

Historic Architectural Review Commission Staff Report for Item 14

To: Chairman Haven Burkee and Historic Architectural Review
Commission Members

From: Matthew Crawford
Historic Preservation Manager

Meeting Date: January 27, 2026

Applicant: Serge Mashtakov, PE

Application Number: C2025-0105

Address: 602 Southard Street

Description of Work:

Renovations to contributing structure. Partial enclosure of rear porch and reconstruction of two-story historic side addition with new gable roof, new pool, pool deck, and site improvements.

Site Facts:

The building under review is listed as altered contributing and was constructed in 1901. However, Sanborn Maps show it as early as the 1889 Map. The site features a two-story wood framed building. The rear porch is first shown on the 1912 Sanborn Map. The side addition with the shed roof is first seen on the 1948 Sanborn Map. Currently the house sits on piers and is located within an X flood zone.

Guidelines Cited on Review:

- Guidelines for Roofing (page 26), specifically guidelines 2 and 3.
- Guidelines for Windows (pages 29a-l), specifically guidelines A (3, 4, 5, 6, 9) and B (1, 3, 4).
- Guidelines for Entrances, Porches, Doors, and Staircases (page 32-33), specifically guidelines 2, 5, 8, 9, 15, and 16.
- Guidelines for Foundations & Lattice Infill (page 34), specifically guidelines 1 and 2.
- Guidelines for Additions (pages 37a-37k), specifically guidelines 1, 7, 11, 13, 14 (first sentence), 19, 25, 26, 32, and 33.
- Guidelines for New Construction (pages 38a-38q), specifically guidelines 1, 3, 6, 7, 8, 9, 11, 12, 14, 17, 18, 22, 23, 24, and 25.
- Guidelines for Decks, Patios, Hot Tubs, Spas, Pools and Related Equipment (page 39a), specifically guidelines 1, 2, 3, 4, and 5.
- Guidelines for Parking Areas, Landscaping, and Open Space Environment (page 43), specifically guidelines 5 and 7.

Ordinances Cited on Review:

- Section 102-217 (4), demolition for contributing and historic structures of the Land Development Regulations.
- Section 102-218 - Criteria for Demolition of the Land Development Regulations.

Staff Analysis:

The Certificate of Appropriateness proposes renovations to the contributing structure. The scope of work includes the partial enclosure of the rear porch with wood siding, a new gable roof in the location of the current side shed roof, and a side pool and pool deck.

The front elevation of the structure will include a replacement door and windows under the porch. The front porch railings and posts will be repaired. Several existing windows and window openings will be removed or reconfigured, and new window and door openings will be introduced on the north, south, and west elevations. The rear enclosed porch will include two 2 over 2 windows. The new gable roof in the place of the current shed roof will be 5-v crimp.

Site improvements include a new side pool and pool deck structure. The pool deck will be made of brick pavers. A brick walkway is proposed going from the proposed pool deck around the front of the structure. This will lead to a proposed 2 car brick paver parking space. A 4 foot fence with a gate is proposed on the right elevation of the structure. The existing fence around the property is proposed to be repaired. New concrete foundations are proposed with box lattice between on all elevations.

SHEET 10 OF 10

Proposed Right Elevation

Consistency with Cited Guidelines:

Staff opines that the overall design is cohesive with the surrounding context and that it complies with most of the guidelines. The proposed side gable roof meets the guidelines for new construction, additions, and roofing. The roof will be lower than the main roof of the structure and is set back from the front façade of the structure. The roof will be 5-v crimp, which is a standard roof material in the historic district and matches the material of the main roof.

The proposed rear porch enclosure follows Guideline 2 of Entrances, Porches, and Doors as the enclosure is on the rear of the house. It is only a partial enclosure and would not have an impact on the historic integrity of the structure. The enclosure will include wood siding and 2 over 2 windows which fit the character of the structure and historic district.

Most of the site improvements on the site follow the applicable guidelines. The proposed brick pavers follow the guidelines for Parking Areas, Landscaping, and Open Space Environment. The proposed brick pavers do not appear to be excessive for the site. The proposed plans note new concrete foundations. If more than 50% of the foundations are being replaced, it could trigger the need for compliance with floodplain management regulations.

The proposed pool does not comply with Guideline 3 of Decks, Patios, Hot Tubs, Spas, Pools, and Related Equipment, which states “Pools and related equipment proposed in HARC-approved locations must be screened from sight from the right-of-way by use of HARC-approved fence screening.” Staff believes that the current fencing would not be enough to screen the pool from view as you would still be able to see the pool beyond the fence. Staff recommends a pool feature and vegetation to help screen the pool from view.

Criteria for Demolition:

It is staff’s opinion that the request for this demolition shall be based on the demolition criteria of Chapter 102 Section 218 (a) of the LDR’s. The criteria for demolition of historic structures state the following:

(a) The historic architectural review commission shall issue a certificate of appropriateness for an application for demolition:

- (1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration, or it does not meet any of the criteria of section 102-125(1) through (9).*

The features proposed for demolition do not significant deterioration.

