Hi Melissa,

Attached are the two letters we have supporting our variance request that I told you we already had and you suggested I bring them to you.

In August we spoke to all four parking space owners as well as the house owner on the other side of the side yard and they all support our request. Two of the owners were in Europe when we spoke to them and we were away in September. I haven't reached them since we returned earlier this week but hope to get letters from them as well.

Thank you,
