Subject: Re: 430 Greene Street MIDP Follow-up
Date: Monday, October 28, 2024 11:06:12 AM

Hi Nick,

Thanks for bringing these conditions to my attention and for speaking with me this morning.

We would like to request the deletion of all conditions associated with Res. No. 2006-020.

Thanks a lot.

Owen

Subject: 430 Greene Street MIDP Follow-up

Hi Owen,

A couple updates on the 430 Greene minor development plan application, currently on track for 11/21 Planning Board.

- That condition from the staff report about the donation to the City's tree fund will be revised to reflect that it's a recommended, voluntary donation, rather than a requirement.
- Please see the attached existing conditional use from 2006 that will remain in place with the redevelopment and take a look at the conditions and confirm whether any of these need to be amended. See specifically condition 3 that bar activity must be limited to the first floor. This won't impact the timeline of this application going before the Planning Board next month, but if any of these current conditions need to be changed with the redevelopment, now is the opportunity to request it. Within the next week, please let us know what, if any, conditions you are requesting modification on, and the conditional use amendment will be added on to the minor development plan request. We'll follow-up if a separate application and fee will be required for the CU amendment.

We can discuss further Monday if needed. Thanks and have a nice weekend.

Nick

Revised 10/28/24

DEVELOPMENT PLAN AND CONDITIONAL USE APPLICATION

CITY OF KEY WEST, FLORIDA • PLANNING DEPARTMENT

Address: 1300 White Street • Key West, Florida 33040

Phone: 305-809-3764

Website: www.cityofkeywest-fl.gov

Fees listed below include a \$341.78 advertising/noticing fee and a \$121.55 fire review fee where applicable. Any Major or Minor Development Plan returned to the Planning Board after initial approval will require a new application fee equivalent to one-half of the current fee schedule

Development Plan and Conditional Use Application Fee Schedule	
Development Plan	
Minor Development Plan	
Within Historic District Total Application Fee	\$ 3,745.19
Outside Historic District Total Application Fee	\$ 3,015.88
Conditional Use Total Application Fee	\$ 1,800.38
Extension Total Application Fee	\$ 1,071.07
Major Development Plan Total Application Fee	\$ 4,960.69
Conditional Use Total Application Fee	\$ 1,800.38
Extension Total Application Fee	\$ 1,071.07
Administrative Modification Fee	\$ 882.00
Minor Modification Fee	\$ 1,681.31
Major Modification Fee	\$ 2,839.21
Conditional Use (not part of a development plan) Total Application Fee	\$ 3,502.09
Extension (not part of a development plan) Total Application Fee	\$ 1,071.07
Revision or Addition (not part of a development plan) Fee	\$ 2,205.00

Applications will not be accepted unless complete

No _____

Please print or type:

- 1) Site Address: 430 Greene Street, Key West, FL 33040
- 2) Name of Applicant: Trepanier & Associates Inc (Owen Trepanier / Thomas Francis-Siburg)
- 3) Applicant is:
Property Owner: _____
Authorized Representative: X
(attached Authorization and Verification Forms must be completed)
- 4) Address of Applicant: 1421 First Street, Unit 101, Key West, FL 33040
- 5) Applicant's Phone #: (305) 293-8983 Email: _____
- 6) Email Address: owen@owentrepanier.com / thomas@owentrepanier.com
- 7) Name of Owner, if different than above: 430 Greene LLC
- 8) Address of Owner: 24 Hilton Haven Rd, Key West, FL 33040

9) Owner Phone #: c/o (305) 293-8983 Email: thomas@owentrepanier.com

10) Zoning District of Parcel: HRCC-1 RE# 00001470-000100

11) Is Subject Property located within the Historic District? Yes No

If Yes: Date of approval _____

HARC approval # _____

OR: Date of meeting _____

12) Description of Proposed Development and Use. Please be specific, list existing and proposed buildings and uses, number of dwelling units, parking, restaurant seats, vehicles proposed, etc. If there is more than one use, describe in detail the nature of each use (Give concise description here and use a separate sheet if necessary).

See attached.

13) Has subject Property received any variance(s)? Yes _____ No

If Yes: Date of approval _____ Resolution # _____

Attach resolution(s).

14) Are there any easements, deed restrictions or other encumbrances on the subject property?

Yes _____ No

If Yes, describe and attach relevant documents.

A. For both *Conditional Uses* and *Development Plans*, provide the information requested from the attached **Conditional Use and Development Plan** sheet.

B. For *Conditional Uses* only, also include the **Conditional Use Criteria** required under Chapter 122, Article III, Sections 122-61 and 122-62 of the Land Development Regulations (see attached copy of criteria).

C. For *Major Development Plans* only, also provide the **Development Plan Submission Materials** required under Chapter 108, Article II, Division 7, Sections 108-226 through 108-248 of the Land Development Regulations (see attached copy of criteria) and any additional information as determined by the Planning Staff.

D. For both *Conditional Uses* and *Development Plans*, one set of plans **MUST** be signed & sealed by an Engineer or Architect.

Please note, development plan and conditional use approvals are quasi-judicial hearings, and it is improper to speak to a Planning Board member or City Commissioner about the project outside of the hearing.

Required Plans and Related Materials for both a Conditional Use and Minor/Major Development Plan

I. **Existing Conditions.**

- A) Recent Survey of the site by a licensed Surveyor (Survey must be within 10 years from submittal date of this application) showing all dimensions including distances from property lines, and including:
- 1) Size of site;
 - 2) Buildings, structures, and parking;
 - 3) FEMA Flood Zone;
 - 4) Topography;
 - 5) Easements; and
 - 6) Location of Utility Lines (sewer, water, electric, cable) adjacent and extending into the site.
- B) Existing size, type and location of trees, hedges, and other features.
- C) Existing stormwater retention areas and drainage flows.
- D) A sketch showing adjacent land uses, buildings, and driveways.

