

Historic Architectural Review Commission Staff Report for Item 2

To: Chairman Haven Burkee and Historic Architectural Review
Commission Members

From: Daniela Salume, MFA
Historic Preservation Manager

Meeting Date: November 18, 2025

Applicant: Sandbar Design Studio, Inc

Application Number: C2025-0077

Address: 309 William Street

Description of Work:

Request for Postponement by Applicant - New two-story single-family residence, new pool, pool deck, and site improvements.

Site Facts:

The building under review is a historic and contributing structure within the historic district, constructed circa 1885. This two-story house is located at the corner of William Street and Sawyers Lane. The site includes the primary wood-frame structure along with one-story rear additions.

Currently the house sits on piers and is located within an AE-7 flood zone.

Guidelines Cited on Review:

- Guidelines for Building Exteriors (page 24), specifically first sentence of first paragraph.
- Guidelines for Roofing (page 26), specifically guidelines 2 and 3.
- Guidelines for Entrances, Porches, and Doors (pages 32-33) specifically guidelines 8, 9, and 12.
- Guidelines for Foundations & Lattice Infill (page 34), specifically guidelines 1, 2, and 4.
- Guidelines for New Construction (pages 38a-38q), specifically guidelines 1, 2, 3, 5, 6, 7, 8, 9, 11, 12, 13 (first sentence), 14, 15, 17, 18, 19, 22, 23, 24, and 25.
- Guidelines for Decks, Patios, Hot Tubs, Spas, Pools, and Related Equipment (page 39a), specifically first paragraph, guidelines 3 and 4.
- Guidelines for Fences and Walls (pages 41-42), specifically guidelines 1, 2, 3, 4 (first sentence), 5, 6, 8, 9, and 10.
- Guidelines for parking areas, landscaping & open space environment (page 43), specifically guidelines 2, 3, and 5.

Staff Analysis:

A Certificate of Appropriateness is currently under review for the construction of a new two-story single-family residence, new pool, pool deck, and site improvements. The plans proposed a front porch and second story front balcony both with similar posts and railings. There is a half glazed six panel door on both stories. A new front stair will be added, centered on the front porch. The proposed two-story addition will use materials including 5V-Crimp roofing, Hardie board siding, and 1x4 Hardie trim. There will be a one-story bump out on the left side of the structure. Behind this bump out is a pool deck and pool, blocking its view from William Street. The rear portion of the main structure will block the view from Sawyers Lane. There is a sliding glass door on the first floor in the area of the pool deck. All windows on the structure will be six over six with shutters, except for two sliding windows on the second floor above the sliding glass door.

The project also includes a new 4' wood picket fence and a 10' wide gate. There is also a proposed paver parking area behind the 10' gate and a paver path leading from the parking area to the front porch.

Proposed Side Elevation.

Existing Side Elevation.

Proposed Side Elevation.

Consistency with Cited Guidelines:

The proposed new construction meets most of the *Historic Architectural Guidelines*. The proposed structure meets Guidelines 1 and 2 of New Construction. The proposed structure is two stories, which fits within the scale of the surrounding context. There are multiple two-story buildings along this portion of William Street and down Sawyers Lane. This two-story scale follows Guidelines 13 and 14 because of the surrounding two-story structures. The proposed architectural style with a side gable roof and a front porch and balcony follows Guidelines 17 and 18 as it preserves the sense of place within this area of the historic district as there are multiple houses with a similar style in the area. This style also meets Guidelines 6 and 7 as the proposed structure will be situated in a similar manner as adjacent buildings and have a street facing entrance. The proposed materials include a 5V-Crimp roof, Hardie board siding, and Hardie Board trim around the windows and doors, all acceptable materials within the context of the historic district and follows Guidelines 22 and 23.

The proposed structure meets Guideline 8 of Entrances, Porches, Doors, as the new front porch and balcony both are compatible in scale and design of the surrounding area as there are other two-story structures with the same design in the surrounding area. The proposed balcony railings use traditional spacing and proportion. The proposed pool and pool deck meet guidelines 2 and 3 of Decks, Patios, Hot Tubs, Spas, Pools and Related Equipment. The pool deck and pool will be behind the one-story bump out, blocking its view from William Street. The rear portion of the main structure will block the view from Sawyers Lane. The pool equipment is not shown on the plans but needs to be fully screened from public view in accordance with Guideline 3. The proposed fence meets the Guideline for Fences and Walls as the fence is proposed to be a 4' tall wood picket fence around the property. The proposed sliding gate will also be at 4' height and is appropriate within the district.

