Following such review, the Department will deliver to the Provider a written report of its findings, and may direct the development, by the Provider, of a corrective action plan where appropriate. The Provider hereby agrees to timely correct all deficiencies identified in the Department's written report. This provision will not limit the Department's termination rights under Section 30.

8. **Independent Contractor, Subcontracting and Assignments.**

a. In performing its obligations under this contract, the Provider shall at all times be acting in the capacity of an independent contractor and not as an officer, employee, or agent of the State of Florida, except where the Provider is a state agency. Neither the Provider nor any of its agents, employees, subcontractors or assignees shall represent to others that it is an agent of or has the authority to bind the Department by virtue of this contract, unless specifically authorized in writing to do so. This contract does not create any right in any individual to state retirement, leave benefits or any other benefits of state employees as a result of performing the duties or obligations of this contract. The parties agree that no joint

employment is intended and that, regardless of any provision directing the manner of provision of services, the provider and its subcontractors shall be responsible for the supervision, control, hiring and firing, rates of pay and terms and conditions of employment of their own employees.

b. The Provider shall take such actions as may be necessary to ensure that it and each subcontractor of the Provider will be deemed to be an independent contractor and will not be considered or permitted to be an officer, employee, or agent of the State of Florida. The Department will not furnish services of support (e.g., office space, office supplies, telephone service, secretarial or clerical support) to the Provider, or its subcontractor or assignee, unless specifically agreed to by the Department in this contract. All deductions for social security, withholding taxes, income taxes, contributions to unemployment compensation funds and all necessary insurance for the Provider, the Provider's officers, employees, agents, subcontractors, or assignees shall be the sole responsibility of the Provider.

c. The Provider shall not assign the responsibility for this contract to another party without prior written approval of the Department, upon the Department's sole determination that such assignment will not adversely affect the public interest; however, in no event may the Provider assign or enter into any transaction having the effect of assigning or transferring any right to receive payment under this contract which right is not conditioned on full and faithful performance of the Provider's duties hereunder. Any sublicense, assignment, or transfer otherwise occurring without prior approval of the Department shall be null and void. The Provider shall not subcontract for any of the work contemplated under this contract without prior written approval of the Department, which shall not be unreasonably withheld.

d. The State of Florida shall at all times be entitled to assign or transfer, in whole or part, its rights, duties, or obligations under this contract to another governmental agency in the State of Florida or to a provider of the Department's selection, upon giving prior written notice to the Provider. In the event the State of Florida approves transfer of the Provider's obligations, the Provider remains responsible for all work performed and all expenses incurred in connection with the contract. This contract shall remain binding upon the lawful successors in interest of the Provider and the Department.

e. To the extent permitted by Florida Law, and in compliance with Section 8.c., the Provider is responsible for all work performed and for all commodities produced pursuant to this contract whether actually furnished by the Provider or by its subcontractors. Any subcontracts shall be evidenced by a written document. The Provider further agrees that the Department shall not be liable to the subcontractor in any way or for any reason relating to this contract.

f. The Provider shall include, in all subcontracts (at any tier) the substance of all clauses contained in this Standard Contract that mention or describe subcontract compliance.

g. To the extent that a subcontract provides for payment after Provider's receipt of payment from the Department, the Provider shall make payments to any subcontractor within seven (7) working days after receipt of full or partial payments from the Department in accordance with section 287.0585, Florida Statutes (F.S.), unless otherwise stated in the contract between the Provider and subcontractor. Failure to pay within seven (7) working days will result in a penalty that shall be charged against the Provider and paid by the Provider to the subcontractor in the amount of one-half of one percent (.5%) of the amount due per day from the expiration of the period allowed for payment. Such penalty shall be in addition to actual payments owed and shall not exceed fifteen percent (15%) of the outstanding balance due.

9. **Provider Indemnity.** Section 19 of PUR 1000 Form shall apply per its terms, except that the phrase "arising from or relating to personal injury and damage to real or personal tangible property" in the first paragraph is replaced with "arising out of or by reason of the execution of this contract or arising from or relating to any alleged act or omission by the Provider, its agents, employees, partners, or subcontractors in relation to this agreement," and the following additional terms will also apply:

a. If the Provider removes an infringing product because it is not reasonably able to modify that product or secure the Department the right to continue to use that product, the Provider shall immediately replace that product with a non-infringing product that the Department determines to be of equal or better functionality or be liable for the Department's cost in so doing.

b. Further, the Provider shall indemnify the Department for all costs and attorneys fees arising from or relating to Provider's claim that a record contains trade secret information that is exempt from disclosure or the scope of the Provider's redaction of the record, as provided for under Section 26.c., including litigation initiated by the Department.

