

**Historic Architectural Review Commission
Staff Report for Item 9**

To: Chairman Bryan Green and Historic Architectural Review Commission Members

From: Enid Torregrosa, MSHP
Historic Preservation Planner

Meeting Date: August 22, 2017

Applicant: Bender and Associates, Architects

Application Number: H17-03-0031

Address: #803 Emma Street

Description of Work:

Partial demolition of south side and front wall of addition.

Site Facts:

The building in question is a contributing resource and individually listed in the National Register of Historic Places (NRHP) in May 30, 2012. The American Legion Post 168, built in 1952, is a two-story reinforced concrete structure, rectangular, with a cbs addition attached to its south side. The addition was built around 1960. On 2012, the Chief Building Official declared the building unsafe and since then, the building has undergone stabilizations and required repairs. HARC has jurisdiction in all interior work done on buildings individually listed in the NRHP.

Previously, the Commission approved plans for the stabilization of the building and some rehabilitation for bathrooms, office, mezzanine, stage, and floors.

Ordinance Cited on Review:

- Section 102-217 (3), demolition for contributing and historic structures of the Land Development Regulations for the partial demolition of side and front wall.

Staff Analysis

This report is for the request for partial demolition of side and front concrete walls on an addition that is historic but that is obscuring character-defining features of the historic VFW building. The proposal will liberate the side yard in order to accommodate a much-needed ADA access to the building. The plan includes a reconstruction of the new wall, matching existing in materials, but set back five feet from the side property line. In this specific case, due to the size of the footprint of the building, which almost covers the lot; the design is the most appropriate solution to comply with federal regulations.

It is staff's opinion that the review of the request for the proposed demolition should be based by the demolition criteria of Chapter 102 Section 218 of the LDR's. The criteria state the following;

(a) The historic architectural review commission shall issue a certificate of appropriateness for an application for demolition:

- (1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration or it does not meet any of the criteria of section 102-125(1) through (9).*

The walls in question are not irrevocable compromised by extreme deterioration.

The following is the criteria of section 102-125:

- 1 Embodies no distinctive characteristics of a type, period, or method of construction of aesthetic or historic significance in the city and is not a significant and distinguishable building entity whose components may lack individual distinction;*

Staff opines that the walls have no distinctive characteristics of a type or method of construction. The walls are not part of the original fabric and do not possess any architectural features.

- 2 Is not specifically associated with events that have made a significant contribution to local, state, or national history;*

It is staff opinion that in the main structure significant events have happened in the site that have contributed to local, state, and national history. Nevertheless, those events are associated with the original building-the Hall, from which the side wall is not an integral part of.

- 3 Has no significant character, interest, or value as part of the development, heritage, or cultural characteristics of the city, state or nation, and is not associated with the life of a person significant in the past;*

The wall in question has no significant value as part of a development, heritage, or cultural record of the city.

- 4 *Is not the site of a historic event with a significant effect upon society;*

The site is associated to significant events in the history of our city; still, the wall in question is not an intrinsic portion of the original fabric.

- 5 *Does not exemplify the cultural, political, economic, social, or historic heritage of the city;*

The wall in question is not an example of any social, cultural, or historic heritage of the city.

- 6 *Does not portray the environment in an era of history characterized by a distinctive architectural style;*

The wall in question is not an example of a distinctive architectural style.

- 7 *If a part of or related to a square, park, or other distinctive area, nevertheless should not be developed or preserved according to a plan based on the area's historic, cultural, natural, or architectural motif;*

The wall in question is not part of a park, square or distinctive area in the city.

- 8 *Does not have a unique location or singular physical characteristic which represents an established and familiar visual feature of its neighborhood or of the city, and does not exemplify the best remaining architectural type in a neighborhood; and*

The wall in question does not exemplify a remaining architectural type in its neighborhood and does not possess any significant visual features.

- 9 *Has not yielded, and is not likely to yield, information important in history.*

The wall in question does not yield information in history.

In conclusion, it is staff's opinion that the Commission can consider the request for demolition proposed in the plans as they comply with the criteria for demolition stated under the Land Development Regulations.

