

**TREE COMMISSION TREE REMOVAL REPORT
CITY of KEY WEST**

PROPERTY: 1106 Thompson St

APPLICATION NUMBER: T2026-0013

REQUEST: The applicant is requesting removal of (2) Gumbo Limbo trees.

TREE ASSESSMENT and PHOTOS

Diameter: 21" & 10"

Location: 50%

Species: 100%

Condition: 70%

Value: 73.3%

Recommended Mitigation: 22.7 Caliper Inches

NOTES: Two Gumbo Limbo Trees growing alongside 7 other Gumbo Limbo Trees. There is also a very large Silk Floss Tree on the other side of the Gumbo Limbo Trees under consideration. Due to the amount of competing canopy trees in such a small footprint it is plausible that the surrounding trees would benefit from culling. The overall canopy and density of this property is exceptional leaving little space to replant mitigation trees. It is worth considering that the mitigation not be exclusively mandated by on-site replacement but allow for the application of mitigation fee payment to some extent.
