Dear Mr. Sermak and Audit Selection Committee members:

Keefe McCullough appreciates the opportunity to respond to your Request for Proposal (RFP) to provide independent auditing services to the City of Key West (the "City") for the fiscal years ending September 30, 2018, 2019, 2020, 2021 and 2022 with the option of auditing its financial statements for additional fiscal years.

At Keefe McCullough, our mission is to be your most highly valued advisor, by demonstrating our unique understanding of your needs, and exceeding your expectations in every interaction and solution we present. We offer deep industry experience, a full spectrum of resources, a collaborative approach, and exceptional client service. We encourage you to consider the following factors that differentiate us in the marketplace and that we believe are most relevant to you.

Governmental Experience

Keefe McCullough has been dedicated to the public sector for over 45 years by providing professional services to municipalities, special taxing districts, charter schools and other governmental entities helping many achieve the Certificate of Achievement for Excellence in Financial Reporting. By making the public sector a primary focus of our firm, we have the technical expertise to keep our clients informed of any upcoming technical pronouncements well in advance. We provide custom templates for our clients regarding new pronouncements including pensions and OPEB. This commitment allows us to deliver an unmatched level of service to our clients, with some municipalities being our client for over thirty years.

Experienced Professionals

Our proposed audit team for this engagement has extensive governmental experience, including municipalities comparable to the size and scope of the City of Key West. The professionals assigned to your engagement have exceeded the mandatory continuing professional education requirements and are dedicated to the public sector by working almost exclusively on governmental entities. Because of our time spent working with governments, we are specialists when it comes to the particulars of governmental accounting and the increasing amount of other issues facing many local governments.

Scope of Services

In preparing our proposed audit plan, we reviewed the City's RFP, prior financial statements and the 2017-2018 budget. The following proposal reflects our understanding of your needs and illustrates the approach we will take in providing the professional services required for your City.

Our audit of these financial statements will be conducted in accordance with:

1. Generally accepted auditing standards (GAAS), as set forth by the American Institute of Certified Public Accountants (AICPA).
2. Government Auditing Standards issued by the Comptroller General of the United States.
3. Subpart F of Title 2 U.S. CFR Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.
4. Federal Single Audit Act, as amended.
5. Florida Single Audit Act.
6. Rules of the Auditor General, State of Florida.
7. Rules of the Florida Department of Financial Services.
8. Section 218.39, Florida Statutes and any other applicable Florida Statutes.
9. Any other federal, state, and local laws, regulations, or professional guidance not specifically listed above, as well as any additional requirements which may be adopted by these organizations in the future.

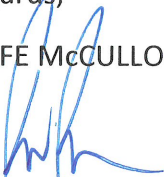

Keefe McCullough is committed to performing the auditing services within the prescribed time frame as outlined in the City's request for proposal. We hereby attest to our authority to submit this proposal and to individually bind Keefe McCullough to perform this audit in accordance with the resulting contract agreement should the firm be selected. Our proposal is made without collusion with any other person or entity submitting a proposal pursuant to the RFP. This proposal is a firm and irrevocable offer for ninety (90) days as of the date of this proposal.

Our goal is to provide valuable services and contribute to your success by delivering solutions that are just right for you, all at a very competitive rate. We hope that our client service philosophy, expertise, and reputation for quality will be major factors you consider when evaluating our firm.

We have not had any other professional relationships with the City or any of its agencies or component units or oversight unit for the past five (5) years. We have rotated our engagement team periodically in accordance with our independent relationship with the City of Key West.

Our office consists of eight partners, approximately seventy-five (75) professional accounting staff members and administrative support personnel. Our governmental audit staff consists of thirty-five professionals. Our office is located in downtown Fort Lauderdale at 6550 N Federal Hwy, 4th Floor, Ft. Lauderdale, FL 33308. The following individuals will be assigned to this engagement on a full-time basis:

Israel J. Gomez, C.P.A.	Engagement Partner
Marc A. Grace, C.P.A.	Technical Review Partner
William G. Benson, C.P.A.	Quality Control Partner
Stephen P. Emery, C.P.A.	Manager
Ralph B. Arrojo	Supervisor

If the Proposer is a joint venture or consortium, the qualifications of each firm comprising the joint venture or consortium shall be separately identified and the firm that is to serve as the principal Auditor should be noted, if applicable.

