

THE CITY OF KEY WEST PLANNING BOARD

Staff Report

To: Chairman and Planning Board members

From: Brendon Cunningham, Senior Planner

Through: Don Craig, AICP, Planning Director

Sponsor: Jim Scholl, City Manager

Meeting Date: May 31, 2012

Agenda Item: Fish and Wildlife Ordinance – Consideration of an ordinance of the City of Key West amending Section 110, of the Code of Ordinances entitled "Floodplain Protection" by adding Section 110-467 providing the basis for enhanced protection of specifically identified endangered species habitat and the species focus area maps and real estate list; providing for severability; providing for the repeal of inconsistent provisions; providing for an effective date.

Request

To adopt FEMA generated species focus area maps and real estate list for the enhanced protection of endangered species and their habitat.

Background

In 1990, environmental advocacy groups filed suit against Federal Emergency Management Act (FEMA) and the U.S. Fish & Wildlife Service (USFWS). FEMA issuance of flood insurance for new construction was thought to be potentially destructive to habitats of endangered species. A court ruling was found in favor of the plaintiffs. Agreements between the various entities provided a list of properties that contained habitats that would support endangered species. The species likely to be found in Key West are the Stock Island Tree Snail, Eastern Indigo Snake and the Key Tree-Cactus.

The property list created as a result of the litigation included 49,000 properties in Monroe County, 257 are found in Key West. FEMA then produced the Species Focus Area Maps (SFAMS). These maps further identify properties adjacent to those on the existing FEMA list. Therefore, if a property is identified on the list or as being adjacent to such a property on the maps, all are on the "list." To develop a property that is on the list, it must be determined that there is no endangered species present or the habitat has been compromised to the extent that it is not habitable by that species.

The proposed ordinance developed by staff is based upon a "model" ordinance developed by the USFWS called the "Reasonable and Prudent Alternatives" (RPA) ordinance which is supported

by a series of “Species Assessment Guides” (SAG) which provide guidance to City of Key West staff to determine whether the parcels on the list and the maps contain suitable habitat or not. It is highly likely that in the built up portions of Key West and even the open areas of the City many mapped areas would not qualify as habitat. Further, USFWS has indicated orally that it would also support a large scale review and analysis of multiple parcels by City staff with the aid of an expert biologist to eliminate from further consideration those without habitat value.

By the City acknowledging and adopting these requirements, the residents will continue to be eligible for flood insurance through the National Flood Insurance Program (NFIP). Further, the City and its residents will both be eligible for Federal disaster assistance following any storm event.

Analysis

Participating in this effort provides an additional level of oversight to protect environmental resources from further degradation. The Florida Keys are an environmentally sensitive habitat and has development restrictions that need to be enhanced and strengthened. When a property is located in a Special Hazard Flood Area, flood insurance is required for any FDIC backed mortgage. Additional compliance with FEMA guidelines ensures Key West’s continued participation within the NFIP.

Review Criteria

Section 90-522 of the Code outlines key review criteria for any changes to the Land Development Regulations. A review of the proposed ordinance relative to the criteria is provided below.

Sec. 90-522. Planning board review of proposed changes in land development regulations.
(a) The planning board, regardless of the source of the proposed change in the land development regulations, shall hold a public hearing thereon with due public notice. The planning board shall consider recommendations of the city planner, city attorney, building official and other information submitted at the scheduled public hearing. The planning board shall transmit a written report and recommendation concerning the proposed change of zoning to the city commission for official action. In its deliberations the planning board shall consider the criteria stated in section 90-521.

The City Attorney’s Office, Building Official and City Planner have worked together to review guideline modifications proposed and to recommend changes to the Land Development Regulations. The Planning Department report dated May 31, 2012 was prepared in support of procedural review criteria in the code and in support of Planning Board consideration.

Sec. 90-521. Criteria for approving amendments to official zoning map.

In evaluating proposed changes to the official zoning map, the city shall consider the following criteria:

(1) *Consistency with plan.* Whether the proposal is consistent with the comprehensive plan, including the adopted infrastructure minimum levels of service standards and the concurrency management program.