If the Commission approves the partial demolition of the wall, a second reading will be required.

CITY OF KEY WEST
CERTIFICATE OF APPROPRIATENESS
APENDIX FOR DEMOLITIONS
APPLICATION NUMBER H- H-17-02-0031

This document applies only to those properties located within the City of Key West Historic Zoning Districts, properties outside the historic zoning districts which are listed as contributing in the Historic Architectural Survey and or properties listed in the National Register of Historic Places.

Applications must meet or exceed the requirements outlined by the Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitation and the Key West's Historic Architectural Guidelines. Once submitted, the application shall be reviewed by staff for completeness and scheduled for presentation to the Historic Architectural Review Commission for the next available meeting, unless the demolition request is for a *bona fide* Code Compliance case, in which case staff may review and approve the demolition request. **The applicant must be present at this meeting. Any person that makes changes to an approved Certificate of Appropriateness must submit a new application with such modifications.**

The filing of this application does not ensure approval as submitted. Applications that do not possess the required submittals or documentation will be considered incomplete and will not be reviewed for approval.

CRITERIA FOR DEMOLITIONS

Before any Certificate of Appropriateness may be issued for a demolition request, the Historic Architectural Review Commission must find that the following requirements are met (please review and comment on each criterion that applies);

- (1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration or it does not meet any of the following criteria:

- (a) The existing condition of the building or structure is irrevocably compromised by extreme deterioration.

OR THAT THE BUILDING OR STRUCTURE;

- (a) Embodies no distinctive characteristics of a type, period, or method of construction of aesthetic or historic significance in the city and is not a significant and distinguishable building entity whose components may lack individual distinction.

The proposed demolition is taking place on a CBS kitchen addition to the building, which was constructed circa 1960.

- (b) Is not specifically associated with events that have made a significant contribution to local, state, or national history.

The kitchen addition is not specifically associated with any important events.

- (c) Has no significant character, interest, or value as part of the development, heritage, or cultural characteristics of the city, state or nation, and is not associated with the life of a person significant in the past.

The addition has no significant character.

- (d) Is not the site of a historic event with a significant effect upon society.

The kitchen addition was not the site of a historic event.

- (e) Does not exemplify the cultural, political, economic, social, or historic heritage of the city.

The kitchen addition does not exemplify the heritage of the City.

- (f) Does not portray the environment in an era of history characterized by a distinctive architectural style.

The kitchen addition is not a distinct style.

- (g) If a part of or related to a square, park, or other distinctive area, nevertheless should not be developed or preserved according to a plan based on the area's historic, cultural, natural, or architectural motif.

- (h) Does not have a unique location or singular physical characteristic which represents an established and familiar visual feature of its neighborhood or of the city, and does not exemplify the best remaining architectural type in a neighborhood.

- (i) Has not yielded, and is not likely to yield, information important in history.

The kitchen addition is not likely to yield any information important in history.

CITY OF KEY WEST
CERTIFICATE OF APPROPRIATENESS
APENDIX FOR DEMOLITIONS
APPLICATION NUMBER H-H-17-03-0031

(2) For a contributing historic or noncontributing building or structure, a complete construction plan for the site is approved by the Historic Architectural Review Commission.

(a) A complete construction plan for the site is included in this application

Yes Number of pages and date on plans 15 pages, dated 7/1/17.

No Reason _____

The following criteria will also be reviewed by the Historic Architectural Review Commission for proposed demolitions. The Commission shall not issue a Certificate of Appropriateness that would result in the following conditions (please review and comment on each criterion that applies);

(1) Removing buildings or structures that are important in defining the overall historic character of a district or neighborhood so that the character is diminished.

The character of the neighborhood will not be diminished by removing a portion of the kitchen addition.

(2) Removing historic buildings or structures and thus destroying the historic relationship between buildings or structures and open space; and

AND

(3) Removing an historic building or structure in a complex; or removing a building facade; or removing a significant later addition that is important in defining the historic character of a site or the surrounding district or neighborhood.

