

Historic Architectural Review Commission Staff Report for Item 2

To: Acting Chairman Greg Oropeza and Historic Architectural Review
Commission Members

From: Enid Torregrosa-Silva, MSHP
Historic Preservation Planner

Meeting Date: October 24, 2023

Applicant: K2M Design, Meghan Gregory, Architect

Application Number: H2023-0027

Address: 1500 Reynolds Street

Description of Work:

New accessory structures to replace existing chiller and fire pump/ generator buildings due to flood requirements.

Site Facts:

The site under review houses the Casa Marina Hotel, a Mediterranean Revival style hotel built between 1918-1920. The historic portion of the Casa Marina Hotel, designed by Carrere and Hastings is the only structure within the hotel site property that is listed as a contributing resource to the historic district. The 1979, 1984 additions and the chiller and pump structures within the hotel side site are not contributing resources in the local survey or the National Register of Historic Places.

On June 27, 2023, the Commission approved extensions to two elevator's shafts. On July 25, 2023, the Commission approved the design of two new accessory structures that will replace the Sun Sun restaurant buildings. On September 26, 2023, the Commission postponed the review of the demolition and replacement of the chillers and fire pump/ generator buildings.

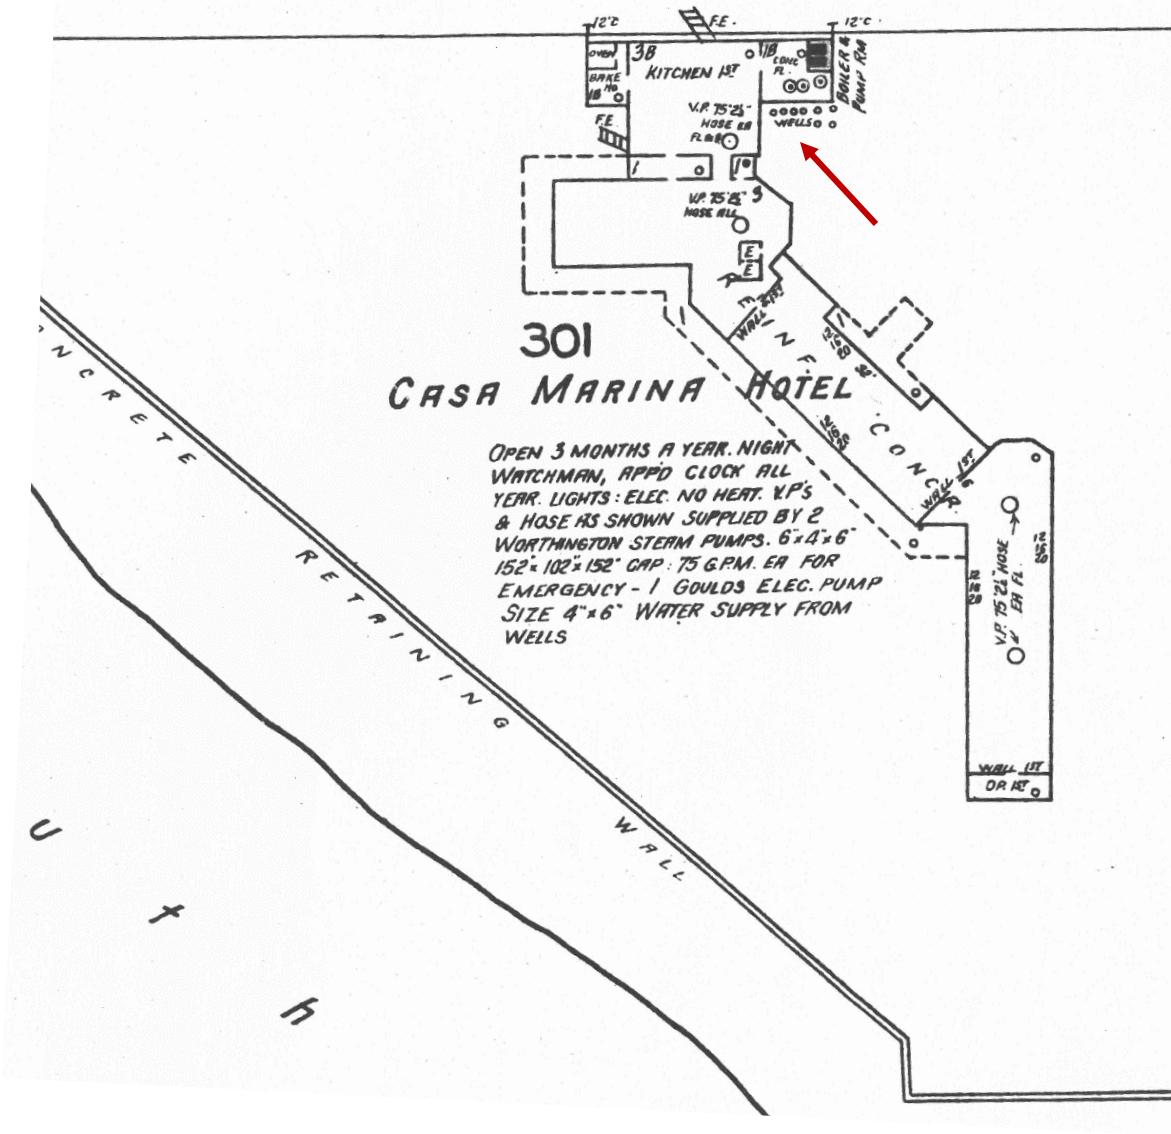

