

Historic Architectural Review Commission Staff Report for Item 5

To: Chairman Haven Burkee and Historic Architectural Review
Commission Members

From: Enid Torregrosa-Silva, MSHP
Historic Preservation Planner

Meeting Date: October 26, 2022

Applicant: Robert Delaune, Architect

Application Number: H2022-0039

Address: 1002 Fleming Street

Description of Work:

Partial demolition of second floor east wall.

Site Facts:

The house under review sits on the southeast corner lot on Fleming and Grinnell Streets. The two-story frame vernacular house is listed as a contributing resource to the historic district. Although the survey gives the year 1899 as the date of construction the 1926 Sanborn Map reflects a different footprint and location for the house. The 1948 and 1962 Sanborn maps depict the current location and historic form of the building. The house consists of a two and a half-story front rectangular volume with a two-story rear volume at center of the main volume. The lot also used to have a garage at its southwest corner. The rear portion of the house has been altered through the years.

The owners have applied for exploratory demolition in the interior of the house as well as a Certificate of Appropriateness for the removal of rotten steps and decking on the first-floor side porch, repairs and replacement with 1" x 4" T&G wood deck, paint the exterior of the house and replacement of roof metal shingles. The urban forestry manager approved the removal of three palm trees. On October 17, 2022, the Commission approved submitted plans for a small addition and the first reading for demolition of a historic portion of the house.

1962 Sanborn Map and current survey overlay with red line depicting the east portion of wall to be demolished.

Ordinance Cited on Review:

- Section 102-217 (3), demolition for contributing and historic structures of the Land Development Regulations.

Staff Analysis:

The Certificate of Appropriateness proposes the partial demolition of the east wall to create a new bathroom and laundry space for the house. It is staff’s opinion that the request for this demolition should be reviewed based by the demolition criteria of Chapter 102 Section 218 (a) of the LDR’s. The criteria state the following.

(a) The historic architectural review commission shall issue a certificate of appropriateness for an application for demolition:

- (1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration, or it does not meet any of the criteria of section 102-125(1) through (9).*

It is staff’s opinion that the existing wall is structurally sound.

The following is the criteria of section 102-125:

- 1 *Embodies no distinctive characteristics of a type, period, or method of construction of aesthetic or historic significance in the city and is not a significant and distinguishable building entity whose components may lack individual distinction;*

Staff opines that the wall in question has no distinctive characteristics of a type or method of construction and is not a significant portion of the historic house.

- 2 *Is not specifically associated with events that have made a significant contribution to local, state, or national history;*

It is staff understanding that no significant events have ever happened in the site relevant to local, state, or national history.

- 3 *Has no significant character, interest, or value as part of the development, heritage, or cultural characteristics of the city, state or nation, and is not associated with the life of a person significant in the past;*

The portion of the house in question is of no significant value to the development, heritage, or cultural record of the city.

- 4 *Is not the site of a historic event with a significant effect upon society;*

The site is not associated to any significant event.

- 5 *Does not exemplify the cultural, political, economic, social, or historic heritage of the city;*

The wall in question does not exemplify any social, cultural, or historic heritage of the city.

- 6 *Does not portray the environment in an era of history characterized by a distinctive architectural style;*

The portion of the wall in question cannot be considered fine example of a distinctive architectural style.

- 7 *If a part of or related to a square, park, or other distinctive area, nevertheless should not be developed or preserved according to a plan based on the area's historic, cultural, natural, or architectural motif;*

This is not the case.

- 8 *Does not have a unique location or singular physical characteristic which represents an established and familiar visual feature of its neighborhood or of the city, and does not exemplify the best remaining architectural type in a neighborhood; and*