Keefe McCullough is not a joint venture or consortium.

The firm is required to submit a copy of the report on its most recent external quality control review, with a statement whether that quality control review included a review of specific government engagements.

Our firm participates in the American Institute of Certified Public Accountants Peer Review Program and we have received unmodified opinions on all of our previous peer reviews. We have provided the most recent quality control review documentation for your reference at the end of this section. This quality control review included a specific review of the Town of Davie and the City of Sunny Isles Beach, Florida audit workpapers, financial statements and reports.

The firm shall provide information on the results of any federal or state desk reviews or field reviews of its audits during the past three (3) years. In addition, the firm shall provide information on the circumstances and status of any disciplinary action taken or pending against the firm during the past three (3) years with state regulatory bodies or professional organizations.

Because our firm performs a substantial number of "Yellow Book" type engagements, we routinely receive desk reviews from various State of Florida departments (DCF, FDOT or DOEA). We have had no field reviews during the last three years, and we are not aware of any disciplinary action ever taken or now pending against our firm or any of our professional accounting staff. We are not aware of any pending local office litigation or litigation related to our firm's audits of State or Local Government entities.

Neither our firm, nor any of our employees present or past, or anyone acting on our behalf, has ever been convicted of any crime or offense arising directly or indirectly from the conduct of our firm's business, nor have any of our firm's officers, director or persons exercising substantial policy discretion ever been convicted of any crime or offense involving business or financial misconduct or fraud for the entire forty-six (46) year history of our firm.

The firm shall identify the principal supervisory and management staff, including engagement partners, managers, other supervisors, specialists and the assigned "in-charge" who would be assigned to the engagement and indicate whether each such person is registered/licensed to practice as a certified public accountant in Florida. The firm shall provide information in the form of resumes on the government auditing experience of each person, *including information on relevant continuing professional education for the past three (3) years* and membership in professional organizations relevant to the performance of this audit.

The firm shall provide as much information as possible regarding the number, qualifications, experience and training, including relevant continuing professional education of the specific staff to be assigned to this engagement. The firm also shall indicate how the quality of staff over the term of the agreement will be assured.

Our proposed audit team is comprised of the following principal supervisory and management staff:

<u>Audit Team Member</u>	<u>Engagement Role</u>	<u>Years of Experience</u>
Israel J. Gomez, C.P.A.	Engagement Partner	17
Marc A. Grace, C.P.A.	Technical Review Partner	12
William G. Benson, C.P.A.	Quality Control Partner	34
Stephen P. Emery, C.P.A.	Manager	8
Ralph B. Arrojo	Supervisor	7

All members of the firm that are designated as Certified Public Accountants are properly licensed in the State of Florida.

A profile of each audit team member is included at the end of this section, which lists specific governmental experience, qualifications, continuing professional education and memberships in professional organizations relevant to the performance of the audit.

Due to our firm's concentration of governmental and not-for-profit clients, we sponsor continuing professional education courses annually regarding a variety of governmental subjects, including Governmental Accounting Standards Board (GASB) pronouncements. One eight-hour governmental seminar is offered to our governmental clients. In addition, our entire professional governmental accounting staff takes eighty hours of "governmental qualified" continuing education courses every two years.

We have experienced very low turnover of our professional accounting staff members and our firm philosophy emphasizes direct partner involvement in each engagement including various phases of the audit fieldwork and review processes. We believe this partner involvement positively impacts engagement staff continuity.

The Proposer shall identify the extent to which staff to be assigned to the audit reflect the City of Key West's commitment to affirmative action.

