- Show up on time for scheduled shifts, multiple tardiness or failure to show up will not be tolerated
- Limit cell phone usage to work related matters, no other electronic devices allowed
- Maintain City issued equipment and be responsible for any lost or damaged items

Supervisor will reside in the City of Key West or within 35 miles of Key West. Supervisor will be required to be flexible and have the ability to provide for additional security within a minimum of twelve (12) hours notification by the City. Supervisor will not be a full time standing Supervisor. He or she will be required to respond to any incident in person within two (2) hours.

Security personnel working at the Key West Bight will be required to support calls to the Keys West Park and Ride on Grinnell Street and throughout the Key West Bight and shall report general maintenance issues such as lights being out or doors left unlocked.

In the event of security personnel “no show,” BPS hereby agrees to fill the position within thirty (30) minutes in order to avoid penalty.

BPS hereby confirms that each officer assigned to The City of Key West will receive the Key West Bight / City Marina Security Policy and be trained in accordance with the Policy. All officers will be required to comply with said Policy. Various measures will be put into place to make sure that all BPS officers abide by City Policy.

All BPS Security Officers will:

- Patrol their respective properties in a random manner throughout their scheduled shift(s) enforcing all rules and regulations. Violations or infractions of these rules will be corrected, documented to the Dockmaster or Supervisor of the property and if necessary will be reported to a law enforcement agency. Any ongoing or suspected problems that the Officers are informed of will be given special attention during their shift(s).
- Maintain a uniform dress code specified by the City. Uniforms will be worn in a professional manner at all times. The appearance of security is of the utmost importance.
- Always be courteous to all users of City properties that they are responsible for during their watch.
- Be tactful in making rounds and should not consider the rounds to be routine or follow the same pattern. It is the responsibility of every Officer to adjust the pattern or routine each shift unless otherwise specified by their Supervisor.
- Not engage in any hostile, verbal or physical contact with any user of the properties. Officers are restricted to observing, warning, recording the incident, and contacting local, state or government law enforcement if necessary.
- Receive and use as necessary, a current employee phone contact list and will be advised by their Supervisor who to call for different types of emergencies. A complete phone list of all tenants will also be provided for Officers.
- Record all irregular activities during their tour of duty in the security log book, answer and make record of all incoming phone calls that are received on cell phone.
- Explain any check point gaps of more than 15 minutes in the log book (i.e. breaks, lunches, dinners).
- Receive a daily slip matrix indicating all occupied, reserved and vacant boat slips in the marina. Direct incoming vessels to their reserved slips. Record names of boat, registration numbers, location in marina, time of arrival and name of owner with phone number (if possible) of all vessels without reservations. Record and note for attention of the Dockmaster all boats found in vacant locations. Return the slip matrix to the Dockmaster office or other area as determined by the supervisor at the end of each shift.

- Warn, record and report to the Dockmaster any vessel that is over the 2 hour dockage limit allowed behind the Half Shell Raw Bar.
- Be watchful for any vessel or building on the property that shows signs of distress. Smoke, sparks, warning sirens, obvious vandalism or signs of break in will be reported to Fire or Police agencies immediately followed up by notifying the Supervisor or Supervisor's designee if necessary. Notify Supervisor or designee immediately if any vessel other than dinghies shows signs of sinking. Sinking dinghies will be pumped out if possible and noted on the slip matrix. Officers will have knowledge of and access to an emergency pump that can be placed in a sinking vessel until additional help arrives.
- Document any and all lights that are out on the property as well as what could be considered safety hazards so they can be addressed by staff the following day.
- Become familiar with the people occupying tenant vessels and those staying at the marina for extended periods of time. If there is any doubt whether a person should be on any vessel the person or people shall be questioned and asked to produce identification which will be recorded. Further suspicion will result in contacting Key West Police Department and the owner of the vessel. The incident will be recorded. All officers will be made aware that this is a very important function.
- Guard the property as a whole. No preferential treatment shall be given to individual tenants and spending time in tenant businesses will not be tolerated.
- Perform their tour of duty alone. Even if two officers are on duty at the same time, their tours will be performed separately. Allowing friends, relatives, spouses, etc. to accompany officers during their tours will not be tolerated and will be grounds for disciplinary action.
- Only use golf carts or other means of transportation with the knowledge and authority of the Supervisor.
- Daytime officers will patrol both Key West Bight and City Marina at Garrison Bight. Officers will use the scooter that has been provided by the City to go back and forth between marinas only. Officers will not be permitted to use the scooter elsewhere without permission of the Marina Manager. Officers will be required to wear a helmet at all time while the scooter is used. The daytime officer shall have the responsibility of securing the scooter during the tour of duty and at the end of the shift to prevent theft or vandalism.
- Not use mp3 devices (or equivalent), blue tooth phones or any other device that will distract the officers attention. The use of personal cellular phones shall be kept at an absolute minimum.
- Supervisors/Dockmasters will review log books, slip matrix's and download security wands daily at the beginning of their shifts and take action as necessary upon review. Unusual activity from the previous day will be forwarded to the Marina Manager via E-mail after review.

