Subject: 1116 Truman

Hi George,

Habitat for Humanity of Key West and the Lower Keys have changed our plans regarding the 1116 Truman Avenue project. Due to this change we request that you release the \$400K that was allocated for it as we will not be rehabilitating the property for affordable housing. We would appreciate the ability to reapply for funding on future projects that we are currently pursuing.

Thank you for your assistance.

Regards,

Gregory Brown
Executive Director
