Reference Phone:	941-575-3370
Reference Name:	Dennis Murphy
Reference's Title/Position:	Growth Management Director
Reference's eMail:	dmurphy@ci.punta-gorda.fl.us

Was job completed on time? Yes No **If not, Why?**

Both of the jobs Weiler is working on are still in construction. They are the Engineer of Record for the jobs as well as assisting in construction management.

Was job completed within budget? Yes No **If not, Why?**

Currently the larger project (Harbor Walk East) is under budget and MKL is slightly over budget. MLK is over budget due to field conditions that were beyond Weilers control.

Was the proper equipment to perform work available at the job site when needed? Yes No **If not, Why?**

Did the contractor take proper precautions to protect the environment? Yes No **If not, explain?**

That has been one of Weiler's strong suit. They made good recommendation before the job started to ensure that we wouldn't run it any issue.

Was project completed as specified? Yes No **If not, explain?**

Harbor Walk East has had some field adjustments that are saving the City some money. MLK had a sewer line that was not where it was supposed to be and it has created a change order to deal with that, but as I said that could not have been foreseen by Weiler.

Was the Contractor easy to work with, did he follow instructions? Yes No **If not, explain?**

Was the job site kept clean & safe? Yes No **If not, explain?**

N/A

Would you hire Contractor again? Yes No **If not, explain?**

We currently have Weiler under contract for seven design jobs and most of those require construction services for expertise the City does not have on staff.

Additional comments or concerns of Project Manager:

I have been pleasantly pleased with the services provide by Weiler. Their staff is easy to work with and responsive to requests for modifications and they have been diligent in looking out for the City's interests.

Project not completed yet

Was the Contractor easy to work with, did he follow instructions? Yes No **If not, explain?**

Was the job site kept clean & safe? Yes No **If not, explain?**

Would you hire Contractor again? Yes No **If not, explain?**

Additional comments or concerns of Project Manager:

Weiler has done many small projects for the City of Marathon. Currently they are the design engineer and construction administrator for our \$125 million wastewater/stormwater project which is due to finish by calendar year end 2011. This project includes road overlay and restoration of sidewalks, curbs and gutters as part of the project. The design and construction of the Sombrero Boulevard recreational trail was included as well. I am very satisfied with their work.

They have completed the Sombrero Beach area project that included relocation/redesign of the roadway, parking areas and sidewalks, including ADA compliant crossings, a turn-about and landscaping as well as drainage. The City is very pleased with this project and would welcome you to a site visit.

Was job completed within budget? Yes No **If not, Why?**

Was the proper equipment to perform work available at the job site when needed? Yes No **If not, Why?**

Hole Montes has only done design work for the City of Bonita Springs.

Did the contractor take proper precautions to protect the environment? Yes No **If not, explain?**

Hole Montes has only done design work for the City of Bonita Springs.

Was project completed as specified? Yes No **If not, explain?**

Was the Contractor easy to work with, did he follow instructions? Yes No **If not, explain?**

Was the job site kept clean & safe? Yes No **If not, explain?**

Hole Montes has only done design work for the City of Bonita Springs.

Would you hire Contractor again? Yes No **If not, explain?**

Additional comments or concerns of Project Manager:

Hole Montes is a good design firm, and I have worked with them many times and expect I will again in the future.