- Be expected to report for their tour of duty on time and remain on the property for their entire shift. If an emergency occurs and Security Officers cannot report for their shift, they must contact their Supervisor as far in advance as possible. The Supervisor will then contact another Officer or staff member to cover that shift. In the unlikely event that the shift cannot be covered, Key West Police Department will be contacted, notified of the absence of a guard on the property and asked to provide additional coverage for the property during that shift. The Marina Manager will be notified if this occurs who in turn will notify the Port Director. Notification must take place before the unattended tour of duty commences. If an Officer does not show up for work without notifying their Supervisor it will be considered job abandonment and equivalent disciplinary action will be enacted.

- All complaints, concerns, suggestions provided to staff will be directed to the Supervisor immediately so they can be considered or relayed to Officers as soon as possible.

8. Security Operations

BPS currently provides security to the local municipal marina and city hall building, several gated communities, apartment complexes, construction sites, entertainment venues and personal protection. Immediately following is an overview of the services that BPS currently provides or has provided for certain properties. In the case of each of these properties BPS performed a **RAM (Risk Assessment Methodology) Survey** prior to implementation of the security plan. BPS security operations currently provide armed security services to the local city hall building, municipal marina and various construction sites. BPS also provides uniformed, unarmed, gate and patrol security services on a 24 hours basis to residential properties with a combined total of over 1500 individual residences.

Risk Assessment Methodology (RAM)

- Initially, a Risk Assessment Team is established. Risk Assessment is directed by Robert L. Best, CEO of Best Protective Services, LLC (BPS). He and his personally-selected team have over 40 years in law enforcement, military and private security experience.
- The Risk Assessment Team conducts a Risk Assessment Survey that defines the scope of the security situation through a detailed characterization of the facility, including site boundaries, floor plans, access points, building locations and uses, access control of facility personnel and visitors, etc. The characterization includes all facility assets and controls.
- The Risk Assessment Survey identifies threats, undesirable events, vulnerabilities and potential losses that could be effectively reduced or completely eliminated by a properly implemented comprehensive security plan.
- BPS senior management analyzes the Risk Assessment Survey and designs a security plan specifically for the project.
- The security plan is evaluated and field-tested by BPS senior management to determine its effectiveness at eliminating perceived threats. Weaknesses or vulnerabilities in the security plan, if any exist, are identified and corrected prior to implementation.
- The final security plan is then executed under the personal supervision of Mr. Best and a project security manager selected for the assignment.

9. History of Firm and Capacity to Perform

Best Protective Services, LLC (BPS) is headquartered in West Palm Beach, Florida. The business was organized January 3, 2008 in the State of Florida, as Brother's Protective Services, LLC, a privately-held company. The company's legal status is a Limited Liability Company. BPS is not a subsidiary of any other company. The company's name was

changed to Best Protective Services, LLC on May 31, 2012 when Robert L. Best became the sole owner and Managing Member. Mr. Best has over 20 years of experience in Law Enforcement, Military and Private Security.

BPS provides a wide range of security services including: Patrol, Watchmen, Access Control, Sporting and Entertainment Events, Armed and Unarmed Details, Executive Protection and Surveillance.

BPS was originally formed with a specific mission in mind: to provide its clients with the *right solution* for its security problems, not the standard *cookie-cutter-one-size-fits-all* approach utilized by most of the larger, less responsive security companies. The company's mission statement is:

"To provide its clients with efficient, effective, high value solutions to their security problems by delivering:

- *A team you can trust;*
- *Responsiveness to client needs that are second to none;*
- *Dedication to service;*
- *Unparalleled professionalism in the execution of duty;*
- *Integrity in all business and security operations; and*
- *Excellence in our management, officers and support staff.*

2008 One of the most challenging market segments in security is entertainment. While serving its clients in this segment from January 2008 to December 2011, during a time when violent incidents were featured prominently on the local nightly news, **BPS** compiled a perfect record of:

- **No** complaints with regard to its security procedures from management or patrons;
- **No** injuries to officers, guests, employees or entertainers by security or third parties; and
- **No** weapons of any kind used by patrons in any incidents or disputes on the premises, or at venues, when **BPS** officers were on duty.

The company's excellent reputation and superior performance in this market segment eventually led to it becoming the local security firm for film and television icon Danny Glover, NFL All-Pro Wide Receiver Santana Moss, music and business impresario Luther Campbell, the internationally-recognized Miami Fashion Week (on site at the Eden Roc Hotel in South Beach, Florida) and various other celebrities and events.

