing personnel, to ensure that we are supporting the local community with employment opportunities, retain expertise for each site, as well as personnel reduce response times for shift coverage and emergencies.

THE CITY OF KEY WEST E-VERIFY AFFIDAVIT

Beginning January 1, 2021, Florida law requires all contractors doing business with The City of Key West to register with and use the E-Verify System in order to verify the work authorization status of all newly hired employees. The City of Key West requires all vendors who are awarded contracts with the City to verify employee eligibility using the E-Verify System. As before, vendors are also required to maintain all I-9 Forms of their employees for the duration of the contract term. To enroll in the E-Verify System, vendors should visit the E-Verify Website located at www.e-verify.gov.

In accordance with Florida Statute § 448.095, **it is the responsibility of the Awarded Vendor to ensure compliance with all applicable E-Verify requirements.**

By executing this affidavit, the undersigned contractor verifies it compliance with Florida Statute § 448.095, stating affirmatively that the individual, firm, or corporation which is engaged in the performance of services on behalf of the City of Key West, has registered with, is authorized to use, and uses the U.S. Department of Homeland Security's E-Verify system.

Furthermore, the undersigned contractor agrees that it will continue to use E-Verify throughout the contract period, and should it employ or contract with any subcontractor(s) in connection with the performance of services pursuant to this Agreement with The City of Key West, contractor will secure from such subcontractor(s) similar verification of compliance with Florida Statute § 448.095, by requiring the subcontractor(s) to provide an affidavit attesting that the subcontractor does not employ, or subcontract with, an unauthorized alien. Contractor further agrees to maintain records of such compliance during the duration of the Agreement and provide a copy of each such verification to The City of Key West within five (5) business days of receipt.

Failure to comply with this provision is a material breach of the Agreement and shall result in immediate termination of the Agreement without penalty to the City of Key West. Contractor shall be liable for all costs incurred by the City of Key West to secure replacement Agreement, including but not limited to, any increased costs for the same services, and costs due to delay, and rebidding costs, if applicable.

As a nongovernmental entity executing, renewing, or extending a contract with a government entity, Vendor is required to provide an affidavit under penalty of perjury attesting that Vendor does not use coercion for labor or services in accordance with Section 787.06, Florida Statutes.

As defined in Section 787.06(2)(a), coercion means:

1. Using or threatening to use physical force against any person;
2. Restraining, isolating, or confining or threatening to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or service are not respectively limited and defined;
4. Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;
5. Causing or threatening to cause financial harm to any person;
6. Enticing or luring any person by fraud or deceit; or
7. Providing a controlled substance as outlined in Schedule I or Schedule II of Section 893.03 to any person for the purpose of exploitation of that person.

As a person authorized to sign on behalf of Vendor, I certify under penalties of perjury that Vendor does not use coercion for labor or services in accordance with Section 787.06. Additionally, Vendor has reviewed Section 787.06, Florida Statutes, and agrees to abide by same.

Approval Date: December 17, 2024 - Disadvantaged Business Enterprise (DBE)
Anniversary Date: January 24, 2026

Dear Thomas Sanon-Jules,

Miami-Dade County Office of Small Business Development (SBD), is pleased to notify you that your firm is certified under the Florida Unified Certification Program (UCP). Your firm meets the eligibility requirements for certification as a Disadvantaged Business Enterprise (DBE) in accordance with 49 CFR Part 26.

DBE certification is continuous with no expiration date; however, firms are required to attest that there are no changes via the No Change Declaration form on or before the firm's anniversary date to remain certified. You will be notified of your annual responsibilities in advance of the Anniversary Date listed above. You must submit the annual No Change Declaration form no later than the Anniversary Date to maintain your eligibility. Your firm will be listed in the UCP DBE Directory which can be accessed through the Florida Department of Transportation's website: <http://www3b.dot.state.fl.us/EqualOpportunityOfficeBusinessDirectory/>.

DBE certification is NOT a guarantee of work, but it enables the firm to compete for and perform contract work on all USDOT Federal Aid (FAA, FTA and FHWA) projects in Florida as a DBE contractor, sub-contractor, consultant, sub-consultant or material supplier.

If at any time there is a material change in your firm, you must advise this office by sworn affidavit and supporting documentation within thirty (30) days. Changes include, but are not limited to ownership, officers, directors, management, key personnel, scope of work performed, daily operations, on-going business relationships with other firms, individuals or the physical location of your firm. After our review, you will receive instructions as to how you should proceed, if necessary. Failure to comply will result in action to remove your firm's DBE certification.

It is strongly recommended that you register your firm as a vendor with Miami-Dade County. To register, you may visit: <http://www.miamidade.gov/procurement/vendor-registration.asp>. Thank you for your interest in doing business with Miami-Dade County. If you have any questions or concerns, you may contact our office at 305-375-3111 or sbdcert@miamidade.gov.

Sincerely,

Jeanise Cummings-Labossiere
Section Chief, Small Business Development

Approval Date: November 29, 2022 Small Business Enterprise - Goods & Services (SBE-G&S)
Expiration Date: November 30, 2025

Dear Thomas Sanon-Jules,

Miami-Dade County Small Business Development (SBD), a division of the Internal Services Department (ISD), has completed the review of your application and attachments submitted for certification. Your firm is officially certified as a Miami-Dade County Small Business Enterprise. The Small Business Enterprise (SBE) programs are governed by Sections 2-8.1.1.1.1; 2-8.1.1.1.2; 2-10.4.01; 10-33.02 of Miami-Dade County's Codes. This Small Business Enterprise - Goods & Services (SBE-G&S) certification is valid for three (3) years. However, to validate continuing eligibility, SBD may conduct random audit(s) within the three (3) year certification period. **Failure to provide required documentation for a random audit will initiate the decertification process.**

At the time of expiration, your firm will submit a Re-certification Application at least one hundred and eighty (180) days, but not less than, ninety (90) days, prior to the end of the three (3) year certification term via the County's web-based system, Business Management Workforce System (BMWS). This will ensure sufficient time for process by SBD. **Failure to provide the re-certification application and required supporting documentation will initiate the decertification process.**

If at any time there is a material or business structure change in the firm including, but not limited to, ownership, officers, director, scope of work being performed, daily operations, affiliations(s) with other businesses or the physical location of the firm, you must notify this office within thirty (30) calendar days of the effective date of the change(s) via the BMWS. Notification should include supporting documentation. You will receive timely instructions from this office as to how you should proceed, if necessary. **Failure to notify SBD of any changes may result in immediate action to decertify the firm.**

This letter will be the only approval notification issued for the duration of your firm's three-year certification. If the firm attains graduation or becomes ineligible during the three-year certification period, you will be properly notified following an administrative process that your firm's certification has been removed pursuant to the code. Your firm's name and tier level will be listed in the directory for all SBE certified firms, which can be accessed through Miami-Dade County's SBD website: <https://www.miamidade.gov/global/business/smallbusiness/home.page>. The categories as listed below affords you the opportunity to bid and participate on contracts with Small Business Enterprise measures.

It is strongly recommended that you register your firm as a bidder with Miami-Dade County. To register, you may visit: <https://www.miamidade.gov/global/business/procurement/home.page>. Thank you for your interest in doing business with Miami-Dade County. If you have any questions or concerns, you may contact our office at 305-375-3111 or via email at sbdcert@miamidade.gov.

Sincerely,

Jeanise Cummings-Labossiere

THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).
