

**THE CITY OF KEY WEST  
PLANNING BOARD  
Staff Report**

**To:** Chairman and Planning Board Members

**Through:** Patrick Wright, Planning Director

**From:** Melissa Paul-Leto, Planner Analyst

**Meeting Date:** May 18, 2017

**Agenda Item:** **Change of Non-Conforming Use – 821-823 Whitehead Street (RE # 00017250-000100; 00017250-000000) – A request for a change of non-conforming use in order to change the use of 552 square feet of commercial retail to restaurant consumption area on property located within the Historic Medium Density Residential (HMDR) Zoning District pursuant to Section 122-32(e) of the code of Ordinances of the City of Key West, Florida.**

**Request:** Approval to change an existing nonconforming retail use dedicated to a 552 square feet space in order to expand the existing non-conforming restaurant use.

**Applicant:** Owen Trepanier & Associates, Inc.

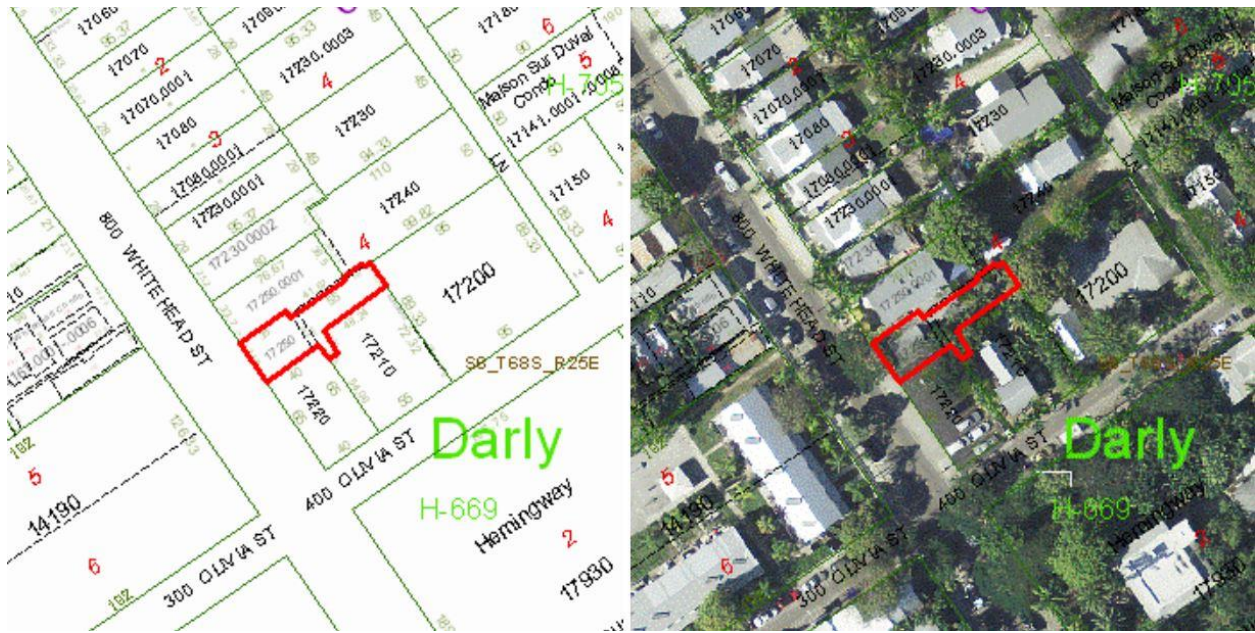

**Owner:** Jamille Cucci, Butanella 821 LLC

**Location:** 821-823 Whitehead Street (RE # 00017250-000000, 00017250-000000)

**Zoning:** Historic Medium Density (HMDR)

821 Whitehead Street

823 Whitehead Street

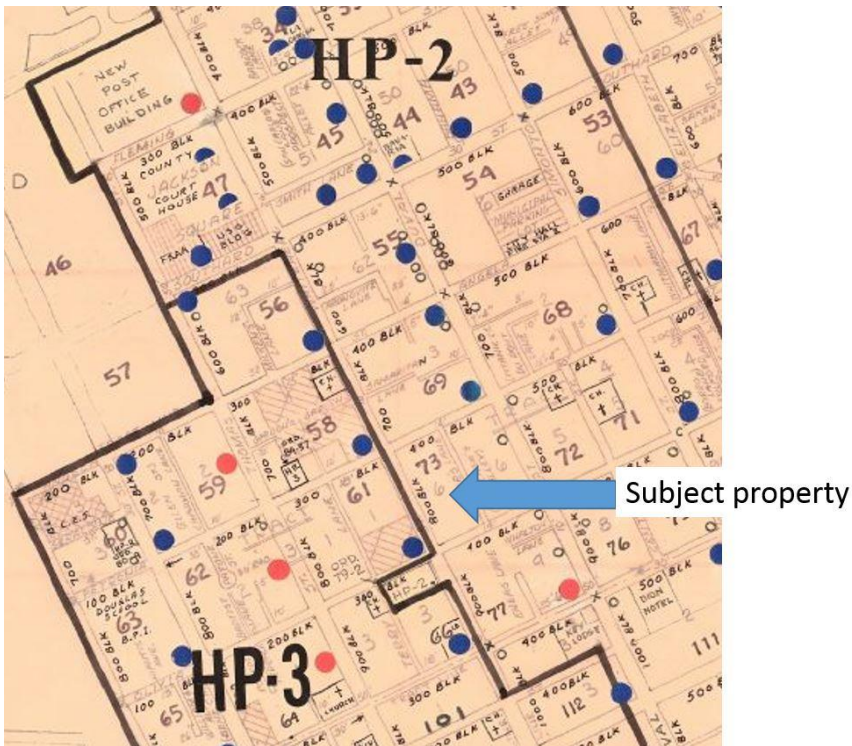

2015 Zoning Map

Subject property is located within the Historic Medium Density (HMDR) zoning district. Sec. 122-596. - Intent. The HMDR district shall accommodate historic Old Town medium density residential development for permanent residents, including single-family, duplex, and multiple-family residential structures. The HMDR district shall provide a management framework for preserving the residential character and historic quality of the medium density residential areas within Old Town.

1974 Zoning Map

HP-2 Commercial Historic Preservation District. The provisions of this district are intended to protect and enhance the character of the commercial historic areas of the City of Key West. Permitted uses: HP-2 (6) Retail stores, sales and display rooms except automotive uses including establishments in which retail goods are sold upon the premises. HP-2(7) Eating and drinking establishments excluding drive-ins and establishments specializing in the preparation of foods not to be consumed within the main structure.

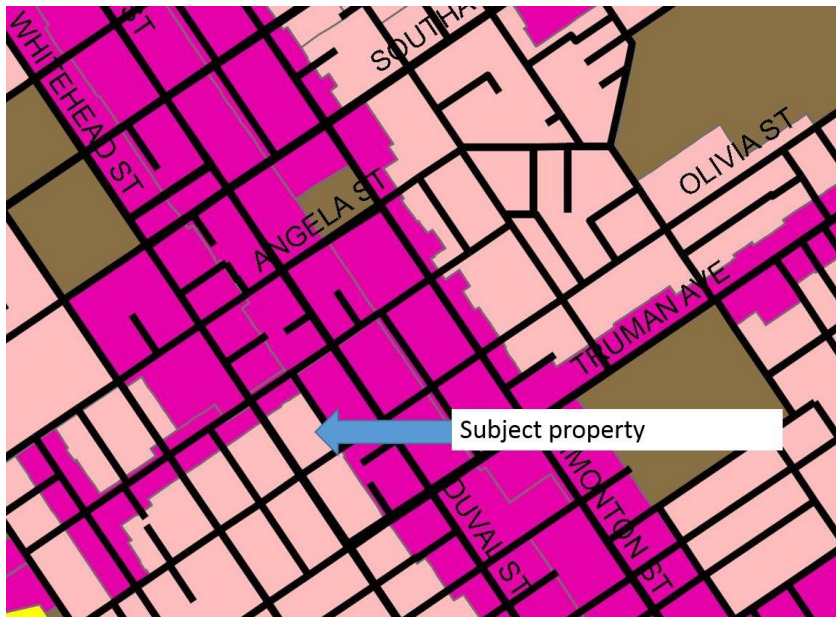

1985 Zoning Map

The Six-Toed Cat Café has been a neighborhood café since 1992.

Future Land Use Map 1993, 1997 Zoning Map is when the 821-823 Whitehead Street the Six-Toed Cat became a non-conforming use.

Future Land Use Map 2030  
 Light Pink: Historic Residential, Hot Pink: Historic Commercial

**Background and Request:**

The existing one and two story contributing structures were constructed in 1928 and have two existing non-conforming uses; commercial retail and restaurant. The subject property has been used as restaurant/ retail spaces since 1992. In 1992, the subject property was located within the HP-2 Zoning District where retail and restaurant uses were a permitted use. In 1997, the City’s 1993 Future Land Use Map became the City’s Zoning Map. The change in zoning districts affected the subject properties permitted uses. The 1997 Zoning Map placed the subject properties within the Historic Medium Density (HMDR) Zoning District where retail and restaurant use is considered a non-conforming use.

The applicant is proposing to do away with the existing non-conforming retail use dedicated to a 552 square feet space in order to place 36 restaurant seats. The existing 1, 058 square feet of non-conforming restaurant space provides for 28 seats. The total amount of seats if approved, would be 64 seats located within a 1,610 square feet of consumption area.

The Six-Toed Cat Café currently provides seating for 28 people, offers breakfast, and lunch options. It currently is open seven days a week from 8:30 AM to 5 PM.

**Surrounding Zoning and Uses within 300 feet:**

North: HRCC-3 Single-family, multifamily residential  
South: HMDR Single-family residential, multifamily residential,  
East: HMDR Ernest Hemingway Home, Single-family, multifamily residential  
West: HNC-3 Single-family residential, multifamily residential, Blue Macaw Restaurant/bar and retail shops.

**HMDR Permitted Uses Per City Code Section 122-597:**

- (1) Single-family and two-family residential dwellings.
- (2) Multiple-family residential dwellings
- (3) Group homes with less than or equal to six residents as provided in section 122-1246.

**HMDR Conditional Uses Per City Code Section 122-598:**

- (1) Group homes with seven to 14 residents as provided by 122-1246.
- (2) Cultural and civic activities.
- (3) Educational institutions and day care.
- (4) Nursing-homes, rest homes and convalescent homes.
- (5) Parks and recreation, active or passive.
- (6) Places of worship.
- (7) Protective services.
- (8) Public and private utilities.
- (9) Parking lots and facilities.

**Process:**

**Development Review Committee:** November 18, 2016  
**Planning Board:** May 18, 2017  
**Planning Board:** April 20, 2017 (Postponed)  
**Planning Board:** March 16, 2017 (Postponed by applicant)  
**Planning Board:** February 23, 2017 (Postponed by staff)  
**Local Appeal Period:** 10 days  
**DEO Review Period:** Up to 45 days

**Analysis – Evaluation for Compliance With The Land Development Regulations:**

Pursuant to City Code Section 122-32(e), a nonconforming use of a building or structure may be changed to another nonconforming use if the Planning Board finds that:

**1. The new use is equally or more appropriate to the zoning district; and**

The proposed use of additional non-conforming restaurant use would not be appropriate in comparison to the existing non-conforming retail use. The expansion of the restaurant use will create a 13 parking requirement demand on a property located in the HMDR zoning District. Restaurant use requires 1 parking space per 45 square feet. Whereas, retail use requires 1 parking space per 300 square feet. The applicant is requesting a parking variance and submitted a traffic study concluding there should be no measureable impact on parking demand or traffic to and from the area.

**NOT IN COMPLIANCE.**

**2. The change of use would not intensify the use of the premises by increasing the need for parking facilities; increasing vehicular traffic to the neighborhood; increasing noise, dust, fumes or other environmental hazards; or by having an adverse impact on drainage.**

***Intensity of Proposed Use: Parking***

The change of use will increase the parking demand. Retail use parking requirements are per code, 1 space per 300 square feet. Restaurant use parking requirements are per code, 1 space per every 45 square feet. Increasing the number of patrons will increase the vehicular and pedestrian traffic, therefore increasing the need for parking facilities. The proposed change of use involves adding an additional 36 seats where currently there are 28 seats. The traffic study submitted concludes there should be no measureable impact on parking demand or traffic to and from the area.

**NOT IN COMPLIANCE.**

***Intensity of Proposed Use: Traffic***

Compared to the prior commercial retail use, it is anticipated that the proposed use would increase vehicular traffic to the neighborhood. The traffic study submitted concludes there should be no measureable impact on parking demand or traffic to and from the area.

**NOT IN COMPLIANCE.**

***Intensity of Proposed Use: Noise, Dust, Fumes and Other Environmental Hazards***

The applicant has stated there will be no live music at the location and will comply with Article IV – Sound Control, Section 26-192 of the Land Development Regulations.

**IN COMPLIANCE.**

***Intensity of Proposed Use: Drainage***

No changes are proposed to the exterior of the building or property that would affect drainage. The change of use would not have an adverse impact on drainage.

**IN COMPLIANCE.**

The Planning Department has received one (1) opposing public comment and one hundred and seventy-seven (177) letters of support for the change of non-conforming use request as of the date of this report.

**Recommendation:**

Based on the above analysis of the standards for considering changes of nonconforming uses in Section 122-32(e) of the Land Development Regulations, the Planning Department recommends the request be **DENIED**. If the Planning Board approves the accompanying parking variance request, the application would be in compliance with Section 122-32 (e) and therefore staff would recommend approval.

The Six-Toed Cat Café' existing non-conforming retail area.

Bicycle Parking recently provided by The City of Key West allows for a total of six (6) bicycle parking spaces.

Existing non-conforming restaurant use

# Application

October 21, 2016

Thaddeus Cohen, Planning Director  
City of Key West  
3140 Flagler Avenue  
Key West, FL 33040

**RE: Change of Non-Conforming Use Application  
821 Whitehead Street**

Dear Mr. Cohen:

On behalf of the property owner, Shady Cat, LLC, please accept the attached application as a formal request for a Change of Nonconforming Use<sup>1</sup> for the referenced property located in the Historic Medium Density Residential (“HMDR”) zoning district. This application seeks to eliminate the 552 square feet of retail use and combine it into the existing sidewalk-oriented neighborhood café.

**Background:**

This location has been a neighborhood café since 1992; for the past nine years, it has been the home of The Six-Toed Cat, a pedestrian-oriented neighborhood sidewalk café.

Year	Use	Restaurant Name
1992	Café	Café Next Door
1996	Café	Café Sanmarco/ Luigi's Deli
2000	Café	Ernest's Café
2002	Café	Ernest's Cafeteria
2007	Café	Six-Toed Cat

This property, like many other properties currently zoned HMDR, originated under the HP-2 zoning category of the pre-1986 Comprehensive Zoning Regulations for the City of Key West. The intent of the HP-2 zoning district was “to protect and enhance the character of the commercial historic area”. The overall 1997 Comprehensive Planning process changed the zoning district from HP-2 to HMDR; prior to these changes, commercial, sidewalk-oriented neighborhood cafés and restaurants were not only permitted in this area but their use was protected and encouraged.

**Criteria for Approval:**

The materials provided in the attached application address the relevant criteria for approving the request.

As mentioned above, this property has two existing nonconforming uses; commercial retail and restaurant. Eliminating one of the two nonconforming uses on the property will further the goals of Section 122-32(e) by reducing impacts on the neighborhood through a decrease in the number of delivery vehicles to the property. This application proposes to eliminate the retail use and thereby

<sup>1</sup> Section 122-32(e)

reduce the delivery traffic associated with that use. The area occupied by the retail will be incorporated into the existing café.

The change from retail to restaurant will serve to eliminate the extended wait times for seating currently experienced by Six-Toed customers; this in turn, reduces congestion in the immediate area serving to improve pedestrian circulation.

As a part of the neighborhood fabric for the last 24 years, the low-intensity café blends with its neighbors and provides a community amenity not otherwise available in the immediate area. Discontinuing the retail sales will reduce commercial traffic and improve compatibility with the neighborhood and district.

The Traffic Memorandum by Traf Tech Engineering<sup>2</sup> analyzes the vehicular impact of the proposed change of nonconforming use from retail to café. It concludes the proposed change will not increase the need for parking facilities or increase vehicular traffic. The Memorandum explains that over a typical six-day period:

- 95% of café customers arrive on foot or bike (the remaining arrive by some other form of for-hire transportation); and
- The majority of customers are passersby on their way to or from the Hemingway House, Southernmost Point and other tourist-oriented sites within the immediate area.

In conclusion, the findings of the Traffic Memorandum, the reduction in commercial deliveries, and no increase in noise, dust, fumes or other environmental hazards all serve to make the proposed change of nonconforming use consistent with the applicable approval criteria.<sup>3</sup>

As demonstrated above, the proposed change of use is more appropriate and compatible with the district and will better conform to the comprehensive plan based on the following approval criteria:

1. The proposed change of use from retail to restaurant is more appropriate to the zoning district.
2. The proposed use complies with Section 122-32(e) and therefore meets the intent of the Land Development Regulations.
3. The proposed use furthers goals of the Comprehensive Plan.<sup>4</sup>
4. The change of use does not increase any of the following:
  - the need for parking facilities.
  - vehicular traffic to the neighborhood.
  - noise, dust, fumes and other environmental hazards.
5. The change of use will not have an adverse impact on drainage.

We respectfully request the Planning Board approve the request for a change of non-conforming use in accordance with Sec.122-32(e). Thank you in advance for your consideration.

Best Regards,

Lori Thompson, Project Manager

**Application Fee: \$1,150.00**

(includes \$100.00 advertising/noticing fee and \$50.00 fire review fee)

Please complete this application and attach all required documents. This will help staff process your request quickly and obtain necessary information without delay. If you have any questions, please call 305-809-3720.

### PROPERTY DESCRIPTION:

Site Address: 821-823 Whitehead Street

Real Estate (RE) #: 17250-000000, 17250-000100 Alternate Key: 1017701 & 1017710

Zoning District: HMDR Total Land Area (sq ft): 5,113 sq. ft.

Property located within the Historic District?  Yes  No

APPLICANT:  Owner  Authorized Representative

Name: Trepanier & Associates, Inc.

Mailing Address: 1421 1st Street Unit 101

City: Key West State: FL Zip: 33040

Home/Mobile Phone: \_\_\_\_\_ Office: 305-293-8983 Fax: 305-293-8748

Email: lori@owentrepanier.com

### PROPERTY OWNER: (if different than above)

Name: Butanella 821, LLC

Mailing Address: 3729 Eagle Avenue

City: Key West State: FL Zip: 33040

Home/Mobile Phone: \_\_\_\_\_ Office: c/o 305-293-8983 Fax: \_\_\_\_\_

Email: c/o lori@owentrepanier.com

Are there any easements, deed restrictions or other encumbrances attached to the property?  Yes  No

If yes, please describe and attach relevant documents: \_\_\_\_\_

### Description of existing use and proposed use. If there is more than one use please describe each use:

The origin of a cafe at this location began in 1992. By 1997, 821 & 823 were combined into one restaurant with 552 sf of retail space. This application seeks to change the retail use to restaurant.

Pursuant to Section 122-32(e) of the Municipal Code, a nonconforming use of a building or structure may be changed to another nonconforming use if the Planning Board finds: (1) that the new use is equally or more appropriate to the zoning district; and (2) the change of use would not intensify the use of the premises by increasing the need for parking facilities; increasing vehicular traffic to the neighborhood; increasing noise, dust, fumes or other environmental hazards; or by having an adverse impact on drainage. Please explain how the change complies with this standard (use a separate sheet of paper if necessary):

City of Key West • Application Change of Nonconforming Use

The traffic survey (Exhibit A) demonstrates that vehicular traffic is not generated by the customers of the cafe. This area is highly trafficked by pedestrian tourists visiting the Hemingway House/Museum as well as those in route to the Lighthouse, Butterfly Museum, Southernmost Point and other sites in the vicinity. Therefore, converting the retail space to restaurant use will not increase the need for parking facilities nor will it generate additional traffic, noise, fumes or other environmental hazards to the neighborhood.  
Furthermore, the change being proposed is compatible with the comprehensive plan as indicated by Exhibit B.

**REQUIRED SUBMITTALS: All of the following must be submitted in order to have a complete application. Please submit one paper copy and one electronic copy of all materials.**

- Correct application fee. Check may be payable to "City of Key West."
- Notarized verification form signed by property owner or the authorized representative.
- Notarized authorization form signed by property owner, if applicant is not the owner.
- Copy of recorded warranty deed
- Property record card
- Signed and sealed survey
- NA  Site and Elevation plan (plans MUST be signed and sealed by an Engineer or Architect prior to Planning Board hearing) No Changes required or proposed
- Floor plans
- NA  Stormwater management plan No Changes required or proposed

Key West, Florida 33040

**Re: Six-Toed Cat Café – Key West, Florida  
Traffic Memorandum**

Dear Lori:

The Six-Toed Cat café is located at 821 and 823 Whitehead Street in Key West, Monroe County, Florida. The total building area for this site is 1,772 square feet. Within this building, 552 square feet are presently used for retail purposes; however, it is the desire of the owner to convert this space to restaurant use in order to provide additional restaurant seating for the café. The purpose of this technical memorandum is to document the parking and traffic impacts associated with this proposed change of use.

**Current Traffic and Parking Characteristics**

In order to assess the traffic and parking impacts of the proposed action it is advisable and beneficial to identify the parking and trip generation characteristics of the current restaurant operations. This was achieved by surveying all of the restaurant's customers over a six-day period earlier this year. Customers were asked if they drove an automobile to this area of Key West for the primary purpose of dining at the Six-Toed Cat. Over the six-day period there were no customers that specifically drove to the area to dine at the subject restaurant. Given the pedestrian and tourist oriented characteristics of this area, this finding is not surprising. In fact, based upon discussions with their customers, it was learned that approximately 95% of their patrons walked or rode a bicycle to the site.

Discussions with the project team and the restaurant owner revealed that only the restaurant manager drives a vehicle to the site and he uses on-street parking. All other employees walk or ride a bicycle / scooter. This condition is not expected to be altered with the proposed change of use.

**Conclusions**

Based upon the existing operating and customer characteristics of the Six-Toed Cat café, it is evident that the proposed change of use to allow for additional restaurant seating will have no measurable impact on parking demand or traffic to and from the area. Instead, it is expected that this use will continue to draw from those walking or bicycling along Whitehead Street.

If you have any questions or require additional information, please do not hesitate to contact me.

Sincerely,

**KBP CONSULTING, INC.**

LAND USE PLANNING  
DEVELOPMENT CONSULTANTS

## Comprehensive Plan Analysis

### Change of Non-Conforming Use Application

821 Whitehead Street  
Six-Toed Cat Café

The request for a Change of Nonconforming Use is consistent with the comprehensive plan based on the following:

#### Chapter 1 - Future Land Use Element

OBJECTIVE 1-1.1: FUTURE LAND USE MAP. The Future Land Use Map depicts the City's vision for its current and future development through the provision and location of specific future land use districts. All development and redevelopment in the City shall be in accordance with the Map, as it may be amended from time to time.

- The proposed change promotes orderly land use transition by consolidating existing legal, nonconforming uses; thereby more accurately reflecting those uses permitted under the map designations.

Policy 1-1.5.1: Reinforce and Enhance the City's Community Appearance. Major attributes shall be preserved through application of design review standards and management of signs, landscaping, open space, tree protection, and other urban design amenities. Special emphasis shall be placed on preserving and/or improving the character of major natural and man-made corridors, including the waterfront shoreline, scenic views of the waterfront and tidal waters, wetlands, major drainage corridors, and major transportation corridors which serve as a focal point for the motoring public.

- The proposed change recognizes and consolidates existing vintage neighborhood commercial uses as urban design amenities that will continue to improve and enhance the character of the man-made environment; specifically, properties along Whitehead Street, which serves as a dense, walkable, pedestrian-oriented, mixed use environment.

Policy 1-1.9.2: Comprehensive Plan Implementation and Land Development Regulations. The City shall continue to ensure that during the development review process the City shall enforce qualitative and quantitative performance criteria consistent with the Comprehensive Plan policies governing the preservation of environmentally sensitive lands, including wetlands; stormwater; convenient on-site traffic flow and vehicle parking; and all other requisite infrastructure both on- and off-site as stipulated within the Comprehensive Plan. Furthermore, the City shall require maintenance and continuing adherence to these standards. The City's existing Land Development Regulations governing zoning; subdivision; signage; landscaping and tree protection; sustainability; and surface water management shall be enforced and shall be revised as needed in order to: 1) effectively regulate future land use activities and natural resources identified on the Future Land Use Map; 2) adequately protect property rights; and 3) implement the goals, objectives, and policies stipulated in the Comprehensive Plan.

- The proposed change adequately protects property rights; and implements the goals, objectives, and policies in the Comprehensive Plan by recognizing the long-standing, lawfully existing commercial use of the property.

**Conformance with ordinances. Whether the proposal is in conformance with all applicable requirements of the Code of Ordinances.**

- The proposal is in conformance with the procedures for requesting a change of nonconforming use per the Land Development Regulations. The approval of this request will not require changes to the LDR's as demonstrated herein.

Dimensional Requirements Comparison	Section 122-600 HMDR	Effects of Change
Maximum density (dwelling units per acre)	16	No Change
Maximum floor area ratio	1.0	No Change
Maximum height (feet)	30	No Change
Maximum lot coverage:		
Maximum building coverage	40%	No Change
Maximum impervious surface ratio	60%	No Change
Minimum lot size (square feet.)	4,000	No Change
Minimum lot width (feet)	40	No Change
Minimum lot depth (feet)	90	No Change
Minimum setbacks (feet):		
Front	10	No Change
Side	5	No Change
Rear	15	No Change
Street side	7.5	No Change

Policy 1.1.9.5: Land Use Consistency and Compatibility. The City of Key West shall continue to enforce Land Development Regulations which ensure that future land uses shall be compatible with the Future Land Use Map, hurricane evacuation plans, and other applicable laws, ordinances, and administrative rules regulating land and water resource management.

- The proposed change eliminates one of two lawful nonconforming uses on this property, thus improving compatibility with the Future Land Use Map and Land Development Regulations. Furthermore, the proposed change will have no impact on hurricane evacuation plans or other laws, ordinances or administrative rules regulating land and water resource management.

Furthermore, compatibility is addressed via Policy 1-1.2.1, Policy 1-1.2.2 and Policy 1-1.9.5, which addresses existing instances of commercial abutting residential throughout the City. Therefore, the proposal will serve to bolster compatibility requirements within the existing regulatory framework in the Land Development Regulations through additional application of qualitative and quantitative performance standards (best management practices).

Land Use Compatibility Analysis	HMDR (Existing)	Consistency of Proposed Change
<b>Permitted Uses</b>		
Single-family and two-family residential dwellings.	X	X
Multiple-family residential dwellings.	X	X
Group homes with less than or equal to six residents as provided in (section 122-1246).	X	X
<b>Conditional Uses</b>		
Group homes with seven to 14 residents (section 122-1246).	X	X
Cultural and civic activities.	X	X
Educational institutions and day care.	X	X
Nursing homes/rest homes and convalescent homes.	X	X
Parks and recreation active and passive.	X	X
Places of worship.	X	X
Protective services.	X	X
Public and private utilities.	X	X
Parking lots and facilities.	X	X

## Chapter 1A - Historic Preservation Element

### Policy 1A-1.2.4: Land Use Compatibility

The City shall identify and through its Building Code enforcement of amended Land Development Regulations and code enforcement program, shall pursue the reduction and incremental elimination of inconsistent land uses in the Historic District. Adjacent land uses in the Historic District shall be compatible.

- The proposed change eliminates one of two lawful nonconforming uses on this property, thus improving compatibility with the Future Land Use Map and Land Development Regulations

## Chapter 2 – Transportation Element

### Policy 2-1.1.1 - Transportation

- Policy 2-1.1.3 effectively eliminates the transportation concurrency requirement in favor of a prioritization of safety and function of existing roads and multi-modal transportation improvements (i.e. transit, air, boat, bicycles, pedestrianism, and mixed-use development).

### Policy 2-1.1.3: Dense Urban Land Area

- The City of Key West is a substantially developed dense urban land area and is thereby exempted from transportation concurrency requirements for roadways. The City recognizes that its development characteristics make substantive expansion of capacity of the roadway system prohibitive. The City will therefore prioritize improving the safety and function of existing roads and multi-modal transportation improvements (i.e. transit, air, boat, bicycles, pedestrianism, mixed-use development) as its primary strategies for addressing current and projected transportation needs.

The proposed change recognizes the development characteristics of Old Town as a historically mixed use area that relies on sustainable support mechanisms for permanent and seasonal residents. By recognizing existing vintage neighborhood-oriented cafes and restaurants that are supportive of residents and visitors alike in a dense, walkable, pedestrian-oriented, mixed use environment, this amendment addresses the primary strategic focus away from auto-centric development patterns.

Nevertheless, as required per the application and section 122-32(e) a traffic analysis<sup>1</sup> was performed and results indicated no increase in the need for parking facilities nor is an increase in vehicular traffic anticipated to the neighborhood. The elimination of the retail use will eliminate retail commercial deliveries. The proposal is consistent with the concurrency management program of Objective 9-1.5.

## **Chapter 4 – Public Facilities Element**

### **Consistency with adopted infrastructure minimum levels of service standards**

The change proposes to convert one commercial use for another. No additional impact on surrounding properties or infrastructure is currently anticipated.

Based on the LOS evaluation criteria, the impacts of the proposed changes are generally summarized as follows:

- The proposed change is not expected to alter demand on the surrounding transportation system<sup>2</sup>
- The proposed change is not expected to alter demand for Potable Water
- The proposed change is not expected to alter Wastewater supply
- The proposed change is not expected to alter Solid Waste supply
- The proposed change is not expected to alter Stormwater LOS.
- The proposed change is not expected to alter Recreation LOS.

As demonstrated below, addressing Section 90-521(5) of the LDR's, adequate public facilities are available to provide service to the development and the request is consistent with adopted infrastructure minimum levels of service standards.

### **Chapter 9 - Concurrency management program.**

- The request is consistent with the concurrency management program of Objective 9-1.5. Specific concurrency applications in accordance with Section 94-32 may be required for specific future development plans. No Plans are proposed as part of this application. At this time, no system improvements are anticipated as a result of the proposed change as evidenced in the findings of Section 90-521(5), below.

#### **Policy 4-1.1.2.C – Potable Water**

---

<sup>1</sup> Exhibit A

<sup>2</sup> Exhibit A

- Based on the City of Key West adopted level of service plan pursuant to Policy 4-1.1.2.C, the potable water LOS for nonresidential development is 650 gal/acre/day. The proposed change will not affect site size or nonresidential floor area, therefore, it is not expected to alter demand for potable water or result in excess capacity on this public facility.

Therefore, the proposal is consistent with the concurrency management program of Objective 9-1.5. At this time, no system improvements are anticipated as a result of the proposed changes

#### Policy 4-1.1.2. A- Sanitary Sewage

- Based on the City of Key West adopted level of service plan pursuant to Policy 4-1.1.2. A, the sanitary sewer LOS for nonresidential development is 660 gal/capita/day. The proposed change will not affect site size or nonresidential floor area, therefore, it is not expected to alter the level of service or result in excess capacity on this public facility.

Therefore, the proposal is consistent with the concurrency management program of Objective 9-1.5. At this time, no system improvements are anticipated as a result of the proposed changes.

#### Policy 4-1.1.2.D- Solid Waste

- Based on the City of Key West adopted level of service plan pursuant to Policy 4-1.1.2.D, the solid waste LOS for nonresidential development is 6.37 lbs/capita/day and based on the number of employee's. The proposed change is not expected to increase employee number, thereby it is not expected to alter demand for solid waste and it is not expected that the proposal will result in excess capacity on this public facility.

Therefore, the proposal is consistent with the concurrency management program of Objective 9-1.5. Specific concurrency applications in accordance with Section 94-32 may be required for specific future development plans. No Plans are proposed as part of this application. At this time, no system improvements are anticipated as a result of the proposed changes.

#### Policy 4-1.1.2. E- Drainage

- Stormwater concurrency will be insured as part of any future development orders in accordance with Chapter 94.

No changes in the physical site are planned at this time. Any future changes to the site will have to conform to stormwater requirements.

### Recreation

Policy 7-1.1.9- The proposed change is not expected to have any adverse effect on availability of recreation services.

## Warranty Deed

**This Warranty Deed** made this 29th day of July, 2009 between **Mark E. Orofino Individually and as Trustee(s) of the Mark E. Orofino Living Trust u/t/d 3/5/02** whose post office address is **707 South Street, Key West, FL 33040**, grantor, and **Shady Cat, LLC, a Florida limited liability company** whose post office address is **P. O. Box 87, Egg Harbor, WI 54209**, grantee:

(Whenever used herein the terms "grantor" and "grantee" include all the parties to this instrument and the heirs, legal representatives, and assigns of individuals, and the successors and assigns of corporations, trusts and trustees)

**Witnesseth**, that said grantor, for and in consideration of the sum of TEN AND NO/100 DOLLARS (\$10.00) and other good and valuable considerations to said grantor in hand paid by said grantee, the receipt whereof is hereby acknowledged, has granted, bargained, and sold to the said grantee, and grantee's heirs and assigns forever, the following described land, situate, lying and being in **Monroe County, Florida** to-wit:

On the Island of Key West, known on William A. Whitehead's Map, delineated in February, A.D. 1829, as part of Tract 4, but better known according to Simonton & Wall's Addition to the City of Key West, as part of Lot 4, in Square 6, of Tract 4 being described as follows: COMMENCING at a point on Whitehead Street distant 96.6 feet Northwesterly from the corner of Olivia Street for a point of beginning; thence run in a Northwesterly direction along Whitehead Street 33.7 feet to a point; thence at right angles and Northeasterly 76.67 feet to a point; thence at right angles and Southeasterly 38.5 feet to a point; thence at right angles and Southwesterly 47.57 feet to a point; thence at right angles and Northwesterly 4.8 feet to a point; thence at right angles and Southwesterly 35 feet back to the Point of Beginning.

AND:

On the Island of Key West, known on William A. Whitehead's Map, delineated in February A.D., 1829, as part of Tract 4, but better known according to Simonton & Wall's Addition to the City of Key West, as part of Lot 4 in Square 6, of said Tract 4 being described as follows: COMMENCING at a point on Whitehead Street, distant 65 feet Northwesterly from the corner of Olivia Street for a point of beginning; thence run in a Northwesterly direction along Whitehead Street 31.8 feet to a point; thence at right angles and Northeasterly 35 feet to a point; thence at right angles and Southeasterly 31.8 feet to a point; thence at right angles and Southwesterly 35 feet back to the Point of Beginning.

AND:

On the Island of Key West, and known as part of Lot Four (4) in Square Six (6) of Simonton and Wall's Addition to the City of Key West: COMMENCING at a point Forty (40) feet from the corner of Whitehead and Olivia Streets, and running Northeasterly along the line of Olivia Street, Fifty-five (55) feet; thence at right angles Northwesterly Eighty-Nine (89) feet Four-Twelfths (89--4/12) feet; thence at right angles in a Southwesterly direction Five (5) feet; thence at right angles in a Northwesterly direction Two (2) feet, Two (2) inches; thence at right angles in a Southwesterly

direction Fifty (50 feet; thence at right angles in a Southeasterly direction Ninety-one (91) feet Six (6) inches to the Point of Beginning.

**LESS AND EXCEPT:**

A part of land on the Island of Key West, and known as part of Lot 4, in Square 6 of Simonton and Walls Addition to the City of Key West, said parcel being more particularly described by metes and bounds as follows: COMMENCE at the intersection of the NE'ly right of way line of Whitehead Street with the NW'ly right of way line of Olivia Street and run thence NE'ly along the NW'ly right of way line of the said Olivia Street for a distance of 55.00 feet; thence NW'ly and at right angles for a distance of 72.32 feet; thence SW'ly with a deflection angle of 91°10'58" to the left and along the NW'ly face of an existing wood fence and extension thereof for a distance of 48.24 feet to a fence corner; thence SE'ly with a deflection angle of 89°24'40" to the left and along the SW'ly face of said fence for a distance of 16.87 feet to a fence corner; thence SW'ly with a deflection angle of 87°20'01" to the right and along the NW'ly face of said of said fence for a distance of 6.95 feet to a point; thence SE'ly with a deflection angle of 86°44'23" to the left for a distance of 54.06 back to the Point of Beginning.

Parcel Identification Number: 00017250-000000 & 00017250-000100

Subject to conditions, limitations, restrictions and easements of record and taxes for the year 2009 and subsequent years.

The property herein conveyed does NOT constitute the Homestead property of the Grantor, as defined under the Florida Constitution.

Subject to that certain Mortgage as recorded in Official Records Book 2006, at Page 2405, of the Public Records of Mornoe County, Florida.

**Together** with all the tenements, hereditaments and appurtenances thereto belonging or in anywise appertaining.

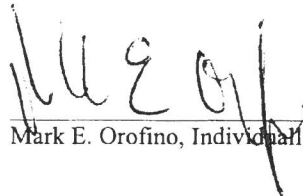

**To Have and to Hold**, the same in fee simple forever.

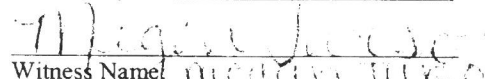

**And** the grantor hereby covenants with said grantee that the grantor is lawfully seized of said land in fee simple; that the grantor has good right and lawful authority to sell and convey said land; that the grantor hereby fully warrants the title to said land and will defend the same against the lawful claims of all persons whomsoever; and that said land is free of all encumbrances, except taxes accruing subsequent to **December 31, 2008**.

**In Witness Whereof**, grantor has hereunto set grantor's hand and seal the day and year first above written.

Signed, sealed and delivered in our presence:

  
Witness Name: MARY E. TURSO

  
Mark E. Orofino, Individually and as Trustee

  
Witness Name: Megan Turso

State of Florida  
County of Monroe

The foregoing instrument was acknowledged before me this 29th day of July, 2009 by Mark E. Orofino, Trustee, who  is personally known or  has produced a driver's license as identification.

## Parcel Sales History

NOTE: Sales do not generally show up in our computer system until about two to three months after the date of sale. If a recent sale does not show up in this list, please allow more time for the sale record to be processed. Thank you for your patience and understanding.

Sale Date	Official Records Book/Page	Price	Instrument	Qualification
7/29/2009	2425 / 1330	850,000	WD	05
12/1/1996	1433 / 0464	390,000	WD	M
