Dear Mr. Scholl,

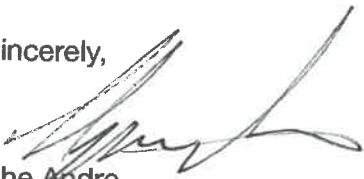

My name is Che Andre and I am a resident of Key West that holds Mobile Vendor Cart License #23372.

I have held the license to the cart since 2014 with inability to pursue the business plan account of economic hardship. The hurricane has only compounded my financial concerns to get the food cart up and running.

I've recognized my need to financially downsize and would like to transfer the license to Kathleen Hemmesch who will be a welcome addition to the Key West mobile vendor family.

I hope to have your approval and if you have any questions, please don't hesitate to contact me. Thank you very much, Mr. Scholl.

Sincerely,

Che Andre
