### We Are One Human Family

Music & Lyrics by C.W. Colt, Amber Rose & J.T. Thompson

We're human beings, we want the same;  
love and compassion is not just a game.  
Hand-in-hand, we'll find a way,  
we're one human family, what do you say?

#### *To Equality:*

No matter where we're from or how we live,  
each one of us has something to give.  
Equality is what we seek to make  
this world strong, not weak.

We're human beings, we want the same;  
love and compassion is not just a game.  
Hand-in-hand we'll find a way,  
we're one human family, what do you say?

#### *To Diversity:*

Different colors and different paths,  
in our hearts, the same love lasts;  
With every difference beauty grow,  
we all belong and so it shows.

We're human beings, we want the same,  
love and compassion is not just a game;  
Hand in hand, we'll find a way,  
we're one human family, what do you say?

#### *To Unity:*

Together we are strong and free,  
side-by-side in harmony;  
Unity will lead the way,  
to brighter skies and better days.

We're human beings, we want the same,  
love and compassion is not just a game;  
Hand in hand, we'll find a way,  
we're one human family, what do you say?