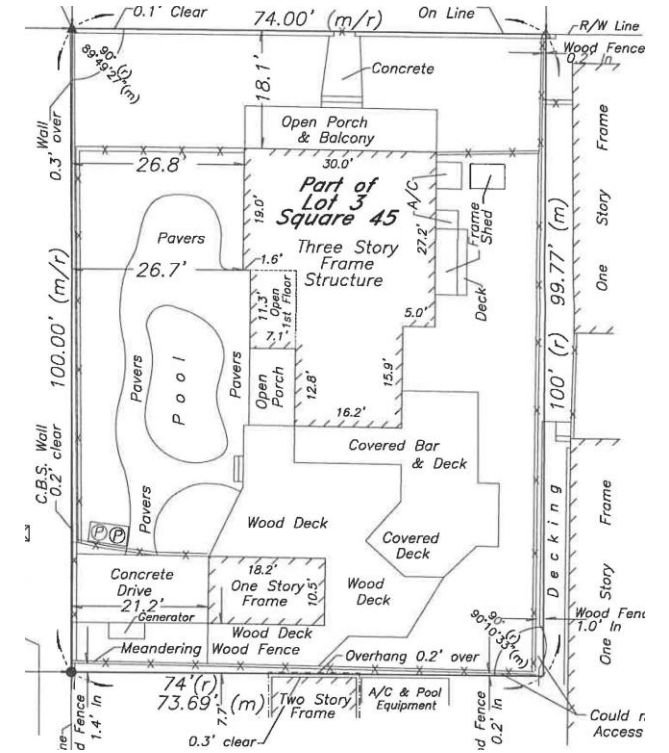

The wall in question does not exemplify a remaining architectural type in its neighborhood and does not possess any significant visual features. This wall is out of sight from any street.

- 9 *Has not yielded, and is not likely to yield, information important in history.*

The portion of the house in question do not yield important information in history.

In conclusion, it is staff's opinion that the request for partial demolition of the east wall can be considered by the Commission as they meet the criteria for demolition stated under the Land Development Regulations. If approved this will be the second of two readings required by ordinance.

DETAILED PROJECT DESCRIPTION OF DEMOLITION
remove roof from existing non-historic one-story addition
remove (2) existing windows and siding @ wall of historic structure where new two-story side addition is to be constructed

CRITERIA FOR DEMOLITION OF CONTRIBUTING OR HISTORIC STRUCTURES:
Before any Certificate of Appropriateness may be issued for a demolition request, the Historic Architectural Review Commission must find that the following requirements are met (please review and comment on each criterion that applies);
(1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration or it does not meet any of the following criteria:
(a) The existing condition of the building or structure is irrevocably compromised by extreme deterioration.
This is not the case, However, the roof to be removed is from a non-historic addition and the windows and siding
(2) Or explain how the building or structure meets the criteria below:
(a) Embodies no distinctive characteristics of a type, period, or method of construction of aesthetic or historic significance in the city and is not a significant and distinguishable building entity whose components may lack individual distinction.

(b) Is not specifically associated with events that have made a significant contribution to local, state, or national history.

(c) Has no significant character, interest, or value as part fo the development, heritage, or cultural characteristics of the city, state or nation, and is not associated with the life of a person significant in the past.

(d) Is not the site of a historic event with significant effect upon society.

(e) Does not exemplify the cultural, political, economic, social, or historic heritage of the city.

(f) Does not portray the environment in an era of history characterized by a distinctive architectural style.

(g) If a part of or related to a square, park, or other distinctive area, nevertheless should not be developed or preserved according to a plan based on the area's historic, cultural, natural, or architectural motif.

(h) Does not have a unique location or singular physical characteristic which represents an established and familiar visual feature of its neighborhood or of the city and does not exemplify the best remaining architectural type in a neighborhood.

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

(i) Has not yielded, and is not likely to yield, information important in history.

CRITERIA FOR DEMOLITION OF NON-CONTRIBUTING OR NON-HISTORIC STRUCTURES:

The following criteria will also be reviewed by the Historic Architectural Review Commission for proposed demolitions. The Commission shall not issue a Certificate of Appropriateness that would result in the following conditions (please review and comment on each criterion that applies);

(1) Removing buildings or structures that are important in defining the overall historic character of a district or neighborhood so that the character is diminished.

The proposed limited demolition is to an existing non-historic addition and to elements of a minor elevation of the historic structure that are not visible from any public right of way.

(2) Removing historic buildings or structures and thus destroying the historic relationship between buildings or structures and open space.

