

**Historic Architectural Review Commission
Staff Report for Item 11**

To: Acting Chairman Richard McChesney and Historic Architectural Review Commission Members

From: Enid Torregrosa, MSHP
Historic Preservation Planner

Meeting Date: August 23, 2016

Applicant: Anthony Sarno, Architect

Application Number: H16-03-0056

Address: #1117 South Street

Description of Work:

Demolition of rear addition.

Site Facts:

The building under review, build in 1925, is a contributing resource to the historic district. According to the Sanborn maps, the house is a frame structure with veneer brick. The northeast corner of the house historically used to be an open porch that on latter days was enclosed. The existing east addition covered by the eaves is not historic.

In July 21, 2016, the project received Planning Board approval for a variance on building coverage for an increase of 1.6% because of the rear addition.

Ordinance Cited on Review:

- Section 102-217 (2), demolition for non-contributing or non-historic structures of the Land Development Regulations.

Staff Analysis

The Certificate of Appropriateness proposes the demolition of a non- historic rear addition and shed. The Sanborn maps clearly depict a different footprint on the northeast corner of

the house as what is existing. The removal of the non-historic elements will allow the requested rear addition to the house.

Since the elements to be demolished are non-historic, this review shall be based on section 102-218 (b), which requires the following criteria for demolitions:

The historic architectural review commission shall not issue permits that would result in:

- (1) *Removing buildings or structures that are important in defining the overall historic character of a district or neighborhood so that the character is diminished;*

It is staff's opinion that the removal of non-historic elements on the house will not jeopardize the historic character of the neighborhood.

- (2) *Removing historic buildings or structures and thus destroying the historic relationship between buildings or structures and open space;*

The proposed elements to be demolished are not historic.

- (3) *Removing an historic building or structure in a complex; or removing a building facade; or removing a significant later addition that is important in defining the historic character of a site or the surrounding district or neighborhood.*

The non-historic elements are not significant or important in defining the historic character of the site.

- (4) *Removing buildings or structures that would otherwise qualify as contributing, as set forth in section 102-62(3).*

It is staff's opinion that the shed or rear addition of the house will not qualify to be contributing elements to the historic fabric in a near future.

In conclusion, it is staff's opinion that the Commission can consider the request for demolition as it complies with the criteria for demolition stated in the Land Development Regulations. If approved this will be the only reading required.

CITY OF KEY WEST
CERTIFICATE OF APPROPRIATENESS
APPENDIX FOR DEMOLITIONS
APPLICATION NUMBER H- 16-01-0050

This document applies only to those properties located within the City of Key West Historic Zoning Districts, properties outside the historic zoning districts which are listed as contributing in the Historic Architectural Survey and or properties listed in the National Register of Historic Places.

Applications must meet or exceed the requirements outlined by the Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitation and the Key West's Historic Architectural Guidelines. Once submitted, the application shall be reviewed by staff for completeness and scheduled for presentation to the Historic Architectural Review Commission for the next available meeting, unless the demolition request is for a *bona fide* Code Compliance case, in which case staff may review and approve the demolition request. **The applicant must be present at this meeting. Any person that makes changes to an approved Certificate of Appropriateness must submit a new application with such modifications.**

The filing of this application does not ensure approval as submitted. Applications that do not possess the required submittals or documentation will be considered incomplete and will not be reviewed for approval.

CRITERIA FOR DEMOLITIONS

Before any Certificate of Appropriateness may be issued for a demolition request, the Historic Architectural Review Commission must find that the following requirements are met (please review and comment on each criterion that applies);

- (1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration or it does not meet any of the following criteria:

- (a) The existing condition of the building or structure is irrevocably compromised by extreme deterioration.

The proposed demolition is to non-historic portions of the home, including a partial demolition of a Northwest rear addition to accommodate new sliding doors, removal of a rear shed that is in poor condition, and partial demolition of a Northeast rear addition to allow expansion to the rear for a master bedroom. Restoration of deteriorated wood.

OR THAT THE BUILDING OR STRUCTURE;

- (a) Embodies no distinctive characteristics of a type, period, or method of construction of aesthetic or historic significance in the city and is not a significant and distinguishable building entity whose components may lack individual distinction.

Not applicable. The proposed demolition is to non-historic elements. Restoration is to period representative condition.

- (b) Is not specifically associated with events that have made a significant contribution to local, state, or national history.

Not applicable. The proposed demolition is to non-historic elements.

- (c) Has no significant character, interest, or value as part of the development, heritage, or cultural characteristics of the city, state or nation, and is not associated with the life of a person significant in the past.

Restoration is to period representative condition. Structure is not associated with the life of a person significant in the past.