The proposed paved parking area and paver path both meet Guideline 5 of Parking Areas, Landscaping & Open Space Environment as the paving does not appear excessive and is an appropriate size for a parking space and walking path. Guideline 2 states that "the most appropriate location for parking in the Old Town Historic District is in the rear and side yards of structures or on the street. Whenever possible, parking should be located in these areas to reduce the impact of parking on historic streetscapes." While the proposed driveway is at the front of the structure, there is no other location for a parking area based on the lot size and proposed design. The rolling gate will shield the parking area and partially protect the streetscape view. Staff recommends using brick pavers or pierced paving grid blocks to minimize impermeable surfaces and fit in with the historic district.

Background

This report was commissioned by the client & contractor to evaluate the condition of the existing wood frame residence at 309 William Street. This home is on limerock columns, brick, and wood piles. The residence is approximately 1,432 SF with a 130 SF covered front porch.

Procedure

A site visit was conducted on August 26th where visual observations were noted and photographs were taken.

Observations

The contractor, Gulf Southern Construction Company, performed exploratory demo in order to expose specific elements associated with wall framing, floor framing, and foundation. Within steps of entering, two persons, myself included, fell through the floor.

The wall framing is in a deteriorated state in all exposed locations. Duct tape was found to be holding one corner together. No strapping or sheathing was present in any exposed location. Daylight is visible through the siding. Wracking of the structure is visually evident. The ceiling and roof structure show visible signs of significant water damage, termite damage, and rot.

The floor framing is in a deteriorated state in all exposed locations. The floor sheathing/flooring material is soft and unstable for walking. Exposed locations indicate no structural attachment to the sill beams, and floor framing is resting on the ground below. A series of photos depict a significant slope in the floor, indicating failure of the floor framing and/or foundation settling. The lower diaphragm is completely compromised and in full need of replacement.

The siding is unsalvageable and in very poor condition due to a variety of factors including water damage, termite damage, and rot/decay. There is no sheathing present in the exposed areas.

The foundation has been determined to be either non-existent, sunken into the ground, or deteriorated. It consists of limestone columns, bricks, and wood piles in varied locations with no indications of tie downs between the foundation and structure.

Conclusion

In my opinion as a Registered Architect in the State of Florida, the structure and foundation pose a significant safety hazard and should be demolished. The conditions pose an unsafe working environment for any involved. In the event of a hurricane, a debris field would

likely be generated impacting the surrounding the historic structures. This is an unsafe structure and not a candidate for renovation/repair.

DETAILED PROJECT DESCRIPTION OF DEMOLITION

DEMO OF EXISTING STRUCTURALLY DETERIORATED SFR & REAR SHED ADDITIONS.

CRITERIA FOR DEMOLITION OF CONTRIBUTING OR HISTORIC STRUCTURES:

Before any Certificate of Appropriateness may be issued for a demolition request, the Historic Architectural Review Commission must find that the following requirements are met (please review and comment on each criterion that applies):

(1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration or it does not meet any of the following criteria:

(a) The existing condition of the building or structure is irrevocably compromised by extreme deterioration.

THE CONDITION OF THE RESIDENCE IS IRREVOCABLY COMPROMISED. DETERIORATED OR NON-EXISTENT FOUNDATION, DETERIORATED WALLS, DETERIORATED FLOOR FRAMING THROUGHOUT. REFER TO REPORT.

(2) Or explain how the building or structure meets the criteria below:

(a) Embodies no distinctive characteristics of a type, period, or method of construction of aesthetic or historic significance in the city and is not a significant and distinguishable building entity whose components may lack individual distinction.

THE STRUCTURE EMBODIES NO DISTINCTIVE CHARACTERISTS OF A TYPE, PERIOD, OR METHOD OF CONSTRUCTION OR AESTHETIC OR HISTORIC SIGNIFICANCE.