The Provider's inability to evaluate liability or its evaluation of liability shall not excuse its duty to defend and indemnify after receipt of notice. Only an adjudication or judgment after the highest appeal is exhausted finding the Department negligent shall excuse the Provider of performance under this provision, in which case the Department shall have no obligation to reimburse the Provider for the cost of its defense. If the Provider is an agency or subdivision of the state, its obligation to indemnify, defend and hold harmless the Department shall be to the extent permitted by section 768.28, F.S. or other applicable law, and without waiving the limits of sovereign immunity.

10. **Insurance.** The Provider shall maintain continuous adequate liability insurance coverage during the existence of this contract and any renewal(s) and extension(s) thereof. With the exception of a state agency or subdivision as defined by subsection 768.28(2), F.S., by execution of this contract, the Provider accepts full responsibility for identifying and determining the type(s) and extent of liability insurance necessary to provide reasonable financial protections for the Provider and the clients to be served under this contract. The limits of coverage under each policy maintained by the Provider do not limit the Provider's liability and obligations under this contract. Upon the execution of this contract, the Provider shall furnish the Department written verification supporting both the determination and existence of such insurance coverage. Such coverage may be provided by a self-insurance program established and operating under the laws of the State of Florida. The Department reserves the right to require additional insurance as specified in this contract.

11. **Notice of Legal Actions.** The Provider shall notify the Department of legal actions taken against them or potential actions such as lawsuits, related to services provided through this contract or that may impact the Provider's ability to deliver the contractual services, or adversely impact the Department. The Department's contract manager will be notified within 10 days of Provider becoming aware of such actions or from the day of the legal filing, whichever comes first.

12. **Client Risk Prevention.** If services to clients are to be provided under this contract, the Provider and any subcontractors shall, in accordance with the client risk prevention system, report those reportable situations listed in Department of Children and Families Operating Procedure (CFOP) 215-6 in the manner prescribed in CFOP 215-6. The Provider shall immediately report any knowledge or reasonable suspicion of abuse, neglect, or exploitation of a child, aged person, or disabled adult to the Florida Abuse Hotline on the statewide toll-free telephone number (1-800-96ABUSE). As required by Chapters 39 and 415, F.S., this provision is binding upon both the Provider and its employees.

13. **Emergency Preparedness Plan.** If the tasks to be performed pursuant to this contract include the physical care or supervision of clients, the Provider shall, within thirty (30) days of the execution of this contract, submit to the contract manager an emergency preparedness plan which shall include provisions for records protection, alternative accommodations for clients in substitute care, supplies, and a recovery plan that will allow the Provider to continue functioning in compliance with the executed contract in the event of an actual emergency.

- a. For the purpose of disaster planning, the term supervision includes a child who is under the jurisdiction of a dependency court. Children may remain in their homes, be placed in a non-licensed relative/non-relative home, or be placed in a licensed foster care setting.
- b. No later than twelve months following the Department's original acceptance of a plan and every twelve (12) months thereafter, the Provider shall submit a written certification that it has reviewed its plan, along with any modifications to the plan, or a statement that no modifications were found necessary.
- c. The Department agrees to respond in writing within thirty (30) days of receipt of the original or updated plan, accepting, rejecting, or requesting modifications. In the event of an emergency, the Department may exercise oversight authority over such Provider in order to assure implementation of agreed emergency relief provisions.

14. Intellectual Property. It is agreed that all intellectual property, inventions, written or electronically created materials, including manuals, presentations, films, or other copyrightable materials, arising in relation to Provider's performance under this contract, and the performance of all of its officers, agents and subcontractors in relation to this contract, are works for hire for the benefit of the Department, fully compensated for by the contract amount, and that neither the Provider nor any of its officers, agents nor subcontractors may claim any interest in any intellectual property rights accruing under or in connection with the performance of this contract. It is specifically agreed that the Department shall have exclusive rights to all data processing software falling within the terms of section 119.084, F.S., which arises or is developed in the course of or as a result of work or services performed under this contract, or in any way connected herewith. Notwithstanding the foregoing provision, if the Provider is a university and a member of the State University System of Florida, then section 1004.23, F.S., shall apply.

- a. If the Provider uses or delivers to the Department for its use or the use of its employees, agents or contractors, any design, device, or materials covered by letters, patent, or copyright, it is mutually agreed and understood that, except as to those items specifically listed in the Special Provisions of Attachment I as having specific limitations, the compensation paid pursuant to this contract includes all royalties or costs arising from the use of such design, device, or materials in any way involved in the work contemplated by this contract. For purposes of this provision, the term "use" shall include use by the Provider during the term of this contract and use by the Department its employees, agents or contractors during the term of this contract and perpetually thereafter.
- b. All applicable subcontracts shall include a provision that the Federal awarding agency reserves all patent rights with respect to any discovery or invention that arises or is developed in the course of or under the subcontract. Notwithstanding the foregoing provision, if the Provider or one of its subcontractors is a university and a member of the State University System of Florida, then section 1004.23, F.S., shall apply, but the Department shall retain a perpetual, fully-paid, nonexclusive license for its use and the use of its contractors of any resulting patented, copyrighted or trademarked work products.