II. **Proposed Development:** Plans at 11" X 17" (10,000 Sq. ft. or less); 24" X 36" if site is over 10,000 sq. ft.

- A) Site Plan to scale of with north arrow and dimensions by a licensed architect or engineer.
- 1) Buildings
 - 2) Setbacks
 - 3) Parking:
 - a. Number, location and size of automobile and bicycle spaces
 - b. Handicapped spaces
 - c. Curbs or wheel stops around landscaping
 - d. Type of pavement
 - 4) Driveway dimensions and material
 - 5) Location of Utility Lines (sewer, water, electric, cable) adjacent and extending into the site.
 - 6) Location of garbage and recycling
 - 7) Signs
 - 8) Lighting
 - 8) Project Statistics:
 - a. Zoning
 - b. Size of site
 - c. Number of units (or units and Licenses)
 - d. If non-residential, floor area & proposed floor area ratio
 - e. Consumption area of restaurants & bars
 - f. Open space area and open space ratio
 - g. Impermeable surface area and impermeable surface ratio
 - h. Number of automobile and bicycle spaces required and proposed
- B) Building Elevations
- 1) Drawings of all building from every direction. If the project is in the Historic District, please submit HARC approved site plans.
 - 2) Height of building.
 - 3) Finished floor elevations and bottom of first horizontal structure
 - 4) Height of existing and proposed grades
- C) Drainage Plan: Existing & Proposed retention areas and calculations approved by the City Engineer. See one of the attached commercial and residential use Stormwater Retention Forms.
- D) Landscape Plan: Size, type, location and number of plants to be removed, kept, and installed. The plan must be approved by the City Landscape Coordinator through a letter of approval. If the project is a Major Development Plan a landscape design prepared by a licensed Landscape Architect is required per Section 108-511(b) of the Land Development Regulations.

- III. **Solutions Statement.** Aspects of the design that address community issues including but not limited to water pollution from stormwater runoff, potable water conservation, waste disposal, recycling, energy conservation, affordable housing, and impacts on neighbors such as lighting, noise, traffic and parking.

Development Plan Submission Materials

Sec. 108-226. Scope.

A development plan, for the purposes of this division, shall include but not necessarily be limited to the requirements in this division. With the exception of sections 108-227 through 108-229, the city planner may waive or modify requirements, information and specific performance criteria for development plan review after rendering a finding in writing that such requirements:

- (1) Are not necessary prior to development plan approval in order to protect the public interest or adjacent properties.
- (2) Bear no relationship to the proposed project or its impacts; and
- (3) Are found to be impractical based on the characteristics of the use, including the proposed scale, density/intensity, and anticipated impacts on the environment, public facilities and adjacent land uses.

Sec. 108-227. Title block.

The development plan shall contain the following pertaining to the title block:

- (1) Name of development.
- (2) Name of owner/developer.
- (3) Scale.
- (4) North arrow.
- (5) Preparation and revision date.
- (6) Location/street address of development.

Sec. 108-228. Identification of key persons.

The development plan shall contain the following pertaining to identification of key persons:

- (1) Owner.
- (2) Owner's authorized agent.
- (3) Engineer and architect.
- (4) Surveyor.
- (5) Landscape architect and/or environmental consultant.
- (6) Others involved in the application.
- (7) A verified statement showing each and every individual person having a legal and/or equitable ownership interest in the subject property, except publicly held corporations whose stock is traded on a nationally recognized stock exchange, in which case the names and addresses of the corporation and principal executive officers together with any majority stockholders will be sufficient.

Sec. 108-229. Project description.

Project description should be included on the site plan sheet. The development plan shall contain the following pertaining to the project description:

- (1) Zoning (include any special districts).
- (2) Project site size (acreage and/or square footage).
- (3) Legal description.
- (4) Building size.
- (5) Floor area ratio permitted and proposed.
- (6) Lot coverage permitted and proposed.
- (7) Impervious surface.
- (8) Pervious surface.
- (9) Landscape areas.
- (10) Parking spaces permitted and proposed.
- (11) Delineation of location of existing and proposed structures.
- (12) Existing and proposed development type denoted by land use including density/intensity.
- (13) Setbacks.

Sec. 108-230. Other project information.

A general outline of the proposed development shall include the following criteria where applicable:

- (1) Proposed stages or phases of development or operation and facility utilization.
- (2) Target dates for each phase.
- (3) Expected date of completion.
- (4) Proposed development plan for the site.
- (5) A written description of characteristics of the proposed development (i.e., number and type of residential units; floor area by land use; number of tourist accommodations units; seating or parking capacities; number of hospitalbeds; any proposed outside facilities or areas to be used for storage, display, outside sales, waste disposal or similar use; and any other proposed uses).
- (6) For planned unit developments, indicate design techniques (i.e., clustering, zero lot line, or other techniques) used to reduce public facility costs, reduce disturbance of natural resources, and preserve scenic quality of the site.
- (7) Buildings and sitting specifications which shall be utilized to reduce damage potential and to comply with federal flood insurance regulations.
- (8) Protection against encroachment together with proposed mitigation measures to be employed within environmentally sensitive areas.

Sec. 108-231. Residential developments.

- (a) If the development includes residential units, the following characteristics shall be discussed in the written description:
 - (1) A breakdown of the proposed residential units by number of bedrooms.
 - (2) Tenure (i.e., owner-occupied or rental); and
 - (3) Structure type, such as single-family, duplex, multiple-family, mobile home.
- (b) Refer to division 10 of article V of chapter 122 for information and legal instruments needed to satisfy the city's affordable housing requirements.

Sec. 108-232. Intergovernmental coordination.

The development plan shall contain the following pertaining to intergovernmental coordination:

- (1) Provide proof of coordination with applicable local, regional, state and federal agencies, including but not limited to the following agencies that will be involved in the project:
 - a. South Florida Regional Planning Council (SFRPC).
 - b. City electric system (CES).
 - c. State department of environmental protection (DEP).
 - d. Army Corps of Engineers (ACOE).
 - e. South Florida Water Management District (SFWMD).
 - f. State department of transportation (DOT).
 - g. State department of community affairs (DCA).
 - h. Florida Keys Aqueduct Authority (FKAA).
 - i. State fish and wildlife conservation commission (F&GC).
 - j. The county.
- (2) Provide evidence that any necessary permit, lease or other permission from applicable local, regional, state and federal agencies has been obtained for any activity that will impact wetland communities or submerged land.
- (3) When intergovernmental coordination efforts are incomplete, the applicant shall provide evidence of good faith efforts towards resolving intergovernmental coordination issues.

