Good day Keri, I tried leaving a comment on resolution #46 yesterday, but the platform wanted me to register, which I did and then it wanted to verify my email, but I never received the verification email. I don't see my comment on the website. I thought maybe if I sent it to see I could get it into record.

Here is the comment I tried to leave.

Good evening Madam Mayor and Commissioners. My name is Sherrie Schwab, CEO from the Domestic Abuse Shelter. We are currently housed in the Poinciana neighborhood. The 11 buildings mentioned have exceeded their useful life in their current condition. I can personally attest to this because we are housed in one of them. We fully support this project for the restoration of the neighborhood. I believe these changes will not only create a more structurally safe environment but one that can safely be walked about with a feeling of greater security, all while ensuring critical housing needs remain available to our most vulnerable populations.

When the Key West City Commission meets, is there an option to attend virtually. Let me know please, thanks ...
