Staff Report Item 7

Meeting Date: March 25, 2014

Applicant: William Shepler, Architect

Application Number: H14-01-0229

Address: #512-524 Eaton Street

Description of Work: Demolition of existing roof and exterior staircase at #524 Eaton Street. Removal of trims and roof tower at #512 Eaton Street.

Building Facts: The building located on #524 Eaton Street is listed as a non-contributing resource. The building located on #512 Eaton Street, built as a Baptist church is not listed in the surveys. The church was built between 1962 and 1965, while the two story cbs structure located on #524 Eaton was built around 1959. The church was design as a minimalist structure, with no architectural decorations. Both buildings have been altered in use and design.

The project received Planning Board approvals including Major Development Plan for the theater (extended by State Statute), Minor Development Plan, variance for setback requirements and Special exception for alcohol consumption.

Ordinance Cited in Review:

Section 102-217 (2), demolition for non-contributing or non-historic structures of the Land Development Regulations.

Section 102-217 (3), demolition for contributing or historic structures of the Land Development Regulations.

Staff Analysis

On February 24 the Commission approved with conditions plans for the rehabilitation and re adaptive use of the buildings and demolition of non-historic elements. A request to demolish the existing roof of #524 Eaton Street

was part of the application. Since the roof of the building is more than 50 years old a second reading is required per Sec. 102-217 (3) of the Land Development Regulations. The Certificate of Appropriateness proposes the demolition of the existing roof of #524 Eaton Street. A new gable roof with extended dormers is proposed on the structure built in 1959 (as it states in the 1962 Sanborn map). The Sanborn map of 1962 depicts a c.b. (concrete block) structure in question on the same site and with a recognizable footprint that was altered by later additions. The Property Appraisers records states 1968 as the date of the construction of the building. Staff was not able to find photos for the building, but still believe that the roof that is proposed to be demolished is part of the original fabric of the 1959 building. The plans also include the removal of an existing non historic staircase on the east side of the building.

For the church building, #512 Eaton Street the plans includes the removal of the non-historic top of the tower as well as removal of non-historic foam trims and moldings that were attached to the building in the 1990's as decorative elements.

It is staff's opinion that the request for the roof demolition on #524 Eaton Street can be considered by the Commission.

Planning Board Resolution

**PLANNING BOARD
RESOLUTION No. 2014-11**

A RESOLUTION OF THE CITY OF KEY WEST PLANNING BOARD APPROVING VARIANCES FOR SIDE AND REAR-YARD SETBACK REQUIREMENTS FOR PROPERTY LOCATED AT 512-524 EATON STREET (RE#00006500-000100, AK# 1006734 and RE#00006500-000100, AK#8792239) IN THE HISTORIC NEIGHBORHOOD COMMERCIAL ZONING DISTRICT, PER SECTION 122-810(6) b. & c. OF THE LAND DEVELOPMENT REGULATIONS OF THE CODE OF ORDINANCES OF THE CITY OF KEY WEST.

WHEREAS, the existing structure has legal non-conforming required yard setbacks; and

WHEREAS, Section 122-810 of the Code of Ordinances provides that the minimum allowed side-yard setback is 5 feet and minimum rear-yard setback is 15 feet; and

WHEREAS, the existing side-yard setback is 5 feet 4 inches and the existing rear-yard setback is 0 feet; and

WHEREAS, the applicant requested a variance to the existing conforming 5 feet 4 inch side-yard setback to 4 inches and to maintain the non-conforming rear-yard encroachment at 0 feet; and

WHEREAS, this matter came before the Planning Board at a duly noticed public hearing on January 23, 2014; and

 Acting Chairman

 Planning Director

WHEREAS, the Planning Board finds that special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other land, structures or buildings in the same district; and

WHEREAS, the Planning Board finds that the special conditions do not result from the action or negligence of the applicant; and

WHEREAS, the Planning Board finds that granting the variances requested will not confer upon the applicant any special privileges denied by the land development regulations to other lands, buildings or structures in the same zoning district; and

WHEREAS, the Planning Board finds that the literal interpretation of the provisions of the land development regulations would deprive the applicant of rights commonly enjoyed by other properties in this same zoning district under the terms of this ordinance and would cause unnecessary and undue hardship on the applicant; and

WHEREAS, the Planning Board finds that the variances granted are the minimum variances that will make possible the reasonable use of the land, building or structure; and

WHEREAS, the Planning Board finds that the granting of the variances will be in harmony

with the general intent and purpose of the land development regulations and that such variances will not be injurious to the area involved, the surrounding neighborhood or otherwise detrimental to the public interest or welfare; and

WHEREAS, the Planning Board finds that no nonconforming use of neighboring lands, structures, or buildings in the same district, and no permitted use of lands, structures or buildings in other districts shall be considered grounds for the issuance of any variances; and

WHEREAS, the Planning Board finds that the applicant has demonstrated a “good neighbor policy” by contacting or making a reasonable attempt to contact all noticed property owners who have objected to the variance application, and by addressing the objections expressed by those neighbors;

NOW, THEREFORE, BE IT RESOLVED by the Planning Board of the City of Key West, Florida:

Section 1. That the above recitals are incorporated by reference as if fully set forth herein.

Section 2. An approval by resolution of the Key West Planning Board for variances to allow the renovation and reconstruction of the structure per plans dated August 23 & December 27, 2013 and January 14, 2014, for property located at 512-524 Eaton Street (RE# 00006500-000000, AK

 Acting Chairman
 Planning Director

#1006734 & RE#00006500-000100, AK#8792239) in the HNC-1 zoning district per Section 122-810(6)b. & c. of the Land Development Regulations of the Code of Ordinances of the City of Key West.

Section 3. It is a condition of these variances that full, complete, and final application for all conditions of this approval for any use and occupancy for which these variances are wholly or partly necessary, shall be submitted in their entirety within two years after the date hereof; and further, that no application shall be made after expiration of the two-year period without the applicant obtaining an extension from the Planning Board and demonstrating that no change of circumstances to the property or its underlying zoning has occurred.

Section 4. The failure to fully and completely apply the conditions of approval for permits for use and occupancy pursuant to these variances in accordance with the terms of the approval as described in Section 3 hereof, shall immediately operate to terminate these variances, which variances shall be of no force or effect.

Section 5. These variances do not constitute a finding as to ownership or right to possession of the property, and assumes, without finding, the correctness of applicant's assertion of legal authority respecting the property.

Section 6. This Resolution shall go into effect immediately upon its passage and adoption

 Acting Chairman

and authentication by the signatures of the presiding officer and the Clerk of the Commission.

Section 7. This resolution is subject to appeal periods as provided by the City of Key West Code of Ordinances (including the Land Development Regulations). After the City appeal period has expired, this permit or development order will be rendered to the Florida Department of Economic Opportunity. Pursuant to Chapter 9J-1, F.A.C., this permit or development order is not effective for forty five (45) days after it has been properly rendered to the DEO with all exhibits and applications attached to or incorporated by reference in this approval; that within the forty five (45) day review period the DEO can appeal the permit or development order to the Florida Land and Water Adjudicatory Commission; and that such an appeal stays the effectiveness of the permit until the appeal is resolved by agreement or order.
