Ms. Elizabeth Ignaffo
Contract and Permit Engineer, City of Key West
P.O. Box 1409
Key West, FL 33041

**RE: City of Key West WWTP Well System Mechanical Integrity Testing; ITB 24-005
Recommendation of Award**

Dear Ms. Ignaffo:

On January 31, 2024, three bids were received for the referenced project. The results are as follows:

Bidder	Mechanical Integrity Testing Base Bid; Lump Sum Mechanical Integrity Testing IW-1 and IW-2
Florida Design Drilling, LLC	\$225,000.00
Layne Christensen Company	\$254,000.00
A.C. Schultes of Florida, Inc.	\$274,700.00

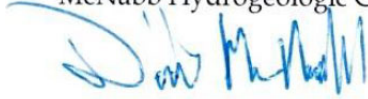

Florida Design Drilling, LLC (FDD) is the low bidder, and McNabb Hydrogeologic Consulting, Inc. (MHC) has confirmed based on information provided in the bid package and direct previous experience that this Bidder meets the letter and intent of the qualifications criteria in the specifications. We recommend awarding the referenced project to Florida Design Drilling, LLC in the amount of their low bid of \$225,000.00.

It is important to note that Section 5 (Type of Bid) in the Instructions to Bidder document requires the Bidders to submit a Schedule of Values with the bid. A Schedule of Values (SOV) was provided with the other two Bidders, but a SOV was not provided in FDD's bid package. In spite of this formality, MHC still recommends award to FDD.

Should you have any questions regarding the recommendation, please contact me at (561) 891-0763.

Sincerely,

McNabb Hydrogeologic Consulting, Inc.

A handwritten signature in blue ink, appearing to read "David McNabb", is written over the company name.

David McNabb, P.G.
