

Dear Planning Board,

We are monthly donors to Habitat for Humanity Key West and Lower Florida Keys, and we enthusiastically support their mission. Having said that, we also happen to live across the street from 304 Truman Ave, and we can't tell you how happy we are for the plans to turn this dilapidated property into a home that a family can finally use. For over ten years, we've waited for something positive to happen at 304 Truman, so you can imagine our excitement to hear about these plans. We know that neighbor approval and support is often helpful during this process, and we can confidently state that our neighbors at 300 Truman Ave, 306 Truman Ave, and 311 Truman Ave are also in full support of this project. We very much look forward to finally having new neighbors on the 300 block of Truman. Thank you very much for your help toward making this happen.

Much appreciated,

Heather & Scot Korth
307 Truman Ave