2009 **BPS** expanded its security operations to include additional market segments. During that year the company provided security services for a private school of approximately 150 at-risk students and staff and a retirement/nursing home of approximately 250 residents and staff, in addition to multiple entertainment venues.

2010 **BPS** expanded its security operations even more to include gated communities and apartment complexes.

2011 **BPS** had several notable achievements in 2011. **BPS** provided uniformed, armed and unarmed, gate and patrol security services on a 24 hours basis to a total of five properties with a combined total of over 2500 individual residences. **BPS** employed over 100 people during the year (including full and part time, temporary assignments and office staff) for the first time in its history. The company had not projected to achieve that goal until the year 2013. **BPS** was one of three finalists for the **2011 Ascension Awards – Large Business of the Year**, awarded by the Black Chamber of Commerce of Palm Beach County, and the recipient of the **Small Business Community Service Appreciation Award** from 3rd Street Baptist Church, among other awards. The company was also featured in a news story on Channel 12, CBS News, while providing security for the apartment complex Palm Grove, when it was devastated by fire.

2012-2013 The company continues to grow in 2012 and 2013 adding more sites and expanding the sectors in which it operates. **BPS** was the winner of the **2013 Ascension Awards – Large Business of the Year**, awarded by the Black Chamber of Commerce of Palm Beach County. **BPS** employed over 100 people during each year (including full and part time, temporary assignments and office staff).

BPS main offices are currently located at 500 S. Australian Avenue, Suite 600, West Palm Beach, FL 33401. The telephone and fax numbers are (561) 659-9323 and (561) 659-9043 respectively. The normal office hours of operation are from 9:00 am to 5:00 pm Monday through Friday. The senior management of the company is accessible to the clients by telephone 24 hours per day. Management and supervisors schedules are flexible and based on client needs. **BPS** is certified as: (1) a Section 3 Business by the Miami-Dade Public Housing and Community Development; (2) a Small Business Enterprise by the City of West Palm Beach; and, (3) a Small/Minority Business Enterprise by Palm Beach County, the School Board of Palm Beach County and the South Florida Water Management District.

BPS corporate headquarters consists of five fully equipped offices, a reception area and access to fully furnished and equipped conference rooms. **BPS** can acquire additional office space, or storage space, as needed.

Their visits are coordinated with Mr. Best to ensure procedures are being adhered to on all shifts. When on site the Directors patrol in marked vehicles for higher visibility, or unmarked vehicles to reduce patrol predictability. In addition to their supervisory responsibilities each of the Directors has another specific area of responsibility:

- Director-Training – Trains new officers regarding site procedure and protocol;
- Director Special Response Teams (SRT) – Responsible for responding to emergency situations with specially formed teams when necessary and providing support to site supervisors;

The company employed over 100 security officers in 2011 and 2012 on a full or part time basis including officers hired for temporary assignments. Those officers who have worked for **BPS** previously, and are in good standing with the company, comprise the pool of security officers available from which **BPS** may draw when in need of additional manpower and on-call officers.

11. Employee Selection and Training Process

Officer Recruitment - BPS personnel are recruited primarily from U.S. Military Reserves, U.S. Military veterans, and former law enforcement officers. In addition, the company recruits qualified security personnel through Workforce Alliance. Normally BPS selects Officers who have a combination of education and relevant work experience.

Minimum Qualifications for Officers - All BPS security officers must meet the following minimum qualifications:

- 1) Be at least 18 years of age or older;
- 2) Be of good moral character;
- 3) Be of good mental and physical state of health consistent with the ability to perform their safety and security tasks;
- 4) Not be a chronic and habitual user of drugs and/or alcohol. Use of, or addiction to drugs and/or alcohol will cause for rejection of an employee;
- 5) Visual Acuity – Eyesight must be equal to or better than 20/60 in both eyes without glasses/lenses or equal to or better than 20/20 in one eye and 20/30 in the other when using glasses or contact lenses. Individuals with active or progressive ocular disease are not acceptable for duty as a security officer;
- 6) Hearing – Hearing loss in each ear shall be less than 30 dB when tested by audiogram for frequencies below 2000 Hz. If hearing is impaired it may be corrected to meet the requirement;
- 7) Speech - Have the ability to clearly communicate in English efficiently and effectively;
- 8) Sense of Smell – Have the ability to sense odors.
- 9) Citizenship/Employment Authorization – Must be a U.S. citizen or permanent legal resident of the US;
- 10) Language and Communication – Must be able to read, write, speak and comprehend the English language efficiently and effectively as evidenced by the ability to perform the following:
 - Oral** – Must be able to conduct face-to-face and telephone conversations with colleagues and members of the public concerning services, locations, numbers, times, dates, etc.; describe how work is to be done, what work has been assigned, steps to be followed, etc.; and give clear accurate descriptions of events witnessed.
 - Reading and Comprehension** – Must be able to read orders, duties, and procedures and show that the written material that has been read is understood.

