

THE CITY OF KEY WEST

Post Office Box 1409 Key West, FL 33041-1409 (305) 809-3700

MEMORANDUM

Fish Cleaning Station – Margaret St. Plaza

Attached are the architectural renderings from William P. Horn architect to convert the pump house which currently holds both domestic and fire water RPZ's.

The structure would accommodate a fish cleaning table, available to the public, which would be plumbed into the sewer. Louver panels will help shade during high sun hours and signage will be added to the structure to make use of the exterior walls.

Key to the Caribbean – Average yearly temperature 77° F.