CONDITIONAL USE CRITERIA

Sec. 122-61. Purpose and intent

The purpose of this article is to ensure that a conditional use shall only be permitted on specific sites where the proposed use may be adequately accommodated without generating adverse impacts on properties and land uses within the immediate vicinity. This article sets forth provisions and criteria for consideration of conditional uses on specific sites. Conditional uses shall be permitted only upon a finding that the proposed use satisfies this article.

Sec. 122-62. Specific criteria for approval.

- (a) Findings. A conditional use shall be permitted upon a finding by the planning board that the proposed use, application and, if applicable, development plan complies with the criteria specified in this section, including specific conditions established by the planning board and or the city commission during review of the respective application in order to ensure compliance with the comprehensive plan and land development regulations. If the proposed conditional use is a major development pursuant to sections 108-165 and 108-166, the city commission shall render the final determination pursuant to section 122-63. A conditional use shall be denied if the city determines that the proposed use does not meet the criteria provided in this section and, further, that the proposed conditional use is adverse to the public's interest. An application for a conditional use shall describe how the specific land use characteristics proposed meet the criteria described in subsection (c) of this section and shall include a description of any measures proposed to mitigate against possible adverse impacts of the proposed conditional use on properties in the immediate vicinity.
- (b) Characteristics of use described. The following characteristics of a proposed conditional use shall be clearly described as part of the conditional use application:
- (1) Scale and intensity of the proposed conditional use as measured by the following:
 - a. Floor area ratio;
 - b. Traffic generation;
 - c. Square feet of enclosed building for each specific use;
 - d. Proposed employment;
 - e. Proposed number and type of service vehicles; and
 - f. Off-street parking needs.
 - (2) On- or off-site improvement needs generated by the proposed conditional use and not identified on the list in subsection (b)(1) of this section including the following:
 - a. Utilities;
 - b. Public facilities, especially any improvements required to ensure compliance with concurrency management as provided in chapter 94;
 - c. Roadway or signalization improvements, or other similar improvements;
 - d. Accessory structures or facilities; and
 - e. Other unique facilities/structures proposed as part of site improvements.
 - (3) On-site amenities proposed to enhance site and planned improvements. Amenities including mitigative techniques such as:
 - a. Open space;
 - b. Setbacks from adjacent properties;
 - c. Screening and buffers;
 - d. Landscaped berms proposed to mitigate against adverse impacts to adjacent sites; and
 - e. Mitigative techniques for abating smoke, odor, noise, and other noxious impacts
- (c) Criteria for conditional use review and approval. Applications for a conditional use shall clearly demonstrate the following:
- (1) Land use compatibility. The applicant shall demonstrate that the conditional use, including its proposed scale and intensity, traffic-generating characteristics, and off-site impacts are compatible and harmonious with adjacent land use and will not adversely impact land use activities in the immediate vicinity.
 - (2) Sufficient site size, adequate site specifications, and infrastructure to accommodate the proposed use. The size and shape of the site, the proposed access and internal circulation, and the urban design enhancements must be adequate to accommodate the proposed scale and intensity of the conditional use requested. The site shall be of sufficient size to accommodate urban design amenities such as screening, buffers, landscaping, open space, off-street parking, efficient internal traffic circulation, infrastructure (i.e., refer to chapter 94 to ensure concurrency management requirements are met) and similar site plan improvements needed to mitigate against potential adverse impacts of the proposed use.

- (3) Proper use of mitigative techniques. The applicant shall demonstrate that the conditional use and site plan have been designed to incorporate mitigative techniques needed to prevent adverse impacts to adjacent land uses. In addition, the design scheme shall appropriately address off-site impacts to ensure that land use activities in the immediate vicinity, including community infrastructure, are not burdened with adverse impacts detrimental to the general public health, safety and welfare.
- (4) Hazardous waste. The proposed use shall not generate hazardous waste or require use of hazardous materials in its operation without use of city-approved mitigative techniques designed to prevent any adverse impact to the general health, safety and welfare. The plan shall provide for appropriate identification of hazardous waste and hazardous material and shall regulate its use, storage and transfer consistent with best management principles and practices. No use which generates hazardous waste or uses hazardous materials shall be located in the city unless the specific location is consistent with the comprehensive plan and land development regulations and does not adversely impact wellfields, aquifer recharge areas, or other conservation resources.
- (5) Compliance with applicable laws and ordinances. A conditional use application shall demonstrate compliance with all applicable federal, state, county, and city laws and ordinances. Where permits are required from governmental agencies other than the city, these permits shall be obtained as a condition of approval. The city may affix other conditions to any approval of a conditional use in order to protect the public health, safety, and welfare.
- (6) Additional criteria applicable to specific land uses. Applicants for conditional use approval shall demonstrate that the proposed conditional use satisfies the following specific criteria designed to ensure against potential adverse impacts which may be associated with the proposed land use:
- a. Land uses within a conservation area. Land uses in conservation areas shall be reviewed with emphasis on compliance with section 108-1 and articles III, IV, V, VII and VIII of chapter 110 pertaining to environmental protection, especially compliance with criteria, including land use compatibility and mitigative measures related to wetland preservation, coastal resource impact analysis and shoreline protection, protection of marine life and fisheries, protection of flora and fauna, and floodplain protection. The size, scale and design of structures located within a conservation area shall be restricted in order to prevent and/or minimize adverse impacts on natural resources. Similarly, public uses should only be approved within a wetland or coastal high hazard area V zone when alternative upland locations are not feasible on an upland site outside the V zone.
- b. Residential development. Residential development proposed as a conditional use shall be reviewed for land use compatibility based on compliance with divisions 2 through 14 of article IV and divisions 2 and 3 of article V of this chapter pertaining to zoning district regulations, including size and dimension regulations impacting setbacks, lot coverage, height, mass of building, building coverage, and open space criteria. Land use compatibility also shall be measured by appearance, design, and land use compatibility criteria established in chapter 102; articles III, IV and V of chapter 108; section 108-956; and article II of chapter 110; especially protection of historic resources; subdivision of land; access, internal circulation, and off-street parking; as well as as possible required mitigative measures such as landscaping and site design amenities.
- c. Commercial or mixed-use development. Commercial or mixed-use development proposed as a conditional use shall be reviewed for land use compatibility based on compliance with divisions 2 through 14 of article IV and divisions 2 and 3 of article V of this chapter pertaining to zoning district regulations, including size and dimension regulations impacting floor area ratio, setbacks, lot coverage, height, mass of buildings, building coverage, and open space criteria. Land use compatibility also shall be measured by appearance, design, and land use compatibility criteria established in chapter 102; articles I, II, IV and V of chapter 108; section 108-956; and article II of chapter 110; especially protection of historic resources; subdivision of land; access, pedestrian access and circulation; internal vehicular circulation together with access and egress to the site, and off-street parking; as well as as possible required mitigative measures such as landscaping, buffering, and other site design amenities. Where commercial or mixed-use development is proposed as a conditional use adjacent to U.S. 1, the development shall be required to provide mitigative measures to avoid potential adverse impacts to traffic flow along the U.S. 1 corridor, including but not limited to restrictions on access from and egress to U.S. 1, providing for signalization, acceleration and deceleration lanes, and/or other appropriate mitigative measures.
- d. Development within or adjacent to historic district. All development proposed as a conditional use within or

