

**TREE COMMISSION TREE REMOVAL REPORT
CITY of KEY WEST**

PROPERTY: 1402 Newton St.

APPLICATION NUMBER: T2026-0011

REQUEST: The applicant is requesting removal of (1) Mahogany tree.

TREE ASSESSMENT and PHOTOS

There is a second Mahogany growing near the subject tree.

Diameter: 25"

Location: 50%

Species: 100%

Condition: 100%

Value:78.3 %

Recommended Mitigation: 20 Caliper Inches

NOTES: The trees canopy is visible from the street, but hard to appreciate. The tree has outgrown its position and has become an imminent liability to both homes. There is a second Mahogany Tree growing 10' away which could benefit from the removal of its competition. There are no signs of decay or dieback in the canopy and trying to capture its condition in photos seemed futile due to lack of accessibility and density.
