

## EXECUTIVE SUMMARY

**To:** James K. Scholl, City Manager  
**Through:** Patrick Wright, Planning Director  
**From:** Melissa Paul-Leto, Planner Analyst  
**Meeting Date:** December 5, 2017

**RE:** **Easement – 919-921 Duval Street (RE # 00017780-000000)** – A request for an easement in order to maintain a wood framed awning, second floor porch molding, and a stepped parapet molding that encroaches onto the Duval Street right-of-way approximately 347 square feet more or less located within the Historic Residential Commercial Core (HRCC-1) Zoning District.

### ACTION STATEMENT:

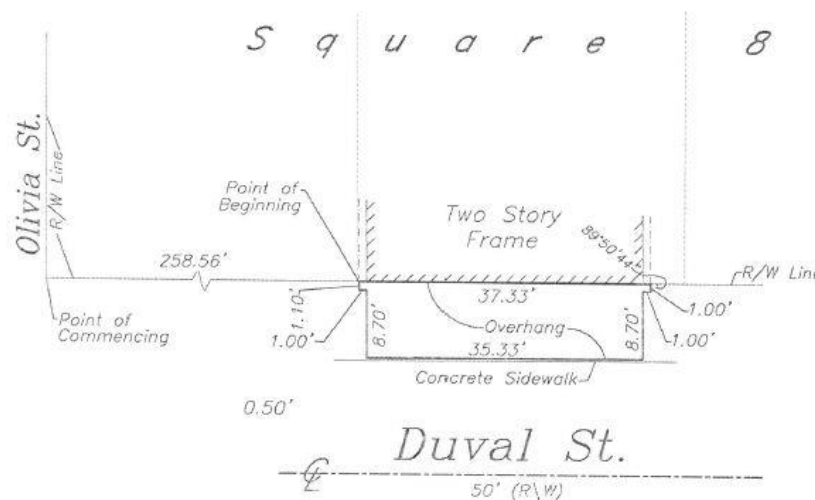

Request: To grant an easement in order to address the encroachment of an existing awning, second floor porch molding, and a stepped parapet molding that encroaches approximately 347 square feet more or less within Duval Street right-of-way.

Applicant: Lee Mattingly of Mattingly Construction, Inc.

Property Owner: Club Duval, Inc.

Location: 919-921 Duval Street (RE # 00017780-000000)

Zoning: Historic Residential Commercial Core (HRCC-1) Zoning District

**BACKGROUND:**

The property contains a two-story framed commercial building. The building is a contributing structure within the Historic District, circa 1889. The existing encroachment can be seen on a Sanborn map dated back to 1962. This is a request for an easement to address the encroachment pursuant to Section 2-938 of the Code of Ordinances of the City of Key West. The easement request is for 347 square feet more or less within Duval Street right-of-way.

**City Actions:**

City Commission: December 5, 2017  
Development Review Committee: October 26, 2017

**PLANNING STAFF ANALYSIS:**

As described in the Specific Purpose Survey drawn by J. Lynn O’Flynn, PSM of J. Lynn O’Flynn, Inc., dated May 15, 2017, the portion of the structure for this easement request is for 347 square feet more or less onto Duval Street right-of-way.

If the request for an easement over City-owned land is granted, then the owner would be required to pay an annual fee of \$400.00 to the City for the use of the 448 square feet, more or less, of city property pursuant to Code Section 2-938(b)(3). The annual fee would be prorated based on the effective date of the easement.

**Options / Advantages / Disadvantages**

**Option 1.** Approve the easement with the following conditions:

1. Prior to the easement becoming effective, the Grantee shall obtain Commercial General Liability insurance that extends coverage to the property that is governed by this easement with limits of no less than \$1,000,000. Coverage must be provided by an insurer authorized to conduct business in the State of Florida and with terms and conditions consistent with the latest version of the Insurance Service Office’s (ISO) latest filed Commercial General Liability form.
2. The easement shall terminate upon the removal of the awning, second floor porch molding, and the stepped parapet molding.
3. The City may unilaterally terminate the easement upon a finding of public purpose by vote of the Key West City Commission.
4. The owner shall pay the annual fee of \$400.00 specified in Code Section 2-938(b) (3).
5. The owner shall irrevocably appoint the City Manager as its agent to permit the removal of the encroachment if the annual fee required by the Code of Ordinances is not paid.
6. The existing structure shall be the total allowed construction within the easement area.
7. The easement area shall not be used in site size calculations such as lot, yard, and bulk calculations for site development.

**Consistency with the City’s Strategic Plan, Vision and Mission:** Granting the requested easement would not be inconsistent with the Strategic Plan.

**Financial Impact:** The City would collect \$400.00 annually as part of the approval of the easement. There would be no cost to the City for granting the easement.

**Option 2.** Deny the easement based on findings that the City's needs outweigh the request.

1. The owner will obtain the appropriate permits for the removal of all items that encroach onto the City right-of-way
2. All encroachments on the City right-of-way will be removed within 90 days.

**Consistency with the City's Strategic Plan, Vision and Mission:** Denial of the requested easement would not be inconsistent with the Strategic Plan.

**Financial Impact:** There would be no cost to the City for denying the easement, however the City would lose the potential to collect the annual revenue of the easement agreement

**RECOMMENDATION: Option 1.**

Based on the existing conditions, the Planning Department recommends to the City Commission **APPROVAL** of the proposed Resolution granting the requested easement with conditions as outlined above.