adjacent to the historic district shall be reviewed based on applicable criteria stated in this section for residential, commercial, or mixed use development and shall also comply with appearance and design guidelines for historic structures and contributing structures and/or shall be required to provide special mitigative site and structural appearance and design attributes or amenities that reinforce the appearance, historic attributes, and amenities of structures within the historic district.

- e. Public facilities or institutional development. Public facilities or other institutional development proposed as a conditional use shall be reviewed based on land use compatibility and design criteria established for commercial and mixed-use development. In addition, the city shall analyze the proposed site location and design attributes relative to other available sites and the comparative merits of the proposed site, considering professionally accepted principles and standards for the design and location of similar community facilities and public infrastructure. The city shall also consider compliance with relevant comprehensive plan assessments of community facility and infrastructure needs and location impacts relative to service area deficiencies or improvement needs.
- f. Commercial structures uses and related activities within tidal waters. The criteria for commercial structures, uses and related activities within tidal waters are as provided in section 122-1186.
- g. Adult entertainment establishments. The criteria for adult entertainment establishments are as provided in division 12 of article V of this chapter.

Minor Development Plan and Landscape Waiver

430 Greene Street (RE# 00001470-000100)

TREPANIER

& ASSOCIATES INC.

LAND-USE PLANNING
DEVELOPMENT CONSULTANTS

Solutions Statement:

430 Greene Street is a historic lot of record. The structure at 430 Greene Street was condemned by the Chief Building Official on 5/29/2024. In an abundance of caution this project seeks a minor development plan and landscape waiver to rebuild the intensity of the 2-story structure (bar with outdoor beverage/ticket booth) with site improvements, including but not limited to, life safety, floodproofing, setbacks, and masonry construction to withstand wind loads more than 180 mi/hr.

Per sec. 122-28(d) and 122-32(a), the involuntarily condemned site with proposed improvements may be rebuilt without variances.

Background:

430 Greene Street was involuntarily condemned by the Chief Building Official on 5/29/2024 for life safety purposes. The condemnation letter reads that 430 Greene Street "has reached a level of significant structural concern which will most likely require a demolition of the structure in order to rebuild to current codes."

Analysis:

The following is an analysis of the proposed project pursuant to minor development plan approval criteria.

Existing development is depicted in attached surveys and plans, including:

- Name of Development
- Name of Owner/ Developer
- Scale
- North arrow
- Preparation and revision dates
- Location/ street address
- Size of site
- Buildings
- Structures
- Parking
- FEMA flood zones
- Topography
- Easements
- Utility locations
- Existing vegetation
- Existing storm water
- Adjacent land uses
- Adjacent buildings
- Adjacent driveways

Proposed development is depicted in attached plans prepared by licensed architects and/or engineers, including:

- Buildings
- Setbacks
- Parking
- Driveway dimensions and material
- Utility locations
- Garbage and recycling
- Signs
- Lighting
- Project Statistics
- Building Elevations
- Height of buildings
- Finished floor elevations
- Height of existing and proposed grades

Title block (Sec. 108-227)

Name of development:	430 Greene Street
Property Owner:	430 Greene, LLC
Developer:	430 Greene, LLC
Scale—Architectural:	As noted on plans
Preparation & revision dates:	As noted on plans
Location:	430 Greene Street

Key persons and entities (Sec. 108-228) involved in this project are as follows:

Owner:	430 Greene, LLC
Equitable Owner:	Mark Rossi
Authorized Agent:	Owen Trepanier & Associates, Inc.
Architect:	William P. Horn, Architect, PA
Engineer:	Allen Perez, Perez Engineering
Surveyor:	FL Keys Land Surveying

Project Description (Sec. 108-229):

The project is proposed to be developed in one (1) phase.

Table 1. Site Data –

Item	Required	Existing	Proposed	Compliance
Zoning	HRCC-1			Complies
FLUM	HC			Complies
FEMA Flood	AE-6			Complies
HARC	Not historic, non-contributing			Complies
Site Size	4,000 sq. ft.	1,497 sq. ft.	No Change	Complies
Year Built	-	1958	New	Complies
Height	35 ft. + 5 ft.	<35 ft.	<35 ft.	Complies
Density	22 du/ac (0.8 du)	0 du	No Change	Complies
FAR	1.00 (1,497 sq. ft.)	1.21 (1,808 sq. ft.)	1.16 (1,741 sq. ft.)	Complies
Consumption Area / Seats	-	Approx. 675 sq. ft.	No Change	Complies
Open Space	20.0% (299.4 sq. ft.)	0.0%	No Change	Complies
Landscaping	20.0% (299.4 sq. ft.)	0.0%	No Change	Complies
Building Coverage	50.0% (748.5 sq. ft.)	91.3% (1,367 sq. ft.)	90.6% (1,357 sq. ft.)	Improvement, Complies
Impervious Surface	70.0% (1,047.9 sq. ft.)	100.0% (1,497 sq. ft.)	No Change	Complies
Front Setback	0.0 ft	0.0 (3.0 ft encroachment)	No Change	Complies
Rear Setback	10.0 ft	0.0 ft	No Change	Complies
West Side Setback	2.5 ft	0.0 ft (1.8 ft encroachment)	0.9 ft	Improvement, Complies
East Side Setback	2.5 ft	0.5 ft	0.7 ft	Improvement, Complies
Auto Parking	15 spaces	0.0 spaces	No Change	Complies
Bicycle-Scooter Parking	3.75 spaces	0.0 spaces	No Change	Complies

Other Project Information (Sec. 108-230):

1. This is a single-phased proposal.
2. The target date for commencement shall immediately follow entitlement approvals.
3. Expected date of completion is within 2 years of commencement.
4. The proposed development plan is contained herewith.
5. Proposed Development Plan: One Phase
6. Project is not a planned unit development.
7. The project will comply with federal flood insurance regulations.
8. This project is not located adjacent to an environmentally sensitive area.

