

Staff Report for Item 7

To: Chairman Bryan Green and Historic Architectural Review
Commission Members

From: Kelly Perkins, MHP
HARC Assistant Planner

Meeting Date: June 28, 2016

Applicant: Artibus Design

Application Number: H16-03-0039

Address: #1212 Margaret Street

Description of Work:

New one-story side addition and site improvements.

Site Facts:

The house at 1212 Margaret Street is a contributing resource that was constructed in 1943 according to the survey. The house first appears on the 1948 Sanborn map as a one-story house with a front porch that spans the width of the building. A photograph dated c.1965 shows that the front porch has been enclosed, and small overhang was constructed over the new front door. The house today still has an enclosed front porch, but the front overhang has increased in size. A carport has been constructed on the side of the main house.

This house came to HARC in February of this year for a similar project of enclosing the carport to create a side addition and adding dormers to the main house. That project was postponed by the Commission and eventually withdrawn by the applicant.

Guidelines Cited in Review:

Secretary of the Interior's Standards for Rehabilitation (pages 16-17), specifically Standards 1, 9, and 10.

Secretary of the Interior's Guidelines for Rehabilitating Historic Buildings, specifically New Additions to Historic Buildings recommended placing and location, page 39.

Additions and Alterations/New Construction (pages 36-38a), specifically guidelines for additions and alterations and guideline 4 of new construction (pages 38-38a).

Staff Analysis

The Certificate of Appropriateness in review proposes a new side addition that will almost span more than half of the length of the structure. Only the front side windows of the contributing structure will be visible. The new addition's height will be 13 feet, 6 inches and will meet the contributing building below its current eave line. The new addition will have hardiboard siding and trim, v-crimp roofing material, and will reuse the windows that were on the side of the contributing building.

Site work includes adding new concrete pavers to the front of the house for a driveway and walkway, as well as a new perimeter fences.

Consistency with Cited Guidelines

1. The proposed addition is attached to a highly visible location next to the contributing house. The addition will disguise character-defining features (almost the entire wall of a contributing house) and will alter the balance and symmetry of the structure, which is against the guidelines 5 and 6 of additions and alterations. While there currently is a carport attached to the house in a similar location, the carport has transparency and is not one solid void. The guidelines and the Secretary of the Interior's Guidelines for Rehabilitation are clear that additions should be attached to less publicly visible secondary elevations, and there is more than enough room on the lot to locate the addition behind the contributing structure, where it would not be as publicly visible and would not obscure character defining features.

It is staff's opinion that the proposed side addition's mass and scale is in keeping with the historic house. However, the location of the addition will *not* be on a less publicly visible, secondary elevation, and therefore will alter the balance and symmetry of the contributing structure. Locating the addition to the rear of the house would make the design consistent with the guidelines for additions and alterations and the Secretary of the Interior's Guidelines.

CITY OF KEY WEST
CERTIFICATE OF APPROPRIATENESS
APENDIX FOR DEMOLITIONS
APPLICATION NUMBER H-____-____-____-_____

This document applies only to those properties located within the City of Key West Historic Zoning Districts, properties outside the historic zoning districts which are listed as contributing in the Historic Architectural Survey and or properties listed in the National Register of Historic Places.

Applications must meet or exceed the requirements outlined by the Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitation and the Key West's Historic Architectural Guidelines. Once submitted, the application shall be reviewed by staff for completeness and scheduled for presentation to the Historic Architectural Review Commission for the next available meeting, unless the demolition request is for a *bona fide* Code Compliance case, in which case staff may review and approve the demolition request. **The applicant must be present at this meeting. Any person that makes changes to an approved Certificate of Appropriateness must submit a new application with such modifications.**

The filing of this application does not ensure approval as submitted. Applications that do not possess the required submittals or documentation will be considered incomplete and will not be reviewed for approval.

CRITERIA FOR DEMOLITIONS

Before any Certificate of Appropriateness may be issued for a demolition request, the Historic Architectural Review Commission must find that the following requirements are met (please review and comment on each criterion that applies):

- (1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration or it does not meet any of the following criteria:

- (a) The existing condition of the building or structure is irrevocably compromised by extreme deterioration.

Requesting the removal of non-historic carport .

OR THAT THE BUILDING OR STRUCTURE;

- (a) Embodies no distinctive characteristics of a type, period, or method of construction of aesthetic or historic significance in the city and is not a significant and distinguishable building entity whose components may lack individual distinction.