Because the proposed amendment does not impact density or intensity, it will have no impact on minimum levels of service or concurrency determinations as established by the Comprehensive Plan.

(2) *Conformance with requirements.* Whether the proposal is in conformance with all applicable requirements of the Code of Ordinances.

The proposed amendment is in conformance with the Code and the procedures for amending the Land Development Regulations will be followed and are supported by this report.

(3) *Changed conditions.* Whether, and the extent to which, land use and development conditions have changed since the effective date of the existing regulations, and whether such changes support or work against the proposed rezoning.

This is not an attempt to rezone any particular zoning district but rather will be effective city wide. This amendment is intended to provide an additional level of review to necessary environmental protections.

(4) *Land use compatibility.* Whether, and the extent to which, the proposal would result in any incompatible land uses, considering the type and location of uses involved.

This amendment is meant to add an additional level of review for the development of environmentally sensitive habitat and the potential displacement of endangered species.

(5) *Adequate public facilities.* Whether, and the extent to which, the proposal would result in demands on public facilities and services, exceeding the capacity of such facilities and services, existing or programmed, including transportation, water and wastewater services, solid waste disposal, drainage, recreation, education, emergency services, and similar necessary facilities and services. Rezoning does not constitute a concurrency determination, and the applicant will be required to obtain a concurrency determination pursuant to chapter 94.

No zoning designation changes are proposed with the amendment. Excessive demands on public facilities will not result in these amendments.

(6) *Natural environment.* Whether, and to the extent to which, the proposal would result in adverse impacts on the natural environment, including consideration of wetlands protection, preservation of groundwater aquifer, wildlife habitats, and vegetative communities.

This is not a zoning district amendment. This amendment is an effort to further protect the natural environment.

(7) *Economic effects.* Whether, and the extent to which, the proposal would adversely affect the property values in the area or the general welfare.

This proposed amendment is not expected to have an adverse effect on the property values in the area or the general welfare. If the land is found to be critical habitat, the property may be used as a “land bank” for development elsewhere. More likely however, if a property is found to support habitat value, development permits would be conditioned by the City to minimize habitat loss, by avoiding such areas, by replacing habitat elsewhere in mitigation, paying a mitigation fee which is available under the existing tree ordinance, or by relying upon the degradation of habitat already calculated by USFWS in mapping the SFAMS resulting from the legal actions which created the SFAM and RPA procedure.

(8) *Orderly development.* Whether the proposal would result in an orderly and compatible land use pattern. Any negative effects on such pattern shall be identified.

The proposed amendments will not have a negative effect on the existing land use pattern.

(9) *Public interest; enabling act.* Whether the proposal would be in conflict with the public interest, and whether it is in harmony with the purpose and interest of the land development regulations in this subpart B and the enabling legislation.

The proposed amendments do not appear to be in conflict with the public interest. They will enhance the public welfare by providing additional review of environmentally sensitive habitat for endangered species.

(10) *Other matters.* Other matters which the Planning Board and the City Commission may deem appropriate.

Other matters have not been identified at this time.

Recommendation

Planning Staff recommends the Planning Board forward a recommendation of **approval** of the ordinance to the City Commission amending Section 110 by adding Section 110-467 of the LDRs of the City of Key West.

**Draft
Resolution**

**PLANNING BOARD
RESOLUTION NO. 2012-**

A RESOLUTION OF THE KEY WEST PLANNING BOARD RECOMMENDING APPROVAL OF AN ORDINANCE OF THE CITY OF KEY WEST, FLORIDA, AMENDING CHAPTER 110 OF THE CODE OF ORDINANCES ENTITLED "FLOODPLAIN PROTECTION" BY ADDING SECTION 110-467 TO PROVIDE ADDITIONAL PROTECTIONS FOR ENDANGERED SPECIES AND THEIR HABITAT; PROVIDING FOR SEVERABILITY; PROVIDING FOR REPEAL OF INCONSISTENT PROVISIONS; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Planning Department initiated the proposed amendments to the ordinance as a result of changes requested by the City Manager; and