- (d) Is not the site of a historic event with a significant effect upon society.

Not the site of an historic event with a significant effect upon society.

- (e) Does not exemplify the cultural, political, economic, social, or historic heritage of the city.

Does not.

- (f) Does not portray the environment in an era of history characterized by a distinctive architectural style.

Proposed demolition is to non-historic elements. Restoration is to period representative condition.

- (g) If a part of or related to a square, park, or other distinctive area, nevertheless should not be developed or preserved according to a plan based on the area's historic, cultural, natural, or architectural motif.

Not applicable.

- (h) Does not have a unique location or singular physical characteristic which represents an established and familiar visual feature of its neighborhood or of the city, and does not exemplify the best remaining architectural type in a neighborhood.

Not applicable.

- (i) Has not yielded, and is not likely to yield, information important in history.

Has not and is not likely to yield information important to history.

(2) For a contributing historic or noncontributing building or structure, a complete construction plan for the site is approved by the Historic Architectural Review Commission.

(a) A complete construction plan for the site is included in this application

_____ Yes Number of pages and date on plans _____

No Reason Plans included are design plans, with construction plans to follow after approval.

The following criteria will also be reviewed by the Historic Architectural Review Commission for proposed demolitions. The Commission shall not issue a Certificate of Appropriateness that would result in the following conditions (please review and comment on each criterion that applies);

(1) Removing buildings or structures that are important in defining the overall historic character of a district or neighborhood so that the character is diminished.

The proposed demolition is to non-historic elements at the rear of the existing home. The neighborhood character will not be altered.

(2) Removing historic buildings or structures and thus destroying the historic relationship between buildings or structures and open space; and

The proposed demolition is to non-historic elements at the rear of the property and will not alter the relationship between neighboring buildings.

AND

(3) Removing an historic building or structure in a complex; or removing a building facade; or removing a significant later addition that is important in defining the historic character of a site or the surrounding district or neighborhood.

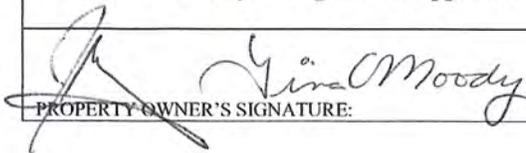

The proposed demolition is to non-historic elements at the rear of the existing home and will not impact the neighborhood character. Only restoration is being done to facade.

(4) Removing buildings or structures that would otherwise qualify as contributing.

Demolition is proposed to non-historic elements, leaving the original historic home intact.

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

*I hereby certify I am the owner of record and that the work shall conform to all applicable laws of this jurisdiction. By receiving a Certificate of Appropriateness, I realize that this project will require a Building Permit, approval **PRIOR to proceeding with the work outlined above** and that there will be a final inspection required under this application. I also understand that any **changes to an approved Certificate of Appropriateness must be submitted for review.***

PLANNING BOARD RESOLUTION

**PLANNING BOARD
RESOLUTION NO. 2016-38**

A RESOLUTION OF THE CITY OF KEY WEST PLANNING BOARD GRANTING A VARIANCE TO THE MAXIMUM BUILDING COVERAGE REQUIREMENT ON PROPERTY LOCATED WITHIN THE HISTORIC MEDIUM DENSITY RESIDENTIAL (HMDR) ZONING DISTRICT PURSUANT TO SECTIONS 90-395 AND 122-600 (4) (a) OF THE LAND DEVELOPMENT REGULATIONS OF THE CODE OF ORDINANCES OF THE CITY OF KEY WEST, FLORIDA.

WHEREAS, the applicant proposes to construct a rear master bedroom addition on property located at 1117 South Street (RE # 00040210-000000; AK # 1040924); and

WHEREAS, Section 122-600 (4) (a) of the Land Development Regulations (the "LDRs") of the Code of Ordinances (the "Code") of the City of Key West, Florida (the "City") provides that maximum building coverage is 40%; and

WHEREAS, this matter came before the Planning Board at a duly noticed public hearing on July 21, 2016; and

WHEREAS, the Planning Board finds that special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other land, structures or buildings in the same district; and

WHEREAS, the Planning Board finds that the special conditions do not result from the action or negligence of the applicant; and

WHEREAS, the Planning Board finds that granting the variance requested will not confer upon the applicant any special privileges denied by the land development regulations to other lands, buildings or structures in the same zoning district; and

Chairman

Planning Director

WHEREAS, the Planning Board finds that literal interpretation of the provisions of the land development regulations would deprive the applicant of rights commonly enjoyed by other properties in this same zoning district under the terms of this ordinance and would work unnecessary and undue hardship on the applicant; and