The carport embodies none of the characteristics as outlined above.

- (b) Is not specifically associated with events that have made a significant contribution to local, state, or national history.

The carport is not specifically associated with events that have made a significant contribution to local, state or national history.

- (c) Has no significant character, interest, or value as part of the development, heritage, or cultural characteristics of the city, state or nation, and is not associated with the life of a person significant in the past.

The carport has no significant characteristics as outlined above.

- (d) Is not the site of a historic event with a significant effect upon society.

No historical events of significance have occurred at the site.

- (e) Does not exemplify the cultural, political, economic, social, or historic heritage of the city.

The carport does not exemplify any of the above.

- (f) Does not portray the environment in an era of history characterized by a distinctive architectural style.

The carport does not portray any of the characteristics outlined above.

- (g) If a part of or related to a square, park, or other distinctive area, nevertheless should not be developed or preserved according to a plan based on the area's historic, cultural, natural, or architectural motif.

The carport is not part of or related to any of the items outlined above.

- (h) Does not have a unique location or singular physical characteristic which represents an established and familiar visual feature of its neighborhood or of the city, and does not exemplify the best remaining architectural type in a neighborhood.

The carport does not have a unique location or physical characteristics as outlined above, and does not exemplify the best remaining architectural type in the neighborhood.

- (i) Has not yielded, and is not likely to yield, information important in history.

Has not, and will not.

CITY OF KEY WEST
CERTIFICATE OF APPROPRIATENESS
APPENDIX FOR DEMOLITIONS
APPLICATION NUMBER H- _____

(2) For a contributing historic or noncontributing building or structure, a complete construction plan for the site is approved by the Historic Architectural Review Commission.

(a) A complete construction plan for the site is included in this application

Yes Number of pages and date on plans 05/31/16, 12 pages
 No Reason _____

The following criteria will also be reviewed by the Historic Architectural Review Commission for proposed demolitions. The Commission shall not issue a Certificate of Appropriateness that would result in the following conditions (please review and comment on each criterion that applies);

(1) Removing buildings or structures that are important in defining the overall historic character of a district or neighborhood so that the character is diminished.

The demolition of the non-historic carport will not diminish the neighborhood character.

(2) Removing historic buildings or structures and thus destroying the historic relationship between buildings or structures and open space; and

None of the above will be destroyed.

AND

(3) Removing an historic building or structure in a complex; or removing a building facade; or removing a significant later addition that is important in defining the historic character of a site or the surrounding district or neighborhood.

Removal of the carport will actually expose the historic character of the house.

(4) Removing buildings or structures that would otherwise qualify as contributing.

None of the above will be removed.

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

*I hereby certify I am the owner of record and that the work shall conform to all applicable laws of this jurisdiction. By receiving a Certificate of Appropriateness, I realize that this project will require a Building Permit, approval **PRIOR** to proceeding with the work outlined above and that there will be a final inspection required under this application. I also understand that any changes to an approved Certificate of Appropriateness must be submitted for review.*

Kelly Perkins

From: Blaise Boyle <blaise@artibusdesign.com>
Sent: Friday, June 24, 2016 9:40 AM
To: Kelly Perkins
Subject: Re: 1212 Margaret - Updated Version

Good Morning Kelly,

I am sorry I could not get back to you sooner. We were out of the office yesterday all day. As I was looking through our plans you are correct we did not list the height of the new structure. We filled it out for total building height not changing. In the future we will make sure that all of this is included.

The proposed height of the new addition is 13'6".

Please let me know if there is anything else that you need.

Thank you,

Blaise

On 6/23/2016 10:20 AM, Kelly Perkins wrote:

Hey Blaise,

Can you tell me the height of the new addition? I couldn't find it on the plans.

In the future, can you make sure that the height of any new addition is on the plans in addition to the height of the original building?

Thanks!

Kelly Perkins

I agree with you on that.

Here is the existing and proposed site plan with setbacks for your review as well.

Thank you for your help on this project...it is greatly appreciated.

Blaise

Of the roof forms, I definitely think the hip roof on the addition is the most appropriate.

We are going to need an existing and proposed site plan with the setbacks. I don't see that included with these plans.

Good Morning Kelly,

I just wanted to send you the latest version of 1212 Margaret that combined all of our ideas into one plan.

Please let me know what you think of this version compared to the others.

Thank you,