Residential Developments (Sec. 108-231):

This project has no residential component.

Intergovernmental Coordination (Sec. 108-232):

Coordination will occur through the Development Review Process of the City of Key West and the FDEP ERP process.

Schedule of Approval Process:

The following development approval schedule and process is anticipated:

Step	Date
1. Submit Major Development Plan and Conditional Use Application	7/12/24
2. Development Review Committee ("DRC") Meeting	8/22/24
3. Planning Board Meeting	10/17/24
4. HARC Pre-Application Meeting (due no later than)	10/25/24
5. Submit HARC Application	10/28/24
6. HARC Meeting	11/18/24
7. City Commission Meeting	12/12/24
8. City Appeal Period (30 days)	1/11/25
9. Florida Department of Commerce Appeal Period (45 days)	2/24/25

Concurrency Facilities and Other Utilities or Services (Sec. 108-233):

Levels of Service – The impacts of the proposed project are generally summarized as follows:

- The proposed development is expected to **maintain existing** trip generation LOS for the site.
- The proposed development is expected to **maintain existing** parking demand and onsite parking.
- The proposed development is expected to **maintain existing** potable water flow LOS for the site.
- The proposed development is expected to **maintain existing** wastewater flow LOS for the site.
- The proposed development is expected to **maintain existing** recyclable waste LOS.
- The proposed development is expected to **maintain existing** solid waste LOS.

- The proposed development is expected to **maintain existing** stormwater LOS.
- The proposed development is expected to **maintain existing** recreation LOS.
- The team will coordinate with FCAA to ensure the water pressure and flow will be adequate for fire protection for the type of construction proposed.
- No adverse impacts to the quality of receiving water are anticipated before, during or after construction.
- Changes to the existing storm water management system are depicted on the attached plans.

Appearance, design, and compatibility (Section 108-234):

This development plan satisfies criteria established in Chapter 102; Articles III, IV and V of Chapter 108; Section 108-956; and Article II of Chapter 110 of the Key West City Code in the following manner:

- Chapter 102 – This property is located in the Historic District, however the condemned building is not a contributing structure to the district.
 - Articles III, IV and V of Chapter 108 – As demonstrated by the site plan and the site data calculations, the project complies with the requirements of the Articles.
 - Chapter 110 – As demonstrated in this application, the proposed development complies with the resource protection requirements of Chapter 110.
- (a) Compliance. This development plan complies with the requirements set forth in the Key West City Code as they pertain to Concurrency Management, Outdoor Displays and Nuisances, Resource Protection, Signs, and Articles I and III to IX of Chapter 108 of the Key West City Code.

(b) Vicinity Map.

(c) Land Use Compatibility. The project site is located in the HISTORIC RESIDENTIAL COMMERCIAL CORE – DUVAL STREET GULFSIDE (HRCC-1) zoning district. The intent of the HRCC-1 district is to incorporate the city's intensely vibrant tourist commercial entertainment center which is characterized by specialty shops, sidewalk-oriented restaurants, lounges and bars with inviting live entertainment, and transient residential accommodations. The core of the commercial entertainment center spans generally from the Pier House south to Petronia Street as specifically referenced on

the official zoning map. This segment of Duval Street is the most intense activity center in the historic commercial core.

(d) Historic and archeological resource protection. The site is located in the Historic District however the condemned building is non historic, nor contributing to the historic district. Any archeological resources will be protected as required.

(e) Subdivision of Land. No subdivisions are anticipated.

Legal Description:

Please see attached survey.

Flood Zone:

The current flood zone for the property is AE-6.

Future Land Use Map Designation ("FLUM"):

The property's FLUM designation is Historic Commercial (HC).

Zoning ("PS")

According to the City of Key West Zoning Map, the property is zoned Historic Residential Commercial Core – Duval Street Gulfside (HRCC-1).

Appearance of Site and Structures (Sec. 108-236):

Attached site plan complies with Sections 108-278 through 108-288 of the Key West City Code.

Site Plan (Sec. 108-237):

Site plan of proposed development drawn consistently with Sec. 108-237 is attached.

Architectural Drawings (Sec. 108-238):

All architecture or engineering designs were prepared and sealed by a professional architect or engineer registered in the state pursuant to F.S. Ch. 471 and 481, respectively, consistent with the provisions of this Section.

Site Amenities (Sec 108-239):

The attached site plan includes existing and proposed amenities which are required to comply with appearance, design and compatibility regulations outlined in chapter 102; articles III, IV and V of this chapter; section 108-956; and article II of chapter 110.

Site Survey (Sec 108-240):

A survey of the site is attached.

Soil Survey (Sec 108-241):

Soil surveys are not anticipated as part of this project.

Environmentally Sensitive Areas (Sec. 108-242):

This project is not located adjacent to environmentally sensitive areas.

Land clearing, excavation and fill, tree protection, landscaping and irrigation plan (Sec. 108-243):

The property is currently 100% developed. No land clearing is anticipated as part of this rebuild project. A Landscape Waiver request is being submitted concurrently with this Minor Development Plan application. No change is proposed from the existing 0.0% landscaping; however, setbacks are being improved for life safety purposes.

On-site and off-site parking and vehicular, bicycle, and pedestrian circulation (Sec. 108-244):

No change from existing 0.0 parking spaces is proposed.