- 11) Presentation and Appearance – Must maintain a high standard of civility, deportment, appearance and sobriety. Must always reflect appropriate courtesies and forms of address when communicating with the public.
- 12) Uniforms – Must wear clean, presentable uniform issued by BPS that bears the word “Security” in a visibly evident location.
- 13) Must possess a current Class D Security Guard license issued by the State of Florida for successful completion of 40 hours of professional training at a school or training facility licensed by the Department of Agriculture and Consumer Services.
- 14) Must provide current valid State of Florida Driver’s license or Florida Photo Identification Card.

BPS standards exceed the recommended requirements with regard to site specific training. All BPS security officers are required to have **forty (40) hours of site-specific training**. No guard is to be assigned to any post without site-specific training by a qualified representative of BPS who is familiar with the required duties of the site.

Officer Selection Process - To insure that all officers meet or exceed standard recommended qualifications all candidates, regardless of experience, are vetted through the BPS employment process which includes:

- Application;
- License verification with state agencies;
- Employment eligibility verification;
- First, second and third interviews; and
- Drug testing and background check phases.

Candidates successfully completing the third interview phase are then offered employment as a security officer on the condition of passing drug testing and background checks performed for BPS by WTC Background & Drug Testing, Inc.

Officer Site Selection Process - Not all officers are suited for the same sites or positions. BPS again realizes that the “cookie cutter-one-size-fits-all” approach does not work for every site or fit the needs of every client. Therefore, BPS has developed its own system for officer site selection referred to internally as “*Position by Skills and Strength*” or **PB2S**. BPS developed **PB2S** by drawing upon the following:

- BPS experience providing security to gated communities, low and moderate income apartment complexes, construction sites, public facilities and various private and public venues throughout Palm Beach County since 2008;

- The most current information and best practices of law enforcement and private security collaborations; and
- The over 30 years of combined law enforcement, military and private security experience of the principal and management.

PB2S starts with the application process and continues through the hiring process until an officer candidate is either accepted or shown the door. During the interview process the **BPS** interviewer asks a series of interview questions specific to the security industry. The interviewer identifies key factors that are indicators of a candidate's security aptitude, temperament and communication style. The officer's performance is scored according to the needs of the company and client. The officer is then placed in a position on a property where their skills and strengths are best utilized. The end result is greater productivity, performance and better relationships between client, resident, guest and officer.

Officer Evaluation Process – **BPS** utilizes a Total Quality Management (TQM) program to insure contract compliance and quality control. A key component of TQM is the officer monitoring and evaluation process. Since January 1, 2012, every **BPS** security officer is subject to random inspections by Management and evaluated for their adherence to **BPS** standards and contract requirements. Every officer is also given a Safety and Security Performance annually, in addition to corrective action planning and follow-up reporting if necessary.

12. (No) Pending Legal Action

BPS hereby confirms that no previous or existing legal action(s) or claim(s) have ever been filed against the company

13. Communications - Technology

The officers assigned to The City of Key West will be equipped with cellular telephones and/or two-way radios that will allow each officer immediate access to the Site Supervisor and Operations Director assigned to The City of Key West.

BPS will provide The City of Key West personnel with a cellular phone number where the Site Supervisor and Operations Director can be reached 24 hours a day, 7 days a week. **BPS** will also provide an e-mail address and fax machine number for communications with the **BPS** office.

14. Equal Employment Opportunity Philosophy

BPS has never had an instance where a complaint was filed or pending against them in a legal or administrative proceeding alleging that BPS discriminated on the basis of race, gender, gender identity or expression, religion, national origin, ethnicity, sexual orientation, age, or disability.

BPS is an equal opportunity employer. It is the company's objective to afford equal opportunity to all employees and applicants without regard to race, color, religion, marital status, national origin, disability, military status or veteran of the Vietnam era, sexual orientation, sex, age or any category protected by law.

Our equal employment opportunity philosophy applies to all aspects of employment with BPS including recruiting, hiring training, transfer and promotion. BPS adheres to all Federal, State and City laws with respect to equal employment opportunity.

BPS values diversity among its employees and the unique perspective this brings to the company. Diversity, often used to refer to differences based on gender, race, age and disability, encompasses an infinite range of individual characteristics and personal history, including communication styles, educational background, career experiences and lifestyles. By valuing these differences we demonstrate our commitment to treating all employees with respect and dignity.

15. OSHA Compliance

BPS hereby warrants that the services to be supplied to The City of Key West shall conform in all respects to the standards set forth in the Occupational Safety and Health Act 1970, as amended. BPS hereby also agrees that failure to comply with OSHA standards will be considered a breach of the contract.
