David

Sorry im trying for you, but when you folks already have a vendor of choice for this project it gets difficult to get a third quote config from the MFG. I will call them and see if I can expedite a quote. Thanks Ryan

Ryan,

We are running out of time on getting this project to our County Commissioners (deadling 9/19/2012). Are you going to be able to provide us a price estimate for this project?

Thank you,

Dave Monroe

Soon as EMC gets me the pricing for you folks, I can have it over. They should send it today. Thanks  
Ryan

Ryan,

Good morning Ryan, I am following up on our phone conversation from last week. Just checking to see when we can get a quote from you on the Data Domain solution.

Thank you,