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

(b) Is not specifically associated with events that have made a significant contribution to local, state, or national history.
THE RESIDENCE IS NOT ASSOCIATED WITH HISTORIC EVENTS.
(c) Has no significant character, interest, or value as part of the development, heritage, or cultural characteristics of the city, state or nation, and is not associated with the life of a person significant in the past.
THE RESIDENCE HAS BEEN MODIFIED THROUGHOUT THE YEARS AND DOES NOT HAVE SIGNIFICANT CHARACTER, INTEREST, OR VALUE.
(d) Is not the site of a historic event with significant effect upon society.
THE RESIDENCE IS NOT THE SITE OF A HISTORIC EVENT.
(e) Does not exemplify the cultural, political, economic, social, or historic heritage of the city.
THE RESIDENCE DOES NOT EXEMPLIFY CULTURAL, POLITICAL, ECONOMIC, SOCIAL, OR HISTORIC HERITAGE OF THE CITY.
(f) Does not portray the environment in an era of history characterized by a distinctive architectural style.
THE RESIDENCE DOES NOT PORTRAY THE ENVIRONMENT IN AN ERA OF HISTORY CHARACTERIZED BY A DISTINCTIVE STYLE.
(g) If a part of or related to a square, park, or other distinctive area, nevertheless should not be developed or preserved according to a plan based on the area's historic, cultural, natural, or architectural motif.
THE RESIDENCE IS NOT PART OF A SQUARE, PARK, OR OTHER DISTINCTIVE AREA.
(h) Does not have a unique location or singular physical characteristic which represents an established and familiar visual feature of its neighborhood or of the city, and does not exemplify the best remaining architectural type in a neighborhood.
THE RESIDENCE DOES NOT HAVE A UNIQUE LOCATION OR SINGULAR PHYSICAL CHARACTERISTIC WHICH REPRESENTS AN ESTABLISHED/FAMILIAR VISUAL FEATURE OF ITS NEIGHBORHOOD. IT DOES NOT EXEMPLIFY THE BEST REMAINING ARCHITECTURAL TYPE IN A NEIGHBORHOOD.

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

(i) Has not yielded, and is not likely to yield, information important in history,

THE RESIDENCE HAS NOT YIELDED IMPORTANT INFORMATION IN HISTORY.

CRITERIA FOR DEMOLITION OF NON-CONTRIBUTING OR NON-HISTORIC STRUCTURES:

The following criteria will also be reviewed by the Historic Architectural Review Commission for proposed demolitions. The Commission shall not issue a Certificate of Appropriateness that would result in the following conditions (please review and comment on each criterion that applies):

(1) Removing buildings or structure that are important in defining the overall historic character of a district or neighborhood so that the character is diminished.