The kitchen addition is not important in defining the historic character of the site.

(4) Removing buildings or structures that would otherwise qualify as contributing.

The kitchen addition is not contributing.

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

*I hereby certify I am the owner of record and that the work shall conform to all applicable laws of this jurisdiction. By receiving a Certificate of Appropriateness, I realize that this project will require a Building Permit, approval **PRIOR** to proceeding with the work outlined above and that there will be a final inspection required under this application. I also understand that any changes to an approved Certificate of Appropriateness must be submitted for review.*

HISTORIC PHOTOS

Front (Emma Street) façade. Addition at right side will be partially removed to provide ADA and emergency egress access to the building. The windows will be replaced with metal impact louvered units matching the historic windows.

Front (Emma Street) façade. The original glass block around the entry doors will be reconstructed. The historic entry door at left will be restored. The windows will be replaced with metal impact louvered units matching the historic windows.

AMERICAN LEGION 803 EMMA EXISTING and HISTORIC PHOTOS

The side (north) façade of the building. All of the windows will be replaced with metal impact louvered units matching the historic windows. Several historic window openings in this facade have been infilled with concrete. The openings will be uncovered and windows matching the historic configuration will be installed.

The rear (east) façade. The windows will be replaced with metal louvered impact units matching the historic windows.

AMERICAN LEGION 803 EMMA EXISTING and HISTORIC PHOTOS

Rear side of addition. This addition was built later, and contains an existing kitchen. Approximately 4 feet of the left side of this addition will be removed to provide ADA and emergency egress access to the building. The windows will be replaced with metal louvered impact units matching the historic windows.

General view of addition at right side of building. This addition was built later, and contains an existing kitchen. Approximately 4 feet of the right side of this addition will be removed to provide ADA and emergency egress access to the building.

General view of interior of building, looking east towards the stage. The historic Cuban tile flooring will be restored. The historic trusses will be sealed. The historic balconies will be repaired, and metal mesh panels will be added behind them to provide guardrail protection required by the FBC. All of the structural

upgrades to the trusses and spalling repair was completed in 2013.

General view of historic stage. The Cuban tile flooring will be restored. Walls will be painted, and the trusses will be cleaned and sealed. The large A/C units at left and right will be removed. This stage has hosted entertainers such as KC and the Sunshine Band and James Brown.

General view of the mezzanine at the south side of the building. The windows will be replaced with metal louvered impact units matching the historic windows. The historic balconies will be repaired, and metal mesh panels will be added behind them to provide guardrail protection required by the FBC. The wood flooring will be repaired and painted.

General interior view of kitchen addition at south side of building. Approximately 4 feet of the left side of this addition will be removed to provide ADA and emergency egress access to the building.

General view of existing bar. The bar will be cleaned, repaired and painted. The Cuban tile flooring will be restored. This bar was constructed in the 1990s, and replaced the historic horseshoe-shaped bar, which can be seen in historic photos. The profile of this bar can still be seen in the floor. The horseshoe bar will be reconstructed at a later date.

HISTORIC PHOTOS

This 1965 photo building shows the original configuration of the building. The glass block trim around the entries will be restored. All of the windows will be replaced with units matching this configuration.

Interior view of building, looking towards stage. this photo was taken circa early 1950s.

The original horseshoe-shaped bar is seen in this photo, date unknown. The bar is topped with broken Cuban tile set in mortar. The bar will be reconstructed when funds allow.

This view of the main hall is taken from the stage, circa early 1960s.

Members of both the VFW Post 6021 and the American Legion Post 168 line up in this photo, taken on the stage. Date unknown.

