EXECUTIVE SUMMARY

TO: Jim Scholl, City Manager
E. David Fernandez, Asst. City Manager - Operations

FROM: Gary W. Bowman, General Services and Engineering Director

DATE: November 12, 2009

RE: **Awarding of the Bid of Charley Toppino and Sons, Inc. in the amount of \$139,848 for the design-build of Sidewalk Enhancements Phase II – Fleming Street**

ACTION STATEMENT:

This resolution will approve the low bid of \$139,848 from Charley Toppino and Sons, Inc. upon notice of concurrence of Intent to Award by the Florida Department of Transportation (FDOT) to design and build new Federal ADA compliant sidewalks and curb ramps as part of the design-build project for Sidewalk Enhancements Phase II – Fleming Street.

The design and construction for this project location will be reimbursed 100% through an FDOT Local Area Program (LAP) grant not to exceed the grant constraint for design/construction of \$149,760. This grant is funded by the American Recovery and Reinvestment Act of 2009, commonly referred to as stimulus funding.

BACKGROUND:

The American Recovery and Reinvestment Act (ARRA) of 2009 was signed by President Obama on February 17, 2009. The ARRA is an unprecedented effort to jumpstart our economy, create or save millions of jobs, and put a down payment on addressing long-neglected challenges so that our country can thrive in the 21st century. This legislation will pay for needed transportation improvements while providing jobs and other economic benefits. The City has been actively seeking these funds to assist our local economy and to improve local infrastructure. We were able to obtain funding for thirteen Sidewalk Enhancement projects through this federal legislation.

For this Contract, the City has established alternate scopes of work, shown as the list of bid items under each of the Scope Alternates listed in the Request *Key to the Caribbean – Average yearly temperature 77° F.*

for Proposal. These alternates have been established in consideration of budget constraints. The City has assigned Contract award priority for the Scope Alternates as follows:

First PriorityAlternate A
 Second PriorityAlternate B
 Third Priority Alternate C

The City intends to award the Contract to the responsible bidder with the lowest bid for the highest priority Scope Alternate for which the City determines funds are available. For the purpose of bidding, the City has established a maximum budget as follows:

Fleming Street Corridor Ramps \$149,760.00

Although many firms attended the mandatory pre-bid meeting, only one bid was received at bid opening.

PURPOSE AND JUSTIFICATION:

Many areas throughout the City are in need of sidewalk and ADA improvements. Stimulus funding is making the following improvements possible:

BOLD = selected alternate

Eisenhower Dr. bids in excess of grant constraint; Phase V to be re-bid

For Phase II, Fleming Street Alternate C is recommended. Curb ramps and sidewalks will be constructed at 12 corners with this alternate. Alternate C is under the grant constraint of \$149,760.

Additional information regarding bid prices on other alternates for each project location in Phase II can be found in the table above.

OPTIONS / ADVANTAGES / DISADVANTAGES:

1. The City Commission can approve the contract authorizing the low bid to design and build the Sidewalk Enhancements Phase II project choosing Fleming Street Alternate C. This alternate is within the grant constraint of \$149,760. This will allow the City to provide new Federal ADA compliant sidewalks and curb ramps on 12 corners at the project location using stimulus funding at no additional cost to the City.
2. The City Commission can decline the bids received and reissue the Design-Build Request for Proposals. The grant funding received for these projects have deadlines associated with them and delays could jeopardize the funding. Work on this project must begin in time to meet a December 2009 deadline to invoice the grant for the first time.
3. The City Commission can decline the bids received and forego sidewalk improvements.

FINANCIAL IMPACT:

General Services staff analyzed the lump sum bids and found no inconsistencies. FDOT will reimburse the City 100% up to the grant constraint of \$149,760 through Federal stimulus funding from the American Recovery and Reinvestment Act of 2009. The fees for this project will be funded through budget line item 102-4104-541-63-00 (Project EN0902). The grants funds are budgeted in Revenue Account 102-0000-334-49-01.