WHEREAS, the Planning Board held a noticed public hearing on May 31, 2012, where based on the consideration of recommendations by the City Planner, Building Official and City Attorney, the Planning Board recommended approval of the proposed amendment; and

WHEREAS, the Planning Board determined that the proposed amendment is consistent with the Comprehensive Plan; in conformance with all applicable requirements of the Code of Ordinances; are stimulated by changed conditions after the effective date of the existing regulation; will promote land use compatibility; will not result in additional public demand on public facilities; will have no impact on the built environment; will not negatively impact property values or the general welfare; will result in more orderly and compatible land use patterns; and are in the public interest.

_____ Chairman

_____ Planning Director

NOW THEREFORE BE IT RESOLVED by the Planning Board of the City of Key West, Florida:

Section 1. That the above recitals are incorporated by reference as if fully set forth herein.

Section 2. Amending Chapter 110 of the Code of Ordinances entitled "Floodplain Protection" by adding Section 110-467 is hereby recommended for approval; a copy of the recommended modifications to the Code is attached.

Section 3. This resolution shall go into effect immediately upon its passage and adoption and authentication by the signatures of the presiding officer and the Clerk of the Commission.

Read and passed on first reading at a special meeting held this 31st day of May, 2012.

Authenticated by the Chairman of the Planning Board and the Planning Director;

Richard Klitenick, Chairman
Key West Planning Board

ORDINANCE NO. 2012-_____

AN ORDINANCE OF THE CITY OF KEY WEST AMENDING SECTION 110 OF THE CODE OF ORDINANCES ENTITLED FLOODPLAIN PROTECTION BY ADDING SECTION 110-467 PROVIDING THE BASIS FOR ENHANCED PROTECTION OF SPECIFICALLY IDENTIFIED ENDANGERED SPECIES HABITAT AND THE SPECIES FOCUS AREA MAPS AND REAL ESTATE LIST; PROVIDING FOR SEVERABILITY; PROVIDING FOR REPEAL OF INCONSISTENT PROVISIONS; PROVIDING FOR AN EFFECTIVE DATE

BE IT ORDAINED BY THE PLANNING BOARD OF THE CITY OF KEY WEST, FLORIDA:

WHEREAS, the National Flood Insurance Program (NFIP) is a Federal program enabling property owners in participating communities to purchase flood insurance at rates whose cost is subsidized by the federal government in exchange for the community's adoption of floodplain management regulations to reduce future flood damages; and

WHEREAS, in 1990 the National Wildlife Federation, Florida Wildlife Federation, and the Defenders of Wildlife filed suit against the Federal Emergency Management Agency (FEMA) claiming FEMA was not consulting with the U.S. Fish and Wildlife Service (Service) as required by the Endangered Species Act in their administration of the National Flood Insurance Program (NFIP) in Monroe County, including the City of Key West, Florida (City); and

WHEREAS, in 1997 the Service completed a Biological Opinion (BO) for the effects of the NFIP on Federally protected species in the Florida Keys; and

WHEREAS, the 1997 BO found the NFIP jeopardized nine species in the Keys, three of which, the Eastern Indigo Snake, the Stock Island Tree Snail, and the Key Tree-Cactus may have suitable habitat; and

WHEREAS, in 2003 the Service re-initiated consultation and amended the 1997 BO and concluded that the effect of the NFIP would result in jeopardy on eight of 10 species evaluated in the BO; and

WHEREAS, in a second amended complaint in 2003 the plaintiffs filed suit against FEMA and the Service pursuant to the Endangered Species Act and the Administrative Procedures Act; and

WHEREAS, on March 29, 2005 the United States District Court, Southern District of Florida (District Court) granted summary judgment in favor of the Plaintiffs which found that the Service and

FEMA violated the Endangered Species Act and the Administrative Procedures Act; and