Casa Marina Resort under construction 1920. Monroe County Library

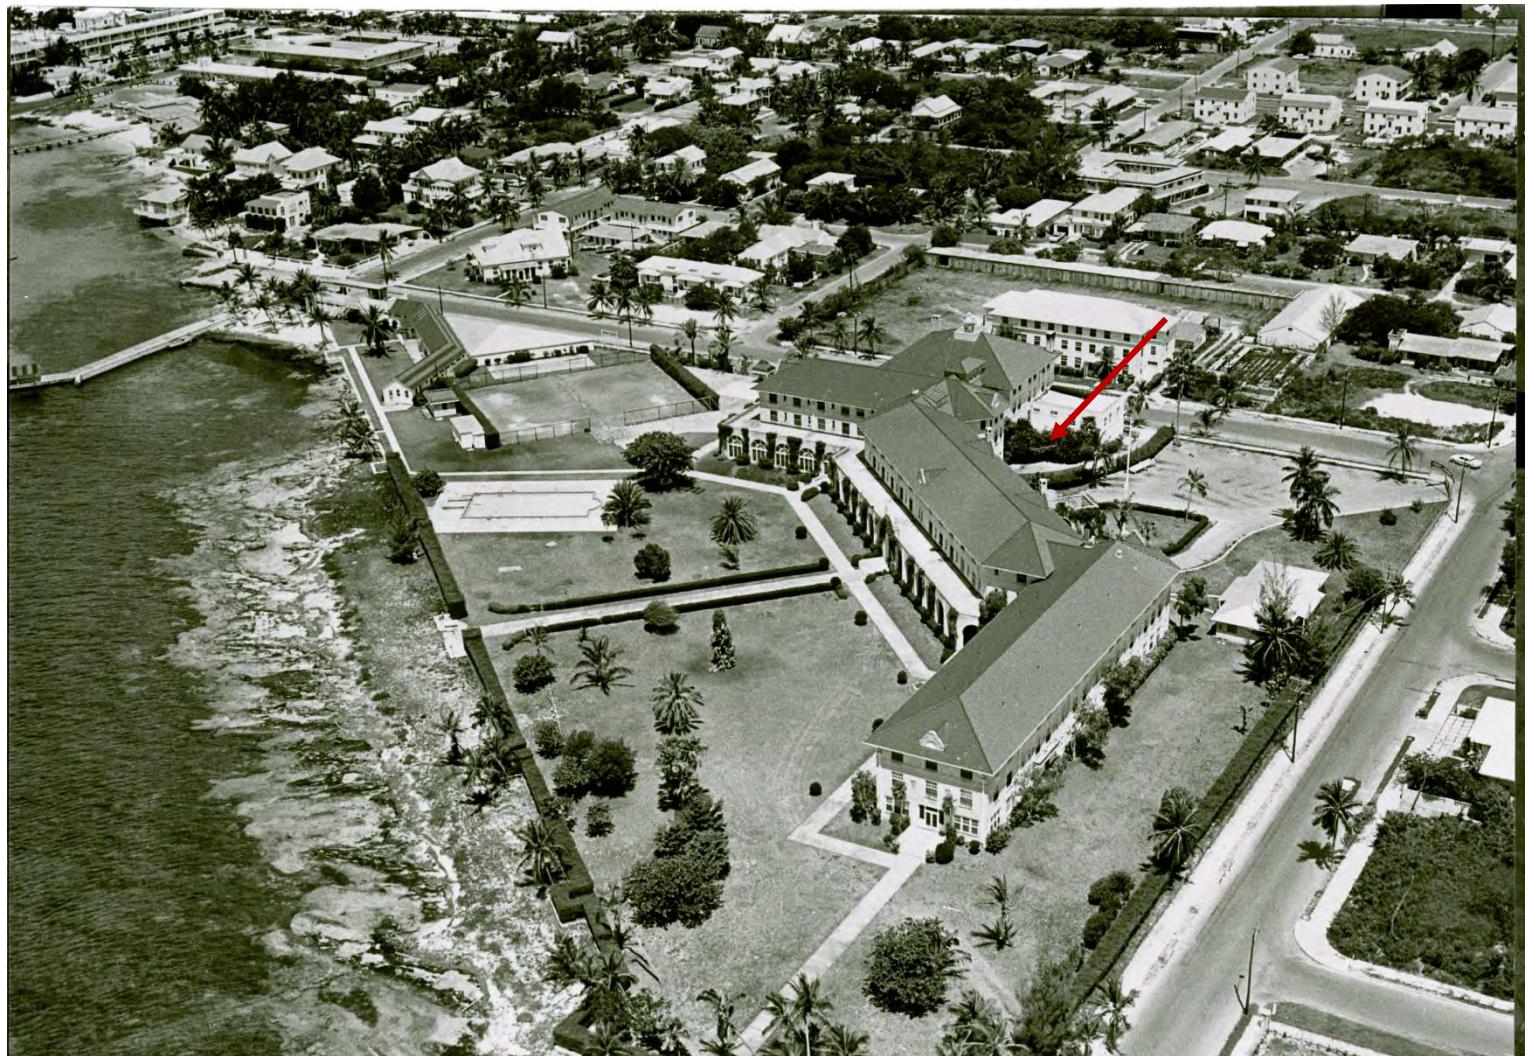

Active construction work is undergoing at the time of this report. Staff approved a Certificate of Appropriateness for exterior renovations for the historic building and its additions including the infill of one arch on the main elevation of the historic building to match its historical configuration, new windows, doors, spalling repairs, fascia boards repairs/ replacement, painting. Staff also approved a Certificate of Appropriateness for new decks at first floor level the 1984 building addition. Those decks are facing the sea.

Staff received a request to withdraw the portion of the application requesting the replacement of the chillers building. This staff report is only for the replacement of the fire pump and generator structure. The structure under review is a concrete platform with wooden louvers that houses the existing generator. The structure is located adjacent to the south elevation of the historic boiler and pumps building and obscures portions of the east elevation of the historic hotel. The structure is surrounded by vegetation. It is staff understanding that the generator building was built during the 1984 hotel's expansion. By 1993 site plans depict a structure in the same location.

SEMINOLE

1926 Sanborn Map.

Aerial photograph of Casa Marina circa 1950. Monroe County Library.