RECOMMENDATION:

Staff recommends that the City Commission select option 1, the award of the design-build contract to the low bid of \$139,848 from Charley Toppino and Sons, Inc. upon notice of concurrence of Intent to Award by the Florida Department of Transportation and authorize budget transfers so that we may proceed with the Sidewalk Enhancements Phase II project.

income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

7. I understand that a "person" as defined in Paragraph 287.133(1)(8), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.
8. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. (Please indicate which statement applies).

Neither the entity submitting this sworn statement, nor any officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, nor any affiliate of the entity have been charged with and convicted of a public entity crime subsequent to July 1, 1989, AND (Please indicate which additional statement applies.)

____ There has been a proceeding concerning the conviction before a hearing of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer did not place the person or affiliate on the convicted vendor list. (Please attach a copy of the final order.)

____ The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. (Please attach a copy of the final order.)

____ The person or affiliate has not been put on the convicted vendor list. (Please describe any action taken by or pending with the Department of General Services.)

The Bidder agrees that if this Proposal is accepted, he will, within 10 days, not including Sundays and legal holidays, after Notice of Award, sign the Contract in the form annexed hereto, and will at that time, deliver to the Owner examples of the Performance Bond and Payment Bond required herein, and evidence of holding required licenses and certificates, and will, to the extent of his Proposal, furnish all machinery, tools, apparatus, and other means of construction and do the work and furnish all the materials necessary to complete all work as specified or indicated in the Contract Documents.

CERTIFICATES OF INSURANCE

Bidder agrees to furnish the Owner, before commencing the work under this Contract, the certificates of insurance as specified in these Documents.

START OF CONSTRUCTION AND CONTRACT COMPLETION TIME

The Bidder further agrees to begin work within 14 calendar days of the Notice to Proceed (NTP) and to complete the construction in all respects within 200 calendar days from the date of the NTP.

LIQUIDATED DAMAGES

In the event the Bidder is awarded the Contract and fails to complete the work within the time limit or extended time limit agreed upon, as more particularly set forth in the Contract Documents, liquidated damages shall be paid to the Owner based on the FDOT Standard Specifications (2007) Section 8-10 until the work has been satisfactorily completed as provided by the Contract Documents. Sundays and legal holidays shall be included in determining days in default. FDOT 8-10 Code requirements govern, and herewith made a part of the Contract.

Original Contract Amount	Daily Charge Per Calendar Day
\$50,000 and Under	\$313
Over \$50,000 but less than \$250,000	\$580
\$250,000 but less than \$500,000	\$715
\$500,000 but less than \$2,500,000	\$1,423
\$2,500,000 but less than \$5,000,000	\$2,121
\$5,000,000 but less than \$10,000,000	\$3,057

ADDENDA

The Bidder hereby acknowledges that he has received Addenda No's. 1, 2, 3, _____ (Bidder shall insert No. of each Addendum received) and agrees that all addenda issued are hereby made part of the Contract Documents, and the Bidder further agrees that his Proposal(s) includes all impacts resulting from said addenda.

Sidewalk Enhancement Proposal Phase II

SALES AND USE TAXES

The Bidder agrees that all federal, state, and local sales and use taxes are included in the stated bid prices for the work.

Sidewalk Enhancement Proposal Phase II

BID SCHEDULE

The Bidder further Proposes to accept as full payment for the work Proposed herein the amounts computed under the Provisions of the Contract Documents and based on the following Lump Sum amounts, it being expressly understood that the Lump Sum amounts are independent of the exact quantities involved. The Bidder agrees that the lump sum prices represent a true measure of the labor and materials required to perform the work, including all allowances for overhead and Profit for each type and unit of work called for in these Contract Documents. The amounts shall be shown in both words and figures. In case of a discrepancy, the amount shown in words shall govern. . Lump SUM price line items may be deleted, reduced or increased as required by the Owner.

For this Contract, the City has established alternate scopes of work, shown as the list of bid items under each of the Scope Alternates listed in the Request for Proposal. These alternates have been established in consideration of budget constraints. The City has assigned Contract award priority for the Scope Alternates as follows:

First Priority Alternate A
Second Priority Alternate B
Third Priority Alternate C

The City intends to award the Contract to the responsible bidder with the lowest bid for the highest priority Scope Alternate for which the City determines funds are available. For the purpose of bidding, the City has established a maximum budget as follows:

Fleming Street Corridor Ramps \$149,760.00

This amount is not the City's official cost estimate for the work but is the budgetary constraint established for this contract. Submission of a bid under the maximum budget is not a guarantee of contract award and cannot be interpreted as an appropriate or awardable bid amount.