WHEREAS, on September 9, 2005, the District Court entered an order enjoining FEMA from issuing flood insurance under the NFIP on any new residential or commercial developments in suitable habitats of federally listed species in the Keys; and

WHEREAS, the District Court also ordered the Service to submit a new BO by August 9, 2006. The Service issued a new BO on August 8, 2006; and

WHEREAS, on April 1, 2008, the United States Court of Appeals for the Eleventh Circuit affirmed the District Court's rulings of March 29, 2005 and September 9, 2005; and

WHEREAS, On February 26, 2009, the District Court ordered the Service to submit a new BO by March 31, 2010 and on March 28, 2010, the Court granted a 30 day extension of this deadline; and

WHEREAS, on April 30, 2010, the Service published the revised BO for FEMA's administration of the NFIP in City of Key West; and

WHEREAS, the BO contains "Reasonable and Prudent Alternatives" (RPA's) that require the City of Key West and other participating communities in the Florida Keys to revise their Flood Damage Prevention Ordinance(s) to reference and use the updated real estate list (referenced in RPA paragraph 1) within 120 days of acceptance of the revised BO by the Court, and;

WHEREAS, on January 11, 2011, the District Court approved a Settlement Agreement between the Plaintiffs and the Federal Defendants in which the Federal Defendants agreed to notify the Court and the parties when City of Key West and the other "participating communities" in the Florida Keys have: 1) revised their Flood Damage Prevention Ordinance(s); and 2) implemented procedures to reference and use the updated real estate list and Species Focus Area Maps (referenced in reasonable and prudent alternative ("RPA") paragraph 1) in compliance with paragraphs 2, 3, 4, and 5 of the RPA; and

WHEREAS, on January 9, 2012, FEMA advised the City of Key West that if the City decides not to implement the RPA's then the City of Key West will be ejected from the National Flood Insurance Program, and that the City concludes such expulsion would wreck economic havoc upon the entire community; and

WHEREAS, The District Court granted the City of Key West an extension to June 30 , 2012for the required ordinance provisions , sand permit process implementation of the Reasonable and Prudent Alternatives(RPAs); and

WHEREAS, the City Attorney, outside counsel, and the Director of Planning advise that the following proposed language meets the spirit and overriding intent of the RPAs, is consistent with Federal law, and adequately protects City taxpayers against accepting that additional liability;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY OF KEY WEST, FLORIDA:

Section 1.

Section 110-467. The city's Code of Ordinances shall be created as follows:

Section 110-467 FEMA & Wildlife Service Endangered Species Requirements. Inclusion of United States Federal Emergency Management Agency (FEMA) and United States Fish and Wildlife Service (FWS) Recommendations and Conditions in Final Development Permit Determinations and Implementation Certifications

(a) Purpose and intent. It is the purpose of Section 467 to implement regulations that will assure, consistent with the 10th Amendment to the U.S. Constitution, state and city regulations, proper record retention, coordination, and notification of FEMA and FWS regarding permit applications filed with or issued by the City of Key West, inclusive of FEMA/FWS requirements agreed to by the applicant.

(b) Lands to which this Section apply. FEMA and FWS have provided the Species Focus Area Maps (SFAMs) and a listing of real estate numbers of parcels (RE list)that are within the SFAMs identified by the Service in accordance with the Biological Opinion, mailed to the City of Key West and dated April 30, 2010,are hereby declared to be a part of these regulations. The SFAMs and RE list are on file at the City of Key West Clerk's office and the City of Key West Planning Department.

(c) Rules for interpreting SFAMs. The boundaries of the flood hazard areas shown on the FEMA SFAMs may be determined by scaling distances. Required interpretations of those maps for precise locations of such boundaries shall be made by the City Planning Director or his/her designee.

(d) Administration of Development Approval in Species Focus Areas.

