

## Historic Architectural Review Commission Staff Report for Item 5

**To:** Chairman Bryan Green and Historic Architectural Review Commission Members

**From:** Kelly Perkins, MHP  
HARC Assistant Planner

**Meeting Date:** November 28, 2017

**Applicant:** William Shepler

**Application Number:** H17-03-0020

**Address:** #1119 South Street

---

### **Description of Work:**

Renovations to existing house. Two-story side and rear additions and new side pool.

### **Site Facts:**

The two-story house at 1119 South is not listed as a contributing resource in the survey, but was recommended as contributing in the 2011 Survey that was not adopted by the City. Constructed in 1930, the building first appears on the 1948 Sanborn map as a simple two-story structure with an open two-story front porch. By 1962, the building had been altered, with the part of the second-floor porch enclosed and a two-story porch constructed on the east side of the structure. It appears that part of the house has been patched together, as it has many historic 2/2 windows, but they are of different sizes. The building has two units.

This project was scheduled for the June HARC meeting, but was postponed before the meeting was held for the applicant to redesign the project.

### **Guidelines Cited in Review:**

Secretary of the Interior's Standards for Rehabilitation (pages 16-17), specifically Standards 2, 3, 4, 5, 6, 9, and 10.

2016 HARC Guidelines for Additions (pages 37a-37k), specifically guidelines 1, 2, 3, 4, 5, 6, 7, 11, 12, 13, 14, 19, 22, 24, 25, 29, 30, 31, and 33.

Guidelines for Entrances, Porches, and Doors (pages 32-33), specifically guidelines 2, 3, 8, and 13.

### **Staff Analysis**

This Certificate of Appropriateness proposes renovations to a historic house, relocating any historic 2/2 windows to the side elevations, giving them more visibility. The front façade will be reconfigured to a more standard three-bay elevation, rather than the non-traditional (and most likely not original). The front of the house will have new wood windows, as the existing historic windows are of different sizes.

The plans also propose new additions to the main house. The existing two-story porch on the side will be rebuilt with a hip roof rather than a shed roof. Part of the porch will be enclosed. The west side of the building will have a one-story open porch installed. A new two-story addition will be constructed in the rear and part of it will jut out to the side and cover a small portion of the main building. The new additions will have wood siding and trim, aluminum impact rated windows, and metal shingles.

The plans also propose a new pool in the side yard. The pool has been pushed back so it is located in the rear half of the side yard.

### **Consistency with Guidelines**

1. Even though the guidelines for entrances, porches, and doors state that original porch elements should be repaired to replicate original features. The existing porch configuration does not appear to be original, as it is not a traditional form of the porch. It is obvious that there have been many alterations to this structure. The proposed porch returns a more proportional, three-bay porch that is traditional to Key West.
2. Addition to Main House: The project proposes new additions on the sides and rear of the structure. Guideline 25 for additions state:

“New additions on non-historic and non-contributing structures that overshadow or diminish the historic character of contributing adjacent buildings is prohibited.”

The adjacent property, 1117 South Street, is a contributing, one-story structure. The new west-side addition is a two-story addition that will be taller than 1117 South Street, but the addition will be set approximately 60 feet from the front property line. Still, staff believes that the western two-story addition could be reduced a bit in massing to lessen its impact on the historic structure and the neighboring contributing structure at 1117 South Street.

It is staff’s opinion that the proposed design mostly complies with the guidelines. The two-story addition proposed on the western side of the structure is large, and although it will be set back approximately 60 feet from the front property line, staff does believe that a reduction in width and height of the addition would lessen the addition’s impact on the historic house and the surrounding contributing structures.

**CITY OF KEY WEST**  
**CERTIFICATE OF APPROPRIATENESS**  
**APENDIX FOR DEMOLITIONS**  
**APPLICATION NUMBER H-**

This document applies only to those properties located within the City of Key West Historic Zoning Districts, properties outside the historic zoning districts which are listed as contributing in the Historic Architectural Survey and or properties listed in the National Register of Historic Places.