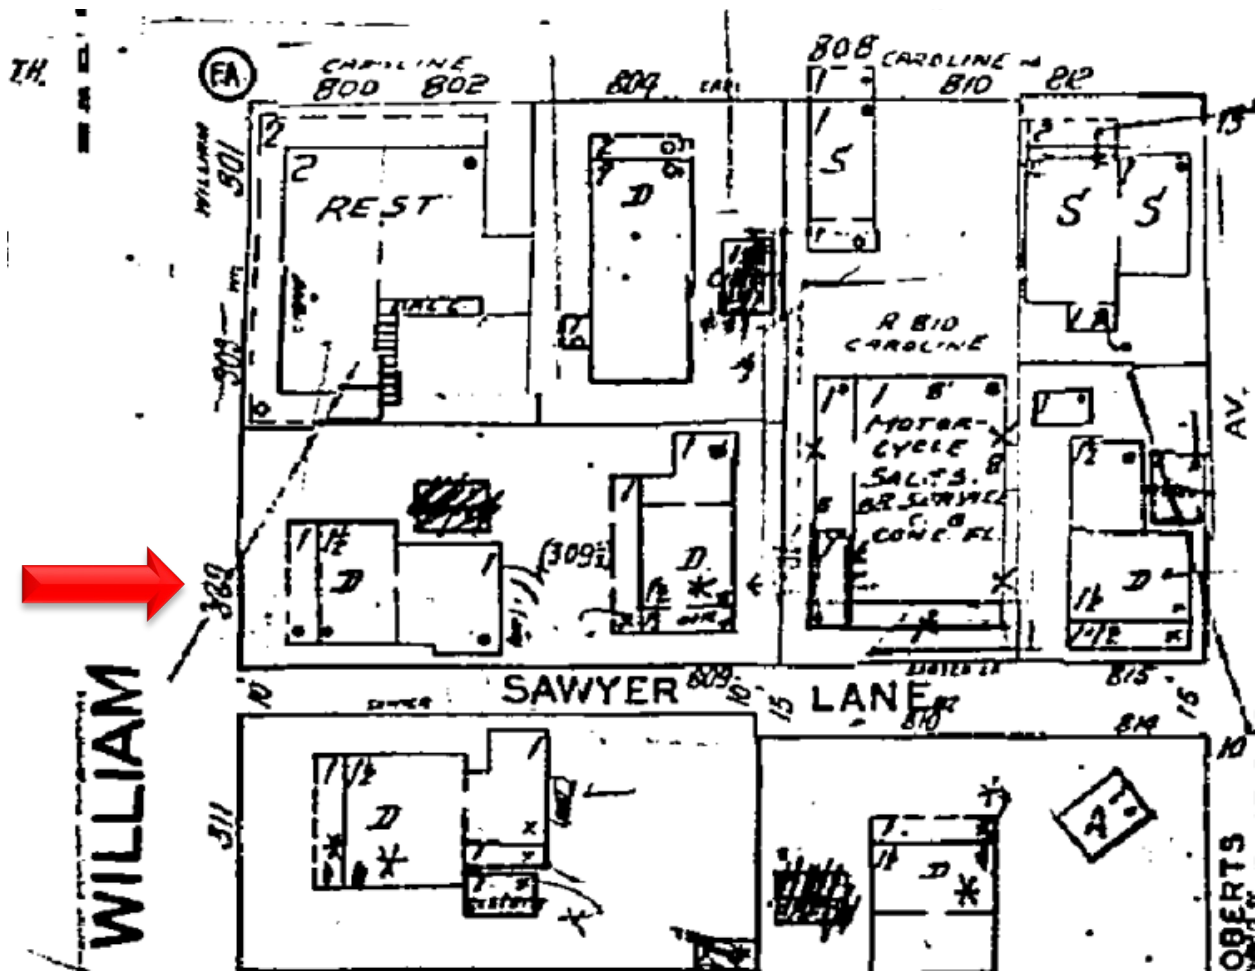

\

(2) Removing historic buildings or structures and thus destroying the historic relationship between buildings or structures and open space.

(3) Removing an historic building or structure in a complex; or removing a building façade; or removing a significant later addition that is important in defining the historic character of a site or the surrounding district or neighborhood.

(4) Removing buildings or structures that would otherwise qualify as contributing.