Also, KMC will provide reasonable accommodations to applicants and employees with disabilities in accordance with Federal, State or Local regulations and laws.

Keefe McCullough personnel consists of 50% women and 30% minorities.

Engagement partners, manager, consultants, other supervisory staff, specialists and “in-charge” may be changed if those personnel leave the firm, are promoted or are assigned to another office. Those personnel may also be changed for other reasons with the express prior written permission of the City of Key West. However, the City of Key West retains the right to approve or reject replacements.

We understand engagement partners, manager, consultants, other supervisory staff, specialists and “in-charge” may be changed if those personnel leave the firm, are promoted or are assigned to another office. These personnel may also be changed for other reasons with the express prior written permission of the City. We also understand the City retains the right to approve or reject replacements.

Other audit personnel may be changed at the discretion of the Proposer provided that replacements have substantially the same or better qualifications or experience.

AUDIT APPROACH

Tab III

The proposal shall set forth a work plan, including an explanation of the audit methodology to be followed, to perform the services required in Section II of this request for proposals. In developing the work plan, reference shall be made to such sources of information as the City of Key West's budget and related materials, organizational charts, manuals and programs, and financial and other management information systems.

Proposers will be required to provide the following information on their audit approach:

- Describe proposed segmentation of the engagement. Specific target dates must be offered for each segment. The plan proposed must be structured to meet these proposed dates. Timing of the engagement must be planned so that the City deadlines, as noted in Section 1.9, will be met.
- Show level of staff and number of hours to be assigned to each proposed segment of the engagement. The adequacy of proposed staffing plan for various segments of the engagement will be evaluated. Commitment to continuity of the proposed audit team for following years of the agreement will be considered favorably.
- Describe sample size and the extent to which statistical sampling is to be used in the engagement. Show each segment and its part in the overall audit plan. Define the specific audit procedures to be followed and how they are applicable to each audit plan segment.
- Describe the extent of use of paperless technology in the engagement.
- Define type and extent of analytical procedures to be used in the engagement. Include specific examples of audit procedures to be used in each segment of the engagement.
- Demonstrate approach to be taken to gain and document an understanding of the City of Key West's internal control structure.
- Identify approach to be taken in determining laws and regulations that will be subject to audit test work.
- Describe approach to be taken in drawing audit samples for purposes of tests of compliance.

Keefe McCullough has a steadfast commitment to accuracy, our audit process is based on a thorough initial planning process, open and honest lines of communication throughout the year, and a specific methodology of analysis and quality review that will ensure a successful audit, as well as a successful relationship with the City and its professionals year after year. We have developed this successful methodology and are recognized for the quality and thoroughness of our audit process.

Our audit approach is focused on listening to and understanding you and your organization, not only the flow of transactions and internal controls, but also your strategies and risks. This enables us to identify key audit components and tailor our procedures to the unique aspects of the City's business. We hire the most competent people and invest heavily in systems that ensure consistency, objectivity, and accountability for results in strict compliance with professional standards. We also rely on experience. Our senior people are extensively involved in the audit process and will seek active dialogue with the City's leadership. The benefit to the City is an effective, cost-efficient, independent audit performed within your time requirements by experienced professionals.

Our audit process is continuous, whereby we address and resolve issues, throughout the year, not just at year end. We encourage client communication throughout the year.

As part of our commitment to you, we have developed a business advisory approach to audit services, which looks beyond accounting entries to underlying transactions and business systems. We place substantial emphasis on understanding your operations and fundamental business strategies. We don't view your audit as a commodity. Instead, we see it as a tool that you can use to improve your operations and service delivery. We contribute recommendations about your internal controls, operating and accounting procedures, and other important matters.

In summary, development of the specific audit plan is accomplished through:

- Meeting with City management to obtain an understanding of your business concerns and challenges.
- Thoroughly understanding and documenting the financial management and information systems.
- Evaluating economic and industry factors affecting operations.
- Identifying major areas of audit risk.
- Coordinating the audit process with the accounting and finance personnel.
- Performing testing on interim balances to minimize the amount of year-end testing.

