

THE CITY OF KEY WEST

3140 Flagler St,
Key West, Florida 330-40

ADDENDUM #1
Ornamental Fencing Replacement
Invitation to Bid: 12-029
13 July 2012

This Addendum is issued as supplemental information to the bid package for clarification of certain matters of both a general and a technical nature. The referenced bid package is amended in accordance with the following items:

1. The Engineering cost estimate for this project is \$1,600,000 dollars
2. A valid, current Florida Contractors License is required under this contract. Proof shall be submitted with the bid.
3. A single Right Of Way Permit (\$50) is required under this project to cover all locations. Contractor shall evaluate each location and develop a MOT program.
4. Contractor is to be aware that while working on the mole a cruise ship may be present. Contractor's efforts shall not impede traffic flow while a cruise ship is present.
5. All Contractor and subcontractor employees working on the project sites shall be in possession of a Rapid Pass ID Card. Contractor shall include in his bid cost to obtain.
6. Aerial: Replace the site location aerals with those the attached.
7. Estimated Quantities for Fencing Repair ITB 12-029: Delete this sheet.
8. Bid Sheet: A revised bid sheet is attached.
9. From September 12 to September 21, 2012 the U.S. Navy will be holding a UNITAS Exercise at the Mole. No work will be permitted in the Mole Port Operations Area during this time. No temporary fencing will be allowed to secure the Mole Port Operations Area during this period
10. In November 2012 the annual Power Boat Races (1 week) will occur and no work will be permitted at the Mole Port Operations area. No temporary fencing will be allowed to secure the Mole Port Operations area during this period
11. Contractor is responsible for clearing as required to access work. Established landscaping shall be returned to its original condition. Mangroves shall be tied

- back out of work area or a trimming permit received from the required agencies at the cost of the contractor.
12. Temporary fencing that is required to remain overnight to secure and area shall have top and bottom rails, 8 feet in height and verticals embedded 2 feet deep in concrete.
 13. Contractor shall be required to install sufficient intermediate posts to ensure that the installed fencing will meet the 140mph wind load requirement. Contractor shall contact manufacturer to determine maximum span before an intermediate post is required
 14. Fence Anchors: shall have a minimum embedment depth of 4 inches and shall be 3/8" diameter
 15. Fence Anchors: Existing Fence anchors and other mounting hardware (section 14) shall be completely removed or cut back in such a way that a minimum of 1-3/4" concrete cover is provided in addition to the stucco finish. Restoration of area after anchor removal is NOT considered a spall repair.
 16. At the junction of Section 12 and Section 13, there is a curved portion of fencing at this location. This section may be replaced with a straight section.
 17. Salvage: Contractor shall carefully remove 1,500 lf of fencing (to be determined) by the City and deliver to a designated storage site within the City Of Key West
 18. Paint: Paint for concrete works shall be Sherwin-Williams A-100 Exterior Acrylic Latex Paint (or equivalent): Bright White
 19. Privacy Mesh: Shall be installed on sections 3, 11 and 12. See following website: <http://www.fencescreen.com/Products/200-Series-Privacy-Screen.aspx> Color: Black
 20. Concrete Works: The concrete curb to be installed on section 10 shall match the existing concrete curb on the adjacent section 8. The curb shall have two #4 rebar with 3 inches of concrete cover. See detail on Sheet C-5 (Detail 10.1)
 21. Concrete Caps: All existing caps in section 5A shall be removed and replaced with the caps shown on Sheet C-5 (Details 4.1 and 4.2)
 22. Concrete Works: Contractor will be required to perform curb repairs along section 1 in accordance with the attached detail shown on Sheet C-6. Contractor shall identify defective concrete and quantities and verify with the City's Representative.

All Bidders shall acknowledge receipt and acceptance of this Addendum No 5 by acknowledging Addendum in their proposal or by submitting the addendum with the bid package. Bids submitted without acknowledgement or without this Addendum may be considered non-responsive

City of Key West Project No.: ITB 12-029

Bidder's contact for additional information on this Bid:

Company Name: _____

Contact Name: _____

Telephone: _____

BIDDER'S DECLARATION AND UNDERSTANDING

The undersigned, hereinafter called the Bidder, declares that the only persons or parties interested in this Bid are those named herein, that this Bid is, in all respects, fair and without fraud, that it is made without collusion with any official of the Owner, and that the Bid is made without any connection or collusion with any person submitting another Bid on this Contract.

The Bidder further declares that he has carefully examined the Contract Documents for the construction of the project, that he has personally inspected the site, that he has satisfied himself as to the quantities involved, including materials and equipment, and conditions of work involved, including the fact that the description of the quantities of work and materials, as included herein, is brief and is intended only to indicate the general nature of the Work and to identify the said quantities with the detailed requirements of the Contract Documents, and that this Bid is made according to the provisions and under the terms of the Contract Documents, which Documents are hereby made a part of this Bid.

The Bidder further agrees, as evidenced by signing the Bid, that if awarded a Contract, the Florida Trench Safety Act and applicable trench safety standards will be complied with.

CONTRACT EXECUTION AND BONDS

The Bidder agrees that if this Bid is accepted, he will, within 10 days, not including Sundays and legal holidays, after Notice of Award, sign the Contract in the form annexed hereto, and will at that time, deliver to the Owner examples of the Performance Bond and Payment Bond required herein, and evidence of holding required licenses and certificates, and will, to the extent of his Bid, furnish all machinery, tools, apparatus, and other means of construction and do the Work and furnish all the materials necessary to complete all work as specified or indicated in the Contract Documents.

CERTIFICATES OF INSURANCE

Bidder agrees to furnish the Owner, before commencing the Work under this Contract, the certificates of insurance as specified in these Documents.

START OF CONSTRUCTION AND CONTRACT COMPLETION TIMES

The Bidder agrees to begin work within 10 calendar days after the date of the Notice to Proceed and to achieve Substantial Completion within 150 calendar days from the date when the Contract Times commence to run as provided in paragraph 2.03.A of the General Conditions, and Work will be completed and ready for final payment and acceptance in accordance with paragraph 14.07 of the General Conditions within 150 calendar days from the date when the Contract Times commence to run.

LIQUIDATED DAMAGES

In the event the Bidder is awarded the Contract, Owner and Bidder recognize that time is of the essence of this Agreement and that Owner will suffer financial loss if the Work is not completed within the times specified in paragraph Start of Construction and Contract Completion Times above, plus any extensions thereof allowed in accordance with Article 12 of the General Conditions. Owner and Bidder also recognize the delays, expense, and difficulties involved in proving in a legal or other dispute resolution proceeding the actual loss suffered by Owner if the Work is not completed on time. Accordingly, instead of requiring any such proof, Owner and Bidder agree that as liquidated damages for delay (but not as a penalty) Bidder shall pay Owner **\$200** per day for each day that expires after the time specified for substantial completion.

After Substantial Completion, if Bidder neglects, refuses, or fails to complete the remaining Work within the Contract Times or any Owner-granted extension thereof, Bidder shall pay Owner **\$200** for each day that expires after the time specified in paragraph Start of Construction and Contract Completion Times, above for completion and readiness for final payment. Liquidated damages shall run concurrent.

Owner will recover such liquidated damages by deducting the amount owed from the final payment or any retainage held by Owner.

ADDENDA

The Bidder hereby acknowledges that he has received Addenda Nos. _____, _____, _____, _____, _____, (Bidder shall insert No. of each Addendum received) and agrees that all addenda issued are hereby made part of the Contract Documents, and the Bidder further agrees that his Bid(s) includes all impacts resulting from said addenda.

SALES AND USE TAXES

The Bidder agrees that all federal, state, and local sales and use taxes are included in the stated Bid Prices for the Work. Cash allowances DO NOT include any sales and use tax. Equipment allowance includes taxes as shown in Equipment Suppliers' Bid.

PUBLIC ENTITY CRIMES

“A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.”

COMBINED UNIT PRICE AND LUMP SUM WORK

The Bidder further proposes to accept as full payment for the Work proposed herein the amounts computed under the provisions of the Contract Documents. For unit price bid items, the estimate of quantities of work to be done is tabulated in the Proposal and, although stated with as much accuracy as possible, is approximate only and is assumed solely for the basis of calculation upon which the award of Contract shall be made. For lump sum bid items, it is expressly understood that the amounts are independent of the exact quantities involved. The Bidder agrees that the amounts for both unit price and lump sum work represent a true measure of labor and materials required to perform the Work, including all allowances for inspection, testing, overhead and profit for each type of work called for in these Contract Documents. The amounts shall be shown in both words and figures. In case of discrepancy, the amount shown in words shall govern.

SPALLING AND STUCCO REPAIR

All quantities for masonry are estimated. As each phase or section of work begins, the Contractor shall mark and measure areas to be repaired. Actual quantities of such work shall be paid at the prescribed unit prices.

Bidder will complete the Work in accordance with the Contract Documents for a fixed fee price.

Truman Annex Itemized Unit Prices

Item	Description	Quantity	Unit	Rate	Cost
1	RAPID Gate costs	1	LS		
2	Concrete spall repairs on columns	100	SF		
3	Stucco Repairs	500	SF		
4	Paint Columns & Curbs 2 Coats (Per LF of fencing)	5972	LF		
5	Demolition and removal of short caps: Sheet C-3	40	EA
