Karen,  
My apologies for wasting your time, I would absolutely love to bid a city project, the timing for me is bad, having a change of partnership. Looking through the bid docs, it's too involved during the regime change!  
Please do consider us for bid on future projects.

Hi Stan –

Thanks for looking at this. As per our phone conversation we will not be requiring the bonds and builders risk would only be on the portion of the building being repaired. Not the entire building.  
If you have any questions or would like to see the site please contact me at the number below or my cell 849-2348.