WHEREAS, the Planning Board finds that the variance granted is the minimum variance that will make possible the reasonable use of the land, building or structure; and

WHEREAS, the Planning Board finds that the granting of the variance will be in harmony with the general intent and purpose of the land development regulations and that such variance will not be injurious to the area involved or otherwise detrimental to the public interest or welfare; and

WHEREAS, the Planning Board finds that no nonconforming use of neighboring lands, structures, or buildings in the same district, and no permitted use of lands, structures or buildings in other districts are grounds for the issuance of the requested variances; and

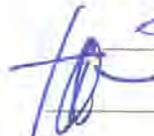

WHEREAS, the Planning Board finds that the applicant has demonstrated a "good neighbor policy" by contacting or attempting to contact all noticed property owners who have objected to the variance application, and by addressing the objections expressed by these neighbors.

NOW, THEREFORE, BE IT RESOLVED by the Planning Board of the City of Key West, Florida:

Section 1. That the above recitals are incorporated by reference as if fully set forth herein.

Section 2. An approval by Resolution of the Key West Planning Board for variance to maximum building coverage for property located at 1117 South Street (RE # 00040210-000000; AK

Planning Director

1040924) to construct a rear master bedroom addition on property located within the Historic Medium Density Residential (HMDR) zoning district pursuant to sections 90-395 and 122-600 (4) (a) of the Land Development Regulations.

Section 3. It is a condition of this variance that full, complete and final application for all conditions of this approval for any use and occupancy for which this variance is wholly or partly necessary, shall be submitted in its entirety within two years after the date hereof; and further, that no application shall be made after expiration of the two-year period without the applicant obtaining an extension from the Planning Board and demonstrating that no change of circumstances to the property or its underlying zoning has occurred.

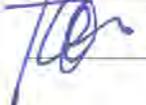

Section 4. The failure to fully and completely apply the conditions of approval for permits for use and occupancy pursuant to these variances in accordance with the terms of the approval as described in Section 3 hereof, shall immediately operate to terminate these variances, which variances shall be of no force or effect.

Section 5. This variance does not constitute a finding as to ownership or right to possession of the property, and assumes, without finding, the correctness of applicant's assertion of legal authority respecting the property.

Section 6. This Resolution shall go into effect immediately upon its passage and adoption and authentication by the signatures of the presiding officer and the Clerk of the Commission.

Section 7. This Resolution is subject to appeal periods as provided by the City of Key West Code of Ordinances (including the Land Development Regulations). After the City appeal period has expired, this permit or development order will be rendered to the Florida Department of

Chairman

Planning Director

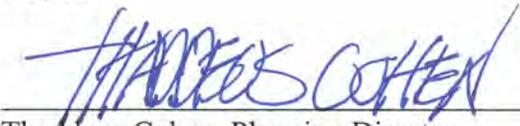

Economic Opportunity. Pursuant to Chapter 73C-44, F.A.C., this permit or development order is not effective for forty five (45) days after it has been properly rendered to the DEO with all exhibits and applications attached to or incorporated by reference in this approval; that within the forty five (45) day review period, the DEO can appeal the permit or development order to the Florida Land and Water Adjudicatory Commission; and that such an appeal stays the effectiveness of the permit until the appeal is resolved by agreement or order.

SCOPE OF WORK

This project includes renovation of existing home with rear addition, restoration of historic elements, in-ground pool in side yard, perimeter fencing, and landscaping throughout. The scope of Work Includes:

- Restoration of the existing front porch with new aluminum impact casement windows, wood impact entrance door with transom, and wood siding;
- Replacement of the existing aluminum frame windows with wood impact on the front and side elevations and aluminum impact on the rear elevation;
- Replacement of the West elevation aluminum window with aluminum impact outswing door;
- Reconfiguration of the non-historic Northwest addition with new hardiplank siding and aluminum impact sliding glass door;
- Removal of the non-historic rear shed addition;
- Reconfiguration and expansion to the rear of the Northeast addition, continuing the roof line and metal shingles, aluminum impact windows and sliding glass door, wood siding on the street facing façade, and hardiplank siding on the remaining facades;
- Restoration of the roof dormers with wood louvers;
- Construction of in-ground pool with water feature on the West side, set behind the carport;
- Cleaning and repair of the existing brick façade;
- Repair of the damaged roof shingles with matching type, and coating the existing roof in a grey coating to match the original galvanized metal color;
- 4-foot-tall picket fence along South Street, with sliding gate at driveway and swing gate at sidewalk;
- 6-foot-tall picket fence at side and rear property lines and to enclose the equipment area on the East façade;
- Painting of new wood and elements in white.