The following is the criteria of section 102-125:

- 1 *Embodies no distinctive characteristics of a type, period, or method of construction of aesthetic or historic significance in the city and is not a significant and distinguishable building entity whose components may lack individual distinction.*

The building lacks distinctive stylistic or construction features that would make it architecturally significant beyond its contributing status.

- 2 *Is not specifically associated with events that have made a significant contribution to local, state, or national history.*

It is staff understanding that no significant events have ever happened on the site relevant to local, state, or national history.

- 3 *Has no significant character, interest, or value as part of the development, heritage, or cultural characteristics of the city, state, or nation, and is not associated with the life of a person significant in the past.*

It is staff's understanding that the elements under review have no significant character and are not associated with the life of a significant person in the past.

- 4 *Is not the site of a historic event with a significant effect upon society.*

It is staff's understanding that the site is not associated with any significant event.

- 5 *Does not exemplify the cultural, political, economic, social, or historic heritage of the city.*

It is staff's understanding that the elements under review do not exemplify the cultural, political, economic, social or historic heritage of the city, though the structure does contribute to the overall historic fabric of the district.

- 6 *Does not portray the environment in an era of history characterized by a distinctive architectural style.*

Staff believes that the existing building does not portray an era of history characterized by a distinctive architectural style.

- 7 *If a part of or related to a square, park, or other distinctive area, nevertheless should not be developed, or preserved according to a plan based on the area's historic, cultural, natural, or architectural motif.*

This is not the case.

- 8 *Does not have a unique location or singular physical characteristic which represents an established and familiar visual feature of its neighborhood or of the city, and does not exemplify the best remaining architectural type in a neighborhood; and*

The elements under review do not have a unique location or physical characteristics which represent an established and familiar visual feature of its neighborhood or of the city.

- 9 *Has not yielded, and is not likely to yield, information important in history.*

Staff believes that based on current documentation, the structure has not yielded, and is unlikely to yield, any historically significant information.

It is the staff's opinion that the request for demolition may be considered, as the features of the structure under review meet the criteria for demolition. The historic shed roof proposed to be demolished does not exhibit any unique architectural features. If approved, this will be the only required reading. Staff will review submitted construction plans for demolition and design to ensure consistency with submitted drawings.

DETAILED PROJECT DESCRIPTION OF DEMOLITION

Demolition of a non-historic two story side addition and shed roof and replacement with more appropriate structure and gable shaped roof.

CRITERIA FOR DEMOLITION OF CONTRIBUTING OR HISTORIC STRUCTURES:

Before any Certificate of Appropriateness may be issued for a demolition request, the Historic Architectural Review Commission must find that the following requirements are met (please review and comment on each criterion that applies):

(1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration or it does not meet any of the following criteria:

(a) The existing condition of the building or structure is irrevocably compromised by extreme deterioration.

N/A

(2) Or explain how the building or structure meets the criteria below:

(a) Embodies no distinctive characteristics of a type, period, or method of construction of aesthetic or historic significance in the city and is not a significant and distinguishable building entity whose components may lack individual distinction.

N/A

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

(b) Is not specifically associated with events that have made a significant contribution to local, state, or national history.
N/A
(c) Has no significant character, interest, or value as part of the development, heritage, or cultural characteristics of the city, state or nation, and is not associated with the life of a person significant in the past.
The addition has no significant character, interest or value.
(d) Is not the site of a historic event with significant effect upon society.
N/A
(e) Does not exemplify the cultural, political, economic, social, or historic heritage of the city.
N/A.
(f) Does not portray the environment in an era of history characterized by a distinctive architectural style.
N/A
(g) If a part of or related to a square, park, or other distinctive area, nevertheless should not be developed or preserved according to a plan based on the area's historic, cultural, natural, or architectural motif.
N/A
(h) Does not have a unique location or singular physical characteristic which represents an established and familiar visual feature of its neighborhood or of the city, and does not exemplify the best remaining architectural type in a neighborhood.
N/A

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

(i) Has not yielded, and is not likely to yield, information important in history,
N/A

CRITERIA FOR DEMOLITION OF NON-CONTRIBUTING OR NON-HISTORIC STRUCTURES:
The following criteria will also be reviewed by the Historic Architectural Review Commission for proposed demolitions. The Commission shall not issue a Certificate of Appropriateness that would result in the following conditions (please review and comment on each criterion that applies):
(1) Removing buildings or structure that are important in defining the overall historic character of a district or neighborhood so that the character is diminished.
The historic character of the district and neighborhood will not be affected by the proposed demolition of the existing non-historic side addition and roof, which were later additions and do not contribute to the architectural integrity of the main historic structure.
(2) Removing historic buildings or structures and thus destroying the historic relationship between buildings or structures and open space.
The proposed demolition will not impact any historic relationships between existing structures and open spaces. The side addition is a recent modern improvement and its removal will not alter the original massing, scale, or spatial layout of the property.
(3) Removing an historic building or structure in a complex; or removing a building façade; or removing a significant later addition that is important in defining the historic character of a site or the surrounding district or neighborhood.
The application includes the demolition of a non-historic wood frame addition and later replacement within same footprint a more appropriately shaped addition. The replacement addition will not negatively affect the surrounding district or neighborhood.
(4) Removing buildings or structures that would otherwise qualify as contributing.
N/A

