 - b. For health benefits, the cost to the contractor of the contractor's share of the single monthly premiums that are being paid for the domestic partner employee, to be paid on a regular basis while the domestic partner employee maintains such insurance in force for himself or herself.
 - c. For family medical leave, cash payment for the number of days that would be allowed as time off for an employee to care for a spouse who has a serious health condition. Cash payment would be in the form of the wages of the domestic partner employee for the number of days allowed.
- (4) **Contract** means any written agreement, purchase order, standing order or similar instrument entered into pursuant to the award of a bid whereby the city is committed to expend or does expend funds in return for work, labor, professional services, consulting services, supplies, equipment, materials, construction, construction related services or any combination of the foregoing.
 - (5) **Contractor** means any person or persons, sole proprietorship, partnership, joint venture, corporation, or other form of doing business, that is awarded a bid and enters into a covered contract with the city, and which maintains five (5) or more full-time employees.
 - (6) **Covered contract** means a contract between the city and a contractor awarded subsequent to the date when this section becomes effective valued at over twenty thousand dollars (\$20,000).
 - (7) **Domestic partner** shall mean any two adults of the same or different sex, who have registered as domestic partners with a governmental body pursuant to state or local law authorizing such registration, or with an internal registry maintained by the employer of at least one of the domestic partners. A contractor may

institute an internal registry to allow for the provision of equal benefits to employees with domestic partner who do not register their partnerships pursuant to a governmental body authorizing such registration, or who are located in a jurisdiction where no such governmental domestic partnership registry exists. A contractor that institutes such registry shall not impose criteria for registration that are more stringent than those required for domestic partnership registration by the City of Key West pursuant to Chapter 38, Article V of the Key West Code of Ordinances.

- (4) Such certification shall be in writing and shall be signed by an authorized officer of the contractor and delivered, along with a description of the contractor's employee benefits plan, to the city's procurement director prior to entering into such covered contract.
- (5) The city manager or his/her designee shall reject a contractor's certification of compliance if he/she determines that such contractor discriminates in the provision of benefits or if the city manager or designee determines that the certification was created, or is being used for the purpose of evading the requirements of this section.

This shall include but not be limited to providing the city manager or his/her designee with certified copies of all of the contractor's records pertaining to its benefits policies and its employment policies and practices.

Policy

Security Officers will patrol their perspective properties in a random manner throughout their scheduled shift enforcing rules and regulations. Violations or infractions will be corrected, documented to the Dockmaster or Supervisor of the property and if necessary will be reported to a law enforcement agency. Any ongoing or suspected problems that the Security Officers are informed of will be given special attention during their shift.

Procedures

- Security Officers will maintain a uniform dress code specified by the City. Uniforms will be worn in a professional manner at all times. The appearance of security is of the utmost importance.
- Security Officers will be courteous to all users of City properties that they are responsible for during their watch.

- Security Officers will be tactful in making rounds and should not consider the rounds to ever be routine or follow the same pattern. It is the responsibility of the Officer to adjust pattern or routine each shift unless otherwise specified by the security supervisor.
- Security Officers should not engage in any hostile, verbal, or physical contact with any user of the properties. Security is restricted to observing, warning, recording the incident, and contacting local, state or government law enforcement if necessary.
- Security Officers will be provided with and use as necessary, a current employee phone contact list and will be advised by their Supervisor who to call for different types of emergencies. A complete phone list of all tenants will also be provided to the Security Officer.
- Security Officers will record all irregular activities during their tour of duty in the security log book, answer and make record of all incoming phone calls that are received on cell phone.
- Any check point gaps of more than 15 minutes must be explained in the log book. Explanations will include breaks and lunches / dinners.
- After hours security will be provided a daily slip matrix indicating all occupied, reserved and vacant boat slips in the marina. Incoming vessels will be directed to their reserved slips. Vessels without reservations will be recorded including name of boat, registration numbers, location in marina, time of arrival and name of owner with phone number if possible. All boats found in vacant locations will be recorded and noted for the attention of the Dockmaster. The slip matrix will be returned to the Dockmaster office or other area as determined by the supervisor at the end of each shift.
- There is no free dockage at either marina with the exception of the two-hour courtesy dock behind the Half Shell Raw Bar at Key West Bight. This dock is for temporary docking with a 2-hour maximum stay. Persons using the dock over the 2-hour limit will be warned, recorded and reported to the Dockmaster.
- At all times Security Officers will be watchful for any vessel or building on the property that shows signs of distress. Smoke, sparks, warning sirens, obvious vandalism or signs of break in will be reported to Fire or Police agencies immediately followed up by notifying the Supervisor or Supervisor's designee if necessary. Supervisor or designee will be notified immediately if any vessel other than dinghies shows signs of sinking. Sinking dinghies will be pumped out if possible and noted on the slip matrix. Security Officers will have knowledge of and access to an emergency pump that can be placed in a sinking vessel until additional help arrives.
- During the tour of duty Security Officers will document any and all lights that are out on the property as well as what could be considered safety hazards so they can be addressed by staff the following day.
- Security Officers will become familiar with the people occupying tenant vessels and those staying at the marina for extended periods of time. If there is any doubt whether a person should be on any vessel the person or people shall be questioned and asked to produce identification which will be recorded. Further suspicion will result in contacting Key West Police Department and the owner of the vessel. The incident will be recorded. This is a very important function for Security Officers.
- The purpose of Security Officers is to guard the property as a whole. Preferential treatment to individual tenants or spending time in tenant businesses is not allowed.
- Security Officers will perform their tour of duty alone. Even when two Security Officers are on duty at the same time tours will be performed separately. Allowing friends,

relatives, spouses, etc. to accompany Security Officers during their tour will be grounds for disciplinary action.

- Golf carts or other means of City transportation will only be allowed with Supervisor's knowledge and permission.
- The daytime Security Officer will patrol both Key West Bight and City Marina at Garrison Bight. The City has provided the Security Officer with a scooter to go back and forth between marinas only. Use of the scooter elsewhere in the City is prohibited without permission of the Marina Manager. A helmet will be worn at all times the scooter is used. The scooter is for the use of the security officer only. It is the daytime Security Officer's responsibility to secure the scooter during the tour of duty and at the end of the shift to prevent theft and vandalism.
- The use of personal cell phones during the tour of duty shall be kept at an absolute minimum. The uses of mp3 devices (or equivalent), blue tooth phones or any other device that will distract the Security Officer's attention are not allowed.
- Supervisors / Dockmasters will review log books, slip matrix's and download security wands daily at the beginning of their shifts and take action as necessary upon review. Unusual activity recorded from the previous tour of duty will be forwarded to the Marina Manager via E-mail after review.
- Security Officers are expected to report for their tour of duty on time and remain on the property for their entire shift. If an emergency occurs and Security Officers cannot report for their shift, they must contact their Supervisor as far in advance as possible. The Supervisor will then contact another Security Officer or staff member to cover that shift. In the unlikely event that the shift cannot be covered, Key West Police Department will be contacted, notified of the absence of a guard on the property and asked to provide additional coverage for the property during that shift. The Marina Manager will be notified if this occurs who in turn will notify the Port Director. Notification must take place before the unattended tour of duty commences. If a Security Officer does not show up for work without notifying their Supervisor it will be considered job abandonment and equivalent disciplinary action will be enacted.
- All complaints, concerns, suggestions provided to staff will be directed to the Supervisor immediately so they can be considered or relayed to Security Officers as soon as possible.
