**Re: Atkins Agreement Extension Request
Resolution No. 08-061**

Mr. Bradshaw:

The City of Key West (City) previously selected Atkins in February 2008 as an approved contractor to furnish general environmental services to the City. Per Article 6.1 (A), the duration of the Agreement (Resolution No. 08-061) would be for three years from the date it was entered into, with an additional two-year extension option to be approved by Resolution of the City Commission. With the approval of the City Commission, Atkins was extended an additional 2 years through Resolution 11-051. Per Article 6.1, Agreement Period, Atkins is requesting consideration from the City of Key West for another extension to continue providing services.

For the past five years Atkins has appreciated the opportunity to be available to the City to provide professional services. Atkins would like to continue this relationship with the City and therefore is requesting the City consider approving an extension to Resolution 11-051.

Thank you in advance for your consideration of this extension request. If you have any questions or need additional assistance, please do not hesitate to contact me at (305) 514-3387.

Sincerely,

Adam R. Gelber
Group Manager