Submit bid lump sum prices for all bid items. Bids submitted without bid lump sum prices for all bid items will be rejected as irregular.

PREVIOUS EXPERIENCE: ROADWAY & STORMWATER

Immokalee Road 6-Lane Widening:

Naples, Collier County, Florida

Collier County selected Hole Montes, Inc., to provide design, surveying and project management services for the existing four-lane Immokalee Road. This project was separated into two phases:

Phase I is the six lane design from U.S 41 to just west of the I-75 interchange. The Phase I project corridor is essentially a fully developed corridor with a mix of commercial and residential properties adjacent to the roadway. To reduce the cost of storm water treatment for the Phase I project by eliminating the need to purchase significant land area outside of the immediate roadway right of way, the use of storm-ceptor type treatment structures to remove suspended solids and exfiltration trenches for water quality has been proposed in the design. This concept has been accepted in principal by the South Florida Water Management District. The design of this phase was completed in the Fall of 2004, with construction beginning in the early Spring of 2005.

Phase II is the continuation of Phase I through the I-75 interchange and includes significant lengthening of the westbound turn lane from Immokalee Road to I-75 south and the creation of long eastbound, dual left turn lanes from Immokalee Road to I-75 north. Phase II of this project also includes the widening of the northbound and southbound on-ramps and the south bound off-ramp to I-75. The design of Phase II was completed in the Summer of 2002 and the construction element of Phase II was completed in early 2003. Storm water treatment for the Phase II project is obtained by conventional means using treatment swales and outlet control structures.

Livingston Road & Imperial Street Corridor: Collier and Lee Counties, Florida

Hole Montes was selected by the Collier County officials to provide design, engineering, surveying, permitting and project management services for the portion of Livingston Road from the Lee County line south to Immokalee Road. The Hole Montes team conducted design and alternate location studies to arrive at an alignment that would reduce environmental and right-of-way impacts to existing wetlands and adjacent parcels. These studies required extensive vegetative mapping to determine the location and quality of wetland resources. Design plans were then prepared for 6.1 miles of 16-inch and 12-inch water mains, traffic signalization, signs and pavement marking, lighting and right-of-way plans for two lanes of an ultimate four-lane roadway including a bridge structure over the Cocohatchee Canal.

A major and complex element of the engineering services was the preparation of permit applications required by the Florida Department of Environmental Protection, the U.S. Army Corps of Engineers (COE), the South Florida Water Management District (SFWMD) and the Big Cypress Basin. Extensive agency coordination along with the planning and preliminary design of mitigation features was undertaken to offset the loss of jurisdictional wetlands.

Lee County selected Hole Montes, Inc. to design the four-laning of Imperial Street in Bonita Springs, Florida, from Bonita Beach Road to East Terry Street. These two segments of Imperial Street both dead-end at the Imperial River. A new four-lane bridge spans 325' across the Imperial River and its floodplain to complete the Livingston Road/Imperial Street/Three Oaks Parkway connection from Collier to Lee Counties. The roadway design incorporates an urban cross-section with concrete walks, bicycle lanes, and landscape buffer areas.

Additional services with this project include corridor planning, development and evaluation a new floodplain model for the Imperial River, and cooperative corridor drainage planning.

Carrell Road/Winkler Avenue Utility & Drainage Improvements

Older sections of the City of Fort Myers exhibited an aging utility system which required extensive annual maintenance and taxed the wastewater treatment facility during peak rainfall events due to widespread infiltration of the underground wastewater system. Hole Montes, Inc. completed the design to revamp the utility system to provide an updated water system for service and fire protection, and a more economical and efficient wastewater system. During this project the City also renovated the roadway drainage system and provided additional sidewalks and traffic calming measures. The final scope of the project was for the design of approximately 108,000 linear feet of sanitary sewer, 81,000 linear feet of water mains, 24,000 linear feet of force main, 12 lift stations, and an extensive drainage analysis and design for the one-square mile community. The project was designed in multiple phases to afford the flexibility to the City to bid portions as funding was in place, and renovation needs dictated.

