

RE: CITY OF KEY WEST
MOBILE VENDOR LICENSE

10/11

Dear Mr. Scholl:

RECEIVED

OCT 19 2011

CITY MANAGER

My name is Terina Trujomshin. I am a licensed mobile vendor in the city of Key West and have been since 2003. I am writing you today to ask that you allow me to transfer the license on a hardship. My hardship being that we have moved back to Michigan because of my husband's & father's illnesses. My husband has macular degeneration. We go to Crittenton hospital every month for an injection of lucentis in his eye. I also am a caregiver for my 88 yr. old father. My sister & I alternate days taking care of him.

The person I would love to transfer the license to is DAVID EINHORN. Mr. Einhorn is a native to Key West. His whole family have deep seated roots in Key West and are a fine upstanding family. David will be a welcome addition to the list of mobile vendors.

Please consider this as soon as possible; as Mr. Einhorn is very anxious to start his new life as a mobile vendor.

Living and working in Key West was truly
one of the biggest blessings in my life. I will
cherish the memories forever.

I shall be looking forward to hearing
from you in the near future. If you have
any questions or concerns, please feel free
to call me. Thank you very much, Mr. Gall.

Sincerely,
CECILIA PRYJOMSKI