5,559.00	ft ²	-	0.00	ft ²	=	5,559.00 3	Disturbed Area
----------	-----------------	---	------	-----------------	---	------------	----------------

Total Lot Area Native Vegetation - If no BMP enter "0"

For the purposes of this section, the term "disturbed area" includes the entire lot except that the areas covered by the following best management practices (BMP) shall be subtracted from the calculation of disturbed area: (i) Forested upland areas/vegetative buffer strips (both natural and manmade) which will be retained intact and over or through which vehicular access or travel is not possible and will not occur; and (ii) Open water surfaces and wetlands (salt marsh, buttonwood, mangroves, or freshwater marsh habitat types). It will be the responsibility of the applicant to affirmatively demonstrate that the best management practices used for the project are designed, constructed, and maintained properly.

4. Determine Required Swale Volume – Complete a, b, or c:

a. For a NEW home with less than 40% Impervious Coverage, use:

5,559.00 3	ft ²	X	0.083	=	4a	ft ³	Swale Volume
Disturbed Area							

b. For a NEW home with 40% or greater Impervious Coverage, use:

5,559.00 3	ft ²	X	0.208	X	33.99% 2	% =	4b	ft ³	Swale Volume
Disturbed Area				% of Impervious Coverage					

c. When only new impervious area requires storm water retention (Existing Single Family & Duplexes Only):

1. When the total lot impervious coverage remains below 40% after the additional development:

493.35 1b	ft ²	X	0.083	=	40.95 4c1	ft ³	Added Swale Volume
Impervious Coverage PROPOSED				Swale Volume			

2. When the new development increases the total lot impervious area to 40% or above:

493.35 1b	ft ²	X	0.208	=	0.00 4c2	ft ³	Added Swale Volume
Impervious Coverage PROPOSED				Swale Volume			

5. Determine Swale Length (Swale side slopes must be no steeper than 4:1)

(5.00	ft X	0.60	ft) / 2 =	1.50	ft ²	Cross Sectional Area**
Width		Depth					

40.95	ft ³ /	1.50	ft ²	=	27.30	ft	Swale Length
-------	-------------------	------	-----------------	---	-------	----	--------------

Swale Volume Either 4 - a, b, c1 or c2

Cross Sectional Area (**e.g. a V-shaped swale with 4:1 slopes, 8 feet wide and 1 foot deep has 4 SF of Cross Sectional Area.)

Source: These Formulas are derived from the criteria for Water Quality treatment in paragraphs (f)(2)b. & a. of Monroe County Code 114-3.
Updated 9/5/2012

Public Meeting Notice

The Historic Architectural Review Commission will hold a public meeting at **5:00 p.m. January 27, 2026, at City Hall, 1300 White Street,** Key West, Florida. The purpose of the hearing will be to consider a request for:

RENOVATIONS TO CONTRIBUTING STRUCTURE. PARTIAL ENCLOSURE OF REAR PORCH AND RECONSTRUCTION OF TWO-STORY NON-HISTORIC SIDE ADDITION WITH NEW GABLE ROOF, NEW POOL, POOL DECK, AND SITE IMPROVEMENTS. PARTIAL DEMOLITION OF HISTORIC TWO-STORY SIDE ADDITION TO ACCOMMODATE NEW GABLE ROOF.

#602 SOUTHARD STREET

Applicant –Serge Mashtakov, PE Application #C2025-0105

If you wish to see the application or have any questions, you may visit the Growth Management Division during regular office hours at 1300 White Street, call 305-809-3973 or visit our website at www.cityofkeywest-fl.gov.

THIS NOTICE CAN NOT BE REMOVED FROM THE SITE UNTIL HARC FINAL DETERMINATION

ADA ASSISTANCE: It is the policy of the City of Key West to comply with all requirements of the Americans with Disabilities Act (ADA). Please call the TTY number at 800-955-8771 or 800-955-8770 (Voice) or the ADA Coordinator at 305-809-3811 at least five business days in advance for sign language interpreters, assistive listening devices, or materials in accessible format.

HARC POSTING AFFIDAVIT

STATE OF FLORIDA:
COUNTY OF MONROE:

BEFORE ME, the undersigned authority, personally appeared OLEH AMBROZIAK, who, first being duly sworn, on oath, depose and says that the following statements are true and correct to the best of his/her knowledge and belief:

1. That a legal notice for Public Notice of Hearing of the Historic Architectural Review Commission (HARC) was placed on the following address:
602 SOUTHARD STREET, KEY WEST, FL 33040 on the
27 day of JANUARY, 2026.

This legal notice(s) contained an area of at least 8.5"x11".

The property was posted to notice a public hearing before the Key West Historic Architectural Review Commission to be held on 5:00pm, JANUARY 27, 2026.

The legal notice(s) is/are clearly visible from the public street adjacent to the property.

The Certificate of Appropriateness number for this legal notice is C2025-0105.

2. A photograph of that legal notice posted in the property is attached hereto.

Signed Name of Affiant:
