

**TREE COMMISSION TREE REMOVAL REPORT
CITY of KEY WEST**

PROPERTY: 1000 Southard St

APPLICATION NUMBER: T2026-0009

REQUEST: The applicant is requesting removal of the Royal Poinciana Tree.

TREE ASSESSMENT and PHOTOS

Diameter: 20”

Location: 60%

Species: 100%

Condition: 80%

Value: 80%

Recommended Mitigation: 16 Caliper Inches

NOTES: The tree has a large leader extending excessively over the sidewalk and street. Another leader is hanging over the applicant’s home. The tree is growing in the communication lines. There is a large tear where a leader was probably ripped off in a storm. The remaining visible heartwood in the final photo appears to be compromised from decay. The tree is highly visible. There is a larger Royal Poinciana on Grinnell St. ROW seen in first photo. The applicant has an interest in replanting buttonwoods for mitigation, and there is ample space for the recommended mitigation to be complied with.
