Dear Lt. Benkocz,

Pursuant to our discussion, attached is our GSA quotation for the Model MCL100-T, Tahoe Evidence Collection Vehicle, including the delivery cost to Key West, Florida and the deletion of the training.

The MCL100T has recently been added to our GSA Contract Number GS-07F-9464G. The GSA Contract is a negotiated contract with the Federal Government that guarantees that they will receive the lowest price for our vehicles as a "most favored customer". The Federal Government has now extended this program to State, County and Municipal agencies so they too can simplify the purchasing process and be assured they are receiving the best available pricing. For this reason, we are pleased to provide the following GSA pricing to your department.

The GSA cost of the MCL100T, Tahoe Evidence Collection Vehicle, as outlined on the specifications forwarded to you on December 9<sup>th</sup> is:

SIN: 426-4N

Mcl100T, Tahoe Evidence Collection Vehicle - GSA Price .....\$ 65,748.50

Our technical support staff is available to discuss the outfitting of the Evidence Collection Vehicle to your exact requirements.
