The City of Key West
3140 Flagler Avenue
Key West, Florida 33040

REF: Night time construction operations along Truman Avenue (C-001)
Project FIN: 430670-1-52-01
Contract: E-6I33
Fed Aid No.: N/A
Description: SR5/Truman Ave from Whitehead Street to Eisenhower Drive; Key West
County: Monroe, Florida

To Whom It May Concern:

We are requesting that the City of Key West provide a resolution to allow construction to occur between the hours of 8pm and 5am for milling and resurfacing paving operations along Truman Avenue from Eisenhower Drive to Whitehead Street. This will allow the construction to be substantially completed in 140 days and reduce impact to the start of the 2015 October tourist traffic. In addition, the closures for the paving of intersections and driveway harmonization's can be done during the night at non-peak hours.

The night work generally consists of milling existing pavement and resurfacing with new asphalt. Equipment used for this type of work can include but not be limited to milling and paving machines, roller/compactors and dump/delivery trucks. Other work for sidewalk construction and ADA compliance will be done during the daytime since it will not significantly impact traffic.

The contractor will inform the businesses and residences along the project a week in advance of the night work if they are within 100 feet of the operation. Thank you for your consideration on this matter. Please contact me if you have any questions 954-775-6949.

Sincerely,

Jacki Hart, EI