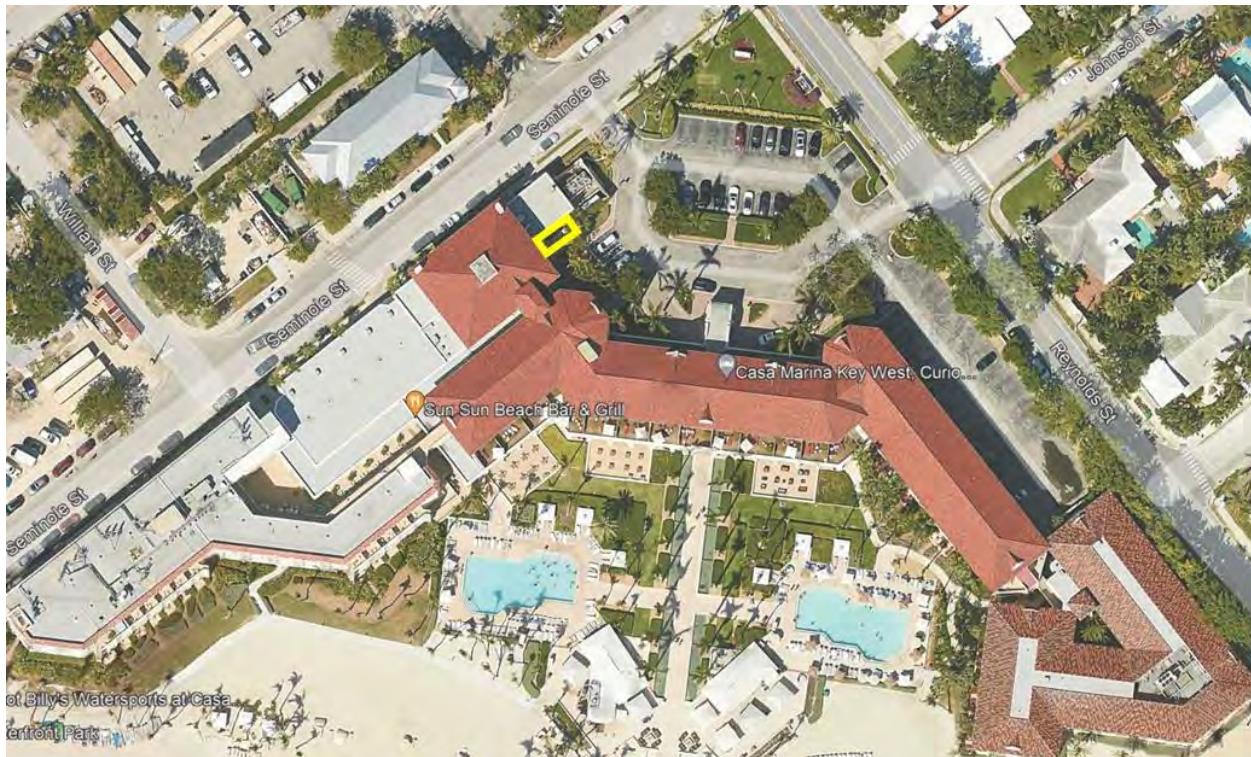

Aerial photograph of Casa Marina circa 1975. Monroe County Library.

Guidelines Cited on Review:

- New construction for new structure, (pages 38a-38q), specifically guidelines 1 (first sentence), 2, 11, 22, and 23.
- Outbuildings (page 40), specifically first two paragraphs and guidelines 1 and 9.

Staff Analysis:

The Certificate of Appropriateness under review proposes a new structure that will replace a non-historic structure housing the existing generator and fire pump. The structure will be free standing, will have vegetation surrounding it. FEMA flood zones for the area are AE 8 and AE 8.

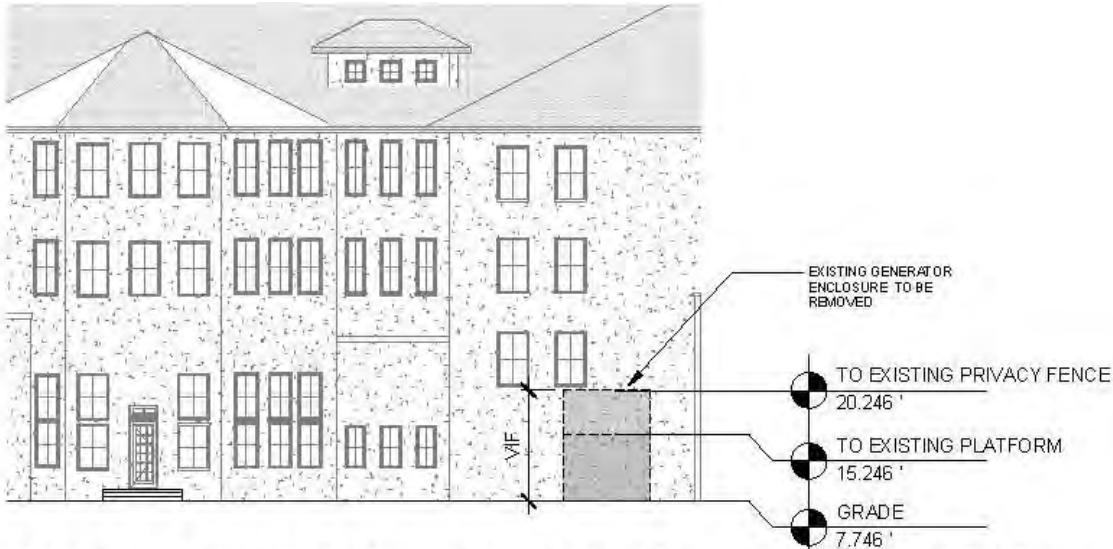

Google view of Casa Marina Hotel with highlighted area under review.

The design depicts a new platform with horizontal wooden louvers matching existing on two sides, the south and east elevations. The new platform will extend approximately 1'-4" from grade and will have horizontal wood slats on the south and east elevations on top extending 8'-8" from it. The overall height of the structure will be approximately 10 feet from grade, while the current structure is approximately 12'-6" height from grade. This area is hidden from street view by the historic boiler and pumps building. The new proposed structure will be approximately 16'- 0" in depth by 20'-0: wide, while the existing structure is approximately 22'- 4" in depth by 10' wide.

