Subject: [EXTERNAL] Subject: Bayview Park Proposal Lacks Public Input & Planning

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mayor and Commissioners:

I have serious concerns about Item #12 regarding Bayview Park. A new plan was presented on March 26, 2025, without being on the agenda or available for public review. It scraps years of public input, removes the splash pad (previously approved by resolution), and allocates the \$1M budget solely to turf the field.

This proposal ignores drainage problems, omits key park features like dugouts and fencing, and overlooks the historical importance of the last natural baseball field in Key West. The contractor's exclusions also leave major costs unaccounted for.

This project feels rushed and incomplete. I ask that you pause to fully evaluate planning, costs, and community input before proceeding.

Thank you,

Jeffrey Dunaway
