

KEY WEST HISTORIC SEAPORT
201 William Street
Key West, FL 33040

ADDENDUM NO. 1
KWHS CCTV Surveillance System
RFP #05-015

This addendum is issued as supplemental information to the bid package for clarification of certain matters of both a general and a technical nature. The referenced bid package is hereby addended in accordance with the following items:

General Notes and Clarifications:

1. All cable to be suitable for wet locations.
2. Replace 21.5" LCD Monitor with 32" Full-HD (1080p) LCD Monitor – Wall Mount.
3. Add (1) 42" Full-HD (1080p) LCD Monitor – Wall Mount at Dockmaster Office.
4. Viewing of live feed and recording playback required at both monitoring stations.
5. Add PZT camera to South corner of Dockmaster Building.

RFP Questions Submitted:

1. Will the City provide parking areas for the contract vehicles or will parking cost be on the contractor?

The Key West Historic Seaport will provide up to 5 parking spaces in the main parking lot at no charge to the contractor

2. Will a secure storage area be provided onsite for equipment and tools during the installation?

No, it is the contractor's responsibility to provide secure storage for equipment and tools

3. During the meeting the specification requirement for the PTZ cameras were dropped from 3MP to 1080P as a minimum requirement. This was done to allow for industry standard on this type camera.

All PZT Cameras to be HD1080p

4. If Wireless is used for the project. 4.9 public safety frequency will be secured by the City.

If wireless is used it will be the responsibility of the consultant to prepare and submit the application to the FCC in the City's name

5. Recording parameters are to be 15 frames per second recording for a minimum of 15 days of storage. Please confirm as stated during the meeting.

Recording parameters to be 15 frames per second on motion with minimum 30 days storage

6. The vendor should allocate for 15% growth in their design

New system to allow for a 15% min. equipment increase in capacity

7. What is the budget for this project?

The Seaport has an estimated \$80,000 budget

8. The drawings provided are only a representation of the areas that need coverage. It is up to the contractor to select proper cameras and engineer a system to meet the budget and take the coverage suggestion in their implementation.

Yes, the drawings are a representation of needed coverage. It is the consultant's responsibility to engineer and implement the system

All Bidders shall acknowledge receipt and acceptance of this **Addendum No. 1** by submitting the addendum with their proposal. Proposals submitted without acknowledgement or without this Addendum may be considered non-responsive.