1. SFA Review Required. For parcels or lots shown within the SFAMs in which an application for development permit has been made, if the SFAM indicates the parcel or lot contains only unsuitable habitat for any of the following species: Key Tree-Cactus, Eastern Indigo Snake, and Stock Island Tree Snail, and the parcel or lot is not listed on the RE list, the Planning Director or his/her designee shall provide for a notation in the development application permit files that indicates:

- i. The name of the official that made the determination;
- ii. The date of the determination;
- iii. The date of the SFAM and RE list used to make the determination.

Once the determination has been made that a parcel or lot contains unsuitable habitat, action may be taken on the permit application by City of Key West staff.

2. Species Assessment Guides and FWS Comment or, Recommendations or Approval. The Species Assessment Guides provided by the Service, dated December 23, 2011 for the City of Key West are hereby declared to be a part of this ordinance. The Assessment Guides are on File with the City Clerk and the City Planning Department. For parcels or lots shown within the SFAMs in which an application for development permit has been made, if the SFAM indicates the parcel or lot contains suitable habitat for any of the following species: Key Tree-Cactus, Eastern Indigo Snake, and Stock Island Tree Snail, and the parcel or lot is listed on the RE list and maps, the Planning Director or his/her designee shall provide the approved applications to the Service for review with a condition clearly stating that in accordance with Florida Statue 166.033 that any applicable FWS permit , recommendations and/or conditions be obtained before commencement of development authorized by the City issued permit. Further, the City permit shall state that the issuance of the City Permit does not in any way create any right on the part of the applicant to obtain a permit from FWS , and does not create any liability on the part of the City of key West for issuance of the permit if the applicant fails to obtain the requisite FWS approval or fulfill the obligations imposed by FWS or undertakes actions that result in a violation of federal law and shall require the following:

- i. Once the property owner has received from the FWS a letter or other written communication stating the results of the FWS review, the letter shall be submitted to the City.

ii. Based on the requirements, recommendations or conditions contained in the FWS letter or communication, the City shall require the owner of the property to sign an acceptance agreement form to the FWS conditions, recommendations or requirements and the City shall maintain the acknowledgement form in the permit file. The acceptance form shall be signed by the permit applicant and the Planning Director or his/her designee.

iii. The City shall, based on the acknowledgement form from the property owner, incorporate the FWS letter conditions, recommendations or requirements into the requirements of a City of Key West Certificate of Occupancy or Final Inspection Certificate issuance to avoid and/or to minimize possible impacts on federally listed threatened or endangered species and their habitat..

iv. If the property owner does not agree to the FWS conditions, the City shall not provide a Certificate of Occupancy or Certificate of Final Inspection.

3. **Enforcement.** Violation of this section, including any development constructed not in accordance with the owner acknowledged FWS conditions, are hereby deemed to be violations of the City Code and may be enforced as follows:

i. The City may utilize the administrative enforcement procedures set forth in Chapter 2, Article VI, Code Enforcement, City of Key West Code of Ordinances;

ii. The City's Director of Planning may make a formal complaint to the U.S. FWS Office of Law Enforcement;

iii. The City may file an action in a court of competent jurisdiction seeking damages as well as injunctive and/or equitable relief; and/or

iv. Knowing violations of this section may be prosecuted in the same manner as misdemeanors are prosecuted in the name of the State in a court having jurisdiction of misdemeanors by the prosecuting attorney thereof and upon conviction shall be punished by a fine not to exceed \$500 and/or imprisonment in the County jail not to exceed 60 days. Each day a violation exists shall constitute a separate offense.

Section 2. If any section, provision, clause, phrase, or application of this Ordinance is held invalid or unconstitutional for any reason by any court of competent jurisdiction, the remaining provisions of

this Ordinance shall be deemed severable there from and shall be construed as reasonable and necessary to achieve the lawful purposes of this Ordinance.

Section 3. All Ordinances or parts of Ordinances of the city in conflict with the provisions of this Ordinance are hereby superseded to the extent of such conflict.

Section 4. **EFFECTIVE DATE.** This ordinance shall take effect immediately upon its final passage and adoption and authentication by signature of the presiding officer and the Clerk of the Commission.

Read and passed at a regular meeting of the City of Key West city Commission on the _____ day of _____, 2012