Per sec. 108-572(9), restaurants, bars and lounges require 1 auto parking space per 45 sq. ft. of serving and/or consumption area and require 25% of the required auto spaces as bicycle-scooter spaces. The property has approximately 675 sq ft of consumption area existing and proposed to be rebuilt, requiring 15.0 auto spaces and 3.75 bike-scooter spaces. 0.0 spaces exist and 0.0 spaces are proposed as part of the rebuild.

	Item	Amount	Auto		Bicycle-Scooter	
			Rate	Demand	Rate	Demand
Existing	Consumption Area	675 sq ft floor area	1 space per 45 sq ft floor area	15.0 spaces	25% auto	3.75 spaces
	Total			15.0 spaces		3.75 spaces
Proposed	Consumption Area	No Change	No Change	No Change	No Change	No Change
	Total			No Change		No Change

Housing (Sec 108-245):

N/A – No housing units are proposed as part of this rebuild.

Economic Resources (Sec 108-246):

(a) Ad Valorem Estimates - NA

(b) Construction expenditure: TBD

Special Considerations (Sec 108-247):

The proposal complies with the goals, objectives and policies of the comprehensive plan as demonstrated by:

- Goal 1-1
- Objection 1-1.10
- Policy 1-1.10.3

Construction Management Plan and Inspection Schedule (Sec 108-248):

The proposed development is a single-phase project. Construction is proposed to progress steadily based on Key West LDRs, and Florida Building Code. Construction is expected to commence as soon as possible.

Truman Waterfront Port Facilities (Sec 108-249):

N/A – This project is not located at the Truman Waterfront Port

SITE PLAN

Scope (Sec 108-276):

This site plan conforms to all necessary and applicable sections of land development regulations.

Site Location and Character of Use (Sec. 108-277):

As depicted, the site has sufficient size, and adequate specifications and infrastructure to accommodate the proposed uses in the manner proposed. As described in detail above, this site will rebuild the historic intensity of the property as part of the vibrant Duval Street Gulfside district. This development furthers the goals of the City's plans as detailed in this report.

Appearance of Site and Structures (Sec. 108-278):

This application's development plan exhibits harmonious overall design characteristics in compliance with the performance standards stipulated in sections 108-278 through 108-288.

Location and screening of mechanical equipment, utility hardware and waste storage areas (Section 108-279):

All mechanical equipment and utility hardware will be appropriately screened. All waste storage areas will be screened from adjacent properties.

Front-end loaded refuse container requirements (Sec. 108-280):

The refuse container will be located in such a manner to facilitate convenient access.

Roll-off Compactor Container location requirements (Sec. 108-281):

Any roll-off containers shall meet the requirements of 108-281, as depicted on the site plan.

Utility lines (Section 108-282):

The proposed project will require installation of new utility services. Installation will be coordinated with the appropriate utility agencies and in accordance with Section 108-282.

Commercial and manufacturing activities conducted in enclosed buildings (Section 108-283):

The project rebuilds the historic / existing commercial activities with improved life safety and setbacks.

Exterior Lighting (Section 108-284):

All proposed lighting shall be shielded, and lighting sources shall be arranged to eliminate glare from roadways and streets and shall direct light away from properties lying outside the district. Shielding of lighting elements shall be accomplished by using directional fixtures or opaque shades.

Signs (Section 108-285):

All new signage proposed will adhere to Section 108-285.

Pedestrian sidewalks (Section 108-286):

The project, as proposed, complies with this section of the LDC. Refer to plans for precise placement of sidewalks and concrete paths that align with existing sidewalks on adjacent sites.

Loading docks (Section 108-287):

No loading docks are required or proposed.

Storage Areas (Section 108-288):

Storage areas if developed for use of the onsite commercial activities will be located at the rear of the principal structure per code section 108-288.

Land Clearing, Excavation, and Fill (Sec 108-289):

Land clearing is for demolition of existing condemned structure. No other land clearing is proposed.

Open Space, Screening, Buffers and Landscaping (Article V and VI) of Chapter 108:

No change from existing open space is proposed as part of this rebuild project.

Sec. 108-517. - Waivers or modifications.

Landscape waivers are being sought for the rebuild project. The property is 100% developed. This project requests a waiver from all landscape requirements to rebuild the historic / existing commercial space with improved life safety and setbacks for life safety purposes.

Off-street parking and loading (Article VII):

Please see "On-site and off-site parking and vehicular, bicycle, and pedestrian circulation (Sec. 108-244)" above for a complete discussion regarding parking

Storm water and Surface Water Management (Article VIII):

The site, as part of the redevelopment process, will come into full compliance with the requirements of storm water and surface water management article of the LDC. Therefore, the redevelopment will improve nearshore water quality.

Flood Hazard Areas (Division 4 - Sections 108-821 through 108-927):

The property is the AE-6 FEMA flood zone. The project proposes to floodproof the rebuilt, improved structure.

Utilities (Article IX):

Concurrency Analysis:

Concurrency Facilities and Other Utilities or Services (Sec. 108-233):

The City's Comprehensive Plan directs the City to ensure that facilities and services needed to support development are available concurrent with the impacts of new development.

The following specific issues are outlined:

- Roads/Trip Generation
- Sanitary Sewer
- Recyclables
- Potable Water
- Solid Waste
- Drainage

Policy 2-1.1.1- Transportation

There is no anticipated change in overall trip generation as part of this project. The existing and proposed uses remain unchanged.

Notwithstanding the proposed trip generation, Policy 2-1.1.3: Dense Urban Land Area effectively eliminates the transportation concurrency requirement in favor of a prioritization of safety and function of existing roads and multi-modal transportation improvements (i.e. transit, air, boat, bicycles, pedestrianism, mixed-use development)

Policy 2-1.1.3: Dense Urban Land Area. The City of Key West is a substantially developed dense urban land area and is thereby exempted from transportation concurrency requirements for roadways. The City recognizes that its development characteristics make substantive expansion of capacity of the roadway system prohibitive. The City will therefore prioritize improving the safety and function of existing roads and multi-modal transportation improvements (i.e. transit, air, boat, bicycles, pedestrianism, mixed-use development) as its primary strategies for addressing current and projected transportation needs.

