 Subject: 728 Windsor Lane variance
 To: sgibson@keywestcity.com

I have some concerns on the proposed variance for 728 Windsor Lane. My residence is directly behind the rear yard property line of 728 Windsor.

1. There are two sets of revised exterior elevations in the application, on Sheets A1 through A4. Which one is being proposed?
2. There are two Site Plans in the application; one with a pool and one without. Which one is being proposed?
3. Pool equipment and A/C condensers are required to be 5'-0" from the property line. Both the pool equipment and A/C condensers in the drawings do not meet this requirement.
4. Is the rear deck going to be built at grade? Above grade? The drawings are unclear.

David Salay
 709 Galveston Lane
 Key West