This is not the case. The proposed demolition is to non-historic elements and very limited elements of the historic structure that will not significantly affect these relationships

(3) Removing an historic building or structure in a complex; or removing a building facade; or removing a significant later addition that is important in defining the historic character of a site or the surrounding district or neighborhood.

None of these are proposed.

(4) Removing buildings or structures that would otherwise qualify as contributing.

This is not being proposed.

GENERAL NOTES

1. All work shall comply with the Florida Building Code, latest edition, and with all applicable laws, ordinances, and codes of the City of Key West, Florida.
2. Verify all field conditions prior to submitting a bid.
3. Contours and/or existing grades shown are approximate. Verify with field conditions. Final grading shall be provided gradual grades and slopes. Slope all grades away from the building. Planting areas shall be graded with soil suitable for planting. Rock and debris will not be allowed.
4. Where discrepancies between drawings, specifications and code requirements occur, adhere to the most stringent requirement.
5. Dimensions shall take precedence over scale.
6. All new utilities shall be underground, unless otherwise noted.
7. Drawings and specifications are complimentary. Refer to all sheets of the drawings and applicable sections of the specifications for interfaces of work with that of other trades.
8. After completion of construction, remove all debris and construction equipment. Restore site to original condition.

ALL WORK DEPICTED IN THESE DOCUMENTS SHALL CONFORM TO THE FLORIDA BUILDING CODE (2020 EDITION) AND THE NATIONAL ELECTRICAL CODE (LATEST EDITION).

NOTICING

Public Meeting Notice

The Historic Architectural Review Commission will hold a public meeting at **5:00 p.m., September 27, 2022 at City Hall, 1300 White Street**, Key West, Florida. In order to view the live feed of the meeting, you can tune in to Comcast channel 77, AT&T Uverse channel 99, or type this link into your browser: http://keywestcity.granicus.com/MediaPlayer.php?publish_id=1&embed=1 If you wish to participate virtually, please contact HARC staff at 305-809-3973. The purpose of the hearing will be to consider a request for:

NEW TWO-STORY SIDE ADDITION. PARTIAL DEMOLITION OF SECOND FLOOR EAST WALL.

#1002 FLEMING STREET

Applicant – Robert Delaune, Architect Application #H2022-0039

If you wish to see the application or have any questions, you may visit the Planning Department during regular office hours at 1300 White Street, call 305-809-3975 or visit our website at www.cityofkeywest-fl.gov.

THIS NOTICE CAN NOT BE REMOVED FROM THE SITE UNTIL HARC FINAL DETERMINATION

ADA ASSISTANCE: It is the policy of the City of Key West to comply with all requirements of the Americans with Disabilities Act (ADA). Please call the TTY number at 800-955-8771 or 800-955-8770 (Voice) or the ADA Coordinator at 305-809-3811 at least five business days in advance for sign language interpreters, assistive listening devices, or materials in accessible format.

HARC POSTING AFFIDAVIT

STATE OF FLORIDA:
COUNTY OF MONROE:

BEFORE ME, the undersigned authority, personally appeared Robert Delaune, who, first being duly sworn, on oath, depose and says that the following statements are true and correct to the best of his/her knowledge and belief:

1. That a legal notice for Public Notice of Hearing of the Historic Architectural Review Commission (HARC) was placed on the following address:
1002 Fleming Street on the 21st day of September, 2022.

This legal notice(s) contained an area of at least 8.5"x11".

The property was posted to notice a public hearing before the Key West Historic Architectural Review Commission to be held on September 27, 2022.

The legal notice(s) is/are clearly visible from the public street adjacent to the property.

The Certificate of Appropriateness number for this legal notice is H2022-0039.

2. A photograph of that legal notice posted in the property is attached hereto.

Signed Name of Affiant:

Robert Delaune

Date: 9/23/22

Address: 619 Eaton Street

City: Key West

State, Zip: FL, 33040

The forgoing instrument was acknowledged before me on this 22 day of September, 2022.

By (Print name of Affiant) ROBERT L. DELAUNE who is personally known to me or has produced FL, DL as identification and who did take an oath.