15. Real Property. Any state funds provided for the purchase of or improvements to real property are contingent upon the Provider granting to the state a security interest in the property at least to the amount of the state funds provided for at least five (5) years from the date of purchase or the completion of the improvements or as further required by law. As a condition of receipt of state funding for this purpose, the Provider agrees that, if it disposes of the property before the Department's interest is vacated, the Provider will refund the proportionate share of the state's initial investment, as adjusted by depreciation.

16. Publicity. Without limitation, the Provider and its employees, agents, and representatives will not, without prior Departmental written consent in each instance, use in advertising, publicity or any other promotional endeavor any State mark, the name of the State's mark, the name of the State or any state agency or affiliate or any officer or employee of the State, or any state program or service, or represent, directly or indirectly, that any product or service provided by the Provider has been approved or endorsed by the State, or refer to the existence of this contract in press releases, advertising or materials distributed to the Provider's prospective customers.

17. Sponsorship. As required by section 286.25, F.S., if the Provider is a non-governmental organization which sponsors a program financed wholly or in part by state funds, including any funds obtained through this contract, it shall, in publicizing, advertising, or describing the sponsorship of the program state: "Sponsored by (Provider's name) and the State of Florida, Department of Children and Families". If the sponsorship reference is in written material, the words "State of Florida, Department of Children and Families" shall appear in at least the same size letters or type as the name of the organization.

18. Employee Gifts. The Provider agrees that it will not offer to give or give any gift to any Department employee. As part of the consideration for this contract, the parties intend that this provision will survive the contract for a period of two years. In addition to any other remedies available to the Department, any violation of this provision will result in referral of the Provider's name and description of the violation of this term to the Department of Management Services for the potential inclusion of the Provider's name on the suspended vendors list for an appropriate period. The Provider will ensure that its subcontractors, if any, comply with these provisions.

19. Invoices. The Provider shall submit bills for fees or other compensation for services or expenses in sufficient detail for proper pre-audit and post-audit. Where itemized payment for travel expenses is permitted in this contract, the Provider shall submit bills for any travel expenses in accordance with section 112.061, F.S., or at such lower rates as may be provided in this contract.

20. Final Invoice. The final invoice for payment shall be submitted to the Department no more than **45** days after the contract ends or is terminated. If the Provider fails to do so, all rights to payment are forfeited and the Department will not honor any requests submitted after the aforesaid time period. Any payment due under the terms of this contract may be withheld until all reports due from the Provider and necessary adjustments thereto, have been approved by the Department.

21. Financial Consequences. If the Provider fails to meet the minimum level of service or performance identified in this contract, or that is customary for the industry, the Department will apply financial consequences commensurate with the deficiency. Financial consequences may include but are not limited to refusing payment, withholding payments until deficiency is cured, tendering only partial payments, applying liquidated damages to the extent that this contract so provides, imposition of penalties per Section 29, termination of contract per Section 30 and requisition of services from an alternate source. Any payment made in reliance on the Provider's evidence of performance, which evidence is subsequently determined to be erroneous, will be immediately due as an overpayment in accordance with Section 22, to the extent of such error.

22. Overpayments. The Provider shall return to the Department any overpayments due to unearned funds or funds disallowed that were disbursed to the Provider by the Department and any interest attributable to such funds pursuant to the terms and conditions of this contract. In the event that the Provider or its independent auditor discovers that an overpayment has been made, the Provider shall repay said overpayment immediately without prior notification from the Department. In the event that the Department first discovers an overpayment has been made, the contract manager, on behalf of the Department, will notify the Provider by letter of such findings. Should repayment not be made forthwith, the Provider will be charged interest at the lawful rate of interest on the outstanding balance after Department notification or Provider discovery. Payments made for services subsequently determined by the Department to not be in full compliance with contract requirements shall be deemed overpayments. The Department shall have the right to offset or

deduct from any amount due under this contract at any time any amount due to the Department from the Provider under this or any other contract or agreement and payment otherwise due under this contract will be deemed received regardless of such offset.

23. **Payment on Invoices.** Pursuant to section 215.422, F.S., the Department has five (5) working days to inspect and approve goods and services, unless the bid specifications, purchase order, or this contract specify otherwise. With the exception of payments to health care providers for hospital, medical, or other health care services, if payment is not available within forty (40) days, measured from the latter of the date a properly completed invoice is received by the Department or the goods or services are received, inspected, and approved, a separate interest penalty set by the Chief Financial Officer pursuant to section 55.03, F.S., will be due and payable in addition to the invoice amount. Payments to health care providers for hospital, medical, or other health care services, shall be made not more than thirty-five (35) days from the date eligibility for payment is determined. Financial penalties will be calculated at the daily interest rate of .03333%. Invoices returned to a Provider due to preparation errors will result in a non-interest bearing payment delay. Interest penalties less than one (1) dollar will not be paid unless the Provider requests payment. Payment shall be made only upon written acceptance by the Department and shall remain subject to subsequent audit or review to confirm contract compliance.