Hole Montes also provided a vital role in coordinating with the affected City residents – providing updates as to the progress of the design, neighborhood meetings during construction, a website for public information, continuing field communication with the residents on nearly a daily basis, and coordination with emergency services. We also provided cost and time savings for the project by utilizing HM inspection force for material testing.

As a sub-product of the Carrell-Winkler Utility project, the City had obtained HMGP (Hazard Mitigation Grant Program) funding eligibility to review recurrent flooding within a section of the project. HM provided a detailed ICPR analysis of the sub-watershed, and predicted flooding extents. HM also provided concepts for abating flooding and benefit/cost data for City review. The project is still under review and evaluation.

PREVIOUS EXPERIENCE: ROADWAY & STORMWATER

Dearborn Street Widening:

Sarasota County, Florida

Dearborn Street is an arterial connector roadway which is the gateway for the downtown Englewood retail-tourism center in Sarasota County. It also provides an essential route for evacuation. Pressed with these two vital needs to the economy and citizens, Hole Montes was tasked with the design, permitting and construction administration for the revitalization of rural two-lane road into a scenic four-lane divided roadway with sidewalks, bikeways and streetscape accents. All of these elements were needed, but additional right-of-way was not available, and therefore these elements were required within the extents of only the existing 100 foot wide right-of-way. In addition to the roadway improvements – the project required a new bridge crossing of Gottfried Creek, and an extensive drainage system analysis to abate recurring flooding within the adjacent residential neighborhood.

The project utilized ICPR storm system modeling to predict existing flooding and used also to evaluate the proposed improvements. The Dearborn Street drainage improvements were then linked with the existing FDOT SR 776 system, and supplemented with on-site surface water treatment areas proposed within the project. The final project provided a drainage system to alleviate neighborhood flooding, provide for roadway excess runoff storm water treatment, and provide environmental mitigation vegetated areas. The project required environmental resource permitting through Southwest Florida Water Management District and Army Corp of Engineers, as well as bridge review by the US Coast Guard.

Project funding was made available by Sarasota County and supplemented through a LAP grant by FDOT. Additionally, decorative lighting costs were subsidized by the Englewood CRA. As such, the project required close coordination with all of the team members, as well as the many utilities affected by the development, such as COMCAST, TECO, FPL, Sprint and Englewood Water District. The project was completed in August 2008, and was completed within budget.

PREVIOUS EXPERIENCE: ROADWAY & STORMWATER

Via Coconut Point - Sandy Lane Extension: Fort Myers, Lee County, Florida

This project is a new four-lane road that is a total of 3.8 miles in length and connects existing Sandy Lane at Corkscrew Road to Pelican Colony Boulevard at U.S. 41 to provide a segment of the north-south corridor from the City of Bonita Springs to Alico Road. It was designed within a 100 foot right of way corridor and required a "fast track" approach due to a new regional shopping mall which accelerated the need for the new roadway corridor.

Some of the elements of the project included establishing multiple turn lane locations for present and future usage, defining right of way, buffering with landscape elements, designing water and sewer needs, conveying drainage to joint use ponds, incorporating roundabouts at two intersections, and working with the Seminole Gulf Railway for Roadway crossing and drainage improvements. The roadway characteristics of these phases include new sidewalk, lighting, a sound wall, three new signals; one at US41 at Village Shops Way and two on Sandy Lane for Coconut Road and for Corkscrew Road. A new railroad crossing and an open cut installation of storm drains under Seminole Gulf Railway (SGRW) required critical coordination with the Dispatcher, Engineers and Construction managers at SGRW.

The permits obtaining included SFWMD ERP permits and development orders for each of the three phases, ACOE permits, and FDOT drainage and roadway connection permits. The project added significant surface water treatment areas; these lakes, swales and detention areas were constructed during high ground water levels and posed an unusual challenge to the Contractor. Both temporary and permanent storm water collection systems gathered surface water during construction and discharged into a sensitive wetland area causing rigorous attention by Lee County and the Department of Environmental Protection. Hole Montes monitored the runoff and assisted the contractor to attain special dewatering permits and the services of a local environmental firm to keep construction on schedule.

