To Whom May Concern:

I am writing to express general support and areas of concern regarding the recommendations for a conditional use permit and an alcohol sales exemption presented in the City of Key West Planning Board's Staff Report for 1103, 1105 and 1007 Simonton Street, dated May 17, 2018.

In general, we support the proposed recommendations thinking that the proposed use would be an improvement on the existing empty lot. However, our support is conditional on the following requests:

- That as part of the establishment of the proposed site that the restaurant be required to create and responsibly maintain the proposed bocce courts and bowling lanes.
- That the residential nature of the location be protected and that restrictions be imposed regarding live and/or recorded music.
- That the site is secured or patrolled after it is closed each night.

Sincerely,

William T. Kam and Robert E. Moffitt, co-owners of 1025 Simonton Street

Can you please pass along the following comments to the Planning Board for Agenda Item #3 on the 6-21-18 meeting? Thanks

The board of Last Stand supports the comments from neighbors requesting that conditions be placed on the Conditional Use of 1103-1105-1107 Simonton St with respect to live/recorded music. We are recommending that the Planning Board make a condition that there will be no amplified music after 9:00PM. This will help to preserve the character of the neighborhood as a residential community that borders a commercial district.

Thanks for considering our comments.

Dear Sir or Madame,

I am writing in opposition to the above application.

I live at 1015 Simonton and believe there is already enough of the proposed kind of facility in town.

Would prefer that this end of Simonton be reserved more for residential use.

I have tried to call the city to find out if this application has been approved already but I am afraid I had no luck reaching a person to speak to.

At any rate if it has no been approved my vote is no.
