Re: PSI Technologies Inc. - Riviera Beach, FLA

I can confirm that PSI Technologies Inc. is the sole/exclusive municipal water representative for all Crispin Valve products within the state of Florida. This includes the Keys region but not the panhandle area.

This includes the purchase of new products, OEM repair parts, repairs and maintenance. No other representative can sell products, repair/replacement parts, provide maintenance, repair/replacement services, field services or technical support for Crispin Valve.

Please direct any further inquiries to Eric Doverspike of PSI Technologies, his sales team, or myself for further clarification if needed.

Best Regards,

Darren Crispin