PRESERVATION NOTES:

1. MATCH ORIGINAL HISTORIC MATERIAL, TEXTURES AND FINISHES. THE ARCHITECT WILL BE THE SOLE JUDGE AS TO WHAT CONSTITUTES AN APPROPRIATE MATCH.
2. REMOVE ALL AREAS IDENTIFIED BY THE ARCHITECT AS INAPPROPRIATE OR NOT MATCHING THE ADJACENT HISTORIC FABRIC.
3. TAKE ALL APPROPRIATE MEASURES NECESSARY TO CORRECT INTERIOR WORK AS IDENTIFIED BY THE ARCHITECT.
4. PROTECT HISTORIC FABRIC DURING ALL OPERATIONS. NO HISTORIC MATERIALS SHALL BE REMOVED FROM THE SITE WITHOUT PRIOR APPROVAL OF ARCHITECT. THE ARCHITECT RESERVES THE RIGHT TO HAVE INDIVIDUAL WORKMEN REMOVED FROM INDIVIDUAL ACTIVITIES OR THE PROJECT ENTIRELY, IF IN THE ARCHITECT'S JUDGEMENT, THE QUALITY OF WORK BEING PERFORMED IS INAPPROPRIATE, INFERIOR, OR DETRIMENTAL TO HISTORIC MATERIALS.
5. REFER TO PHOTOGRAPHIC DETAILS IN THE SPECIFICATIONS FOR ADDITIONAL HISTORIC PRESERVATION INFORMATION AND PROJECT REQUIREMENTS.
6. ALL WORK MUST COMPLY WITH THE SECRETARY OF THE INTERIORS STANDARDS FOR REHABILITATION, AS ADMINISTERED BY THE FLORIDA DEPARTMENT OF STATE, DIVISION OF HISTORIC RESOURCES.
7. DUE TO THE SENSITIVE HISTORIC NATURE OF THIS PROJECT, GENERAL CONTRACTORS AND CERTAIN TRADES MUST MEET PREQUALIFICATION REQUIREMENTS. REFER TO SUPPLEMENTARY GENERAL CONDITIONS, SECTION 02000. HISTORIC FINISHES AND FURNING MAY BE INTACT UNDER CONTEMPORARY FINISHES. CONSULT ARCHITECT BEFORE REMOVAL OF QUESTIONABLE HISTORIC OR NON-HISTORIC MATERIAL.
8. WHERE THE TERM 'RESTORE' IS USED THROUGHOUT THESE DOCUMENTS, THE INTENT IS TO RETURN AN ITEM, FINISH, OR MATERIAL TO ITS HISTORIC CONFIGURATION AND/OR CONDITION. THE LEAST INTRUSIVE METHOD REQUIRED SHOULD BE USED FIRST: CLEAN, PATCH, OR REPLACE USING AN IN-KIND MATERIAL, I.E. BRONZE FOR BRONZE, CONCRETE FOR CONCRETE, CORAL STONE FOR CORAL STONE, ETC. COORDINATE ALL REQUIREMENTS FOR 'RESTORATION' WITH ARCHITECT.
9. THE AMERICAN LEGION BUILDING IS A STATE AND LOCAL HISTORIC SITE.

THE SECRETARY OF INTERIOR STANDARDS FOR REHABILITATION:

- (a) The following Standards for Rehabilitation are the criteria used to determine if a rehabilitation project qualifies as a certified rehabilitation. The intent of the Standards is to assist the long-term preservation of a property's significance through the preservation of historic materials and features. The Standards pertain to historic buildings of all materials, construction types, sizes, and occupancy and encompass the exterior and the interior of historic buildings. The Standards also encompass related landscape features and the building's site and environment, as well as attached, adjacent, or related new construction. To be certified, a rehabilitation project must be determined by the Secretary to be consistent with the historic character of the structure(s) and, where applicable, the district in which it is located.
- (b) The following Standards are to be applied to specific rehabilitation projects in a reasonable manner, taking into consideration economic and technical feasibility. (The application of these Standards to rehabilitation projects is to be the same as under the previous version so that a project previously acceptable would continue to be acceptable under these Standards.)
- (1) A property shall be used for its historic purpose or be placed in a new use that requires minimal change to the defining characteristics of the building and its site and environment.
 - (2) The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.
 - (3) Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or architectural elements from other buildings, shall not be undertaken.
 - (4) Most properties change over time; those changes that have acquired historic significance in their own right shall be retained and preserved.
 - (5) Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a historic property shall be preserved.
 - (6) Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary, physical, or pictorial evidence.
 - (7) Chemical or physical treatments, such as sandblasting, that cause damage to historic materials shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.
 - (8) Significant archeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.
 - (9) New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.
 - (10) New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.
- (c) The quality of materials and craftsmanship used in a rehabilitation project must be commensurate with the quality of materials and craftsmanship of the historic building in question. Certain treatments, if improperly applied, or certain materials by their physical properties, may cause or accelerate physical deterioration of historic buildings. Inappropriate physical treatments include, but are not limited to: improper repainting techniques; improper exterior masonry cleaning methods; or improper introduction of insulation where damage to historic fabric would result. In almost all situations, use of these materials and treatments will result in denial of certification. Similarly, exterior additions that duplicate the form, material, and detailing of the structure to the extent that they compromise the historic character of the structure will result in denial of certification. For further information on appropriate and inappropriate rehabilitation treatments, owners are to consult the Guidelines for Rehabilitating Historic Buildings published by the NPS. "Preservation Briefs" and additional technical information to help property owners formulate plans for the rehabilitation, preservation, and continued use of historic properties consistent with the intent of the Secretary's Standards for Rehabilitation are available from the SHPOs and NPS regional offices. Owners are responsible for procuring this material as part of property planning for a certified rehabilitation.

PROJECT STATISTICS - 803 EMMA STREET
LOT DESCRIPTION: SEE SURVEY.

FEMA FLOOD ZONE: AE-6
FINISH FLOOR ELEVATION: +6.91'
ZONING DESIGNATION: HNC-3 (HISTORIC NEIGHBORHOOD COMMERCIAL)
LOT AREA: 100 X 65 = 6500 S.F.
BUILDING CONDITIONED AREA: 43% S.F.

SETBACKS:	REQUIRED/ALLOWED	EXISTING:	PROPOSED:
BUILDING HEIGHT:	30' MAXIMUM	27'-10"	27'-10" (NO CHANGE)
FRONT SETBACK:	0' MINIMUM	0'	0' (NO CHANGE)
SIDE YARD SETBACK:	5' MINIMUM	18'	18' (NO CHANGE)
STREET SIDE SETBACK:	7.5' MINIMUM	N/A	N/A
REAR SETBACK:	15' MINIMUM	8'-6"	8'-6" (NO CHANGE)
IMPERVIOUS SURFACE:	MAX. 60% OF LOT AREA	5,250 / 6,500 = 80.7%	5,234 / 6,500 = 80.5%
BUILDING COVERAGE:	MAX. 40% OF LOT AREA	5,068 / 6,500 = 77.9%	4,916 / 6,500 = 75.6%
F.A.R.:	1.0	4526 / 6500 = .69	43% / 6500 = .67

OPEN SPACE CALCULATIONS	REQUIRED/ALLOWED	EXISTING:	PROPOSED:
OPEN SPACE	35% MINIMUM	19.1%	19.5%

PROPOSED OPEN SPACE CALCULATIONS:

BUILDING AND OVERHANGS:	4,916 S.F.
CONC. WALKWAYS	318 S.F.
TOTAL 'CLOSED' SPACE:	5,234 S.F. / 6,500 S.F. = 80.5%
TOTAL 'OPEN' SPACE:	100% - 80.5% = 19.5% OPEN SPACE

SINGLE/DOUBLE HUNG WINDOWS WITH SOLAR CONTROL LOUVERS - SERIES 540

1. GENERAL

Single/Double Hung windows with solar control louvers as shown in the architectural drawings shall be Series 540 as manufactured by SOL-A-TROL Aluminum Products, Miami Fla. and shall meet or exceed AAMA specifications for DH-HC-75. Large missile impact resistant models have Miami-Dade County product approval for a maximum design pressure of +106.7 –210.0 PSF.

2. MATERIAL

Extruded aluminum 6063-T6 (Alloy and Temper)

3. CONSTRUCTION

FRAME: The window frame shall be .078" thick, 5 1/2" deep.

SASH: All sash members shall have a minimum thickness of .062" tubular horizontal sections with continuous lift.

