

KU KLUX KLAN

Now we have kept quiet quite a bit on this little piece of news but information given us is that threats of **Ku Klux Klan** in connection with the use of Bayview Park by negroes have been broached. Once again the fault lies in putting on the hooded mask and screaming terror. How much easier it would be for the same delegation to go up to city hall and convince the commissioners they were in error in permitting negroes use of a white park. How much better to band the same bunch into a group which will write telegrams to senators and congressmen, interview local club officers, in an effort to secure the negroes use of the old Navy ball park which was alongside the old sub base. At present that ground is not in use by the Navy and with the added incentive of putting into use land which is not being used by the Navy now the deal could well be swung. It takes a little of that combined civic effort which is starting to get into mo-