Policy 4-1.1.2.C – Potable Water

Pursuant to Sec. 122-1020(1), transitional housing with supportive services, such as an emergency shelter for the homeless, shall be evaluated in terms of nonresidential floor area ratio only, and do not have residential densities. Pursuant to Policy 4-1.1.2.C, the potable water LOS for nonresidential is 650 gal/acre/day. Based on the City of Key West

adopted level of service the potable water demand is not anticipated to change as the site is 100% nonresidential. (Existing & Proposed LOS = 650 gal/acres/day x 13.943 acres = 9,063 gal/day.)

Water demand is expected to **not change**.

Potable water to the City of Key West is provided by the Florida Keys Aqueduct Authority (FKAA). The FKAA has the capacity to provide 23 million gallons per day to Monroe County as a result of: The South Florida Water Management District's issuance of Water Use Permit #13-0005, which allocates 17 million gallons per day in the dry season; 17.79 million gallons per day which can be withdrawn from the Biscayne Aquifer; and six million gallons per day provided by a reverse osmosis treatment plant in Florida City. As documented above, the City is meeting its Level of Service Standard for Potable Water. The City projects a slight permanent population decrease, and only a slight increase in its functional population and non-residential development during short and long-range planning periods, so the current capacity should remain adequate. Ongoing capital improvements will be necessary to maintain and improve standards and service delivery.

Policy 4-1.1.2.A - Sanitary Sewage

Pursuant to Sec. 122-1020(1), transitional housing with supportive services, such as an emergency shelter for the homeless, shall be evaluated in terms of nonresidential floor area ratio only, and do not have residential densities. Pursuant to Policy 4-1.1.2.A, the sanitary sewer LOS for nonresidential is 660 gal/acre/day. Based on the City of Key West adopted level of service the sanitary sewer demand is not anticipated to change as the site is 100% nonresidential. (Existing & Proposed LOS = 660 gal/acres/day x 0.034 acres = 22.7 gal/day.)

Sanitary sewer demand is expected to **not change**.

The City contracts out the operation of the Richard A. Heyman Environmental Pollution Control Facility, its wastewater treatment plant (Plant), and the associated collection system to Operations Management International, Inc. (OMI). The Plant currently has the capacity to treat 10 million gallons per day, exceeding the capacity required to achieve the existing Level of Service Standard by approximately seven million gallons per day. Actual daily flow is 4.5 million gallons per day. This is a reduction from eight (8) million gallons per day due to a 67 million dollars capital improvement to the City's wastewater treatment during the past short-term planning period, including \$56 million for collection system rehabilitation.

As documented above, the City is exceeding its Level of Service Standard for Wastewater. The City projects a slight permanent population decrease, and only a slight increase in its functional population and non-residential development, during the short and long-range planning periods, so the current capacity should remain adequate. Ongoing capital

improvements and continuing conservation efforts will continue to maintain and improve service delivery.

Policy 4-1.1.2.D - Solid Waste

Pursuant to Sec. 122-1020(1), transitional housing with supportive services, such as an emergency shelter for the homeless, shall be evaluated in terms of nonresidential floor area ratio only, and do not have residential densities. Pursuant to Policy 4-1.1.2.D, the solid waste LOS for nonresidential is 6.37 lbs/capita/day. Based on the City of Key West adopted level of service the solid waste demand is not anticipated to change as the site is 100% nonresidential. (Existing & Proposed LOS = 6.37 lbs/capita/day x 1.4157 capita/1,000 sq. ft.¹ x 1,808 sq ft² = 16.3 lbs/day.)

Solid Waste demand is expected to **not change**.

The City currently contracts with Waste Management of Florida, Inc. to collect, transfer and dispose of solid waste and residential recyclables. Commercial recyclables and other non-franchised collection services such as construction and demolition debris and yard waste are available on the open market to all licensed haulers. The City owns and operates a solid waste transfer station on Rockland Key that received 45,402.10 tons of solid waste for disposal and 3,607 tons of recyclables in 2009/10. Waste Management disposes of the solid waste collected in Monroe County, including the City of Key West, at its Central Sanitary Landfill in Broward County. In 2009 Waste Management Inc. reported a reserve capacity of 17 years at this facility. There is therefore an estimated reserve capacity of 15 years as of the date of this report.

As documented above, the City is meeting its Level of Service Standard for solid waste. The City projects a slight permanent population decrease, and only a slight increase in its functional population and non-residential development, during the short and long-range planning periods, and the current capacity should remain adequate. Ongoing capital improvements will be necessary to improve standards and service delivery.

Policy 4-1.1.2. D - Recyclable Waste Generation Level of Service

Pursuant to Sec. 122-1020(1), transitional housing with supportive services, such as an emergency shelter for the homeless, shall be evaluated in terms of nonresidential floor area ratio only, and do not have residential densities. Pursuant to Policy 4-1.1.2.D, the recyclable waste LOS for nonresidential is 0.25 lbs/capita/day. Based on the City of Key West adopted level of service the recyclable waste demand is not anticipated to change

¹ Planners Estimating Guide, p. 137: Table 11-1-Basic Impact Coefficients 1.4157 persons per 1,000 sf of Community retail trade

² Total upland area.

as the site is 100% nonresidential. (Existing & Proposed LOS = 0.25 lbs/capita/day x 1.4157 capita/1,000 sq. ft.³ x 1,808 sq ft⁴ = 0.6 lbs/day.)

Solid Waste demand is expected to **not change**.

Policy 4-1.1.2. E- Drainage Facilities Level of Service

Please refer to the attached Drainage plans for pre- and post-development analysis. The redevelopment will comply with all applicable Federal, state and local standards.

Existing Level of Service Standard

1. Post development runoff shall not exceed the pre-development runoff rate for a 25-year storm event, up to and including an event with a 24-hour duration.
2. Storm water treatment and disposal facilities shall be designed to meet the design and performance standards established in Chapter 62-25 Section 25.025, Florida Administrative Code, with treatment of the runoff from the first one inch of rainfall on-site to meet the water quality standards required by Chapter 62-302, Florida Administrative Code. Storm water facilities which directly discharge into "Outstanding Florida Waters" (OFW) shall provide an additional treatment pursuant to Section 62-25.025 (9), Florida Administrative Code.
3. Storm water facilities must be designed to not degrade the receiving water body below the minimum conditions necessary to assure the suitability of water for the designated use of its classification as established in Chapter 62-302 Florida Administrative Code.