24. **Vendor Ombudsman.** A Vendor Ombudsman has been established within the Department of Financial Services. The duties of this office are found in section 215.422, F.S., which include disseminating information relative to prompt payment and assisting vendors in receiving their payments in a timely manner from a state agency. The Vendor Ombudsman may be contacted at (850) 413-5516.

25. **Records, Retention, Audits, Inspections and Investigations.**

a. The Provider shall establish and maintain books, records and documents (including electronic storage media) sufficient to reflect all income and expenditures of funds provided by the Department under this contract.

b. Retention of all client records, financial records, supporting documents, statistical records, and any other documents (including electronic storage media) pertinent to this contract shall be maintained by the Provider during the term of this contract and retained for a period of six (6) years after completion of the contract or longer when required by law. In the event an audit is required under this contract, records shall be retained for a minimum period of six (6) years after the audit report is issued or until resolution of any audit findings or litigation based on the terms of this contract, at no additional cost to the Department.

c. Upon demand, at no additional cost to the Department, the Provider will facilitate the duplication and transfer of any records or documents during the term of this contract and the required retention period in Section 25.b.

d. These records shall be made available at all reasonable times for inspection, review, copying, or audit by Federal, State, or other personnel duly authorized by the Department.

e. At all reasonable times for as long as records are maintained, persons duly authorized by the Department and Federal auditors, pursuant to 45 CFR, section 92.36(i)(10), shall be allowed full access to and the right to examine any of the Provider's contracts and related records and documents, regardless of the form in which kept.

f. A financial and compliance audit shall be provided to the Department as specified in this contract and in Attachment II.

g. The Provider shall comply and cooperate immediately with any inspections, reviews, investigations, or audits deemed necessary by The Office of the Inspector General (section 20.055, F.S.).

h. No record may be withheld nor may the Provider attempt to limit the scope of any of the foregoing inspections, reviews, copying, transfers or audits based on any claim that any record is exempt from public inspection or is confidential, proprietary or trade secret in nature; provided, however, that this provision does not limit any exemption to public inspection or copying to any such record.

26. **Public Records.** The Provider shall allow public access to all documents, papers, letters, or other public records as defined in subsection 119.011(12), F.S. as prescribed by subsection 119.07(1) F.S., made or received by the Provider in conjunction with this contract except that public records which are made confidential by law must be protected from disclosure. It is expressly understood that the Provider's failure to comply with this provision shall constitute an immediate breach of contract for which the Department may unilaterally terminate the contract.

a. Unless exempted by law, all public records are subject to public inspection and copying under Florida's Public Records Law, Chapter 119, F.S. Any claim by Provider of trade secret (proprietary) confidentiality for any information contained in Provider's documents (reports, deliverables or workpapers, etc., in paper or electronic form) submitted in connection with this contract will be waived, unless the claimed confidential information is submitted in accordance with Section 26.b.

b. The Provider must clearly label any portion of the documents, data, or records submitted that it considers exempt from public inspection or disclosure pursuant to Florida's Public Records Law as trade secret. The labeling will include a justification citing specific statutes and facts that authorize exemption of the information from public disclosure. If different exemptions are claimed to be applicable to different portions of the protected information, the Provider shall include information correlating the nature of the claims to the particular protected information.

c. The Department, when required to comply with a public records request including documents submitted by the Provider, may require the Provider to expeditiously submit redacted copies of documents marked as trade secret in accordance with Section 26.b. Accompanying the submission shall be an updated version of the justification under Section 26.b, correlated specifically to redacted information, either confirming that the statutory and factual basis originally asserted remain unchanged or indicating any changes affecting the basis for the asserted exemption from public inspection or disclosure. The redacted copy must exclude or obliterate only those exact portions that are claimed to be trade secret. If the Provider fails to promptly submit a redacted copy, the Department is authorized to produce the records sought without any redaction of proprietary or trade secret information.

d. The Provider shall be responsible for defending its claim that each and every portion of the redactions of trade secret information are exempt from inspection and copying under Florida's Public Records Law.

27. **Client Information.** The Provider shall not use or disclose any information concerning a recipient of services under this contract for any purpose prohibited by state and federal laws, rules and regulations except with the written consent of a person legally authorized to give that consent or when authorized by law.