Our audit approach is conducted in three segments and involves communication throughout:

Segment 1 - Strategic Planning and Risk Assessment - Completed in November

Planning is the most critical segment to a successful audit. This segment will commence with a joint meeting between Keefe McCullough, City Management, and its Finance Department. This meeting is important to ensure a coordinated audit and will cover our preliminary plan for conducting the audit to meet the City's timing requirements and reporting issues.

During this segment, we will obtain a thorough understanding of your organization and its operations. We will document your systems and perform tests of controls to evaluate their effectiveness. We will obtain certain documents for our permanent files. Confirmation requests will be selected, and we will work with the City's personnel to determine the timing of the final audit fieldwork. We will also perform the risk assessments required to determine our audit approach and procedures. After this segment is completed, we will provide the City and accountants with a list of items needed for the year-end work and meet with management to provide a status update.

Segment 2 - Comprehensive Testing and Analysis - Completed in January

This segment will occur when the City's Finance Department have prepared a trial balance of its year-end general ledger accounts and completed the working papers agreed upon during planning. This phase includes substantive audit procedures that involve obtaining or examining evidence to verify the propriety of such balances. Throughout audit fieldwork, we will meet with members of the management team to discuss the results of the audit.

Segment 3 - Report Delivery and Follow Up - Completed in February

The final segment involves the independent partner quality control review of your financial statements and completion of the report on internal control and other required reports. All draft reports will be reviewed with City Management before issuance. We will adhere to the report timelines you have outlined in your request for proposal. All partners will be available to present final audit report to City Commission.

Segments of our audit approach:

The following section gives an overview of the procedures we anticipate will be implemented during the audit. It does not include every step of the audit, but indicates our understanding of the intricacies of governmental entities. Audit procedures are continually evaluated throughout the audit process and adjustments made based on the City's operations, internal controls, and any significant issues that are identified.

Sampling and Sample Sizes

Audit sampling will be utilized throughout each segment of the audit to ensure that the most effective and efficient procedures are performed. Sample sizes in the various phases of the engagement, including compliance testing, would be determined based on population sizes, audit objectives and nature of transaction and/or account. We have customized checklists and audit software that assists in the selection of these samples. Additionally, we would utilize both "statistical" and "non-statistical" methods to select certain test transactions. Sample selections are reviewed and evaluated to ensure that they are representative of the population and of adequate size based on a variety of factors.

Analytical Procedures

Analytical procedures may range from simple comparisons to complex models involving many relationships and elements of data. Generally accepted auditing standards require the use of analytical procedures in all audits of financial statements.

Our analytical procedures are conducted in each segment of the engagement. Analytical procedures are performed during our interim work to help us plan the audit and determine where we might need to focus additional attention. Preliminary procedures are performed using the City's trial balance and budget report prior to audit entries. The engagement team reviews the current-year information and compare it to prior year actual amounts, the current budget, and other expected results.

Final analytical review takes place after all audit entries are posted. The partners and managers review the financial statements, looking for variances to our expectations. Items that exceed our predetermined variance threshold are highlighted for further investigation. This investigation includes reviewing detail transactions, vouching a sample of transactions, discussions with management, and validation techniques. Explanations of variances are documented in our file, with the results used to determine the extent of any additional audit testing or financial statement disclosures.

Use of Technology

Keefe McCullough minimizes fees by conducting a completely paperless audit using proven processes and comprehensive auditing software. This investment in technology supports real-time communication with our engagement team at any time and from anywhere. This provides a seamless trail from initial planning through the final financial statement issuance.

In addition, we have certified network engineers (CNE) on our staff to assist with our assurance engagement. They assist during risk assessment of key internal controls and in various other phases of fieldwork.