Applications must meet or exceed the requirements outlined by the Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitation and the Key West's Historic Architectural Guidelines. Once submitted, the application shall be reviewed by staff for completeness and scheduled for presentation to the Historic Architectural Review Commission for the next available meeting, unless the demolition request is for a *bona fide* Code Compliance case, in which case staff may review and approve the demolition request. The applicant must be present at this meeting. Any person that makes changes to an approved Certificate of Appropriateness must submit a new application with such modifications.

The filing of this application does not ensure approval as submitted. Applications that do not possess the required submittals or documentation will be considered incomplete and will not be reviewed for approval.

**CRITERIA FOR DEMOLITIONS**

Before any Certificate of Appropriateness may be issued for a demolition request, the Historic Architectural Review Commission must find that the following requirements are met (please review and comment on each criterion that applies):

(1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration or it does not meet any of the following criteria:

- (a) The existing condition of the building or structure is irrevocably compromised by extreme deterioration.  
IT IS NOT CONTRIBUTING, BUT THE ADDITION(S) TO BE REMOVED ARE EXTREMELY DETERIORATED & IRREVOCABLY COMPROMISED.

**OR THAT THE BUILDING OR STRUCTURE;**

- (a) Embodies no distinctive characteristics of a type, period, or method of construction of aesthetic or historic significance in the city and is not a significant and distinguishable building entity whose components may lack individual distinction.  
HAS NO DISTINCTIVE CHARACTERISTICS

- (b) Is not specifically associated with events that have made a significant contribution to local, state, or national history.  
NOT ASSOCIATED W/ SIGNIFICANT EVENTS.

- (c) Has no significant character, interest, or value as part of the development, heritage, or cultural characteristics of the city, state or nation, and is not associated with the life of a person significant in the past.

N/A

---

---

- (d) Is not the site of a historic event with a significant effect upon society.

N/A

---

---

- (e) Does not exemplify the cultural, political, economic, social, or historic heritage of the city.

N/A

---

---

- (f) Does not portray the environment in an era of history characterized by a distinctive architectural style.

N/A

---

---

- (g) If a part of or related to a square, park, or other distinctive area, nevertheless should not be developed or preserved according to a plan based on the area's historic, cultural, natural, or architectural motif.

N/A

---

---

- (h) Does not have a unique location or singular physical characteristic which represents an established and familiar visual feature of its neighborhood or of the city, and does not exemplify the best remaining architectural type in a neighborhood.

N/A

---

---

- (i) Has not yielded, and is not likely to yield, information important in history.

N/A

---

**CITY OF KEY WEST**  
**CERTIFICATE OF APPROPRIATENESS**  
**APENDIX FOR DEMOLITIONS**  
**APPLICATION NUMBER H-\_\_\_\_\_**

(2) For a contributing historic or noncontributing building or structure, a complete construction plan for the site is approved by the Historic Architectural Review Commission.

(a) A complete construction plan for the site is included in this application

\_\_\_\_\_ Yes Number of pages and date on plans \_\_\_\_\_

No Reason HAS NOT BEEN IN FRONT OF COMMISSION YET.

The following criteria will also be reviewed by the Historic Architectural Review Commission for proposed demolitions. The Commission shall not issue a Certificate of Appropriateness that would result in the following conditions (please review and comment on each criterion that applies);

(1) Removing buildings or structures that are important in defining the overall historic character of a district or neighborhood so that the character is diminished.

N/A

(2) Removing historic buildings or structures and thus destroying the historic relationship between buildings or structures and open space; and

N/A

AND

(3) Removing an historic building or structure in a complex; or removing a building facade; or removing a significant later addition that is important in defining the historic character of a site or the surrounding district or neighborhood.

N/A

(4) Removing buildings or structures that would otherwise qualify as contributing.

N/A

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

*I hereby certify I am the owner of record and that the work shall conform to all applicable laws of this jurisdiction. By receiving a Certificate of Appropriateness, I realize that this project will require a Building Permit, approval **PRIOR** to proceeding with the work outlined above and that there will be a final inspection required under this application. I also understand that any changes to an approved Certificate of Appropriateness must be submitted for review.*