28. **Data Security.** The Provider shall comply with the following data security requirements:

- a. An appropriately skilled individual shall be identified by the Provider to function as its Data Security Officer. The Data Security Officer shall act as the liaison to the Department's security staff and will maintain an appropriate level of data security for the information the Provider is collecting or using in the performance of this contract. An appropriate level of security includes approving and tracking all Provider employees that request or have access to any Departmental data system or information. The Data Security Officer will ensure that user access to the data system or information has been removed from all terminated Provider employees.
- b. The Provider shall provide the latest Departmental security awareness training to its staff and subcontractors who have access to departmental information.
- c. All Provider employees who have access to departmental information shall comply with, and be provided a copy of CFOP 50-2, and shall sign the DCF Security Agreement Form CF 0114 annually. A copy of Form CF 0114 may be obtained from the contract manager.
- d. The Provider shall make every effort to protect and avoid unauthorized release of any personal or confidential information by ensuring both data and storage devices are encrypted as prescribed in CFOP 50-2. If encryption of these devices is not possible, then the Provider shall assure that unencrypted personal and confidential departmental data will not be stored on unencrypted storage devices. The Provider shall require the same of all subcontractors.
- e. The Provider agrees to notify the contract manager as soon as possible, but no later than five (5) working days following the determination of any breach or potential breach of personal and confidential departmental data. The Provider shall require the same notification requirements of all subcontractors.
- f. The Provider shall at its own cost provide notice to affected parties no later than forty-five (45) days following the determination of any potential breach of personal or confidential departmental data as provided in section 817.5681, F.S. The Provider shall require the same notification requirements of all subcontractors. The Provider shall also at its own cost implement measures deemed appropriate by the Department to avoid or mitigate potential injury to any person due to a breach or potential breach of personal and confidential departmental data.

29. Financial Penalties for Failure to Take Corrective Action.

- a. In accordance with the provisions of subsection 402.73(1), F.S., and Rule 65-29.001, Florida Administrative Code (F.A.C.), corrective action plans may be required for noncompliance, nonperformance, or unacceptable performance under this contract. Penalties may be imposed for failures to implement or to make acceptable progress on such corrective action plans.
- b. The increments of penalty imposition that shall apply, unless the Department determines that extenuating circumstances exist, shall be based upon the severity of the noncompliance, nonperformance, or unacceptable performance that generated the need for corrective action plan. The penalty, if imposed, shall not exceed ten percent (10%) of the total contract payments during the period in which the corrective action plan has not been implemented or in which acceptable progress toward implementation has not been made. Noncompliance that is determined to have a direct effect on client health and safety shall result in the imposition of a ten percent (10%) penalty of the total contract payments during the period in which the corrective action plan has not been implemented or in which acceptable progress toward implementation has not been made.
- c. Noncompliance involving the provision of service not having a direct effect on client health and safety shall result in the imposition of a five percent (5%) penalty. Noncompliance as a result of unacceptable performance of administrative tasks shall result in the imposition of a two percent (2%) penalty.
- d. The deadline for payment shall be as stated in the Order imposing the financial penalties. In the event of nonpayment the Department may deduct the amount of the penalty from invoices submitted by the Provider.

30. The Following Termination Provisions Apply to this Contract:

- a. In accordance with Section 22 of PUR 1000 Form, this contract may be terminated by the Department without cause upon no less than thirty (30) calendar days notice in writing to the Provider unless a sooner time is mutually agreed upon in writing.
- b. In the event funds for payment pursuant to this contract becomes unavailable, the Department may terminate this contract upon no less than twenty-four (24) hours notice in writing to the Provider. The Department shall be the final authority as to the availability and adequacy of funds.
- c. In the event the Provider fails to fully comply with the terms and conditions of this contract, the Department may terminate the contract upon no less than twenty-four (24) hours (excluding Saturday, Sunday, and Holidays) notice in writing to the Provider after Provider's failure to fully cure such noncompliance within the time specified in a written notice of noncompliance issued by the Department specifying the nature of the noncompliance and the actions required to cure such noncompliance. In addition, the Department may employ the default provisions in Rule 60A-1.006(3), F.A.C., but is not required to do so in order to terminate the contract. The Department's failure to demand performance of any provision of this contract shall not be deemed a waiver of such performance. The Department's waiver of any one breach of any provision of this contract shall not be deemed to be a waiver of any other breach and neither event shall be construed to be a modification of the terms and conditions of this contract. The provisions herein do not limit the Department's right to remedies at law or in equity.
- d. Failure to have performed any contractual obligations under any other contract with the Department in a manner satisfactory to the Department will be a sufficient cause for termination. To be terminated as a Provider under this provision, the Provider must have: (1) previously failed to satisfactorily perform in a contract with the Department, been notified by the Department of the unsatisfactory performance, and failed to correct the unsatisfactory performance to the satisfaction of the Department; or (2) had a contract terminated by the Department for cause. Termination shall be upon no less than twenty-four (24) hours notice in writing to the Provider.

All notices of termination provided under this Section shall be in writing and sent by U.S. Postal Service or any other delivery service that provides verification of delivery or by hand delivery. In the event of termination under paragraphs a. or b., the Provider will be compensated for any work satisfactorily completed.