Requirements for City Contractors to Provide Equal Benefits for Domestic Partners

(a) Definitions. For purposes of this section only, the following definitions shall apply:

- (1) **Benefits** means the following plan, program or policy provided or offered by a contractor to its employees as part of the employer's total compensation package: sick leave, bereavement leave, family medical leave, and health benefits.
- (2) **Bid** shall mean a competitive bid procedure established by the city through the issuance of an invitation to bid, request for proposals, request for qualifications, or request for letters of interest.
- (3) **Cash equivalent** means the amount of money paid to an employee with a domestic partner in lieu of providing benefits to the employee's domestic partner. The cash equivalent is equal to the employer's direct expense of providing benefits to an employee for his or her spouse.

The cash equivalents of the following benefits apply:

- a. For bereavement leave, cash payment for the number of days that would be allowed as paid time off for the death of a spouse. Cash payment would be in the form of the wages of the domestic partner employee for the number of days allowed.
 - b. For health benefits, the cost to the contractor of the contractor's share of the single monthly premiums that are being paid for the domestic partner employee, to be paid on a regular basis while the domestic partner employee maintains such insurance in force for himself or herself.
 - c. For family medical leave, cash payment for the number of days that would be allowed as time off for an employee to care for a spouse who has a serious health condition. Cash payment would be in the form of the wages of the domestic partner employee for the number of days allowed.
- (4) **Contract** means any written agreement, purchase order, standing order or similar instrument entered into pursuant to the award of a bid whereby the city is committed to expend or does expend funds in return for work, labor, professional services, consulting services, supplies, equipment, materials, construction, construction related services or any combination of the foregoing.
 - (5) **Contractor** means any person or persons, sole proprietorship, partnership, joint venture, corporation, or other form of doing business, that is awarded a bid and enters into a covered contract with the city, and which maintains five (5) or more full-time employees.
 - (6) **Covered contract** means a contract between the city and a contractor awarded subsequent to the date when this section becomes effective valued at over twenty thousand dollars (\$20,000).
 - (7) **Domestic partner** shall mean any two adults of the same or different sex, who have registered as domestic partners with a governmental body pursuant to state or local law authorizing such registration, or with an internal registry maintained by the employer of at least one of the domestic partners. A contractor may institute an internal registry to allow for the provision of equal benefits to employees with domestic partner who do not register their partnerships pursuant to a governmental body authorizing such registration, or who are located in a jurisdiction where no such governmental domestic partnership

registry exists. A contractor that institutes such registry shall not impose criteria for registration that are more stringent than those required for domestic partnership registration by the City of Key West pursuant to Chapter 38, Article V of the Key West Code of Ordinances.

- (8) **Equal benefits** mean the equality of benefits between employees with spouses and employees with domestic partners, and/or between spouses of employees and domestic partners of employees.

(b) Equal benefits requirements.

- (1) Except where otherwise exempt or prohibited by law, a Contractor awarded a covered contract pursuant to a bid process shall provide benefits to domestic partners of its employees on the same basis as it provides benefits to employees' spouses.
- (2) All bid requests for covered contracts which are issued on or after the effective date of this section shall include the requirement to provide equal benefits in the procurement specifications in accordance with this section.
- (3) The city shall not enter into any covered contract unless the contractor certifies that such contractor does not discriminate in the provision of benefits between employees with domestic partners and employees with spouses and/or between the domestic partners and spouses of such employees.
- (4) Such certification shall be in writing and shall be signed by an authorized officer of the contractor and delivered, along with a description of the contractor's employee benefits plan, to the city's procurement director prior to entering into such covered contract.
- (5) The city manager or his/her designee shall reject a contractor's certification of compliance if he/she determines that such contractor discriminates in the provision of benefits or if the city manager or designee determines that the certification was created, or is being used for evading the requirements of this section.
- (6) The contractor shall provide the city manager or his/her designee, access to its records for the purpose of audits and/or investigations to ascertain compliance with the provisions of this section, and upon request shall provide evidence that the contractor is in compliance with the provisions of this section upon each new bid, contract renewal, or when the city manager has received a complaint or has reason to believe the contractor may not be in compliance with the provisions of this section. This shall include but not be limited to providing the city manager or
his/her designee with certified copies of all of the contractor's records pertaining to its benefits policies and its employment policies and practices.
- (7) The contractor may not set up or use its contracting entity for the purpose of evading the requirements imposed by this section.