COUNTY OF: Monroe
BID LETTING OF: Oct 7, 2009

I, Frank P. Toppino, hereby
declare that I am President (NAME) of CHARLEY TOPPINO & SONS, INC.
of Key West, FL 33041 (TITLE) (FIRM)
(CITY AND STATE)
and that I am the person responsible within my firm for the final decision as to the price(s) and
amount of this Bid on this State Project.

I further declare that:

1. The prices(s) and amount of this bid have been arrived at independently, without consultation, communication or agreement, for the purpose of restricting competition with any other contractor, bidder or potential bidder.
2. Neither the price(s) nor the amount of this bid have been disclosed to any other firm or person who is a bidder or potential bidder on this project, and will not be so disclosed prior to the bid opening.
3. No attempt has been made or will be made to solicit, cause or induce any other firm or person to refrain from bidding on this project, or to submit a bid higher than the bid of this firm, or any intentionally high or non-competitive bid or other form of complementary bid.
4. The bid of my firm is made in good faith and not pursuant to any agreement or discussion with, or inducement from, any firm or person to submit a complementary bid.
5. My firm has not offered or entered into a subcontract or agreement regarding the purchase of materials or services from any firm or person, or offered, promised or paid cash or anything of value to any firm or person, whether in connection with this or any other project, in consideration for an agreement or promise by any firm or person to refrain from bidding or to submit a complementary bid on this project.
6. My firm has not accepted or been promised any subcontract or agreement regarding the sale of materials or services to any firm or person, and has not been promised or paid cash or anything of value by any firm or person, whether in connection with this or any other project, in consideration for my firm's submitting a complementary bid, or agreeing to do so, on this project.

7. I have made a diligent inquiry of all members, officers, employees, and agents of my firm with responsibilities relating to the preparation, approval or submission of my firm's bid on this project and have been advised by each of them that he or she has not participated in any communication, consultation, discussion, agreement, collusion, act or other conduct inconsistent with any of the statements and representations made in this Declaration.

8. As required by Section 337.165, Florida Statutes, the firm has fully informed the Department of Transportation in writing of all convictions of the firm, its affiliates (as defined in Section 337.165(l)(a), Florida Statutes), and all directors, officers, and employees of the firm and its affiliates for violation of state or federal antitrust laws with respect to a public contract or for violation of any state or federal law involving fraud, bribery, collusion, conspiracy or material misrepresentation with respect to a public contract. This includes disclosure of the names of current employees of the firm or affiliates who were convicted of contract crimes while in the employ of another company.

9. I certify that, except as noted below, neither my firm nor any person associated therewith in the capacity of owner, partner, director, officer, principal, investigator, project director, manager, auditor, and/or position involving the administration of Federal funds:

(a) is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions, as defined in 49 CFR §29.110(a), by any Federal department or agency;

(b) has within a three-year period preceding this certification been convicted of or had a civil judgment rendered against him or her for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, State or local government transaction or public contract; violation of Federal or State antitrust statutes; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements or receiving stolen property;

(c) is presently indicted for or otherwise criminally or civilly charged by a Federal, State or local governmental entity with commission of any of the offenses enumerated in paragraph 9(b) of this certification; and

(d) has within a three-year period preceding this certification had one or more Federal, State or local government public transactions terminated for cause or default..

10. I(We), certify that I(We), shall not knowingly enter into any transaction with any subcontractor, material supplier, or vendor who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this contract by any Federal Agency unless authorized by the Department.

Where I am unable to declare or certify as to any of the statements contained in the above stated paragraphs numbered (1) through (10), I have provided an explanation in the "Exceptions" portion below or by attached separate sheet.

**INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF
LOBBYING ACTIVITIES**

This disclosure form shall be completed by the reporting entity, whether subawardee or prime Federal recipient, at the initiation or receipt of a covered Federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.
2. Identify the status of the covered Federal action.
3. Identify the appropriate classification of this report. If this is a follow up report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by the reporting entity for this covered Federal action.
4. Enter the full name, address, city, state and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants and contract awards under grants.
5. If the organization filing the report in item 4 checks "Subawardee", then enter the full name, address, city, state and zip code of the prime Federal recipient. Include Congressional District, if known.
6. Enter the name of the Federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.

7. Enter the Federal program name or description for the covered Federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans, and loan commitments.
8. Enter the most appropriate Federal identifying number available for the Federal action identified in item 1 (e.g., Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Include prefixes, e.g., "RFP-DE-90-001."
9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in item 4 or 5.
10. (a) Enter the full name, address, city, state and zip code of the lobbying entity engaged by the reporting entity identified in item 4 to influence the covered Federal action.

(b) Enter the full names of the individual(s) performing services, and include full address if different from 10 (a). Enter Last Name, First Name, and Middle Initial (MI).
11. The certifying official shall sign and date the form, print his/her name, title and telephone number.

According to the Paperwork Reduction Act, as amended, no persons are required to respond to a collection of information unless it displays a valid OMB Control Number. The valid OMB control number for this information collection is OMB No. 0348-0046. Public reporting burden for this collection of information is estimated to average 30 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0046), Washington, D.C. 20503.

"REVISED"
RE: CERTIFICATE OF QUALIFICATION

Dear Sir/Madam:

The Department of Transportation has qualified your company for the amount and the type of work indicated below. Unless your company is notified otherwise, this rating will expire 6/30/2009. However, the new application is due 4/30/2009.

In accordance with S.337.14 (1) F.S. your next application must be filed within (4) months of the ending date of the applicant's audited annual financial statements and, if applicable, the audited interim financial statements. Section 337.14 (4) F.S. provides that your certificate will be valid for 18 months after your financial statement date. This gives a two month period to allow you to bid on jobs as we process your new application for qualification. To remain qualified with the Department, a new application must be submitted subsequent to any significant change in the financial position or the structure of your firm as described in Section 14-22.005(3), Florida Administrative Code.

MAXIMUM CAPACITY RATING: 8444,600,000.00

FDOT APPROVED WORK CLASSES:

DEBRIS REMOVAL, DRAINAGE, FLEXIBLE PAVING, GRADING, GRASSING, SEEDING AND SODDING, INTERMEDIATE BRIDGES, MINOR BRIDGES, ROADWAY SIGNING

FDOT APPROVED SPECIALITY CLASSES OF WORK:

UNDERGROUND UTILITIES, SIDEWALKS CONCRETE CURB.

Please be advised the Department of Transportation has considered your company's qualification in all work classes requested. We have evaluated your company's organization, management, work experience, work performance and adequacy of equipment as directed by section 14-22.003, Florida Administrative Code. Based on this evaluation, the Department is not able, at this time, to prequalify your company for the work classes: ELECTRICAL WORK, FENCING, GUARDRAIL.

Page two

You may apply, in writing, for a Revised Certificate of Qualification at any time prior to the expiration date of this certificate according to Section 14-22.0041(3), Florida Administrative Code. Please be advised if certification in additional classes of work is desired, documentation is needed to show that your company has done such work with your own forces and equipment or that experience was gained with another contractor and that you have the necessary equipment for each additional class of work requested.

Sincerely,

Juanita Moore, Manager

Dear Mr. Gilcher:

The Florida Department of Transportation has reviewed your application for qualification package and determined that the data submitted is adequate to qualify your firm for the following types of work:

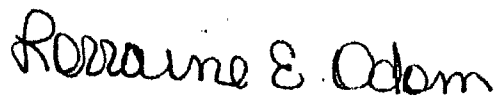

- Group 3 - Highway Design - Roadway
 - 3.1 - Minor Highway Design
 - 3.2 - Major Highway Design
- Group 7 - Traffic Operations Design
 - 7.1 - Signing, Pavement Marking and Channelization
- Group 8 - Survey and Mapping
 - 8.1 - Control Surveying
 - 8.2 - Design, Right of Way & Construction Surveying
 - 8.4 - Right of Way Mapping
- Group 10 - Construction Engineering Inspection
 - 10.1 - Roadway Construction Engineering Inspection
 - 10.3 - Construction Materials Inspection
- Group 13 - Planning
 - 13.5 - Subarea/Corridor Planning
 - 13.6 - Land Planning/Engineering
- Group 15 - Landscape Architect

Your firm is now qualified to do work for the Department for minor projects only. This level of qualification allows consultants to compete for minor projects with fees estimated at below \$250,000.00.