31. Transition Activities. Continuity of service is critical when service under this contract ends and service commences under a new contract. Accordingly, when service will continue through another provider upon the expiration or earlier termination of this contract, the Provider shall complete all actions necessary to smoothly transition service to the new provider. The Provider shall be required to support an orderly transition to the next provider no later than the expiration or earlier termination of this contract and shall support the requirements for transition as specified in a Department-approved Transition Plan. Such activities will be without additional compensation and will include consultation on the resources needed to support transition, identifying a transition manager, the characteristics of transactions, data and file transfer.

32. **Dispute Resolution.** Any dispute concerning performance of the contract or payment hereunder shall be decided by the Department's contract manager, who shall reduce the decision to writing and provide a copy to the Provider. The decision shall be final and conclusive unless within twenty-one (21) calendar days from the date of receipt of the contract manager's decision, the Provider delivers to the contract manager a petition for alternative dispute resolution. After receipt of a petition for alternative dispute resolution the Department and the Provider shall attempt to amicably resolve the dispute through negotiations. Timely delivery of a petition for alternative dispute resolution and completion of the negotiation process shall be a condition precedent to any legal action by the Provider concerning this contract. After timely delivery of a petition for alternative dispute resolution, the parties may employ any dispute resolution procedures described in the Attachment I or other attachment, or mutually agree to an alternative binding or nonbinding dispute resolution process, the terms of which shall be reduced to writing and executed by both parties. Completion of such agreed process shall be deemed to satisfy the requirement for completion of the negotiation process. This provision shall not limit the parties' rights of termination under Section 30.

33. Other Terms

- a. Except where otherwise provided in this contract, communications between the parties regarding this contract may be by any commercially reasonable means. Where this contract calls for communication, in writing, except for notices of termination per Section 30, such communication includes email, and attachments are deemed received when the email is received.

- f. The Department of Economic Opportunity and Workforce Florida: The Provider understands that the Department, the Department of Economic Opportunity, and Workforce Florida, Inc., have jointly implemented an initiative to empower recipients in the Temporary Assistance to Needy Families Program to enter and remain in gainful employment. - h. There are no provisions, terms, conditions, or obligations other than those contained herein, and this contract shall supersede all previous communications, representations, or agreements, either verbal or written between the parties.
- i. If any term or provision of this contract is legally determined unlawful or unenforceable, the remainder of the contract shall remain in full force and effect and such term or provision shall be stricken.
- j. **Survival of terms.** The parties agree that, unless a provision of this Standard Contract, its attachments or incorporated documents expressly states otherwise as to itself or a named provision, all provisions of this contract concerning obligations of the Provider and remedies available to the Department are intended to survive the "ending date" or an earlier termination of this contract. The Provider's performance pursuant to such surviving provisions shall be without further payment, as the contract payments received during the term of this contract are consideration for such performance.
- k. **Most Favored Party Status:** The Provider represents and warrants that the prices and terms for its services under this contract are no less favorable to the Department than those for similar services under any existing contract with any other party. The Provider further agrees that, within ninety (90) days of Provider entering into a contract, contract amendment or offering to any other party services similar to those under this contract under prices or terms more favorable than those provided in this contract, the Provider will report such prices and terms to the Department, which prices or terms shall be effective as an amendment to this contract upon the Department's written acceptance thereof. Should the Department discover such other prices or terms, the same shall be effective as an amendment to this contract retroactively to the earlier of the effective date of this contract (for other contracts in effect as of that date) or the date they were first contracted or offered to the other party (for subsequent contracts, amendments or offers) and any payment in excess of such pricing shall be deemed overpayments. Provider shall submit an affidavit no later than July 31st of each year during the term of this contract attesting that the Provider is in compliance with this provision, as required by section 216.0113, FS.
- l. The Provider will not offer, enter into nor enforce any formal or informal agreement with any person, firm or entity under which the parties agree to refrain from competing for any future service contract or limit in any manner the ability of either party to obtain employment by or provide services to the Department or a provider of services to the Department.
- m. In the event of a conflict between the provisions of the documents, the documents shall be interpreted in the following order of precedence:
 - i. Attachment I and other attachments, if any;
 - ii. Any documents incorporated into any attachment by reference;
 - iii. This Standard Contract;
 - iv. Any documents incorporated into this Standard Contract by reference.

34. **Modifications.** Modifications of provisions of this contract shall be valid only when they have been reduced to writing and duly signed by both parties. The rate of payment and the total dollar amount may be adjusted retroactively to reflect price level increases and changes in the rate of payment when these have been established through the appropriations process and subsequently identified in the Department's operating budget.

35. **Additional Requirements of Law, Regulation and Funding Source.** As provided in Section 5 of this contract, the Provider is required to comply with the following requirements, as applicable to its performance under this contract. ESG Minimum Habitability Standards Checklist

About this Tool

The Emergency Solutions Grants (ESG) Program Interim Rule establishes different habitability standards for emergency shelters and for permanent housing (the Rapid Re-housing and Homelessness Prevention components).

