

Mayor Henriquez and Members of the City Commission,

I'm a fourth-generation Conch and have lived in Key West my whole life. I'm writing to support the Lopez family and Kino Plaza. They've been holding events in that courtyard for as long as I can remember. It's nothing new. It doesn't seem right that they're being asked to go through such a long, expensive process just to keep doing what they've always done. Please support their appeal and let them continue using their property the way they always have.

Sincerely,

Eric Gartenmayer
