City Of Key West
HARC Department

Ref: Building Relocation. Senders site 819 Olivia St. Receivers site 1018 White St.

Sec. 102-252-Requirements precedent to relocation.

Criteria:

1. The built environment of 1018 White St. is similar to the senders' site in terms of age of surrounding buildings, height, materials, setback and details.
2. The historic relationship between buildings and streetscape will be maintained. Landscape features will be maintained.
3. Documentation of the building and relocation is provided.
4. The relocated building will be placed so that the principal façade and front of building is compatible with surrounding buildings. The senders' building will be placed in the same foot print of the receivers' demolished building.
5. The new foundation's design will be comparable with the original historical foundation. The foundation will be at the same height. The material will be concrete with white stucco topping to resemble lime stone.
6. The building relocation is within the historic district at 1018 White St.
7. Relocating this building to 1018 White St. is replacing the old structure which is compatible to height, materials, setback and design. After relocation the front porch will be restored in wood instead of concrete. Wood is the historical material.
8. There will be no destruction of significant features, or archeological sites at the receivers' site.
9. Building will be located as per HARC guidelines. Same foot print as the demolished building.
10. Building will be placed on a new foundation. The foundation blocks will be compatible with original foundation.

City Of Key West
525 Angela St.
Key West, Fl. 33040
Attn: Mr. David Fernandez

Ref: Proposal to purchase structure located at 819 Olivia St.

The purpose of this letter is to formally request to purchase the home located at 819 Olivia St. Move the structure to 1018 White St and set it within the same footprint of the demolished structure.

- I offer to purchase the home located at 819 Olivia St. "as is" for a total purchase price of \$500,000.
- I agree to relocate this existing structure within 90 days of City Commission approval to 1018 White St.
- I agree that the temporary movement of existing utility lines located along the projected movement path will my responsibility.
- I agree that the total cost associated with the movement of this structure will be my responsibility. The sender's site will be left in an "as is" condition.
- The City will be responsible for removing and reinstalling the fencing, organize the street closure including vehicles and the MOT permit.
- I agree to contract a Certified Building Mover who will provide all necessary shoring and bracing needed to move the structure according to HARC requirements.

Sincerely,

Barry Barroso Jr.