Your Notice of Qualification shall be valid for one year from the date of this letter. We will automatically notify your firm 45 to 60 days prior to your update deadline.

Should you have any questions, please feel free to contact me at 850/414-4485.

- INSTRUCTIONS:**
1. Attach copy of any notifications of noncompliance sent to each applicable subcontractor.
 2. List the subcontractors found not in compliance at the time of this certification.
 3. A separate certification is required for each contract.
 4. To be signed by an officer or director of the Contractor with the authority to bind the Contractor and incurred.
 5. To avoid delay in payment, certification must be submitted to the Project Engineer no later than the Friday before the monthly estimate cutoff date (generally the 3rd Sunday of the month).

A false statement or omission made in connection with this certification is sufficient cause for suspension, revocation or denial of qualification to bid, and a determination of nonresponsibility, and may subject the contractor to the provisions of the base statement to any and all civil and criminal laws available pursuant to applicable Federal and State law.

Davis-Bacon & Related Acts

- **Prevailing wages**

Paid according to wage determinations included in bid documents; and a minimum of time and a half for hours worked greater than 40 (overtime)
- **Certified Payrolls**
 1. Certified payrolls are required and shall be completed and turned in to the city grants administrator. Contractor shall ensure that certified payrolls are complete and checked for accuracy. Payroll not approved by the grant administrator and returned shall be returned in 3 days. The owner shall increase retention above 10% if contractor is consistently tardy or turns in incomplete or incorrect payrolls
 2. Certified payrolls must be submitted within 7 days after the contractor's regular payment date of the payroll period

Davis-Bacon & Related Acts (contd.)

3. FDOT Form 700-010-69 may be used or an alternate form may be used provided that all required information is included; please note that FDOT requires gender and ethnicity be included as well
4. Change to Davis-Bacon – prepare certified payrolls the same EXCEPT full social security numbers and home addresses should not be included; instead use an individually identifying number for each employee like the last 4 digits of his/her social security number
5. Employee interviews and wage audits will be conducted by the grants administrator at a minimum of 2 times monthly

QUESTIONS AND ANSWERS

1. **Q:** Does the survey that is submitted to the City as part of the design process have to be signed and sealed by a FL Professional Licensed Surveyor or can a FL Professional Engineer sign and seal the survey?

A: A FL Professional Licensed Surveyor shall sign and seal the as-built survey.

2. **Q:** Should the Contractor include Key West Building Department permit fees in their lump sum price? Will the fees be waived because the work is being performed on behalf of the City?

A: City of Key West Building Department permit fees will be waived

3. **Q:** It appears from the Contract Documents that the Owner is responsible for all testing. Is this correct? Please verify.

A: The contractor is responsible for quality control testing

4. **Q:** The Proposal stresses the need for geotechnical work. Is it a requirement to have a geotechnical firm part of the team? Is the City going to require a geotechnical report for any of the work areas?

A: FDOT to review the qualifications of any geotechnical firm that may be used a month before they start design. The geotechnical firm does not need to be part of the team. The D/B firm shall determine if geotechnical work is required.

BIDDER'S DECLARATION AND UNDERSTANDING

The undersigned, hereinafter called the Bidder, declares that the only persons or parties interested in this Proposal are those named herein, that this Proposal is, in all respects, fair and without fraud, that it is made without collusion with any official of the Owner, and that the Proposal is made without any connection or collusion with any person submitting another Proposal on this Contract.

The Bidder further declares that he has carefully examined the Contract Documents, that he has personally inspected the Project, that he has satisfied himself as to the quantities involved, including materials and equipment, and conditions of work involved, including the fact that the description of the quantities of work and materials, as included herein, is brief and is intended only to indicate the general nature of the work and to identify the said quantities with the detailed requirements of the Contract Documents, and that this Proposal is made according to the provisions and under the terms of the Contract Documents, which Documents are hereby made a part of this Proposal.