- **Emergency Shelter Standards.**
 - Emergency shelters that receive ESG funds for renovation or shelter operations must meet the minimum standards for safety, sanitation, and privacy provided in §576.403(b).
 - In addition, emergency shelters that receive ESG funds for renovation (conversion, major rehabilitation, or other renovation) also must meet state or local government safety and sanitation standards, as applicable.
- **Permanent Housing Standards.** The recipient or subrecipient cannot use ESG funds to help a program participant remain in or move into housing that does not meet the minimum habitability standards under §576.403(c). This restriction applies to all activities under the Homelessness Prevention and Rapid Re-housing components.

Recipients and subrecipients must document compliance with the applicable standards. Note that these checklists do not cover the requirements to comply with the Lead-Based Paint requirements at §576.403(a). For more discussion about how and when the standards apply, see ***ESG Minimum Standards for Emergency Shelters and Permanent Housing***, located at <http://OneCPD.info/esg>.

The checklists below offer an optional format for documenting compliance with the appropriate standards. These are intended to:

1. Provide a clear summary of the requirements and an adaptable tool so recipients and subrecipients can formally assess their compliance with HUD requirements, identify and carry out corrective actions, and better prepare for monitoring visits by HUD staff.
2. Provide a tool for a recipient to monitor that its subrecipient is in compliance with HUD requirements. Where non-compliance is identified, the ESG recipient can use this information to require or assist the subrecipient to make necessary changes.

Prior to beginning the review, the subrecipient should organize relevant files and documents to help facilitate their review. For instance, this may include local or state inspection reports (fire-safety, food preparation, building/occupancy, etc.), or policy and procedure documents related to emergency shelter facility maintenance or renovations.

Carefully read each statement and indicate the shelter's or unit's status for each requirement (Approved or Deficient). Add any comments and corrective actions needed in the appropriate box. The reviewer should complete the information about the project, and sign and date the form. This template includes space for an "approving official," if the recipient or subrecipient has designated another authority to approve the review. When the assessment is complete, review it with program staff and develop an action plan for addressing any areas requiring corrective action.

Instructions: Place a check mark in the correct column to indicate whether the property is approved or deficient with respect to each standard. A copy of this checklist should be placed in the shelter's files.

Approved	Deficient	Standard (24 CFR part 576.403(b))
		1. <i>Structure and materials:</i> a. The shelter building is structurally sound to protect the residents from the elements and not pose any threat to the health and safety of the residents. b. Any renovation (including major rehabilitation and conversion) carried out with ESG assistance uses Energy Star and WaterSense products and appliances.
		2. <i>Access.</i> Where applicable, the shelter is accessible in accordance with: a. Section 504 of the Rehabilitation Act (29 U.S.C. 794) and implementing regulations at 24 CFR part 8; b. The Fair Housing Act (42 U.S.C. 3601 et seq.) and implementing regulations at 24 CFR part 100; and c. Title II of the Americans with Disabilities Act (42 U.S.C. 12131 et seq.) and 28 CFR part 35.
		3. <i>Space and security:</i> Except where the shelter is intended for day use only, the shelter provides each program participant in the shelter with an acceptable place to sleep and adequate space and security for themselves and their belongings.
		4. <i>Interior air quality:</i> Each room or space within the shelter has a natural or mechanical means of ventilation. The interior air is free of pollutants at a level that might threaten or harm the health of residents.
		5. <i>Water Supply:</i> The shelter's water supply is free of contamination.
		6. <i>Sanitary Facilities:</i> Each program participant in the shelter has access to sanitary facilities that are in proper operating condition, are private, and are adequate for personal cleanliness and the disposal of human waste.
		7. <i>Thermal environment:</i> The shelter has any necessary heating/cooling facilities in proper operating condition.
		8. <i>Illumination and electricity:</i> a. The shelter has adequate natural or artificial illumination to permit normal indoor activities and support health and safety. b. There are sufficient electrical sources to permit the safe use of electrical appliances in the shelter.
		9. <i>Food preparation:</i> Food preparation areas, if any, contain suitable space and equipment to store, prepare, and serve food in a safe and sanitary manner.
		10. <i>Sanitary conditions:</i> The shelter is maintained in a sanitary condition.
		11. <i>Fire safety:</i> a. There is at least one working smoke detector in each occupied unit of the shelter. Where possible, smoke detectors are located near sleeping areas. b. All public areas of the shelter have at least one working smoke detector. c. The fire alarm system is designed for hearing-impaired residents. d. There is a second means of exiting the building in the event of fire or other emergency.
		12. If ESG funds were used for renovation or conversion, the shelter meets state or local government safety and sanitation standards, as applicable.
		13. Meets additional recipient/subrecipient standards (if any).