Landscape Waiver

430 Greene Street (RE# 00001470-000100)

TREPANIER

ASSOCIATES INC.

LAND USE PLANNING
DEVELOPMENT CONSULTANTS

Solutions Statement:

430 Greene Street is a historic lot of record. The structure at 430 Greene Street was condemned by the Chief Building Official on 5/29/2024. In an abundance of caution this project seeks a minor development plan and landscape waiver to rebuild the intensity of the 2-story structure (bar with outdoor beverage/ticket booth) with site improvements, including but not limited to, life safety, floodproofing, setbacks, and masonry construction to withstand wind loads of more than 180 mi/hr.

Background:

The property is 100% impervious with 0-ft setbacks on three of its sides and a 0.5-ft setback on its fourth side. There is 0.0 sq. ft. of landscaping and open space on site and no plants.

Request:

Per sec. 108-517, this is a request for a waiver of all landscape requirements to rebuild the involuntarily condemned structure at 430 Greene Street with improved life safety, floodproofing, setbacks, and masonry construction to withstand wind loads of more than 180 mi/hr.

MEMORANDUM

Date: 08/22/24
To: Mr. Nicholas Perez, Key West Planning Department
From: Owen Trepanier
CC: Mr. Mark Rossi
 Mr. Bill Horn
Re: **430 Greene Street**
DRC Comments – Applicant Response

Revised plans attached.

DRC Member	Comment	Applicant Response	Status
Keys Energy	KEYS has no objection to the request for the Minor Development Plan. KEYS will need to have a full set of plans and a project review form to ensure power for this project and surrounding customers.	Understood	Pending Building Permit App.
GIS / Utility Administrator Matt Willman	Is there any ability to install stormwater management?	Stormwater management not possible on site	Complete
	Show trash handling area on the plan	Depicted on attached plans	Complete
	Consider getting an easement for trash	Not in the ROW	Complete
	"I challenge the property owner to increase recycling"	Maximum recycling currently underway	Complete
	If the grease trap will be abandoned, pls remove it.	will be rehabbed and retained	Complete
Urban Forestry, Planning Department	We recognize and accept that there is no existing tree map as there is a statement included in the plans stating that there is no landscaping on the property. In lieu of a landscaping, which is required as part of a major development plan, the Tree Commission normally requests that a donation be made to the tree fund that will be used to purchase and install trees in right of way planters and city parks.	TC Approved. Applicant agreed to a \$675 donation to the Tree Commission	Complete
Elizabeth Ignoffo, Contract & Permit Engineer	How is ADA access being accomplished? Please include in plans.	Depicted on the attached plans	Complete
Mike Anderson, Lieutenant Inspector	Property will be sprinkled and alarmed – No Comments	Agreed	Complete
Ian McDowell, City Engineer	Booth requires and easement	Application submitted 09/13/24	Underway
Enid Torregrosa, Historic Architectural Preservation Planner	Site data table should include height of the structure.	Height is depicted on proposed plans	Complete
	Enclose the trash area	The existing trash area cannot be enclosed	Complete

Warranty Deed

This Warranty Deed made this 9th day of March, 2020 between Kerstin Elisabeth Roos Griffith, an unmarried widow, whose post office address is 717 Fleming Street, Key West, FL 33040, grantor, and 430 Greene, LLC, a Florida limited liability company whose post office address is 24 Hilton Haven Dr., Key West, Florida 33040, grantee:

(Whenever used herein the terms "grantor" and "grantee" include all the parties to this instrument and the heirs, legal representatives, and assigns of individuals, and the successors and assigns of corporations, trusts and trustees)

Witnesseth, that said grantor, for and in consideration of the sum of TEN AND NO/100 DOLLARS (\$10.00) and other good and valuable considerations to said grantor in hand paid by said grantee, the receipt whereof is hereby acknowledged, has granted, bargained, and sold to the said grantee, and grantee's heirs and assigns forever, the following described land, situate, lying and being in Monroe County, Florida to-wit:

A parcel of land on the Island of Key West, Monroe County, Florida, and known on William A. Whitehead's Map of said Island, delineated in February A. D. 1829, as part of Square 15, more particularly described as follows:

Commence at the intersection of the southeasterly right of way of Greene Street and the southwesterly right of way of Duval Street and run thence in a Southwesterly direction along Greene Street a distance of 20.3 feet to the Point of Beginning; thence run at right angles in a southeasterly direction 39.37 feet; thence run at right angles in a southwesterly direction, 42.2 feet; thence run at right angles in a northwesterly direction, 12.00 feet; thence run at right angles in a northeasterly direction 6.0 feet; thence run at right angles in a Northwesterly direction, 27.37 feet to a point on the southerly right of way line of Greene Street; thence northeasterly along Greene Street 36.2 feet back to the Point of Beginning.

Parcel Identification Number: 00001470-000100

Grantor warrants that at the time of this conveyance, the subject property is not the Grantor's homestead within the meaning set forth in the constitution of the state of Florida, nor is it contiguous to or a part of homestead property. Grantor's residence and homestead address is: 717 Fleming Street, Key West, FL 33040

Together with all the tenements, hereditaments and appurtenances thereto belonging or in anywise appertaining.

To Have and to Hold, the same in fee simple forever.

And the grantor hereby covenants with said grantee that the grantor is lawfully seized of said land in fee simple; that the grantor has good right and lawful authority to sell and convey said land; that the grantor hereby fully warrants the title to said land and will defend the same against the lawful claims of all persons whomsoever; and that said land is free of all encumbrances, except taxes accruing subsequent to December 31, 2019.

DoubleTime®

In Witness Whereof, grantor has hereunto set grantor's hand and seal the day and year first above written.

Signed, sealed and delivered in our presence:

Christina Ortiz
 Witness Name: Christina Ortiz
Wayne LaRue Smith
 Witness Name: Wayne LaRue Smith

Kerstin Elisabeth Roos Griffith (Seal)
 Kerstin Elisabeth Roos Griffith

State of Florida
County of Monroe

The foregoing instrument was acknowledged before me this 9th day of March, 2020 by Kerstin Elisabeth Roos Griffith, who is personally known or [] has produced a driver's license as identification.
