All,
City paid \$54K to dredge canal in 2014. Could not find survey, but Exec Summary of Resolution authorizing dredge indicates canal was deeded to the City in 1955. Sunset Lane is a private road. Interestingly, the area dredged in 2014 was right in front of this residence (1st attachment), and the second attachment shows a boatlift existing in nearly the same area at that time.

FYI—Sunrise Canal was dredged by the City about 6 years ago. There may be files in engineering documenting ownership of the area. I would think that the City owns the bay bottom since permits were pulled by the City to the State and Federal government to do the dredging.

Sincerely,

Karen

Marilyn,

It would appear this is city right-of-way and most likely City bay bottom. This is across the street from the property owners residence. The only way I would think we would allow this is with an easement. Given this would be a built encroachment into City ROW I wouldn't think Engineering or Planning would support this.

Hi Patrick,

I have been forwarded a request for a boat lift on what I think is City Bay Bottom. My questions to you are:

1. Can you confirm that it is City Bay bottom
2. Can the Owner put a boat lift in the canal across Sunrise Lane from his property.

Thanks,
Marilyn

Attached is original survey for Michael Kearney at 3720 Sunrise Dr as well as an additional survey showing placement of proposed lift. Let me know if you need anything else, thanks!

Must these be submitted in person or can I e-mail them to you? Thank you

Good morning,

I have reviewed the building permit application for 3720 Sunrise Drive to install a boatlift on the property. The Planning department needs you to submit the following to the Building department:

- 1.A boundary survey of the property
- 2.On a copy of the boundary survey , draw the proposed location of the boat lift.

The Monroe county property appraisers map is not sufficient.

Sincerely,

Melissa Paul-Leto