MONITORING

In addition to reviews of audits conducted in accordance with OMB Circular A-133 and Section 215.97, F.S., as revised, the department may monitor or conduct oversight reviews to evaluate compliance with contract, management and programmatic requirements. Such monitoring or other oversight procedures may include, but not be limited to, on-site visits by department staff, limited scope audits as defined by OMB Circular A-133, as revised, or other procedures. By entering into this agreement, the recipient agrees to comply and cooperate with any monitoring procedures deemed appropriate by the department. In the event the department determines that a limited scope audit of the recipient is appropriate, the recipient agrees to comply with any additional instructions provided by the department regarding such audit. The recipient further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the department's inspector general, the state's Chief Financial Officer or the Auditor General.

AUDITS

PART I: FEDERAL REQUIREMENTS

This part is applicable if the recipient is a State or local government or a non-profit organization as defined in OMB Circular A-133, as revised.

In the event the recipient expends \$500,000 or more in Federal awards during its fiscal year, the recipient must have a single or program-specific audit conducted in accordance with the provisions of OMB Circular A-133, as revised. The recipient agrees to provide a copy of the single audit to the Department's Single Audit Unit and its contract manager. In the event the recipient expends less than \$500,000 in Federal awards during its fiscal year, the recipient agrees to provide certification to the Department's Single Audit Unit and its contract manager that a single audit was not required. In determining the Federal awards expended during its fiscal year, the recipient shall consider all sources of Federal awards, including Federal resources received from the Department of Children & Families, Federal government (direct), other state agencies, and other non-state entities. The determination of amounts of Federal awards expended should be in accordance with guidelines established by OMB Circular A-133, as revised. An audit of the recipient conducted by the Auditor General in accordance with the provisions of OMB Circular A-133, as revised, will meet the requirements of this part. In connection with the above audit requirements, the recipient shall fulfill the requirements relative to auditee responsibilities as provided in Subpart C of OMB Circular A-133, as revised.

The schedule of expenditures should disclose the expenditures by contract number for each contract with the department in effect during the audit period. The financial statements should disclose whether or not the matching requirement was met for each applicable contract. All questioned costs and liabilities due the department shall be fully disclosed in the audit report package with reference to the specific contract number.

Single Audit Information for Recipients of Recovery Act Funds:

(a) To maximize the transparency and accountability of funds authorized under the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5) (Recovery Act) as required by Congress and in accordance with

2 CFR 215.21 "Uniform Administrative Requirements for Grants and Agreements" and OMB Circular A-102 Common Rules provisions, recipients agree to maintain records that identify adequately the source and application of Recovery Act funds. OMB Circular A-102 is available at <http://www.whitehouse.gov/omb/circulars/a102/a102.html>.

(b) For recipients covered by the Single Audit Act Amendments of 1996 and OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations," recipients agree to separately identify the expenditures for Federal awards under the Recovery Act on the Schedule of Expenditures of Federal Awards (SEFA) and the Data Collection Form (SF-SAC) required by OMB Circular A-133. OMB Circular A-133 is available at <http://www.whitehouse.gov/omb/circulars/a133/a133.html>. This shall be accomplished by identifying expenditures for Federal awards made under the Recovery Act separately on the SEFA, and as separate rows under Item 9 of Part III on the SF-SAC by CFDA number, and inclusion of the prefix "ARRA-" in identifying the name of the Federal program on the SEFA and as the first characters in Item 9d of Part III on the SF-SAC.

(c) Recipients agree to separately identify to each subrecipient, and document at the time of subaward and at the time of disbursement of funds, the Federal award number, CFDA number, and amount of Recovery Act funds. When a recipient awards Recovery Act funds for an existing program, the information furnished to subrecipients shall distinguish the subawards of incremental Recovery Act funds from regular subawards under the existing program.

(d) Recipients agree to require their subrecipients to include on their SEFA information to specifically identify Recovery Act funding similar to the requirements for the recipient SEFA described above. This information is needed to allow the recipient to properly monitor subrecipient expenditure of ARRA funds as well as oversight by the Federal awarding agencies, Offices of Inspector General and the Government Accountability Office.

PART II: STATE REQUIREMENTS

This part is applicable if the recipient is a nonstate entity as defined by Section 215.97(2), Florida Statutes.

The recipient agrees to provide a copy of the single audit to the Department's Single Audit Unit and its contract manager. In the event the recipient expends less than \$500,000 in State financial assistance during its fiscal year, the recipient agrees to provide certification to the Department's Single Audit Unit and its contract manager that a single audit was not required. In determining the state financial assistance expended during its fiscal year, the recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department of Children & Families, other state agencies, and other nonstate entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a nonstate entity for Federal program matching requirements.

In connection with the audit requirements addressed in the preceding paragraph, the recipient shall ensure that the audit complies with the requirements of Section 215.97(8), Florida Statutes. This includes submission of a financial reporting package as defined by Section 215.97(2), Florida Statutes, and Chapters 10.550 or 10.650, Rules of the Auditor General.

The schedule of expenditures should disclose the expenditures by contract number for each contract with the department in effect during the audit period. The financial statements should disclose whether or not the matching requirement was met for each applicable contract.