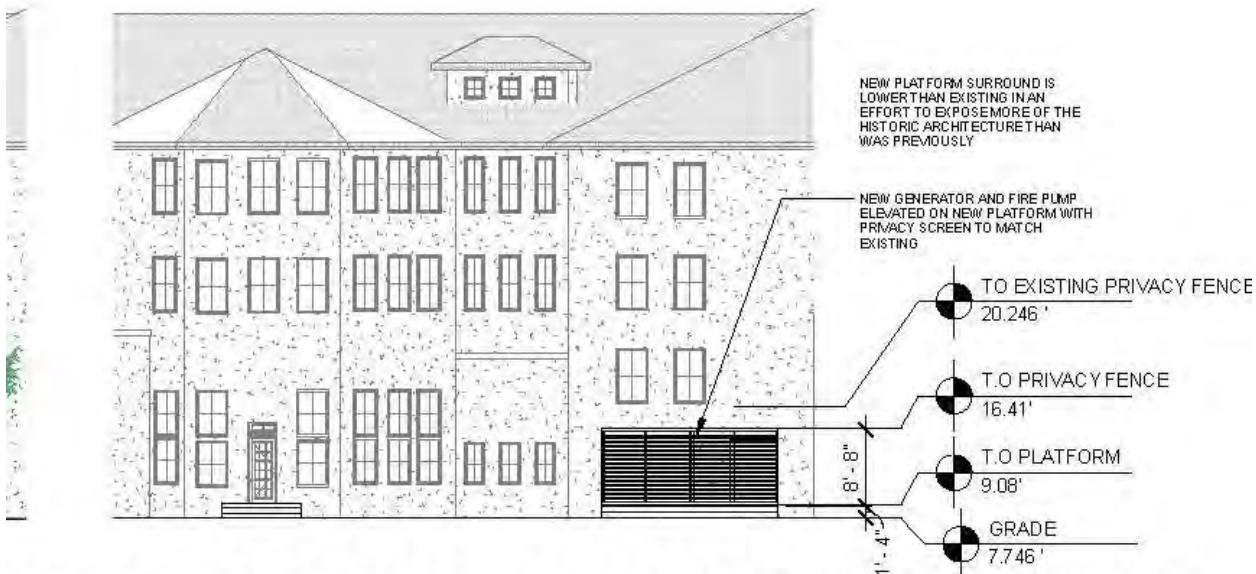

Existing generator and platform view from south and detail. Photographs provided by applicant.

EXISTING CONDITIONS AT GENERATOR LOCATION

1/16" = 1'-0"

PROPOSED ELEVATION OF NEW FIRE PUMP/ GEN PLATFORM

1/16" = 1'-0"

Existing and proposed east elevations for the generator platform and pump enclosure.

Consistency with Cited Guidelines:

It is staff's opinion that the proposed revised design meets cited guidelines. The new structure will be free standing and detached from the historic building. The structure will be behind the historic

boiler and pumps building and will not be visually exposed to the streetscape. Although the footprint of the new structure will be slightly larger than the existing one the height will be lower and less impactful to the east elevation of the historic building.

The historic Casa Marina Resort was the last structure built by Flagler's company in honor of his desire to have a first-class hotel in Key West. Unfortunately, he died 8 years before its inauguration. The architects in charge of the design, Carrere and Hastings, was a nationally renowned firm that designed buildings like the New York Public Library, the Standard Oil Building in New York and Ponce de Leon Hotel in St. Augustine, among many others. The historic portion of Casa Marina is significant to our city because of its architectural uniqueness, history and by association with Flagler's Company and the architectural firm of Carrer and Hastings.

Casa Marina Resort circa 1920. Monroe County Library.

DETAILED PROJECT DESCRIPTION INCLUDING MATERIALS, HEIGHT, DIMENSIONS, SQUARE FOOTAGE, LOCATION, ETC.

GENERAL: Project consists of two parts: First, a Platform Enclosure to house an elevated generator and fire pump (10'-0" H x 20'-0" W x 20'-2") Existing generator and platform (10'-0" H x 9'-10" W x 22'-4") to be demolished. Second, an addition which will house two elevated chillers on an engineered platform. The addition will be located where there is an existing open air structure (15'-8" H x 24'-0" W x 31'-4") that houses cooling towers, to be demolished. New work to mimic the existing in material and appearance, but will have a larger footprint (22'-8" H x 24'-0" W x 34'-0") to house the needed equipment. The new equipment (generator, fire pump, chillers) require certain clearances and will be elevated as part of storm remediation methods.

MAIN BUILDING:

No work to interfere with the existing, historic structure.

DEMOLITION (PLEASE FILL OUT AND ATTACH DEMOLITION APPENDIX): See Demolition Appendix.

DATE AND PRINT NAME

DETAILED PROJECT DESCRIPTION OF DEMOLITION

This project includes actions toward storm remediation methods through elevating ~~one~~ ^{one} ~~two~~ ^{area} specific areas:

The Platform (elevated generator, fire pump) and the Chiller Facility (elevated chillers)

Elevation ~~of these elements~~ ^{IS} are featured within the attached supplemental documentation.

CRITERIA FOR DEMOLITION OF CONTRIBUTING OR HISTORIC STRUCTURES:

Before any Certificate of Appropriateness may be issued for a demolition request, the Historic Architectural Review Commission must find that the following requirements are met (please review and comment on each criterion that applies):

- (1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration or it does not meet any of the following criteria:
- (a) The existing condition of the building or structure is irrevocably compromised by extreme deterioration.

N/A

- (2) Or explain how the building or structure meets the criteria below:

- (a) Embodies no distinctive characteristics of a type, period, or method of construction of aesthetic or historic significance in the city and is not a significant and distinguishable building entity whose components may lack individual distinction.

N/A

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

- (b) Is not specifically associated with events that have made a significant contribution to local, state, or national history.

N/A

- (c) Has no significant character, interest, or value as part of the development, heritage, or cultural characteristics of the city, state or nation, and is not associated with the life of a person significant in the past.

N/A

- (d) Is not the site of a historic event with significant effect upon society.

N/A

- (e) Does not exemplify the cultural, political, economic, social, or historic heritage of the city.

N/A

- (f) Does not portray the environment in an era of history characterized by a distinctive architectural style.

N/A

- (g) If a part of or related to a square, park, or other distinctive area, nevertheless should not be developed or preserved according to a plan based on the area's historic, cultural, natural, or architectural motif.

N/A

- (h) Does not have a unique location or singular physical characteristic which represents an established and familiar visual feature of its neighborhood or of the city, and does not exemplify the best remaining architectural type in a neighborhood.

N/A

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

- | |
|--|
| (i) Has not yielded, and is not likely to yield, information important in history, |
| N/A |
| |
| |
| |

CRITERIA FOR DEMOLITION OF NON-CONTRIBUTING OR NON-HISTORIC STRUCTURES:

The following criteria will also be reviewed by the Historic Architectural Review Commission for proposed demolitions. The Commission shall not issue a Certificate of Appropriateness that would result in the following conditions (please review and comment on each criterion that applies):

- (1) Removing buildings or structures that are important in defining the overall historic character of a district or neighborhood so that the character is diminished.

The areas for the proposed systems do not feature any defining historic character within the historic district. These areas are currently hidden by existing vegetation growth.

- (2) Removing historic buildings or structures and thus destroying the historic relationship between buildings or structures and open space.