(c) Mandatory contract provisions pertaining to equal benefits. Unless otherwise exempt, every covered contract shall contain language that obligates the contractor to comply with the applicable provisions of this section. The language shall include provisions for the following:

- (1) During the performance of the covered contract, the contractor certifies and represents that it will comply with this section.
- (2) The failure of the contractor to comply with this section will be deemed to be a material breach of the covered contract.
- (3) If the contractor fails to comply with this section, the city may terminate the

covered contract and all monies due or to become due under the covered contract may be retained by the city. The city may also pursue any and all other remedies at law or in equity for any breach.

- (4) If the city manager or his designee determines that a contractor has set up or used its contracting entity for the purpose of evading the requirements of this section, the city may terminate the covered contract.

(d) Enforcement. If the contractor fails to comply with the provisions of this section:

- (1) The failure to comply may be deemed to be a material breach of the covered contract;
or
- (2) The city may terminate the covered contract; or
- (3) Monies due or to become due under the covered contract may be retained by the city until compliance is achieved; or
- (4) The city may also pursue any and all other remedies at law or in equity for any breach;
- (5) Failure to comply with this section may also subject contractor to the procedures set forth in Division 5 of this article, entitled "Debarment of contractors from city work."

(e) Exceptions and waivers.

The provisions of this section shall not apply where:

- (1) The contractor does not provide benefits to employees' spouses.

- (6) Provided that the contractor does not discriminate in the provision of benefits, a contractor may also comply with this section by providing an employee with the cash equivalent of such benefits, if the city manager or his/her designee determines that either:
 - a. The contractor has made a reasonable yet unsuccessful effort to provide equal benefits. The contractor shall provide the city manager or his/her designee with sufficient proof of such inability to provide such benefit or benefits which shall include the measures taken to provide such benefits or benefits and the cash equivalent proposed, along with its certificate of compliance, as is required under this section.
- (7) The city commission waives compliance of this section in the best interest of the city, including but not limited to the following circumstances:
 - a. The covered contract is necessary to respond to an emergency.

- (g) Timing of application. This section shall be applicable only to covered contracts awarded pursuant to bids which are after the date when this section becomes effective.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING
AGREED-UPON PROCEDURES

The Honorable Mayor,
City Commissioners and City Manager
City of Key West, Florida

We have performed the procedures enumerated below, which were agreed to by the management of the City of Key West, Florida (the "City"), solely to assist the City and the State of Florida Department of Transportation ("DOT") in determining compliance with certain requirements, as described in the *Public Transportation Joint Participation Agreements* entered into between the City and the DOT for the year ended *September 30, 2017*. The City's management is responsible for the City's accounting records. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the City's management and the DOT. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Our procedures and findings are summarized as follows:

1. We obtained from the City's accounting records the Public Transit Block Grant funds earned by the City in the amount of \$ 434,249 in order to determine that such funds did not exceed the City's local revenues of \$ 2,035,153.

No exceptions were noted based on the procedures performed.

2. We obtained from the City's accounting records the detail of expenditures submitted for the Public Transit Block Grant program in order to determine that there were no expenses recorded for depreciation or amortization of capital assets.

No exceptions were noted based on the procedures performed.

3. We obtained from the City's accounting records the detail of expenditures submitted for the Public Transit Block Grant program in order to determine that the state's participation did not exceed fifty percent (50%) of the costs.

No exceptions were noted based on the procedures performed.

We obtained from the City's accounting records the actual transfers in from the Gas Tax Fund for operations for the years ended September 30, 2017 and 2016 of \$ 386,046 and \$ 625,000, respectively, noting that the amount decreased from the previous year. The Public Transit Block Grant funds did not supplant local revenues made available for operations.

