

Staff Report for Item 9a

To: Chairman Michael Miller and Historic Architectural Review
Commission Members

From: Kelly Perkins
HARC Assistant Planner

Meeting Date: May 26, 2015

Applicant: William Shepler

Application Number: H15-01-0627

Address: #715 Frances Street

Description of Work:

New rear patio roof, side addition, and deck extension.

Site Facts:

#715 Frances Street is listed as a contributing resource in the survey and first appears on the 1899 Sanborn map. The eyebrow house is one and half stories with a one story addition on the rear. After 1962, a side rear addition was added.

Guidelines Cited in Review:

Additions and Alterations (pages 36-37), specifically guidelines 1 through 8.

Staff Analysis

This Certificate of Appropriateness proposes demolishing the hipped roof of the non-historic side rear addition and constructing a new elongated hipped roof and rear patio roof to extend of the rear deck. The plans also include adding a half bath.

The new roof will be v-crimp to match the existing roofing material. The new rear extension will utilize new wood siding and aluminum impact windows and doors, except one door will be fiberglass.

Consistency with the Guidelines

This project alters no visible historic fabric, as the addition is on the rear. Staff feels the addition will have no adverse impact on the neighborhood and the historic district, and that the project is consistent with the guidelines regarding additions and alterations.

ESTATE COLLECTION

Impact Resistant Windows & Doors

IF IT'S WORTH *protecting* IT'S WORTH
THE ESTATE COLLECTION.

EVERYWHERE QUALITY, BEAUTY *and* STRENGTH MATTER

Tests have proven that many of our products withstand winds of nearly 300 MPH.

CGI windows and doors exude quality without compromise. As the premier manufacturer of impact resistant windows and doors, our products offer superior strength, energy efficiency and beauty. Every detail reflects our commitment to exceptional quality, from our strong commercial-grade aluminum frames to impact resistant glass

options and finest hardware components.

The best choice for hurricane prone coastal regions, the CGI Estate Collection exceeds the Miami-Dade county and Florida building codes, considered some of the most rigorous in the industry and assures best-in-class performance against

high winds and violent storms. Found in many of the most prestigious residential homes, office buildings and resorts, including the historic Breakers Hotel in Palm Beach, Florida, CGI windows and doors are everywhere quality, beauty and strength matter.