The Bidder further agrees that he has exercised his own judgment regarding the interpretation of subsurface information and has utilized all data which he believes pertinent from the Engineer, Owner, and other sources in arriving at his conclusions.

The Bidder further agrees, as evidenced by signing the Proposal, which if awarded a Contract, the Florida Trench Safety Act and applicable trench safety standards will be complied with.

The Bidder understands and agrees that if a Contract is awarded, the Owner may elect to award all schedules under one Contract, separately, or in any combination that best serves the interests of the Owner.

Sidewalk Enhancement Proposal Phase II

CONTRACT EXECUTION AND BONDS

The Bidder agrees that if this Proposal is accepted, he will, within 10 days, not including Sundays and legal holidays, after Notice of Award, sign the Contract in the form annexed hereto, and will at that time, deliver to the Owner examples of the Performance Bond and Payment Bond required herein, and evidence of holding required licenses and certificates, and will, to the extent of his Proposal, furnish all machinery, tools, apparatus, and other means of construction and do the work and furnish all the materials necessary to complete all work as specified or indicated in the Contract Documents.

CERTIFICATES OF INSURANCE

Bidder agrees to furnish the Owner, before commencing the work under this Contract, the certificates of insurance as specified in these Documents.

START OF CONSTRUCTION AND CONTRACT COMPLETION TIME

The Bidder further agrees to begin work within 14 calendar days of the Notice to Proceed (NTP) and to complete the construction in all respects within 200 calendar days from the date of the NTP.

LIQUIDATED DAMAGES

In the event the Bidder is awarded the Contract and fails to complete the work within the time limit or extended time limit agreed upon, as more particularly set forth in the Contract Documents, liquidated damages shall be paid to the Owner based on the FDOT Standard Specifications (2007) Section 8-10 until the work has been satisfactorily completed as provided by the Contract Documents. Sundays and legal holidays shall be included in determining days in default. FDOT 8-10 Code requirements govern, and herewith made a part of the Contract.

ADDENDA

The Bidder hereby acknowledges that he has received Addenda No's. _____, _____, _____, _____ (Bidder shall insert No. of each Addendum received) and agrees that all addenda issued are hereby made part of the Contract Documents, and the Bidder further agrees that his Proposal(s) includes all impacts resulting from said addenda.

Sidewalk Enhancement Proposal Phase II

SALES AND USE TAXES

The Bidder agrees that all federal, state, and local sales and use taxes are included in the stated bid prices for the work.

Sidewalk Enhancement Proposal Phase II

BID SCHEDULE

The Bidder further Proposes to accept as full payment for the work Proposed herein the amounts computed under the Provisions of the Contract Documents and based on the following Lump Sum amounts, it being expressly understood that the Lump Sum amounts are independent of the exact quantities involved. The Bidder agrees that the lump sum prices represent a true measure of the labor and materials required to perform the work, including all allowances for overhead and Profit for each type and unit of work called for in these Contract Documents. The amounts shall be shown in both words and figures. In case of a discrepancy, the amount shown in words shall govern. . Lump SUM price line items may be deleted, reduced or increased as required by the Owner.

For this Contract, the City has established alternate scopes of work, shown as the list of bid items under each of the Scope Alternates listed in the Request for Proposal. These alternates have been established in consideration of budget constraints. The City has assigned Contract award priority for the Scope Alternates as follows:

First Priority Alternate A
Second Priority Alternate B
Third Priority Alternate C

The City intends to award the Contract to the responsible bidder with the lowest bid for the highest priority Scope Alternate for which the City determines funds are available. For the purpose of bidding, the City has established a maximum budget as follows:

Fleming Street Corridor Ramps \$149,760.00

This amount is not the City's official cost estimate for the work but is the budgetary constraint established for this contract. Submission of a bid under the maximum budget is not a guarantee of contract award and cannot be interpreted as an appropriate or awardable bid amount.

Submit bid lump sum prices for all bid items. Bids submitted without bid lump sum prices for all bid items will be rejected as irregular.