No exceptions were noted based on the procedures performed.

City of Key West, Florida

We were not engaged to, and did not, conduct an audit, the objective of which would be the expression of an opinion, on the accounting records. Accordingly, we do not express such an opinion. INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Honorable Mayor, City Commissioners and City Manager
City of Key West, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Key West, Florida (the "City"), as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated April 25, 2018. Our report includes a reference to other auditors who audited the financial statements of The Housing Authority of the City of Key West, Florida, which is the sole discretely presented component unit, as described in our report on the City's financial statements. This report does not include the results of the other auditor's testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. Also, other auditors audited the financial statements of the Pension Trust Fund for Police Officers and Firefighters, as described in our report on the City's basic financial statements. The financial statements of the Pension Trust Fund for Police Officers and Firefighters were not audited in accordance with *Government Auditing Standards*.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses, or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

City of Key West, Florida

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City’s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM AND STATE PROJECT AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND CHAPTER
10.550, RULES OF THE FLORIDA AUDITOR GENERAL

To the Honorable Mayor, City Commissioners and City Manager
City of Key West, Florida

Report on Compliance for Each Major Federal Program and State Project

We have audited the City of Key West, Florida's (the "City") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the compliance requirements described in the *Department of Financial Services' State Projects Compliance Supplement* that could have a direct and material effect on the City's major federal programs and state projects for the year ended September 30, 2017. The City's major federal programs and state projects are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal awards and state financial assistance applicable to its federal programs and state projects, respectively.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs and state projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, *Rules of the Florida Auditor General*. Those standards, Uniform Guidance, and Chapter 10.550, *Rules of the Florida Auditor General*, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program and/or state project occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program and state project. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program and State Project

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal programs and state projects for the year ended September 30, 2017.

Report on Internal Control over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program and state project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and state project and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, *Rules of the Florida Auditor General*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program and/or state project on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program and/or state project will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program and/or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Schedule of Expenditures of Federal Awards and State Financial Assistance Required by Uniform Guidance and Chapter 10.550, *Rules of the Florida Auditor General*

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City, as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated April 25, 2018, which contained unmodified opinions on those financial statements. Our report includes a reference to other auditors. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis as required by the Uniform Guidance and Chapter 10.550, *Rules of the Florida Auditor General*, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and state financial assistance is fairly stated in all material respects in relation to the basic financial statements as a whole.

City of Key West, Florida

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550, *Rules of the Florida Auditor General*. Accordingly, this report is not suitable for any other purpose.

Note 1 – Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance (the "Schedule") includes the federal and state grant activity of the City of Key West, Florida (the "City"). The information in the Schedule is presented in accordance with the requirements of Title 2 *U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)* and Chapter 10.550, *Rules of the Florida Auditor General*. Because the Schedule presents only a selected portion of the operations, it is not intended to and does not present the financial position, changes in net position, or cash flows of the City.

Note 2 – Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, OMB Circular A-87, *Cost Principles for State, Local and Indian Tribal Governments* and Chapter 10.550, *Rules of the Florida Auditor General*, as well as other applicable provisions of contracts and grant agreements, wherein certain types of expenditures are not allowable or are limited as to reimbursements, as applicable.

Note 3 – Indirect Cost Rate

The City did not elect to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

Note 4 – Contingency

The grant and contract revenue received is subject to audit and adjustment. If any expenditures or expenses are disallowed by the grantor agencies as a result of such an audit, any claim for reimbursement to the grantor/contract agencies would become a liability of the City. In the opinion of management, all grant and contract expenditures are in compliance with the terms and conditions of the grant agreements and applicable federal/state laws and other applicable regulations.

Note 5 – Prior Year Expenditures

The Schedule includes contract/grant number ARJ38 from the Florida Department of Transportation in the amount of \$ 394,210 that represents expenditures from the 2015/2016 fiscal year.