4. HARDWARE

LOUVERS: Operators shall be white bronze locking cam handles allowing louvers to remain stationary at any position, automatically locking in closed

NOTICE OF ACCEPTANCE

position.

SASH: Balance with take out sash system, which shall hold sash stationary at any position and allow removal from frame without the use of tools. Spring-loaded lock shall lock sash in closed position.

5. WEATHERSTRIPPING

SASH: Double weatherstripping located inside and out of full perimeter using pile with fin.

FRAME: Continuous stainless steel compression type between jamb and louver clip.

LOUVER: Vinyl flap in keyway at the top of each louver and at keyway in sill. (Optional)

6. LOUVERS

Extruded aluminum with an L-shaped structural leg running the full length of the louvers which are 4" deep and have a minimum wall thickness of .062". Optional louvers are of double tubular construction and large missile impact resistant. Clips retaining louvers shall be formed from 5005-H34 aluminum .051" thick and fastened to louvers with pop-rivets or stainless steel screws into pre-punched holes.

7. FINISHES

Electro-statically applied baked enamel.

Clear Anodized.

Bronze Hardcoat.

Kynar 500.

8. GLAZING

The glass shall be as specified under Glass and Glazing section with a maximum thickness of 1/2", and held in place with extruded snap-in type glazing bead.

9. SCREENS

Standard screens shall be roll formed aluminum box frame fitted in pockets in frame. Optional screens shall be extruded box frame. Screen frame shall

be screened with 18 x 16 mesh charcoal fiberglass screen cloth

NOTICING

Public Meeting Notice

The Historic Architectural Review Commission will hold a public meeting at 5:30 p.m., August 22, 2017 at City Hall, 1300 White Street, Key West, Florida. The purpose of the hearing will be to consider a request for:

INTERIOR AND EXTERIOR RENOVATIONS TO AN INDIVIDUALLY LISTED IN THE NRHP. LIFE SAFETY AND ADA UPGRADES. NEW SOUTHEAST SIDE WALL. PARTIAL DEMOLITION OF SOUTHEAST SIDE AND FRONT WALL . #803 EMMA STREET

Applicant – Bender and Associates Application #17- 03-0031

If you wish to see the application or have any questions, you may visit the Planning Department during regular office hours at 1300 White Street, call 305-809-3973 or visit our website at www.cityofkeywest-fl.gov.

THIS NOTICE CAN NOT BE REMOVED FROM THE SITE UNTIL HARC FINAL DETERMINATION

ADA ASSISTANCE: It is the policy of the City of Key West to comply with all requirements of the Americans with Disabilities Act (ADA). Please call the TTY number at 800-955-8771 or 800-955-8770 (Voice) or the ADA Coordinator at 305-809-3811 at least five business days in advance for sign language interpreters, assistive listening devices, or materials in accessible format.

HARC POSTING AFFIDAVIT

STATE OF FLORIDA:
COUNTY OF MONROE:

BEFORE ME, the undersigned authority, personally appeared DAVID SALAY, who, first being duly sworn, on oath, depose and says that the following statements are true and correct to the best of his/her knowledge and belief:

1. That a legal notice for Public Notice of Hearing of the Historic Architectural Review Commission (HARC) was placed on the following address:

803 EMMA on the 14TH day of AUGUST, 2017.

This legal notice(s) contained an area of at least 8.5"x11".

The property was posted to notice a public hearing before the Key West Historic Architectural Review Commission to be held on AUGUST 22, 2017.

The legal notice(s) is/are clearly visible from the public street adjacent to the property.

The Certificate of Appropriateness number for this legal notice is 17-03-0031.

2. A photograph of that legal notice posted in the property is attached hereto.

Signed Name of Affiant:

[Signature]
Date: 8/14/17

Address: 410 ANGELA ST.

City: KEY WEST

State, Zip: FL 33040

The forgoing instrument was acknowledged before me on this 14TH day of AUGUST, 2017.

By (Print name of Affiant) DAVID SALAY who is personally known to me or has produced _____ as identification and who did take an oath.
