To The Honorable Mayor and City Commissioners of the City of Key West, Florida:  
I am writing to ask for your support for the upcoming vote in favor of the city ordinance regarding the insurance stipend increase for those police officers and fire fighters retiree who are eligible. I am also asking for your favor of vote for those same retirees to receive the 13th check, providing the investments of the police and fire pension fund receive a positive 9% return or higher.  
Commissioners, your support in favor of this ordinance is very important to those fire fighters and police officers, who have given a better part of their lives away from their families to serve and protect the citizens of Key West! Current retirees have no avenue for collective bargaining and therefore depend on the Trustees of the Police and Fire Pension Board and the City of Key West Commission to enhance any benefits.  
As a member of our One Human Family, we are counting on you and cannot do this without you! Thank you for your support in this matter.

Respectfully,  
Bill Fortune  
Chief of Police, Retired  
Trustee, Key West Police and Fire Pension Board