The new platform and chiller facility will not destroy any physical relationship to the historic buildings.

The purpose is to provide FEMA recommended improvements for proactive storm remediation by elevating equipment above flood elevations. Possible visual interruption may occur, but the areas of work are currently hidden by heavy vegetation, which will remain and any damage will be replanted.

- (3) Removing an historic building or structure in a complex; or removing a building facade; or removing a significant later addition that is important in defining the historic character of a site or the surrounding district or neighborhood.

PLATFOM
The Cooling Tower Enclosure (Chiller Facility) is a later open air addition. It is utilitarian in function and appearance. This structure will be demo'd and reconstructed to house two new elevated chillers. The appearance

FIRE PUMP AND GENERATOR

of the new Facility will match the current appearance and contain existing replanted vegetation or new vegetation to match.

Exterior finishes will match existing adjacent / current.

- (4) Removing buildings or structures that would otherwise qualify as contributing.

PLATFOM IS
Both areas are outside of the original Casa Marina Hotel construction.

October 13, 2023

Historic Architectural Review Commission (HARC)
Attn: Enid Torregrosa, Historic Preservation Planner
City of Key West
1300 White Street
Key West, FL 33040

Dear Enid,

I hope this letter finds you well. I am writing to follow up on the July 18, 2023, pre-application meeting and subsequent HARC hearing on September 27, 2023, at which time both Fire Pump/Generator Platform and Chiller enclosures for Casa Marina were discussed. I would like to clarify that Casa Marina ownership is not moving forward on a new chiller enclosure at this time and if/when they decide to move forward with a chiller project it would be a separate and distinct project. This is why we would like to limit the upcoming HARC review to the Fire Pump/Generator Platform. The Fire Pump/Generator Platform project must move forward at this time as it is a life/safety issue.

While you have asked for drawings that include both enclosures, and we have provided such drawings at your request, we will provide additional drawings and renderings exclusively for the Fire Pump/Generator Platform so that HARC can focus on the project at hand without confusion associated with a possible future project that may not move forward. We are requesting your support for the Fire Pump/Generator Platform project for these reasons:

1. The platform for the fire pump and generator must be elevated above the AE8 base flood elevation to meet current code.
2. The existing location must be preserved to provide required connections to the building systems that the equipment serves.
3. The new generator is larger than the previous equipment, and with the inclusion of the fire pump plus the requirement to be elevated above flood and rising sea levels, a slightly larger enclosure is necessary.
4. While the footprint of the new platform enclosure is larger than the current enclosure, it is actually *shorter* than the current enclosure, exposing more of the historic façade.
5. The proposed design is essential for life safety reasons and is supported by Key West's Fire Marshal per the attached letter.

We have worked hard to minimize any negative impact to the historic structure with this project. To aid your review, we have included drawings of the existing conditions in plans and elevations, along with relevant images, and as stated above, we ask that you focus your attention on the Fire Pump/Generator Platform plans as the chiller project is not being built at this time. Currently, the generator installation lacks prominent design features and is obscured by vegetation, making it blend seamlessly into the resort surroundings. Our proposed elevated platform design ensures storm remediation, allowing

BUILDING RELATIONSHIPS BASED ON TRUST AND RESULTS

uninterrupted resort operations during potential outages with an unobtrusive coordinating aesthetic that will be further obscured with vegetation. Because this is an essential requirement for the safety and security of the property, we are requesting approval of this enclosure as soon as possible.

Thank you for your time and consideration.

Sincerely,

A handwritten signature in blue ink that reads "Meghann S. Gregory".

Meghann S. Gregory
Senior Project Architect

BUILDING RELATIONSHIPS BASED ON TRUST AND RESULTS

THE CITY OF KEY WEST

Post Office Box 1409 Key West, FL 33041-1409 (305) 809-3700

To: Heather Carruthers (k2mdesign)

From: Jason Barroso, KWFD Division Chief/Fire Marshal

Date: 10/11/2023

Reference: Casa Marina 1500 Reynolds St. Fire Pump Letter

Heather,

Good afternoon, please use this letter in support of your proposed relocation of Casa Marina Fire Pump. The current location is below flood level and most recently sustained flood damage in hurricane Ian, which caused the fire pump to fail and be placed out of service for an extended period. The Casa Marina fire pump is a required and vital life safety system for the entire Casa Marina Resort.

Relocating the fire pump above the flood level to your proposed location is a request I would support and approve. This would enhance the fire safety of the Casa Marina Resort.

Thank you,

Jason Barroso, KWFD Division Chief/Fire Marshal

SURVEY

NOTES:

1. THE CERTIFICATE OF AUTHORIZATION NUMBER OF T2 UES, INC. IS LB-8336.
2. NO ABSTRACT OF TITLE OR TITLE INSURANCE COMMITMENT WAS REVIEWED AS PART OF THIS SURVEY.
3. THIS SURVEY IS SUBJECT TO ANY FACTS THAT MAY BE DISCLOSED BY A FULL AND ACCURATE TITLE SEARCH.
4. IMPROVEMENTS ON OR ADJACENT TO THE SUBJECT PARCEL HAVE NOT BEEN LOCATED EXCEPT AS SHOWN. NO SUB-SURFACE FOUNDATIONS HAVE BEEN LOCATED AS PART OF THIS SURVEY.
5. THERE ARE NO VISIBLE ENCROACHMENTS OTHER THAN ANY SHOWN.
6. THIS SURVEY DOES NOT MAKE ANY REPRESENTATIONS AS TO ZONING OR DEVELOPMENT RESTRICTIONS ON THE SUBJECT PARCEL.
7. ALL NOTED RECORDING REFERENCES ARE FROM THE PUBLIC RECORDS OF MONROE COUNTY.
8. ALL HORIZONTAL SURVEY DATA IS REFERENCED TO THE FLORIDA STATE PLANE COORDINATE SYSTEM, EAST ZONE, NORTH AMERICAN DATUM OF 1983 (2011 ADJUSTMENT) BASED ON GPS RTK (REAL TIME KINEMATIC) CORRECTIONS RECEIVED FROM THE TRIMBLE VRS NETWORK. THE BASIS OF BEARING IS THE SOUTHWESTERLY RIGHT-OF-WAY LINE OF REYNOLDS STREET AS BEING S 33°36'24"E.
9. ALL DISTANCES ARE IN FEET AND DECIMALS THEREOF UNLESS OTHERWISE NOTED.
10. COORDINATES, ELEVATIONS, BEARINGS AND DISTANCES SHOWN ARE MEASURED OR CALCULATED FROM FIELD TIES UNLESS OTHERWISE NOTED.
11. DATE OF LAST FIELD WORK: 7-16-2022; FIELD BOOK 596, PAGE 16.
12. THIS SURVEY OR THE COPIES THEREOF ARE NOT VALID WITHOUT THE SIGNATURE AND THE ORIGINAL RAISED SEAL OR ELECTRONIC SIGNATURE AND SEAL OF A FLORIDA LICENSED SURVEYOR AND MAPPER. OTHERWISE THIS MAP IS FOR INFORMATIONAL PURPOSES ONLY.
13. ADDITIONS OR DELETIONS TO SURVEY MAPS OR REPORTS BY OTHER THAN THE SIGNING PARTY OR PARTIES IS PROHIBITED WITHOUT THE WRITTEN CONSENT OF THE SIGNING PARTY OR PARTIES.
14. NO ENVIRONMENTAL AUDIT OR JURISDICTIONAL DELINEATION WAS MADE AS PART OF THIS SURVEY.
15. ANY ADJOINING DEED CITES ARE FOR "INFORMATIONAL PURPOSES ONLY"; NO SURVEY WAS MADE OF ADJOINING LANDS.
16. ELEVATIONS SHOWN HEREON ARE IN THE NATIONAL GEODETIC VERTICAL DATUM OF 1929 (NGVD29) AND BASED ON TIES TO NGS BENCHMARK #872 4557 TIDAL 5" (PID NO. AA0917), PUBLISHED ELEVATION OF 4.01 FEET (NGVD 29).
17. SURVEY PARCEL IS LOCATED IN FLOOD ZONE "AE" (EL. 6 FEET), FLOOD ZONE "AE" (EL. 8 FEET), FLOOD ZONE "AE" (EL. 9 FEET), FLOOD ZONE "VE" (EL. 10 FEET) AND FLOOD ZONE "VE" (EL. 12 FEET), BASED ON FLOOD INSURANCE RATE MAP COMMUNITY PANEL CITY OF KEY WEST 120168 1516K, MAP REVISED 2-18-2005. BASE FLOOD ELEVATIONS ARE IN NGVD 29.
18. BACKGROUND AERIAL IMAGE SHOWN IN THIS TOPOGRAPHIC SURVEY MAP WAS OBTAINED FROM THE FLORIDA DEPARTMENT OF TRANSPORTATION GIS WEBSITE, DATED 2018, RELATIVE POSITIONAL ACCURACY OF AERIAL IMAGERY WAS NOT FIELD VERIFIED. IMAGE IS FOR INFORMATIONAL PURPOSES ONLY.
19. THIS MAP IS INTENDED TO BE DISPLAYED AT A SCALE OF 1" = 40' OR SMALLER.
20. THE SCOPE OF THIS SURVEY INCLUDED THE FOLLOWING:

- a. COLLECT TOPOGRAPHIC DETAILS AND ELEVATIONS BETWEEN THE SOUTHERLY SIDE OF THE RESORT AND THE BEACH. THE FOCUS OF DETAIL IS THE EXISTING IMPROVEMENTS BETWEEN THE WALKWAYS ADJACENT TO THE BUILDINGS, THROUGHOUT THE POOL AREAS AND TO THE KITCHEN/BAR FACILITIES NEAR THE BEACH. TREES WERE ALSO LOCATED IN THIS AREA. DETAILS OF BUILDINGS AND INFORMATION ALONG THE PROPERTY BOUNDARY ARE LIMITED.