GENERAL NOTES

1. THESE PLANS ARE FOR THE CONSTRUCTION OF THE BUILDING AT THE LOCATION SO DESIGNATED HEREIN.
2. NO CHANGES IN THE PLANS SHALL BE MADE WITHOUT PRIOR APPROVAL OF THE DESIGN PROFESSIONAL.
3. THE CONTRACTOR SHALL CHECK AND VERIFY ALL DIMENSIONS AND CONDITIONS OF THE JOB SITE AND REPORT ANY DISCREPANCIES OR UNSATISFACTORY CONDITIONS TO THE ARCHITECT BEFORE PROCEEDING WITH THE WORK.
4. THE CONTRACTOR SHALL PROVIDE FOR THE SAFETY, PREVENTION OF INJURY, OR LOSS AT THE JOB SITE TO ALL PERSONS EMPLOYED TO DO WORK, PERSONS VISITING THE SITE AND THE GENERAL PUBLIC. CONTRACTOR SHALL ALSO BE RESPONSIBLE FOR THE PREVENTION OF DAMAGE TO MATERIALS OR EQUIPMENT AND OTHER PROPERTY AT THE SITE OR ADJACENT THERETO.
5. THE CONTRACTOR SHALL DO ALL THE WORK IN STRICT CONFORMANCE TO THE PLAN, 2023 FLORIDA BUILDING CODE, 8TH EDITION, LOCAL CODES AND ORDINANCES, MANUFACTURING'S RECOMMENDATIONS AND ACCEPTABLE TRADE PRACTICES. THE MOST STRINGENT REQUIREMENTS SHALL GOVERN WHEN CONDITIONS CONFLICT, HOWEVER THE ARCHITECT SHALL BE NOTIFIED OF ALL CONFLICTS.
6. SHOP DRAWINGS OF ALL PREFABRICATED STRUCTURAL SYSTEMS SHALL HAVE THE SEAL OF A REGISTERED FLORIDA ENGINEER AS REQUIRED BY BUILDING CODE AND SHALL BE SUBMITTED TO THE ARCHITECT/ENGINEER BY THE CONTRACTOR FOR REVIEW PRIOR TO CONSTRUCTION.
7. CONTRACTOR SHALL NOT SCALE DRAWINGS. ANY INFORMATION THAT HE CANNOT OBTAIN FROM DIMENSIONS, DETAILS, OR SCHEDULES, HE SHALL NOTIFY THE ARCHITECT.
8. CONTRACTOR SHALL CHECK AND COORDINATE WORK OF VARIOUS TRADES TO PREVENT CONFLICTS.
9. CONTRACTOR SHALL FURNISH SUBCONTRACTORS WITH A COMPLETE SET OF PLANS.
10. PLUMBING AND A/C SHALL CONFORM TO THE STATE OF FLORIDA ENERGY CODE.

NOTICING

Public Meeting Notice

The Historic Architectural Review Commission will hold a public meeting at **5:00 p.m., October 28, 2025, at City Hall, 1300 White Street**, Key West, Florida. The purpose of the hearing will be to consider a request for:

NEW TWO-STORY SINGLE-FAMILY RESIDENCE, NEW POOL, POOL DECK, AND SITE IMPROVEMENTS. DEMOLITION OF EXISTING CONTRIBUTING SINGLE-FAMILY RESIDENCE AND REAR SHEDS.

#309 WILLIAM STREET

Applicant – Sandbar Design Studio Inc Application #C2025-0077

If you wish to see the application or have any questions, you may visit the Planning Department during regular office hours at 1300 White Street, call 305-809-3975 or visit our website at www.cityofkeywest-fl.gov.

THIS NOTICE CAN NOT BE REMOVED FROM THE SITE UNTIL HARC FINAL DETERMINATION

ADA ASSISTANCE: It is the policy of the City of Key West to comply with all requirements of the Americans with Disabilities Act (ADA). Please call the TTY number at 800-955-8771 or 800-955-8770 (Voice) or the ADA Coordinator at 305-809-3811 at least five business days in advance for sign language interpreters, assistive listening devices, or materials in accessible format.

HARC POSTING AFFIDAVIT

STATE OF FLORIDA:
COUNTY OF MONROE:

BEFORE ME, the undersigned authority, personally appeared TERRY GARCIA, who, first being duly sworn, on oath, depose and says that the following statements are true and correct to the best of his/her knowledge and belief:

1. That a legal notice for Public Notice of Hearing of the Historic Architectural Review Commission (HARC) was posted on the following address: 309 WILLIAM STREET, KEY WEST, FL. 33040 on the 21ST day of OCTOBER, 2025.

This legal notice(s) contained an area of at least 8.5"x11".

The property was posted to notice a public hearing before the Key West Historic Architectural Review Commission to be held on OCTOBER 28, 2025.

The legal notice(s) is/are clearly visible from the public street adjacent to the property.

The Certificate of Appropriateness number for this legal notice is _____.

2. A photograph of that legal notice posted in the property is attached hereto.

Signed Name of Affiant:

Date: 10/21/2025

Address: 1321 ASHBY STREET

City: KEY WEST

State, Zip: FL. 33040

The forgoing instrument was acknowledged before me on this 20 day of OCTOBER, 2025.

By (Print name of Affiant) Terry Garcia who is personally known to me or has produced _____ as identification and who did take an oath.