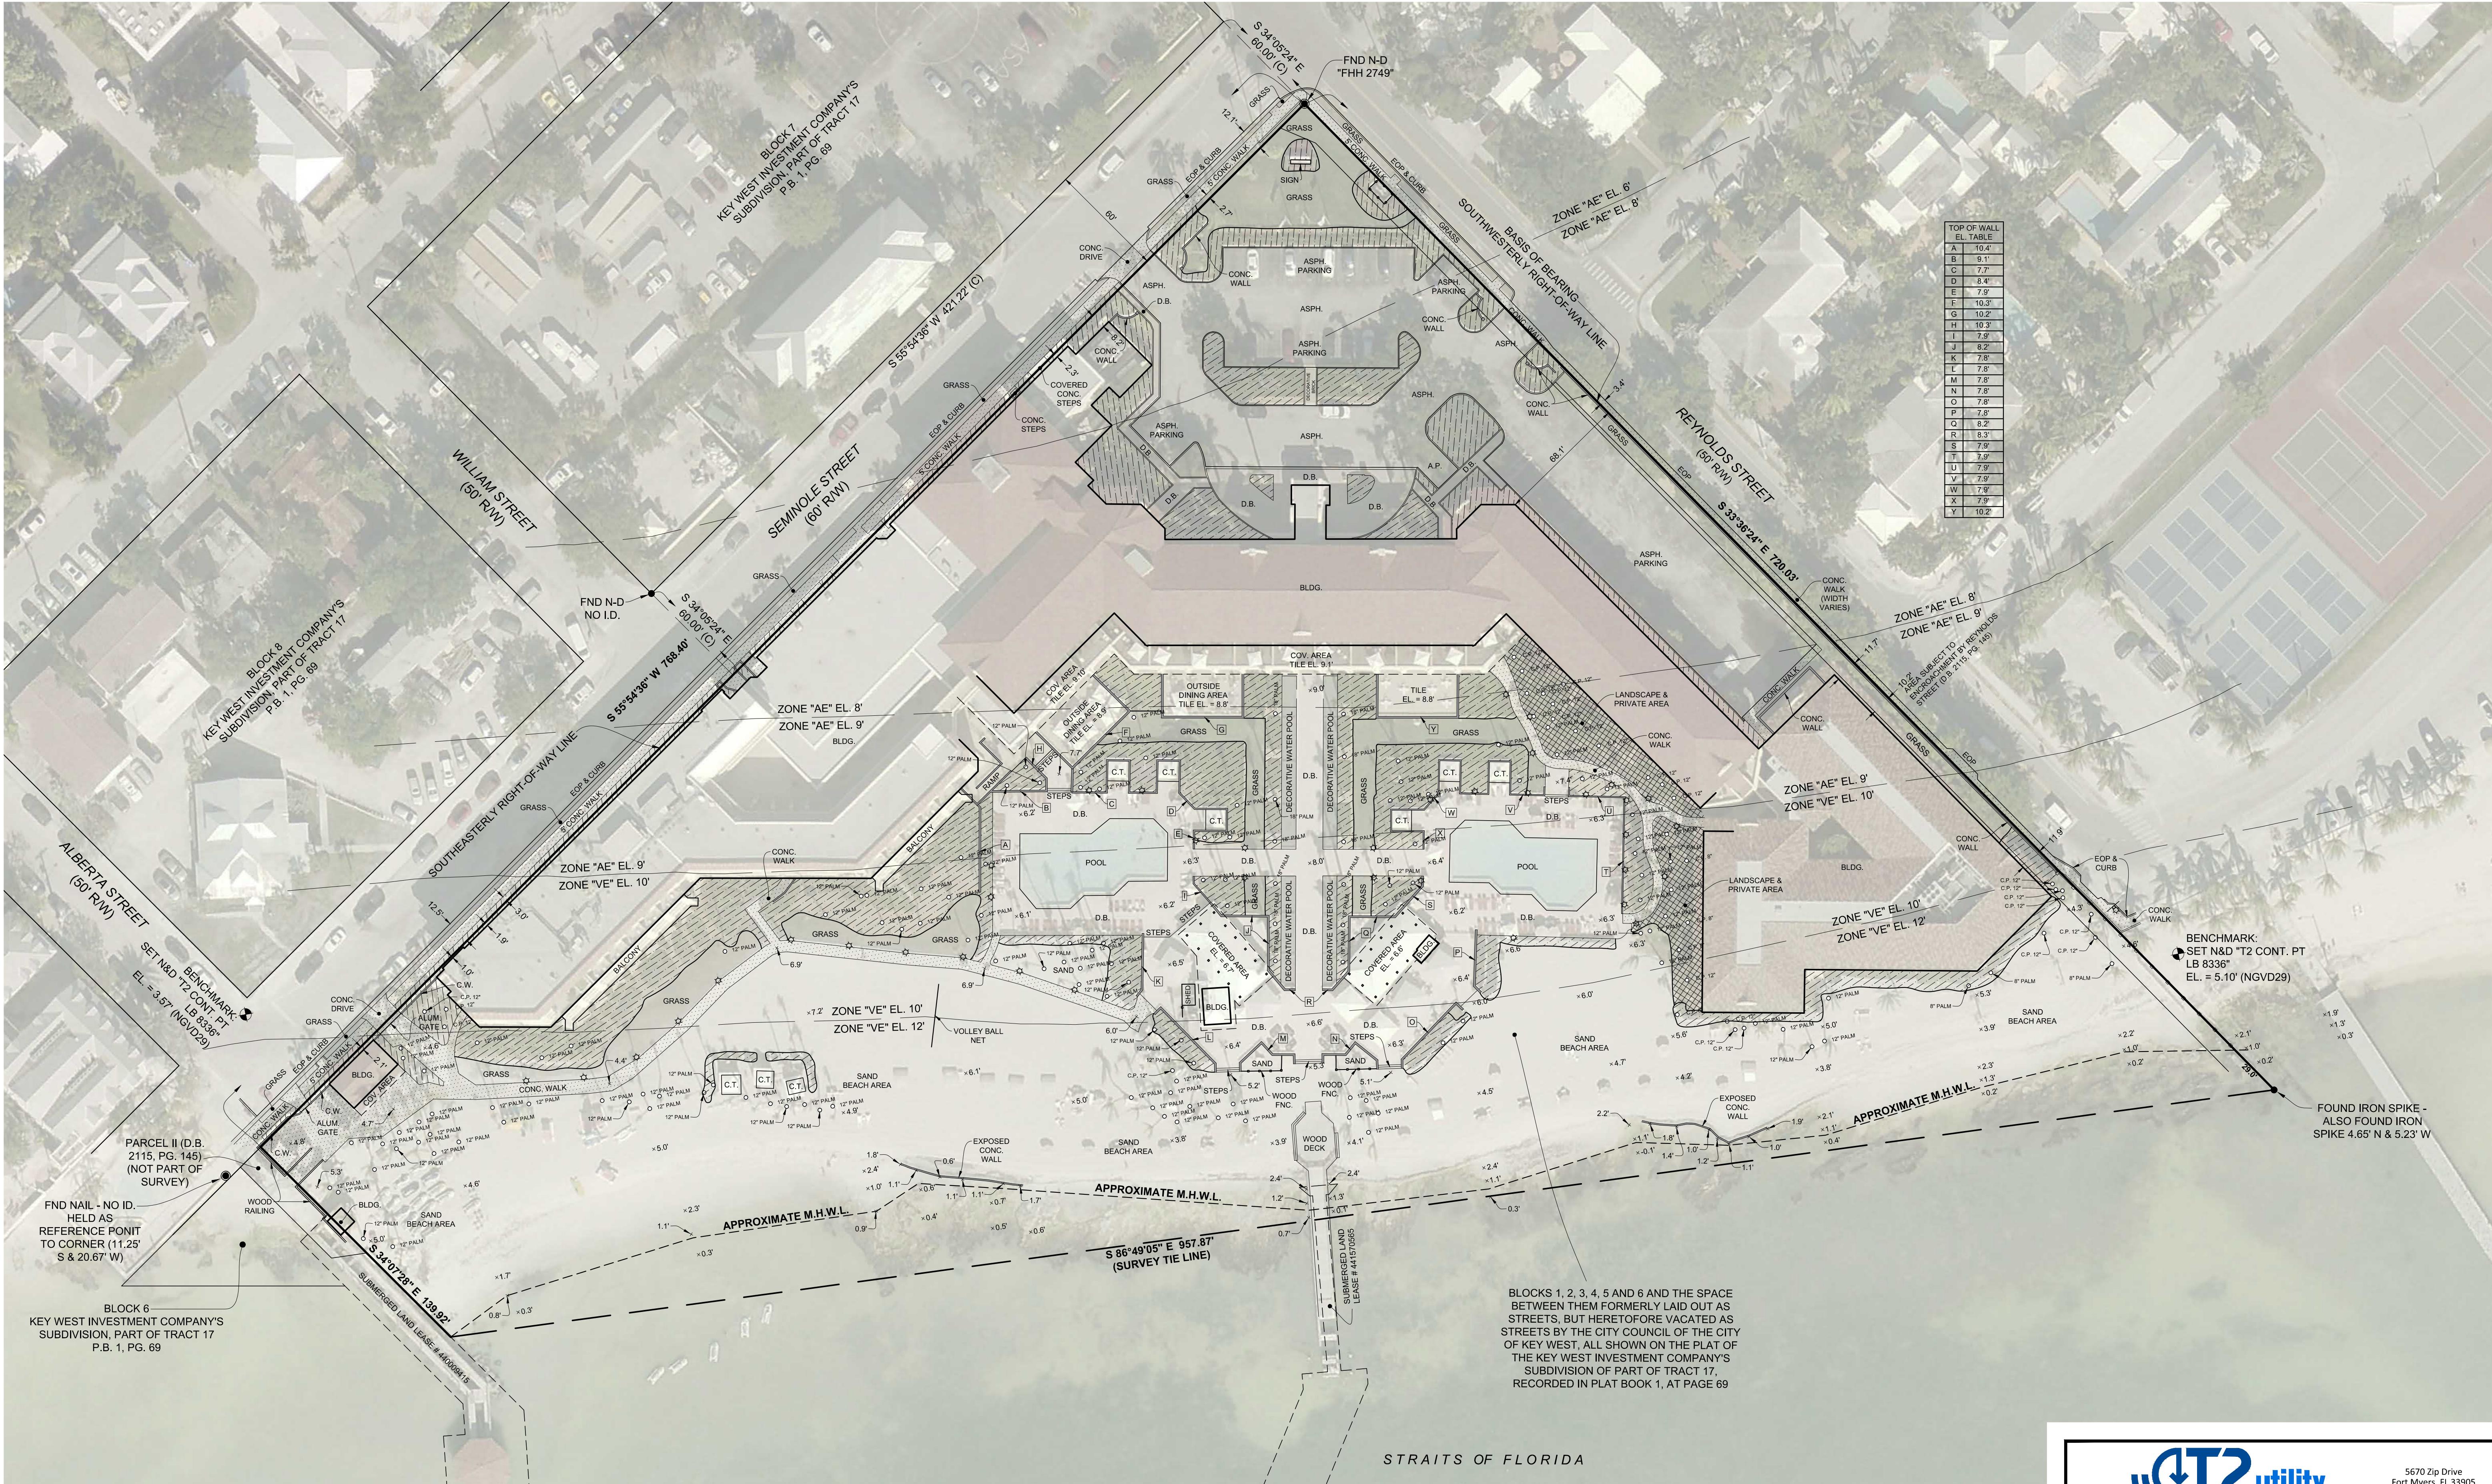

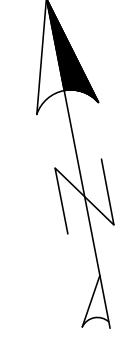

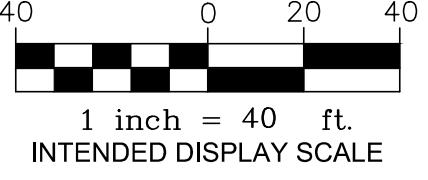

- b. THE BOUNDARY SURVEY IS FOR PARCEL 1 AS DESCRIBED IN DEED BOOK 2115, PAGE 141.

NOTICING

Public Meeting Notice

The Historic Architectural Review Commission will hold a public meeting at 5:00 p.m., September 26, 2023, at City Hall, 1300 White Street, Key West, Florida. To view the live feed of the meeting, you can tune in to Comcast channel 77, AT&T U-verse channel 99. If you wish to participate virtually, please contact HARC staff at 305-809-3973. The purpose of the hearing will be to consider a request for:

NEW ACCESSORY STRUCTURES TO REPLACE EXISTING CHILLER AND FIRE PUMP / GENERATOR BUILDINGS DUE TO FLOOD REQUIREMENTS. DEMOLITION OF NON-HISTORIC CHILLER AND FIRE PUMP STRUCTURES

#1500 REYNOLDS STREET

Applicant – K2M Design Application #H2023-0027

If you wish to see the application or have any questions, you may visit the Planning Department during regular office hours at 1300 White Street, call 305-809-3973 or visit our website at www.cityofkeywest-fl.gov.

THIS NOTICE CAN NOT BE REMOVED FROM THE SITE UNTIL HARC FINAL DETERMINATION

ADA ASSISTANCE: It is the policy of the City of Key West to comply with all requirements of the Americans with Disabilities Act (ADA). Please call the TTY number at 800-955-8771 or 800-955-8770 (Voice) or the ADA Coordinator at 305-809-3811 at least five business days in advance for sign language interpreters, assistive listening devices, or materials in accessible format.

HARC POSTING AFFIDAVIT

STATE OF FLORIDA:
COUNTY OF MONROE:

BEFORE ME the undersigned authority, personally appeared Heather Carruthers, who, first being duly sworn, on oath, depose and says that the following statements are true and correct to the best of his/her knowledge and belief:

1. That a legal notice for Public Notice of Hearing of the Historic Architectural Review Commission (HARC) was placed on the following address:

1500 Reynolds Street on the
20th day of September, 2023.

This legal notice(s) contained an area of at least 8.5"x11".

The property was posted to notice a public hearing before the Key West Historic Architectural Review Commission to be held on September 26, 2023, 2023.

The legal notice(s) is/are clearly visible from the public street adjacent to the property.

The Certificate of Appropriateness number for this legal notice is #H2023-0027.

2. A photograph of that legal notice posted in the property is attached hereto.

Signed Name of Affiant:

Heather Carruthers
Date: Sept 20 2023
Address: 1314 Newton Street
City: Key West
State, Zip: FL 33040

The forgoing instrument was acknowledged before me on this 20th day of Sept, 2023.

By (Print name of Affiant) Heather Carruthers who is personally known to me or has produced FUDC as identification and who did take an oath.

NOTARY PUBLIC

Sign Name: Mia Castillo
Print Name: Mia Castillo

Notary Public - State of Florida (seal)
My Commission Expires: June 12, 2024

Public Meeting Notice

The Historic Architectural Review Commission will hold a public meeting at **5:00 p.m., September 26, 2023, at City Hall, 1300 White Street, Key West, Florida.** To view the live feed of the meeting, you can tune in to Comcast channel 77, AT&T U-verse channel 99.
